The Story

Chip Drop was founded by Bryan Kappa, in Portland, OR. It has been operating since January 2014, and has facilitated 11,948 drops in 25 cities across the US and Canada.

Chip Drop helps homeowners and gardeners by giving them access to inexpensive mulch they can use to landscape their yard and improve the health of their gardens.

Chip Drop helps arborists by giving them access to hundreds of nearby places to empty their dump trucks, saving them time, fuel expenses, and dumping fees.
