

Fellow Venetians! The Venice Community Resiliency Committee is once again sponsoring free emergency preparedness training on line as follows:

Wednesday, May 26th at 7pm: Two-Way Radio Operations

After a major disaster, phone/internet service will be down or hopelessly backed up. To gain “situational awareness” in your neighborhood and beyond, you will need two-way radios, HAM, FRS, GMRS, CB. You will learn about radios and systems used for post-disaster communications. Instructor: Philip Jamtaas, CERT South Bureau Radio Team Leader. NOTE: Although we do suggest you secure two-way radios as soon as possible, it is okay if you do not have a two-way radio for this module. Here is a good example of the type we will be discussing:
