To Interested Parties:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Act) establishes procedures for local government changes of organization, including city incorporations, annexations to a city or special district, and city and special district consolidations.

Local agency formation commissions (LAFCOs) have numerous powers under the Act, but those of primary concern are the power to act on local agency boundary changes and to adopt spheres of influence for local agencies. Among the purposes of LAFCOs are the discouragement of urban sprawl and the encouragement of the orderly formation and development of local agencies.

Staff to the Assembly Local Government Committee regularly updates the *Guide to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000*. This version reflects the 2018 legislative changes to the Act. I hope that you find it to be a useful and helpful document.

Respectfully,

Chair

**DIVISION 3. CORTESE-KNOX-HERTZBERG LOCAL GOVERNMENT
REORGANIZATION ACT OF 2000**

PART 1. GENERAL

**CHAPTER 1. LEGISLATIVE FINDINGS AND
DECLARATIONS**

Title	56000. This division shall be known and may be cited as the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.
Legislative findings and declarations; state interests	56001. The Legislature finds and declares that it is the policy of the state to encourage orderly growth and development which are essential to the social, fiscal, and economic well-being of the state. The Legislature recognizes that the logical formation and determination of local agency boundaries is an important factor in promoting orderly development and in balancing that development with sometimes competing state interests of discouraging urban sprawl, preserving open-space and prime agricultural lands, and efficiently extending government services. The Legislature also recognizes that providing housing for persons and families of all incomes is an important factor in promoting orderly development. Therefore, the Legislature further finds and declares that this policy should be effected by the logical formation and modification of the boundaries of local agencies, with a preference granted to accommodating additional growth within, or through the expansion of, the boundaries of those local agencies which can best accommodate and provide necessary governmental services and housing for persons and families of all incomes in the most efficient manner feasible.
Priorities	The Legislature recognizes that urban population densities and intensive residential, commercial, and industrial development necessitate a broad spectrum and high level of community services and controls. The Legislature also recognizes that when areas become urbanized to the extent that they need the full range of community services, priorities are required to be established regarding the type and levels of services that the residents of an urban community need and desire; that community service priorities be established by weighing the total community service needs against the total financial resources available for securing community services; and that those community service priorities are required to reflect local circumstances, conditions and limited financial resources. The Legislature finds and declares that a single multipurpose governmental agency is accountable for community service needs and financial resources and, therefore, may be the best mechanism for establishing community service

priorities especially in urban areas. Nonetheless, the Legislature recognizes the critical role of many limited purpose agencies, especially in rural communities. The Legislature also finds that, whether governmental services are proposed to be provided by a single-purpose agency, several agencies, or a multipurpose agency, responsibility should be given to the agency or agencies that can best provide government services.

All changes of organization and reorganizations shall be initiated, conducted, and completed in accordance with, and as provided in, this division.

Conflict with principal act

Severability

56104. If any provision of this division or the application of any provision of this division in any circumstance or to any person, city, county, district, the state, or any agency or subdivision of the state is held invalid, that invalidity shall not affect other provisions or applications of this division which can be given effect without the invalid provision or application of the invalid provision, and to this end the provisions of this division are severable.

Any protest or objection pertaining to the regularity or sufficiency of any proceedings or commission proceedings shall be in writing, clearly specify the defect, error, irregularity, or omission to which protest or objection is made and shall be filed within the time and in the manner provided by this division. No change of organization or reorganization ordered under this division and no resolution adopted by the commission making determinations upon a proposal shall be invalidated because of any defect, error, irregularity, or omission in any act, determination, or procedure which does not adversely and substantially affect the rights of any person, city, county, district, the state, or any agency or subdivision of the state.

Prejudicial abuse of discretion is established if the court finds that the determination or decision is not supported by substantial evidence in light of the whole record.

Substantial evidence test

Automatic merger doctrine

56116. The Legislature declares that the doctrine of automatic merger of a district with a city or the merger by operation of law of a district with a city has no further force or effect. The existence of a district shall not be extinguished or terminated as a result of the entire territory of that district being heretofore or hereafter included within a city unless that district is merged with the city as a result of proceedings taken pursuant to this division.

Mergers and subsidiary districts; mutual service agreements

56117. A district may be either merged with, or established as, a subsidiary district of a city in the manner provided in this division. A mutual service agreement between a city and a district may provide that the city shall not, while that agreement is in effect, or during any portion of the agreement's effective duration as the city and the district may stipulate in the agreement, initiate a proposal to establish the district as a subsidiary district of the city.

Mergers and subsidiary districts; proposal in alternative

56118. Except for a proposal for the merger of a then existing subsidiary district, any proposal for a merger or establishment of a subsidiary district authorized by this division shall contain a request in the alternative, requesting either a merger or the establishment of a subsidiary district, as may be determined during the course of the proceedings. Any proposal requesting only

merger shall be deemed to also include a request for the establishment of a subsidiary district and any proposal requesting only the establishment of a subsidiary district shall be deemed to also include a request for merger.

Consistency with district principal acts

56119. It is not necessary for the principal act of any district to adopt or incorporate this division by reference and any change of organization or reorganization provided for by this division may be made by, or with respect to, any district. Except as otherwise provided in this division, in any change of organization or reorganization the principal act shall govern as to any provisions in the principal act pertaining to boundaries, to contiguity or noncontiguity of territory, to the incorporated or unincorporated status of territory, and to the overlapping of territory of a district with the territory of another district or city. Unless otherwise provided by the principal act, any territory annexed to a district shall be contiguous to the district and shall not be a part of another district formed under the same principal act without the consent of the other district.

Contiguity requirements

Parent and member districts; automatic boundary change

56120. Where the principal act of any parent district provides that the boundaries of the parent district shall be automatically changed in the event of a change in the boundaries of a member district, or that the boundaries of the parent district may be concurrently changed with a change in the boundaries of a member district, the boundaries of the parent district shall be deemed to be automatically, or may be concurrently, changed as the case may be, when proceedings are in accordance with the provisions of the principal acts of any parent district, upon completion of a change of organization or a reorganization changing the boundaries of the member district. The commission of the principal county of the member district shall have exclusive jurisdiction over such a change in boundaries of the member district and also of any parent district subject to this division.

Rights of bondholders; enforcement

56121. No change of organization or reorganization, or any term or condition of a change of organization or reorganization, shall impair the rights of any bondholder or other creditor of any county, city, or district. Nor shall any change of organization or reorganization, or any term or condition of a change of organization or reorganization, impair the contract rights, or contracts entered into by a public entity created by a joint exercise of powers agreement established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code. Notwithstanding any provision of this division, or of any change of organization or reorganization, or any term or condition of a change of organization or

reorganization, each and every bondholder or other creditor may enforce all of his or her rights in the same manner, and to the same extent, as if the change of organization, reorganization, term, or condition had not been made. Those rights may also be enforced against agencies, and their respective officers, as follows:

- (a) Annexation or detachment: against the city or district to, or from, which territory is annexed or detached.
- (b) Incorporation: against the newly incorporated city.
- (c) Formation: against the newly formed district.
- (d) Disincorporation: against the successor county receiving distribution of the remaining assets of the disincorporated city.
- (e) Dissolution: against the local agency receiving distribution of all or any part of the remaining assets of a dissolved district.
- (f) Consolidation: against the consolidated successor city or district.
- (g) Reorganization: against the affected city or district, successor county or newly incorporated city or newly formed district, as the case may be, for any of the above enumerated changes of organization or city incorporations which may be included in the particular reorganization.

Enforceability of Section 56886; effect on bondholders or other creditors

56122. Section 56886 and any term and condition provided by, or made pursuant to, that section shall be enforceable by, between, among, and against any public agency or agencies designated in the term and condition, but shall not constitute, or be given effect as, a limitation upon the power of any bondholder or other creditor to enforce his or her rights, particularly any rights provided for by Part 5 (commencing with Section 57300), as if Section 56886 had not been enacted or the term and condition had not been made or provided pursuant to that section.

Multi-county districts; principal county

56123. Except as otherwise provided in Section 56124, if a proposed change of organization or a reorganization applies to two or more affected counties, for the purpose of this division, exclusive jurisdiction shall be vested in the commission of the principal county. Any notices, proceedings, orders, or any other acts authorized or required to be given, taken, or made by the commission, board of supervisors, clerk of a county, or any other county official, shall be given, taken, or made by the persons holding those offices in the principal county. The commission of the principal county shall provide notice to the legislative body and the executive officer of all affected agencies of any proceedings, actions, or reports on the proposed change of organization or reorganization. Any officer of a county other than the principal county shall cooperate with the commission of the

principal county and shall furnish the commission of the principal county with any certificates, records, or certified copies of records as may be necessary to enable the commission of the principal county to comply with this division.

Jurisdiction other than principal county; requirements

56124. If a proposed change of organization or a reorganization applies to two or more affected counties, for purposes of this division, exclusive jurisdiction may be vested in the commission of an affected county other than the commission of the principal county if all of the following occur:

- (a) The commission of the principal county approves of having exclusive jurisdiction vested in another affected county.
- (b) The commission of the principal county designates the affected county which shall assume exclusive jurisdiction
- (c) The commission of the affected county so designated agrees to assume exclusive jurisdiction.

If exclusive jurisdiction is vested in the commission of an affected county other than the principal county pursuant to this section, any notices, proceedings, orders, or any other acts authorized or required to be given, taken, or made by the commission, board of supervisors, clerk of a county, or any other officer of a county, shall be given, taken, or made by the persons holding those offices in the affected county. Any officer of a county other than the affected county shall cooperate with the commission of the affected county and shall furnish the commission of the affected county with any certificates, records, or certified copies of records as may be necessary to enable the commission of the affected county to comply with this division.

District formation as part of reorganization

56125. If any reorganization provides for the formation of any new district or districts, the district or districts shall be deemed to have been formed upon compliance with the procedure and provisions of this division relating to reorganization. If the terms and conditions of any change of organization or reorganization provide for the formation of an improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district, that formation, annexation, or detachment shall be deemed to have been completed upon compliance with the procedure and provisions of this division relating to a change of organization or a reorganization. In any proceeding for a change of organization or a reorganization providing for territory to be formed into, or annexed to, or detached from, an improvement district, the clerk of the county or of the district, as the case may be, shall give mailed notice of hearing on the proposed change of organization or reorganization to all landowners owning land within the territory. No further or separate proceedings need be taken for the formation of any improvement district or for the annexation of territory to, or

To that extent only, this division shall govern and provide the exclusive procedure for the formation of any such improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district and the provisions of the principal act relating to the formation of an improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district shall have no application.

Assessor to furnish estimated assessed valuations

56126. Upon request by the executive officer or the clerk of any county or district, the assessor of any city, county, or district shall furnish estimated assessed valuations, determined by the same methods and valuations used in preparing the last equalized assessment roll, in both of the following cases:

Public agency ownership

(a) Where real property is owned by a public agency and no assessed value for that real property is shown on the roll.
(b) Where a single assessment parcel shown on the last equalized assessment roll either:

(1) Has been split into two or more parcels by reason of the sale or conveyance of any portion of the original assessment parcel.

(2) Overlaps two or more counties, cities, districts, or election precincts, or any combination of those entities or precincts.

Any of these estimates shall be conclusively presumed to be assessed values for the purpose of this division, but shall be given no force or effect for other purposes.

Determination that a district is not a district

56127. If the legislative body of any of the districts, agencies, or authorities enumerated in subdivision (a) of Section 56036.6 desires a determination by the commission that the district, agency, or authority is not a district or a special district, for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), the legislative body, prior to the adoption of any ordinance, resolution, or order proposing, declaring an intention, or initiating proceedings to make a change of organization, shall make application to the commission of the principal county describing the proposed change of organization and requesting that determination. If a proposal is initiated by other than the legislative body of a district or special district, the district or special district may, within 10 days of notification by the commission of the initiation of the proposal, request a determination by the commission that it is not a district or special district for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300). That application shall be filed with the executive officer and shall be presented to the commission not later than its next regular meeting. The executive officer shall give the legislative body filing the

application mailed notice of the time and place at which the application shall be presented to the commission. No other notice is required to be given. However, the commission may, prior to making its findings and determinations, order the executive officer to give notice of the filing and presentation of the application by publication or by mailing to other affected counties, cities, and districts, or by both publication and mailing.

**Application for determination;
commission findings**

56128. (a) Upon presentation of any application filed pursuant to Section 56127, the commission shall determine that the applicant district, agency, or authority is not a district or special district for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), if the commission finds that the applicant is not engaged in any of the following:

(1) The distribution and sale for any purpose, other than for the purpose of resale, of water or of gas or electricity for light, heat, or power.

(2) Furnishing sanitary sewer service or garbage and refuse collection service to the ultimate users, as defined in subdivision (b), of those services.

(3) Providing fire or police protection.

(4) The acquisition, construction, maintenance, lighting, or operation of streets and highways, street and highway improvements, or park and recreation facilities, except as an incident to the exercise of other lawful powers of the applicant.

"Ultimate user"

(b) "Ultimate user" means any user or consumer other than the state, the United States, a city, a county, or a district, or any agency, department, or office of any of those entities or a public utility.

If the commission determines that any applicant district, agency, or authority enumerated in subdivision (a) of Section 56036.6 is not a district or special district, for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), then those provisions shall not apply to the change of organization or reorganization described in the application and proceedings for the change of organization or reorganization shall be taken under and pursuant to the principal act. If no application is made to the commission, or if the commission in passing upon an application does not determine that the applicant is not a district or special district for the purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), then this division shall provide the sole and exclusive authority for the initiation, conduct, and completion for a change of organization or reorganization by that district, agency, or authority and, to the extent of any inconsistency between this division and the principal act of the applicant, this division shall control.

Public utility; certificate of public convenience and necessity; gas or electric service

56129. (a) If a public utility has been granted a certificate of public convenience and necessity authorizing and requiring it to furnish gas or electric service within a certain service area and, as a result of a change of organization or a reorganization, territory consisting of all, or any part, of that service area becomes a part of, or is formed into, a district authorized by its principal act to furnish gas or electric service, the district shall not furnish that service within the territory except upon approval by both of the following:

Report of the Public Utilities Commission

(1) The commission after receipt and consideration of the report of the Public Utilities Commission made as provided in Section 56131.

Voter approval

(2) The voters within the territory, given at an election as provided in Section 56130.

(b) If both of those approvals are given, upon assumption of service by the district the public utility may at any time thereafter withdraw service within the territory, unless otherwise ordered by the Public Utilities Commission.

(c) "Gas or electric service," as used in this section and in Sections 56130, 56131, and 56875, means the distribution and sale for any purpose, other than for the purpose of resale, of gas or electricity for light, heat, or power.

Election requirements

56130. Voter approval within the territory, as required by Section 56129, shall be given at an election. The question submitted at the election shall identify the district, designate the kind of service to be furnished, identify the territory within which the service is proposed to be furnished, and state the name of the public utility presently authorized to furnish the gas or electric service within the territory.

The district shall not furnish the gas or electric service, as defined in subdivision (c) of Section 56129, within the territory unless the question of furnishing the gas or electric service has been submitted to the voters at an election called, held, and conducted within the territory and a majority of the votes cast upon the question are in favor of the service. The board of supervisors or the legislative body of the conducting district may submit the question at the election called upon the question of confirmation of an order of change of organization or reorganization, or the board of directors of the district may submit the question of the gas or electric service at a special election called after completion of the proceedings for a change of organization or a reorganization. The question of the service shall be submitted as a separate proposition at any election within the territory and shall be voted upon only by qualified voters within

the territory. If the question is defeated at the election, for one year thereafter no petition requesting the gas or electric service may be filed and no new election called upon the question.

Proposals filed with the Public Utilities Commission

56131. The executive officer shall file with the Public Utilities Commission a certified copy of any proposal for a change of organization or a reorganization which provides, as a part of the change of organization or reorganization, that gas or electric service, as defined in subdivision (c) of Section 56129, be furnished by a district within any of the territory affected by the change of organization or reorganization. The certified copy need not contain any signatures if the proposal is by petition. After that change of organization or reorganization has been ordered, the clerk of the district shall file with the Public Utilities Commission a certified copy of any ordinance, resolution, or order made by the board of directors of a district proposing to furnish gas or electric service, as defined in subdivision (c) of Section 56129, within the territory.

Public Utilities Commission

After that filing, the Public Utilities Commission shall cause an investigation to be made and may conduct any hearings in connection with the proposal. Upon completion of the investigation and not later than 90 days after the date of the filing, the Public Utilities Commission shall make a report to the commission stating whether, in the opinion of the Public Utilities Commission, the proposed service by the district within the territory will substantially impair the ability of the public utility to provide adequate service at reasonable rates within the remainder of the service area of the public utility. The secretary of the Public Utilities Commission shall immediately file a certified copy of that report with the executive officer.

Investigation and report

Health care districts; notification of state agencies

Upon the filing of an application for the formation of, consolidation of, or dissolution of a recreation and park district formed pursuant to the Recreation and Park District Law, Chapter 4 (commencing with Section 5780) of Division 5 of the Public Resources Code, or of an application for a reorganization that includes any of those changes of organization, or the initiation by the commission of any of those changes or organization or any reorganization that includes any of those changes of organization, the executive officer shall notify the Director of the State Department of Parks and Recreation. The director shall have 60 days from the date of receipt of notification by the executive officer to comment on the proposal.

The commission shall consider all comments received from the director in making its decision.

**Services by contract outside
city and district boundaries**

56133. (a) A city or district may provide new or extended services by contract or agreement outside its jurisdictional boundary only if it first requests and receives written approval from the commission.

(b) The commission may authorize a city or district to provide new or extended services outside its jurisdictional boundary but within its sphere of influence in anticipation of a later change of organization.

Threat to health and safety

(c) If consistent with adopted policy, the commission may authorize a city or district to provide new or extended services outside its jurisdictional boundary and outside its sphere of influence to respond to an existing or impending threat to the health or safety of the public or the residents of the affected territory, if both of the following requirements are met:

(1) The entity applying for approval has provided the commission with documentation of a threat to the health and safety of the public or the affected residents.

Notice for alternate service provider

(2) The commission has notified any alternate service provider, including any water corporation as defined in Section 241 of the Public Utilities Code, that has filed a map and a statement of its service capabilities with the commission.

Proceedings for review

(d) The executive officer, within 30 days of receipt of a request for approval by a city or district to extend services outside its jurisdictional boundary, shall determine whether the request is complete and acceptable for filing or whether the request is incomplete. If a request is determined not to be complete, the executive officer shall immediately transmit that determination to the requester, specifying those parts of the request that are incomplete and the manner in which they can be made complete. (c) One appointed by the cities in the county, who is a mayor or council member appointed by the city selection committee. The city selection committee shall also appoint one alternate member who shall also be a mayor or council member and shall be appointed and serve pursuant to Section 56335. The city selection committee is encouraged to appoint members to fairly represent the diversity of the cities in the county, with respect to population and geography.

(d) One representing the general public, appointed by the other four, or, if the commission is enlarged pursuant to Section 56327.3, the other six, members of the commission. This member shall not be a resident of a city which is already represented on the commission. The commission may also appoint an alternate public member, who shall not be a resident of a city represented on the commission, and who may serve and vote in the place of the regular public member if the regular public member is absent or disqualifies himself or herself from participating in a meeting of the commission. If the office of the regular public member

(b) The legislative body of the city shall appoint an alternate member at the same time and in the same manner as it appoints the regular member appointed pursuant to subdivision (a). If the regular city member is absent from a commission meeting, or disqualifies himself or herself from participating in a meeting, the alternate member may serve and vote in place of the regular city member for that meeting. If the office of the regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

Composition; Kern County

56328.5. (a) In Kern County, the commission, which consists of seven members, augmented pursuant to Section 56332, shall be additionally augmented by the appointment of an eighth member and a ninth member.

(b) The eighth member shall, notwithstanding subdivision (b) of Section 56325, be a member of the legislative body of the city in the county having the largest population, appointed by the legislative body of that city.

The legislative body of the city shall appoint an alternate member at the same time and in the same manner as it appoints the eighth regular member. If the regular city member is absent from a commission meeting, or disqualifies himself or herself from participating in a meeting, the alternate member may serve and vote in place of the regular city member for that meeting. If the office of the regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

(c) The ninth member shall represent the general public, but shall not be a member of the governing body of any local agency. The

56329. If there is no city in the county, the commission shall consist of five members, appointed as follows which may be further augmented pursuant to Sections 56332 and 56332.5:

(a) Three appointed by the board of supervisors from their own membership. The board of supervisors shall appoint a fourth supervisor who is an alternate member of the commission. The alternate member may serve and vote in place of any supervisor on the commission who is absent or who disqualifies himself or herself from participating in a meeting of the commission. If the office of a regular county member becomes vacant, the alternate member may serve and vote in place of the former regular county member until the appointment and qualification of a regular county member to fill the vacancy.

(b) Two representing the general public appointed by the other three members of the commission. Appointment of the public member and alternate public member shall be subject to the affirmative vote of at least one of the members selected by each of the other appointing authorities.

When appointing a public member pursuant to Sections 56325, 56326, 56326.5, 56327, 56328, 56328.5, and 56329, the commission may also appoint one alternate public member who may serve and vote in place of a regular public member who is absent or who disqualifies himself or herself from participating in a meeting of the commission. The public member and the alternate public member shall be residents of the county of the appointing commission.

If the office of a regular public member becomes vacant, the alternate member may serve and vote in place of the former regular public member until the appointment and qualification of a regular public member to fill the vacancy.

Public member restrictions

No person appointed as a public member or alternate public member pursuant to this chapter shall be an officer or employee of the county or any city or district with territory in the county, provided, however, that any officer or employee serving on January 1, 1994, may complete the term for which he or she was appointed.

Alternative member; one vote

56331.3. If two or more members are absent or disqualify themselves from participating in a meeting of the commission, any alternate member who is authorized to serve and vote in the place of a member shall only have one vote.

56332. (a) The independent special district selection committee shall consist of the presiding officer of the legislative body of each independent special district. However, if the presiding officer of an independent special district is unable to participate in a meeting or election of the independent special district selection committee, the legislative body of the district may appoint one of its members as an alternate to participate in the selection committee in the presiding officer's place. Those districts shall include districts located wholly within the county and those containing territory within the county representing 50 percent or more of the assessed value of taxable property of the district, as shown on the last equalized county assessment roll. Each member of the committee shall be entitled to one vote for each independent special district of which he or she is the presiding officer or his or her alternate as designated by the governing body. Members representing a majority of the eligible districts shall constitute a quorum.

Meetings

(b) The executive officer shall call and give written notice of all meetings of the members of the selection committee. A meeting shall be called and held under one of the following circumstances:

Appointment of special district members

(c) The selection committee shall appoint two regular members and one alternate member to the commission. The members so appointed shall be elected or appointed members of the legislative body of an independent special district residing within the county but shall not be members of the legislative body of a city or county. If one of the regular district members is absent from a commission meeting or disqualifies himself or herself from participating in a meeting, the alternate district member may serve and vote in place of the regular district member for that meeting. Service on the commission by a regular district member shall not disqualify, or be cause for disqualification of, the member from acting on proposals affecting the special district on whose legislative body the member serves. The special district selection committee may, at the time it appoints a member or alternate, provide that the member or alternate is disqualified from voting on proposals affecting the district on whose legislative body the member serves.

District member disqualification

Call for nominations

(1) The executive officer may prepare and deliver a call for nominations to each eligible district. The presiding officer, or his or her alternate as designated by the governing body, may respond in writing by the date specified in the call for nominations, which date shall be at least 30 days from the date on which the executive officer mailed the call for nominations to the eligible district.

(2) At the end of the nominating period, if only one candidate is nominated for a vacant seat, that candidate shall be deemed appointed. This paragraph shall be operative only if the written notice of the meeting provided pursuant to subdivision (b) discloses that, if nominations are received for only one candidate by the end of the nominating period, the candidate shall be deemed appointed and the meeting may be cancelled.

(d) If the office of a regular district member becomes vacant, the alternate member may serve and vote in place of the former regular district member until the appointment and qualification of a regular district member to fill the vacancy.

Elections by mailed ballot

(e) A majority of the independent special district selection committee may determine to conduct the committee's business by mail, including holding all elections by mailed ballot, pursuant to subdivision (f).

(f) If the independent special district selection committee has determined to conduct the committee's business by mail or if the executive officer determines that a meeting of the special district selection committee is not feasible, the executive officer shall conduct the business of the committee by mail. Elections by mail shall be conducted as provided in this subdivision.

(1) The executive officer shall prepare and deliver a call for nominations to each eligible district. The presiding officer, or his or her alternate as designated by the governing body, may respond in writing by the date specified in the call for nominations, which date shall be at least 30 days from the date on which the executive officer mailed the call for nominations to the eligible district.

(2) At the end of the nominating period, if only one candidate is nominated for a vacant seat, that candidate shall be deemed appointed. The ballot shall include the names of all nominees and the office for which each was nominated. Each presiding officer, or his or her alternate as designated by the governing body, shall return the ballot to the executive officer by the date specified in the voting instructions, which date shall be at least 30 days from the date on which the executive officer mailed the ballot to the eligible district.

(5) Each returned nomination and ballot shall be signed by the presiding officer or his or her alternate as designated by the governing body of the eligible district.

(6) For an election to be valid, at least a quorum of the special districts must submit valid ballots. The candidate receiving the most votes shall be elected, unless another procedure has been adopted by the selection committee. Any nomination and ballot received by the executive officer after the date specified is invalid, provided, however, that if a quorum of ballots is not received by that date, the executive officer shall extend the date to submit ballots by 60 days and notify all districts of the extension. **If ballots from a quorum of the districts have not been received at the end of the 60-day extension period, the executive officer shall extend the period to return ballots for a length of time at his or her discretion until a quorum is achieved, unless another procedure has been adopted by the selection committee.** The executive officer shall announce the results of the election within seven days of the date specified.

(7) For a vote on special district representation to be valid, at least a quorum of the special districts must submit valid ballots **to the executive officer by the date specified in the voting instructions, which date shall be at least 30 days from the date on which the executive officer mailed the ballot to the eligible**

district. By a majority vote of those district representatives voting on the issue, the selection committee shall either accept or deny representation. **The executive officer shall announce the results of the election within seven days of the date specified.**

(8) All election materials shall be retained by the executive officer for a period of at least six months after the announcement of the election results.

(Amended by Stats. 2018, Ch. 86)

Representation of independent special districts

56332.5. (a) If the commission does not have representation from independent special districts on or before January 1, 2001, the commission shall initiate proceedings for representation of independent special districts upon the commission if either of the following occur:

Proceedings

(1) Upon receipt of a written request by one or more members of the selection commission representing districts having 10 percent or more of the assessed values of taxable property within the county, as shown on the last equalized county assessment roll.

(2) Upon adoption of a resolution by the commission proposing representation of special districts upon the commission.

Meeting

(b) The commission, at its next regular meeting, shall adopt a resolution of intention. The resolution of intention shall state whether the proceedings are initiated by the commission or by an independent special district or districts, in which case, the names of those districts shall be set forth. The commission shall order the executive officer to call and give notice of a meeting of the independent special district selection committee to be held within 15 days after the adoption of the resolution in order to determine whether independent special districts shall accept representation on the commission and appoint independent special district representation pursuant to Section 56332.

Appointment of public member when commission includes special district representation

56333. When a commission is enlarged to seven members as provided in Section 56332, the public members appointed pursuant to Sections 56325 and 56329 shall thereafter be appointed by members of the commission representing cities, counties, and special districts. Those appointments shall be made at the times and in the manner provided in Section 56334.

Terms of commissioners

56334. The term of office of each member shall be four years and until the appointment and qualification of his or her successor. Upon enlargement of the commission by two members, as provided in Section 56332, the new members first appointed to represent independent special districts shall classify themselves by lot so that the expiration date of the term of office of one new member coincides with the existing member who holds the office represented by the original two-year term on the commission and the term of office of the other new member coincides with the existing member who holds the office represented by the original four-year term on the commission. The body which originally appointed a member whose term has expired shall appoint his or her successor for a full term of four years. Any member may be removed at any time and without cause by the body appointing that member. The expiration date of the term of office of each member shall be the first Monday in May in the year in which the term of the member expires, unless procedures adopted by the commission specify an alternate date to apply uniformly to all members. However, the length of a term of office shall not be extended more than once. Any vacancy in the membership of the commission shall be filled for the unexpired term by appointment by the body which originally appointed the member whose office has become vacant.

Removal from commission

Vacancies

Chairperson

The chairperson of the commission shall be selected by the members of the commission.

Reimbursement of expenses; per diem

Commission members and alternates shall be reimbursed for the actual amount of their reasonable and necessary expenses incurred in attending meetings and in performing the duties of their office. The commission may authorize payment of a per diem to commission members and alternates for each day while they are in attendance at meetings of the commission.

City selection committee

56335. In each county containing two or more cities, regular and alternate city members to the commission shall be appointed by the city selection committee organized in the county pursuant to and in the manner provided in Article 11 (commencing with Section 50270) of Chapter 1 of Part 1 of Division 1. Regular members of the commission shall be appointed by the city selection committee pursuant to Sections 56325, 56326, and 56327.

The city selection committee shall appoint one alternate member to the commission in the same manner as it appoints a regular member. If one of the regular city members is absent from a commission meeting, or disqualifies himself or herself from participating in a meeting, the alternate member may serve and vote in place of that regular city member for that meeting.

Except in the case of a member appointed pursuant to subdivision (d) of Section 56326 or subdivision (b) of Section 56327, a city selection committee, may, at the time it appoints a member or alternate, provide that the member or alternate is disqualified from voting on proposals affecting the city which the member or alternate represents.

If the office of a regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

Disqualification of members

56336. Each commission may adopt regulations with respect to disqualification of members or alternates from participating in the review of a proposal. In the absence, however, of those regulations, Section 56332 or 56335 shall apply. The representation by a member or alternate of a city or district shall not disqualify, or be cause for disqualification of, the member or alternate from acting on a proposal affecting the city or the district, and any regulation providing for the disqualification of a city or district representative for that reason is null and void.

City, county, and special district members may serve while holding office

56337. A city, county, or district officer may serve as a member of the commission while holding office as a city, county, or district officer. If a member who is a city, county, or district officer ceases to be an officer of a city, county, or district during his or her term, his or her membership on the commission shall be considered vacant.

Disapproval limitation

(4) A commission shall not disapprove an annexation to a city, initiated by resolution, of contiguous territory that the commission finds is any of the following:

A commission shall require, as a condition to annexation, that a city prezone the territory to be annexed or present evidence satisfactory to the commission that the existing development entitlements on the territory are vested or are already at build-out, and are consistent with the city's general plan. However, the commission shall not specify how, or in what manner, the territory shall be prezoned.

Annexation greater than 10 acres; contiguous disadvantaged unincorporated community

(8)(A) Except for those changes of organization or reorganization authorized under Section 56375.3, and except as provided by subparagraph (B), a commission shall not approve an annexation to a city of any territory greater than 10 acres, or as determined by

commission policy, where there exists a disadvantaged unincorporated community that is contiguous to the area of proposed annexation, unless an application to annex the disadvantaged unincorporated community to the subject city has been filed with the executive officer.

(e) To approve the annexation of unincorporated territory consistent with the planned and probable use of the property based upon the review of general plan and rezoning designations. No subsequent change may be made to the general plan for the annexed territory or zoning that is not in conformance to the rezoning designations for a period of two years after the completion of the annexation, unless the legislative body for the city makes a finding at a public hearing that a substantial change has occurred in circumstances that necessitate a departure from the rezoning in the application to the commission.

Number of registered voters for incorporation or district formation

(f) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district or, for a landowner-voter special district, the number of owners of land and the assessed value of their land within the territory proposed to be included in the new special district. (d) The Legislature finds and declares that the powers set forth in subdivision (a) for territory that meets all the specifications in subdivision (b) are consistent with the intent of promoting orderly growth and development pursuant to Section 56001 and facilitate the annexation of disadvantaged unincorporated communities, as defined in Section 56033.5.

NOTE: Stats. 2004, Ch. 805, created the following uncodified provisions pertaining to county island annexations:

SECTION 1: Notwithstanding any other provision of law, on or before December 31, 2014, the local agency formation commission in the County of Ventura shall not impose a condition that requires the City of Simi Valley to initiate proceedings on a proposal for a change of organization or reorganization pursuant to paragraph (3) of subdivision (a) of Section 56375 of the Government Code or pursuant to Section 56375.3 of the Government Code unless the territory that would be affected is contiguous and physically related to the affected territory.

SECTION 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the City of Simi Valley. The facts constituting the special circumstances are:

There are seven areas of unincorporated territory that are surrounded or substantially surrounded by the City of Simi Valley. The city intends to explore the possibility of annexing those unincorporated territories. The Legislature wants to allow city officials, property owners, and residents to discuss those possible annexations without undue influence.

Island annexations; special provisions for Simi Valley

Limitation on island proceedings

56375.4. The authority to initiate, conduct, and complete any proceeding pursuant to subdivision (a) of Section 56375.3 does not apply to any territory that, after January 1, 2014, became surrounded or substantially surrounded by the city to which annexation is proposed, except for islands that were created after January 1, 2014, as a result of boundary adjustments between two counties.

Spheres; consistency

56375.5. Every determination made by a commission regarding the matters provided for by subdivisions (a), (m), and (n) of Section 56375 and by subdivision (a) of Section 56375.3 shall be consistent with the spheres of influence of the local agencies affected by those determinations.

Open-space land conversion; policies and priorities

56377. In reviewing and approving or disapproving proposals which could reasonably be expected to induce, facilitate, or lead to the conversion of existing open-space lands to uses other than open-space uses, the commission shall consider all of the following policies and priorities:

(a) Development or use of land for other than open-space uses shall be guided away from existing prime agricultural lands in open-space use toward areas containing nonprime agricultural lands, unless that action would not promote the planned, orderly, efficient development of an area.

Development within jurisdiction

(b) Development of existing vacant or nonprime agricultural lands for urban uses within the existing jurisdiction of a local agency or within the sphere of influence of a local agency should be encouraged before any proposal is approved which would allow for or lead to the development of existing open-space lands for non-open-space uses which are outside of the existing jurisdiction of the local agency or outside of the existing sphere of influence of the local agency.

Authorization to initiate studies and request information from other governmental agencies

56378. (a) In addition to its other powers, the commission shall initiate and make studies of existing governmental agencies. Those studies shall include, but shall not be limited to, inventorying those agencies and determining their maximum service area and service capacities. In conducting those studies, the commission may request land use information, studies, joint powers agreements, and plans of cities, counties, districts, including school districts, community college districts, joint powers agencies and joint powers authorities, regional agencies and state agencies and departments. Cities, counties, districts, including school districts, community college districts, joint powers agencies and joint powers authorities, regional agencies, and state agencies and departments, shall comply with the request of the commission for that information and the commission shall make its studies available to public agencies and any interested person. In making these studies, the commission may cooperate with the county planning commissions.

Grants-in-aid

(b) The commission, or the board of supervisors on behalf of the commission, may apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government.

Request for transcript of commission meetings

56379. Any person may, prior to any meeting, request the commission to cause a stenographic or electromagnetic record to be made of a meeting. If the cost of making that record is borne by that person, the commission shall cause the record to be made. The commission may require any person requesting the record to be made to deposit the estimated cost of making the record with the commission prior to the hearing.

Personnel and facilities

56380. The commission shall make its own provision for necessary quarters, equipment, and supplies as well as personnel. The commission may choose to contract with any public agency or private party for personnel and facilities.

Annual budget

56381. (a) The commission shall adopt annually, following noticed public hearings, a proposed budget by May 1 and final budget by June 15. At a minimum, the proposed and final budget shall be equal to the budget adopted for the previous fiscal year unless the commission finds that reduced staffing or program costs will nevertheless allow the commission to fulfill the purposes and programs of this chapter. The commission shall transmit its proposed and final budgets to the board of supervisors, to each city, and to each independent special district.

Apportionment by auditor

(b) After public hearings, consideration of comments, and adoption of a final budget by the commission pursuant to subdivision (a), the auditor shall apportion the net operating expenses of a commission in the following manner:

Commissions with city and district representation

(1) (A) In counties in which there is city and independent special district representation on the commission, the county, cities, and independent special districts shall each provide a one-third share of the commission's operational costs.

(B) The cities' share shall be apportioned in proportion to each city's total revenues, as reported in the most recent edition of the Cities Annual Report published by the Controller, as a percentage of the combined city revenues within a county, or by an alternative method approved by a majority of cities representing the majority of the combined cities' populations.

Intergovernmental revenue

(C) The independent special districts' share shall be apportioned in proportion to each district's total revenues as a percentage of the combined total district revenues within a county. Except as provided in subparagraph (D), an independent special district's total revenue shall be calculated for nonenterprise activities as total revenues for general purpose transactions less intergovernmental revenue and for enterprise activities as total operating and nonoperating revenues less intergovernmental revenue,, as reported in the most recent edition of the "Special Districts Annual Report" published by the Controller, or by an alternative method approved by a majority of the agencies, representing a majority of their combined populations. For the purposes of fulfilling the requirement of this section, a multicounty independent special district shall be required to pay its apportionment in its principal county. It is the intent of the Legislature that no single district or class or type of district shall bear a disproportionate amount of the district share of costs.

(D) (i) For purposes of apportioning costs to a health care district formed pursuant to Division 23 (commencing with Section 32000) of the Health and Safety Code that operates a hospital, a health care district's share, except as provided in clauses (ii) and (iii), shall be apportioned in proportion to each district's net from operations as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development, as a percentage of the combined independent special districts' net operating revenues within a county.

(ii) A health care district for which net from operations is a negative number may not be apportioned any share of the commission's operational costs until the fiscal year following positive net from operations, as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development.

(iii) A health care district that has filed and is operating under public entity bankruptcy pursuant to federal bankruptcy law, shall not be apportioned any share of the commission's operational costs until the fiscal year following its discharge from bankruptcy.

(iv) As used in this subparagraph "net from operations" means total operating revenue less total operating expenses.

(E) Notwithstanding the requirements of subparagraph (C), the independent special districts' share may be apportioned by an alternative method approved by a majority of the districts, representing a majority of the combined populations. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

Commissions without district representation

(F) Notwithstanding the requirements of subparagraph (C), no independent special district shall be apportioned a share of more than 50 percent of the total independent special districts' share of the commission's operational costs, without the consent of the district as otherwise provided in this section. In those counties in which a district's share is limited to 50 percent of the total independent special districts' share of the commission's operational costs, the share of the remaining districts shall be increased on a proportional basis so that the total amount for all districts equals the share apportioned by the auditor to independent special districts.

(2) In counties in which there is no independent special district representation on the commission, the county and its cities shall each provide a one-half share of the commission's operational costs. The cities' share shall be apportioned in the manner described in paragraph (1).

Counties with no cities

(3) In counties in which there are no cities, the county and its special districts shall each provide a one-half share of the commission's operational costs. The independent special districts' share shall be apportioned in the manner described for cities' apportionment in paragraph (1). If there is no independent special district representation on the commission, the county shall pay all of the commission's operational costs.

Alternative apportionment

(4) Instead of determining apportionment pursuant to paragraph (1), (2), or (3), any alternative method of apportionment of the net operating expenses of the commission may be used if approved by a majority vote of each of the following: the board of supervisors; a majority of the cities representing a majority of the total population of cities in the county; and the independent special districts representing a majority of the combined total population of independent special districts in the county. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D) of paragraph (1), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

Auditor requests payment by July 1

(c) After apportioning the costs as required in subdivision (b), the auditor shall request payment from the board of supervisors and from each city and each independent special district no later than July 1 of each year for the amount that entity owes and the actual administrative costs incurred by the auditor in apportioning costs and requesting payment from each entity. If the county, a city, or an independent special district does not remit its required payment within 60 days, the commission may determine an appropriate method of collecting the required payment, including a request to the auditor to collect an equivalent amount from the property tax, or any fee or eligible revenue owed to the county, city, or district.

Commission determines collection method

The auditor shall provide written notice to the county, city, or district prior to appropriating a share of the property tax or other revenue to the commission for the payment due the commission pursuant to this section. Any expenses incurred by the commission or the auditor in collecting late payments or successfully challenging nonpayment shall be added to the payment owed to the commission. Between the beginning of the fiscal year and the

Costs of collections

time the auditor receives payment from each affected city and district, the board of supervisors shall transmit funds to the commission sufficient to cover the first two months of the commission's operating expenses as specified by the commission. When the city and district payments are received by the commission, the county's portion of the commission's annual operating expenses shall be credited with funds already received from the county. If, at the end of the fiscal year, the commission has funds in excess of what it needs, the commission may retain those funds and calculate them into the following fiscal year's

budget. If, during the fiscal year, the commission is without adequate funds to operate, the board of supervisors may loan the commission funds. The commission shall appropriate sufficient funds in its budget for the subsequent fiscal year to repay the loan.

Apportionment for special membership commissions

56381.6. (a) Notwithstanding the provisions of Section 56381, for counties whose membership on the commission is established pursuant to Sections 56326, 56326.5, 56327, or 56328, the commission's annual operational costs shall be apportioned among the classes of public agencies that appoint members to the commission in proportion to the number of members appointed by each class. The classes of public agencies that may be represented on the commission are the county, the cities, and independent special districts. Any alternative cost apportionment procedure may be adopted by the commission, subject to a majority affirmative vote of the commission that includes the affirmative vote of at least one of the members appointed by the county, one of the members appointed by the cities, and one of the members appointed by districts, if special districts are represented on the commission.

(b) Allocation of costs among individual cities and independent special districts and remittance of payments shall be in accordance with the procedures of Section 56381. Notwithstanding Section 56381, any city that has permanent membership on the commission pursuant to Sections 56326, 56326.5, 56327, or 56328 shall be apportioned the same percentage of the commission's annual operational costs as its permanent member bears to the total membership of the commission, excluding any public members selected by all the members. The balance of the cities' portion of the commission's annual operational costs shall be apportioned to the remaining cities in the county in accordance with the procedures of Section 56381.

Destruction of records

56382. The commission may authorize the destruction of any duplicate record, paper, or other document if the original or a photographic or electronic copy of the record, paper, or other document is retained in the files of the commission, and the commission may authorize the destruction of original records more than two years old if a photographic or electronic copy of the original record is made and preserved, provided that the following conditions are met:

Requirement for records

(a) The record is reproduced on a medium that does not permit additions, deletions, or changes to the original document, or reproduced in compliance with the minimum standards or guidelines, or both, as recommended by the American National

Standards Institute or the Association for Information and Image Management for recording of permanent records or nonpermanent records, whichever applies.

(b) The device used to reproduce the record is one that accurately and legibly reproduces the original thereof in all details and that does not permit additions, deletions, or changes to the original document images.

(c) The reproductions are made as accessible for public reference as the original records were.

(d) A true copy of archival quality of the reproductions shall be kept in a safe and separate place for security purposes.

Processing fees

56383. (a) The commission may establish a schedule of fees and a schedule of service charges pursuant to this division, including, but not limited to, all of the following:

(1) Filing and processing applications filed with the commission.

(2) Proceedings undertaken by the commission and any reorganization committee.

(3) Amending or updating a sphere of influence.

(4) Reconsidering a resolution making determinations.

Deposit

(c) The commission may require that an applicant deposit some or all of the required amount that will be owed with the executive officer before any further action is taken. The deposit shall be made within the time period specified by the commission. No application shall be deemed filed until the applicant deposits the required amount with the executive officer. The executive officer shall provide the applicant with an accounting of all costs charged against the deposited amount. If the costs are less than the deposited amount, the executive officer shall refund the balance to the applicant after the executive officer verifies the completion of all proceedings. If the costs exceed the deposited amount, the applicant shall pay the difference prior to the completion of all proceedings.

Fee waiver

(d) The commission may reduce or waive a fee, service charge, or deposit if it finds that payment would be detrimental to the public interest. The reduction or waiver of any fee, service charge, or deposit is limited to the costs incurred by the commission in the proceedings of an application.

Mandatory time limits

(e) Any mandatory time limits for commission action may be deferred until the applicant pays the required fee, service charge, or deposit.

Fees for signature verification

(f) The signatures on a petition submitted to the commission by registered voters shall be verified by the elections official of the county and the costs of verification shall be provided for in the same manner and by the same agencies which bear the costs of verifying signatures for an initiative petition in the same county.

Incorporation fees; loan from general fund

(g) For incorporation proceedings that have been initiated by the filing of a sufficient number of voter signatures on petitions that have been verified by the county registrar of voters, the commission may, upon the receipt of a certification by the proponents that they are unable to raise sufficient funds to reimburse fees, service charges, or deposits for the proceedings, take no action on the proposal and request a loan from the General Fund of an amount sufficient to cover those expenses subject to availability of an appropriation for those purposes and in accordance with any provisions of the appropriation. Repayment of the loan shall be made a condition of approval of the incorporation, if successful, and shall become an obligation of the newly formed city. Repayment shall be made within two years of the effective date of incorporation. If the proposal is denied by the commission or defeated at an election, the loan shall be forgiven.

City-county meeting and agreement

(b) Prior to a city submitting an application to the commission to update its sphere of influence, representatives from the city and representatives from the county shall meet to discuss the proposed

new boundaries of the sphere and explore methods to reach agreement on development standards and planning and zoning requirements within the sphere to ensure that development within the sphere occurs in a manner that reflects the concerns of the affected city and is accomplished in a manner that promotes the logical and orderly development of areas within the sphere. If an agreement is reached between the city and county, the city shall forward the agreement in writing to the commission, along with the application to update the sphere of influence. The commission shall consider and adopt a sphere of influence for the city consistent with the policies adopted by the commission pursuant to this section, and the commission shall give great weight to the agreement to the extent that it is consistent with commission policies in its final determination of the city sphere.

Consistency with agreement

(c) If the commission's final determination is consistent with the agreement reached between the city and county pursuant to subdivision (b), the agreement shall be adopted by both the city and county after a noticed public hearing. Once the agreement has been adopted by the affected local agencies and their respective general plans reflect that agreement, then any development approved by the county within the sphere shall be consistent with the terms of that agreement.

(d) If no agreement is reached pursuant to subdivision (b), the application may be submitted to the commission and the commission shall consider a sphere of influence for the city consistent with the policies adopted by the commission pursuant to this section.

(h) In determining a sphere of influence, the commission may assess the feasibility of governmental reorganization of particular agencies and recommend reorganization of those agencies when reorganization is found to be feasible and if reorganization will further the goals of orderly development and efficient and affordable service delivery. The commission shall make all reasonable efforts to ensure wide public dissemination of the recommendations.

(i) When adopting, amending, or updating a sphere of influence for a special district, the commission shall establish the nature, location, and extent of any functions or classes of services provided by existing districts.

(b)(1) Notwithstanding subdivision (a), the commission may nevertheless approve a change for that territory if it finds either of the following:

(A) That the change would facilitate planned, orderly, and efficient patterns of land use or provision of services, and the public interest in the change substantially outweighs the public interest in the current continuation of the contract beyond its current expiration date.

In addition, at least 21 days prior to the date of that hearing, the executive officer shall cause notice of the hearing to be published in accordance with Section 56153 in a newspaper of general circulation which is circulated within the territory affected by the sphere of influence proposed to be adopted. The commission may continue from time to time any hearing called pursuant to this section.

In addition, the commission may waive the fee if it finds that payment would be detrimental to the public interest.

Fee

(g) The commission and executive officer may review and act on any request to amend a sphere of influence or urban service area concurrently with their review and determination on any related change of organization or reorganization. In case of a conflict between the provisions of this section and any other provisions of this part, the other provisions shall prevail.

Special time limits

(b) (1) Notwithstanding subdivision (a), in cities with a population of more than 100,000 residents that are located in a county with a population of over 4,000,000, no petition shall be accepted for filing unless the signatures thereon have been secured within 90 days of the publication of the notice required pursuant to Section 56760 and the petition is submitted to the executive officer for filing within 60 days after the last signature is affixed. 56706. (a) Within 30 days, excluding Saturdays, Sundays, and holidays, after the date of receiving a petition, the executive officer shall cause the petition to be examined by, in the case of a registered voter petition, the county elections official, in accordance with Sections 9113 to 9115, inclusive, of the Elections Code, or in the case of a landowner petition, the county assessor, and shall prepare a certificate of sufficiency indicating whether the petition is signed by the requisite number of signers.

(2) Notwithstanding paragraph (1), the proponents of the petition may, at their option, collect signatures for an additional 15 days immediately following the statutory period allowed for collecting signatures without waiting for notice of insufficiency. 56709. If the petition, including any supplemental petition, is certified to be insufficient, it shall be filed with the executive officer as a public record, without prejudice to the filing of a new petition. The executive officer shall give mailed notice to the chief petitioners, if any, stating that the petition has been found to be insufficient.

Assessed value

56710. For purposes of evaluating the sufficiency of any petition signed by owners of land:

(a) The assessed value to be given land exempt from taxation or owned by a public agency shall be determined by the county assessor, at the request of the executive officer, in the same amount as the county assessor would assess that land, if the land were not exempt from taxation or owned by a public agency.

Joint tenancy

(b) The value given land held in joint tenancy or tenancy in common shall be determined in proportion to the proportionate interest of the petitioner in that land.

(c) The executive officer shall disregard the signature of any person not shown as owner on the most recent assessment roll being prepared by the county at the time the proponent adopts a

resolution of application pursuant to Section 56654 or files a notice of intention to circulate a petition with the executive officer pursuant to subdivision (a) of Section 56700.4, unless prior to certification the executive officer is furnished with written evidence, satisfactory to the executive officer, that the signer meets any of the following requirements:

56711. Any public or federal agency owning land within the territory which is the subject of the proposed change of organization or reorganization shall be deemed a landowner for the purpose of the signing and certification of a petition for the change of organization or reorganization. That agency may authorize the petition to be signed for the agency, and on behalf of the agency, by any duly authorized officer or employee.

CHAPTER 3. PROCEEDINGS FOR CITIES

Article 1. Incorporation

Necessary findings; proposed incorporation

56720. The commission shall not approve or conditionally approve any proposal that includes an incorporation, unless the commission finds, based on the entire record, that:

- (a) The proposed incorporation is consistent with the intent of this division, including, but not limited to, the policies of Sections 56001, 56300, 56301, and 56377.
- (b) It has reviewed the spheres of influence of the affected local agencies and the incorporation is consistent with those spheres of influence.

- (d) It has reviewed the executive officer's report and recommendation prepared pursuant to Section 56665, and the testimony presented at its public hearing.
- (e) The proposed city is expected to receive revenues sufficient to provide public services and facilities and a reasonable reserve during the three fiscal years following incorporation.

Proposed name for new or consolidated city

56722. If a petition is for incorporation of a new city, or consolidation of cities, the petition may propose a name for the new or consolidated city.

The proposed name for the new or consolidated city may contain the word "town."

Petition; provision for appointment of city manager and elective city officials

56723. If the petition is for incorporation, it may also include provisions for appointment of a city manager and appointment of elective city officials, except city council members.

Election of city officers

56724. (a) If the commission approves a proposal that includes the incorporation of a city, the resolution making determinations shall, upon the incorporation applicant's request, specify that the first election of city officers is to be held after voter approval of the proposal.

(b) If the applicant has submitted an application to the commission prior to the effective date of this section, the applicant may request that the election of city officers be held after the vote on the incorporation proposal.

(c) If the election of city officers is to be conducted after the vote on the incorporation proposal, the commission shall not set the effective date to be sooner than the election date of the city officers.

Article 2. Special Reorganization

Special reorganization proceedings

56730. Proceedings for a special reorganization shall be conducted in accordance with the procedures otherwise prescribed for incorporation of a city, including, but not limited to, the provisions specified in Sections 56720, 56800, 56810, and 56815. Notwithstanding any other provision of this division, an election, if required, shall be conducted in accordance with Sections 57119 and 57132.5.

Special reorganization; incorporation of city with population of 1,000,000 or more

56732. If the commission approves a proposal for a special reorganization that includes the incorporation of a city with a population of more than 1,000,000, the commission shall do both of the following:

(a) Specify in the resolution making determinations that, notwithstanding Section 36501, the legislative body of the city shall consist of an even number of members, with at least 12 elected by districts, as defined in Section 34871. The commission shall establish the initial boundaries of a sufficient number of

districts of approximately equal populations, consistent with state and federal law, not to exceed more than 100,000 residents per district.

(b) Specify in the resolution that the mayor, who shall be a voting member of the council, shall be elected on a citywide basis.

Special reorganization

56734. (a) This section shall only apply to a special reorganization.

Public employees

(b) All public employees to which Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 applies shall continue to be deemed public employees of the original local agency or of the newly incorporated local agency for all the purposes of that chapter, including, but not limited to, the continuation and application of any collective bargaining agreement that applies to these employees, and all representational and collective bargaining rights under that chapter.

Collective bargaining agreements

(c) Any existing collective bargaining agreement shall remain in effect and be fully binding on the original local agency or on the newly incorporated local agency, and on the employee organizations that are parties to the agreement for the balance of the term of the agreement, and until a subsequent agreement has been established.

Retiree benefits

(d) Any existing retiree benefits, including, but not limited to, health, dental, and vision care benefits, shall not be diminished.

(e) Notwithstanding any other provision of law, an employee organization that has been recognized as the exclusive representative of local agency public employees affected by a special reorganization shall retain exclusive representation of the unit employees of the original local agency, or of the newly incorporated local agency.

Article 3. Annexation and Other Changes of Organization

Election may be required where assessed value of land or number of voters in annexing territory is equal to or greater than half of city's assessed value or voters

56737. When a change of organization or a reorganization includes the annexation of inhabited territory to a city and the assessed value of land within the territory equals one-half or more of the assessed value of land within the city, or the number of registered voters residing within the territory equals one-half or more of the number of registered voters residing within the city, the commission may determine as a condition of the proposal that the change of organization or reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of the city to which annexation is proposed.

**Annexation to a city;
succession to Williamson Act
contracts**

56738. If the proposal would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), then the petition shall state whether the city shall succeed to the contract pursuant to Section 51243 or whether the city intends to exercise its option to not succeed to the contract pursuant to Section 51243.5.

**Tidelands or submerged lands
owned by state; procedures**

56740. (a) No tidelands or submerged lands, as defined in subdivision (g), which are owned by the state or by its grantees in trust shall be incorporated into, or annexed to, a city, except lands which may be approved by the State Lands Commission.

**Filed with State Lands
Commission**

(b) If those tidelands or submerged lands are included within the boundaries of any territory proposed to be incorporated into, or annexed to, a city, a description of the boundaries, together with a map showing the boundaries, shall be filed with the State Lands Commission by the proponents of the incorporation or annexation. The filing with the State Lands Commission shall be made prior to the executive officer issuing a certificate of filing for the proposal.

(c) The State Lands Commission shall approve or disapprove all portions of the boundaries located upon the tidelands or submerged lands. In making that determination, it shall, where feasible and appropriate, require any extensions of land boundaries of the city or proposed city to be at right angles to the general direction of the shoreline at each point of intersection of the shoreline with the land boundaries of the city or proposed city. However, in the interest of ensuring an orderly and equitable pattern of offshore boundaries, the State Lands Commission may establish angles and other courses for each offshore boundary it deems necessary considering any irregularity of the shoreline, other geographical features, the effect of incorporation or annexation of the offshore or submerged lands on the uplands of the city, or proposed city, and adjoining territory, and the existing and potential boundaries of other cities and of unincorporated communities.

**State Lands Commission
determination**

(d) Within 45 days after the filing of the boundary description and map with the State Lands Commission, the State Lands Commission shall make a determination of the proper offshore or submerged lands boundaries. That determination shall be final and conclusive. If the State Lands Commission does not make the determination within that time, the proposed offshore or submerged lands boundaries shall be deemed approved.

(e) The State Lands Commission shall report its determination to the executive officer and to each affected city, affected county, affected district, or person, if any, that has filed the boundary description and map. Thereafter, filings and action may be taken pursuant to this part.

(f) The local agency formation commission may review and make determinations as to all portions of the boundaries, other than those offshore or submerged lands boundaries.

(g) "Submerged lands," as used in this section, includes, but is not limited to, lands underlying navigable waters which are in sovereign ownership of the state whether or not those waters are subject to tidal influences.

City annexations in same county and contiguous

56741. Territory may not be annexed to a city unless it is located in the same county. Unless otherwise provided in this division, territory may not be annexed to a city unless it is contiguous to the city at the time the proposal is initiated pursuant to this part. Territory incorporated as a city shall be located within one county and, except as otherwise provided in Section 56742, shall be contiguous with all other territory being incorporated as a city.

City annexations of noncontiguous territory

56742. (a) Notwithstanding Section 56741, upon approval of the commission a city may annex noncontiguous territory not exceeding 300 acres if the territory meets all of the following requirements:

(1) It is located in the same county as that in which the city is situated.

(2) It is owned by the city.

(3) It is used for municipal purposes at the time commission proceedings are initiated.

(b) Territory which is used by a city for the reclamation, disposal, and storage of treated wastewater may be annexed to the city pursuant to this section without limitation as to the size of the territory.

(c) If territory is annexed pursuant to this section, the annexing city may not annex any territory not owned by the city, not used for municipal purposes, and not contiguous to the city, although the territory is contiguous to the territory annexed pursuant to this section.

(d) Notwithstanding any other provision of this section, a city which annexes territory pursuant to this section may annex additional territory in the same county as that in which the city is situated which is owned by the United States government or the State of California and which is contiguous to the first annexed territory if the total acreage of the first annexed and the subsequently annexed territory together does not exceed 300 acres in area. If after the completion of the subsequent annexation, the city sells any or all of the first annexed territory, the subsequently annexed territory shall cease to be part of the city if the subsequently annexed territory is no longer contiguous to territory owned by the city.

City ownership required

(e) When any or all of the territory annexed to a city pursuant to this section is sold by the city, all of the territory that is no longer owned by the city shall cease to be a part of that city.

(f) A city may lease territory annexed pursuant to this section for any of the purposes authorized pursuant to Sections 37380 to 37396, inclusive, as well as enter into leases for the construction and operation of electrical generation, transmission, and distribution. If, however, a city enters into a lease on and after April 24, 2002, pursuant to Section 37395, 37396, or any other provision of law, that would authorize the development of a shopping center, hotel, motel, or lodging house on territory annexed pursuant to this section, the affected territory shall cease to be a part of the city.

(g) When territory ceases to be part of a city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing required by Chapter 8 (commencing with Section 57200) of Part 4.

(h) If territory annexed to a city pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

**Annexation of state
correctional facilities**

56742.5. (a) Notwithstanding Section 56741, upon approval of the commission any city may annex noncontiguous territory which constitutes a state correctional facility or a state correctional training facility. If, after the completion of the annexation, the State of California sells that territory or any part thereof, all of the territory which is no longer owned by the state shall cease to be a part of the city which annexed the territory.

(b) If territory is annexed pursuant to this section, the city may not annex any territory not owned by the State of California and not contiguous to the city although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of the city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing provided for by Chapter 8 (commencing with Section 57200) of Part 4 of Division 3.

(d) If territory annexed pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) A city may enter into an agreement with any other city under which the city apportions any increase in state subventions resulting from the annexation of territory pursuant to this section.

**Cities of Willits and Arcata;
annexation of noncontiguous**

56743. (a) Notwithstanding Section 56741, upon approval of the commission a city may annex noncontiguous territory not exceeding 3,100 acres in area, which is located in the same county as that in which the city is situated, and which is owned by the city and is being used for municipal water purposes, wildlife habitat, or sustainable forestry that is subject to an adopted city forest management plan at the time preliminary proceedings are initiated pursuant to this part. If, after the completion of the annexation, the city sells that territory or any part thereof, all of that territory that is no longer owned by the city shall cease to be a part of the city.

(b) If territory is annexed pursuant to this section, the annexing city may not annex any territory not owned by it and not contiguous to it although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of a city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing provided for by Chapter 8 (commencing with Section 57200) of Part 4.

(d) If territory annexed to a city pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) If territory is annexed pursuant to this section, it shall be used only for municipal water purposes, wildlife habitat, or sustainable forestry that is subject to an adopted city forest management plan. The city may, however, enter into agreements to lease the land for timber production or grazing by animals. If the territory is used by the city for any other purpose at any time, it shall cease to be a part of the city.

(f) This section applies only to the City of Willits and the City of Arcata.

**Islands not allowed from
annexations or incorporations**

56744. Unless otherwise determined by the commission pursuant to subdivision (m) of Section 56375, territory shall not be incorporated into, or annexed to, a city pursuant to this division if, as a result of that incorporation or annexation, unincorporated territory is completely surrounded by that city or by territory of that city on one or more sides and the Pacific Ocean on the remaining sides.

**Annexations to City of
Cupertino**

56747. (a) Notwithstanding Section 56031, unincorporated territory consisting of property abutting on a street, highway, or road, and the street, highway, or road, to the extent that it abuts that property, together with the road strip may be annexed to a city pursuant to this division under the following conditions:

(1) The annexation may be made only if the property to be annexed is within the sphere of influence of the annexing city, as adopted by the commission, and lies within an unincorporated area wholly surrounded by the annexing city or the annexing city and the county line or the annexing city and the Pacific Ocean or the annexing city and a boundary of another city.

(2) The property to be annexed shall not be annexed if the distance between the boundary of the annexing city and the point closest to the annexing city at which the road strip connects with the abutting property, as measured by the road strip, is more than one-half mile.

(b) Subsequent annexations to the road strip and abutting territory shall not be made unless both of the following conditions are met:

(1) The distance between the point at which the original road strip abuts the boundary of the annexing city and the point closest to the city at which the road strip connects with the abutting property to be annexed, as measured by the road strip, is one-half mile or less.

(2) The annexation is contiguous to the road strip.

(c) As used in this section:

(1) "Property to be annexed" means the property abutting on a street, highway, or road, and the street, highway, or road, to the extent it abuts the property.

(2) "Road strip" means the street, highway, or road which connects the territory of the property to be annexed to the annexing city.

(d) This section applies only to the City of Cupertino.

**Farmland security zones;
landowner petitions**

56749. (a) The commission shall not approve or conditionally approve a change of organization or reorganization that would result in the annexation to a city of territory that is within a farmland security zone created pursuant to Article 7 (commencing with Section 51296) of Chapter 7 of Division 1 if that city provides or would provide facilities or services related to sewers, nonagricultural water, or streets and roads, unless the facilities or services provided by the city benefit land uses that are allowed under a farmland security zone contract and the landowner consents to the change of organization or reorganization. However, this subdivision shall not apply under any of the following circumstances:

(1) If the farmland security zone is located within a designated, delineated area that has been approved by the voters as a limit for existing and future urban facilities, utilities, and services.

(2) If annexation of a parcel or a portion of a parcel is necessary for the location of a public improvement, as defined in Section 51290.5, except as provided in subdivision (f) or (g) of Section 51296.

(3) If the landowner consents to the annexation.

(b) This section shall not apply during the three-year period preceding the termination of a farmland security zone contract under Article 7 (commencing with Section 51296) of Chapter 7 of Part 1 of Division 1.

**Farmland security zones;
improper disapproval**

56750. Notwithstanding Sections 56300 and 56301, the commission shall not disapprove a change of organization or reorganization where the reason for disapproval is that the farmland security zone is excluded from the affected territory.

City detachment pre-hearing

56751. (a) Upon receipt by the commission of a proposed change of organization or reorganization, except a special reorganization, that includes the detachment of territory from any city, the executive officer shall place the proposal on the agenda for the next commission meeting for information purposes only and shall transmit a copy of the proposal to any city from which the detachment of territory is requested.

(b) No later than 60 days after the date that the proposal is on the commission's meeting agenda in accordance with subdivision (a), a city from which the detachment of territory is proposed may adopt and transmit to the commission a resolution requesting termination of the proceedings.

Termination

(c) If the city from which the detachment of territory is proposed has adopted and transmitted to the commission a resolution requesting termination of proceedings within the time period prescribed by this section, then the commission shall terminate the proceedings upon receipt of the resolution from the city.

(d) This section shall not apply if the city from which the detachment of territory is proposed has adopted and transmitted to the commission a resolution supporting the proposed change of organization or reorganization.

contracts**

56752. If the proposal would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), then the resolution shall state whether the city shall succeed to the contract pursuant to Section 51243 or whether the city intends to exercise its option to not succeed to the contract pursuant to Section 51243.5.

CHAPTER 4. FISCAL PROVISIONS

Article 1. Comprehensive Fiscal Analysis

Comprehensive fiscal analysis; incorporation

56800. For any proposal that includes an incorporation, the executive officer shall prepare, or cause to be prepared by contract, a comprehensive fiscal analysis. This analysis shall become part of the report required pursuant to Section 56665. Data used for the analysis shall be from the most recent fiscal year for which data are available, preceding the issuances of the certificate of filing. When data requested by the executive officer in the notice to affected agencies are unavailable, the analysis shall document the source and methodology of the data used. The analysis shall review and document each of the following:

(a) The costs to the proposed city of providing public services and facilities during the three fiscal years following incorporation in accordance with the following criteria:

(1) When determining costs, the executive officer shall include all direct and indirect costs associated with the current provision of existing services in the affected territory. These costs shall reflect the actual or estimated costs at which the existing level of service could be contracted by the proposed city following an incorporation, if the city elects to do so, and shall include any general fund expenditures used to support or subsidize a fee-supported service where the full costs of providing the service are not fully recovered through fees. The executive officer shall also identify which of these costs shall be transferred to the new city that result in an administrative cost reduction to other agencies. In the analysis, the executive officer shall also review how the costs of any existing services compare to the costs of services provided in cities with similar populations and similar geographic size that provide a similar level and range of services and shall make a reasonable determination of the costs expected to be borne by the newly incorporated city.

(2) When determining costs, the executive officer shall also include all direct and indirect costs of any public services that are proposed to be assumed by the new city and that are provided by state agencies in the area proposed to be incorporated.

(b) The revenues of the proposed city during the three fiscal years following incorporation.

(c) The effects on the costs and revenues of any affected local agency during the three fiscal years of incorporation.

(d) Any other information and analysis needed to make the findings required by Section 56720.

Review of comprehensive fiscal analysis by Controller; requests

56801. (a) For any proposal that includes an incorporation, the executive officer shall, at the request of an interested party, which request is submitted pursuant to subdivision (b), and prior to issuing his or her report and recommendation pursuant to Section 56665, request the Controller to review the comprehensive fiscal analysis prepared pursuant to Section 56800. The request by an interested party shall specify in writing any element of the comprehensive fiscal analysis that the Controller is requested to review and the reasons the Controller is requested to review each element.

(b) The commission may adopt written procedures for the acceptance, referral, and payment for a request for the Controller's review, which shall include setting a time period during which an interested party is permitted to submit a request pursuant to subdivision (a). The time period for accepting a request shall not be less than 30 days following notice given in the same manner as specified in Section 56153.

(c) Within 45 days of receiving the analysis, the Controller shall issue a report to the executive officer regarding the accuracy and reliability of the information, methodologies, and documentation used in the analysis. The times within which the executive officer or commission is required to act pursuant to this chapter shall be tolled for the time required by the Controller for completion of the report. The executive officer shall include the results of the Controller's report into his or her own report and recommendation issued pursuant to Section 56665.

division, including the preparation of the comprehensive fiscal analysis pursuant to Section 56800.

(b) The funds provided by the county pursuant to this section shall not be construed to be a gift of public funds and may only be granted to a quasi-public or nonprofit organization formed for the purpose of pursuing incorporation of the Mountain House area.

(c) San Joaquin County shall provide the funds required in subdivision (a) only one time, upon the first filing of application for incorporation.

Acceptance or rejection of incorporation findings; executive officer report; fiscal analysis

56803. If the commission approves a proposal which includes the incorporation of a city, the resolution making determinations shall accept or reject each of the findings and recommendations made in the executive officer's report prepared pursuant to Section 56665, and the fiscal analysis prepared pursuant to Section 56800. If the commission rejects a finding or recommendation, the resolution making determinations shall include findings by the commission which present the basis for any rejection.

Comprehensive fiscal analysis, disincorporation

56804. For any proposal that includes a disincorporation, the executive officer shall prepare, or cause to be prepared by contract, a comprehensive fiscal analysis. This analysis shall become part of the report required pursuant to Section 56665. Data used for the analysis shall be from the most recent fiscal year for which data is available, preceding the issuances of the certificate of filing. When data requested by the executive officer in the notice to affected agencies, pursuant to paragraph (2) of subdivision (b) of Section 56658, is unavailable, the analysis shall document the source and methodology of the data used. The analysis shall review and document each of the following:

(i) Any other information and analysis needed to make the findings required by Section 56770.

Article 2. Property Tax Exchange

Property tax exchange for incorporation or formation

56810. (a) (1) If the proposal includes the incorporation of a city, as defined in Section 56043, the commission shall determine the amount of property tax revenue to be exchanged by the affected local agency pursuant to this section and Section 56815.

Commission determination

(2) If the proposal includes the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the amount of property tax to be exchanged by the affected local agency pursuant to this section.

Auditor's determination

(c) If the proposal would not transfer all of an affected agency's service responsibilities to the proposed city or district, the commission and the county auditor shall do all of the following:

(1) The county auditor shall determine the proportion that the amount of property tax revenue derived by each affected local agency pursuant to subdivision (b) of Section 93 of the Revenue and Taxation Code bears to the total amount of revenue from all sources, available for general purposes, received by each affected local agency in the prior fiscal year. For purposes of making this determination and the determination required by paragraph (3), "total amount of revenue from all sources available for general purposes" means the total amount of revenue which an affected local agency may use on a discretionary basis for any purpose and does not include any of the following:

(A) Revenue which, by statute, is required to be used for a specific purpose.

(B) Revenue from fees, charges, or assessments which are levied to specifically offset the cost of particular services and do not exceed the cost reasonably borne in providing these services.

(C) Revenue received from the federal government which is required to be used for a specific purpose.

Commission determination of total net cost; definition

(2) The commission shall determine, based on information submitted by each affected local agency, an amount equal to the total net cost to each affected local agency during the prior fiscal

year of providing those services which the new jurisdiction will assume within the area subject to the proposal. For purposes of this paragraph, "total net cost" means the total direct and indirect costs that were funded by general purpose revenues of the affected local agency and excludes any portion of the total cost that was funded by any revenues of that agency that are specified in subparagraphs (A), (B), and (C) of paragraph (1).

Calculation

(3) The commission shall multiply the amount determined pursuant to paragraph (2) for each affected local agency by the corresponding proportion determined pursuant to paragraph (1) to derive the amount of property tax revenue used to provide services by each affected local agency during the prior fiscal year within the area subject to the proposal. The county auditor shall adjust the amount described in the previous sentence by the annual tax increment according to the procedures set forth in Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code, to the fiscal year in which the new city or district receives its initial allocation of property taxes.

Separate county fund(s)

(4) For purposes of this subdivision, in any county in which, prior to the adoption of Article XIII A of the California Constitution, and continuing thereafter, a separate fund or funds were established consisting of revenues derived from the unincorporated area of the county and from which fund or funds services rendered in the unincorporated area have been paid, the amount of property tax revenues derived pursuant to paragraph (3), may, at the discretion of the commission, be transferred to the proposed city over a period not to exceed 12 fiscal years following its incorporation. In determining whether the transfer of the amount of property tax revenues determined pursuant to paragraph (3) shall occur entirely within the fiscal year immediately following the incorporation of the proposed city or shall be phased in over a period not to exceed 12 full fiscal years following the incorporation, the commission shall consider each of the following:

(A) The total amount of revenue from all sources available to the proposed city.

(B) The fiscal impact of the proposed transfer on the transferring agency.

(C) Any other relevant facts which interested parties to the exchange may present to the commission in written form.

The decision of the commission shall be supported by written findings setting forth the basis for its decision.

Auditor's determination

(d) If the proposal would transfer all of an affected agency's service responsibilities to the proposed city or district, the commission shall request the auditor to determine the property tax revenue generated for the affected service providers by tax rate area, or portion thereof, and transmit that information to the commission.

(e) The executive officer shall notify the auditor of the amount determined pursuant to paragraph (3) of subdivision (c) or subdivision (d), as the case may be, and, where applicable, the period of time within which and the procedure by which the transfer of property tax revenues will be effected pursuant to paragraph (4) of subdivision (c), at the time the executive officer records a certificate of completion pursuant to Section 57203 for any proposal described in subdivision (a), and the auditor shall transfer that amount to the new jurisdiction.

(f) The amendments to this section enacted during the 1985-86 Regular Session of the Legislature shall apply to any proposal described in subdivision (a) for which a certificate of completion is recorded with the county recorder on or after January 1, 1987.

Prior fiscal year defined

(g) For purposes of this section, "prior fiscal year" means the most recent fiscal year for which data on actual direct and indirect costs and revenues needed to perform the calculations required by this section are available preceding the issuance of the certificate of filing.

Action to contest

(h) An action brought by a city or district to contest any determinations of the county auditor or the commission with regard to the amount of property tax revenue to be exchanged by the affected local agency pursuant to this section shall be commenced within three years of the effective date of the city's incorporation or the district's formation. These actions may be brought by any city that incorporated or by any district that formed on or after January 1, 1986.

(i) This section applies to any city that incorporated or district that formed on or after January 1, 1986.

(j) The calculations and procedures specified in this section shall be made prior to and shall be incorporated into the calculations specified in Section 56815.

Determination of appropriations limit

56811. (a) If a proposal includes the formation of a new special district, the commission shall determine the appropriations limit of the district in accordance with Section 7902.7 and Article XIII B of the California Constitution. The commission shall determine the provisional appropriations limit of the district in the following manner:

(1) Estimate the amount of revenue anticipated to be received by the district from the proceeds of taxes for the first full fiscal year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full fiscal year of operation and any other changes that may be required or permitted by Article XIII B of the California Constitution.

(b) The governing body of the district shall determine the proposed permanent appropriations limit of the district to be submitted to the voters in the following manner:

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full fiscal year of operation and any other changes that may be required or permitted by Article XIII B of the California Constitution.

(c) The permanent appropriations limit of the district shall be set at the first district election that is held following the first full fiscal year of operation and shall not be considered to be a change in the appropriations limit of the district pursuant to Section 4 of Article XIII B of the California Constitution.

**Incorporation of city;
determination of provision and
permanent appropriations
limit**

56812. (a) If a proposal includes the incorporation of a city, the commission shall determine the provisional appropriations limit of the city in accordance with Section 7902.7 and Article XIII B of the California Constitution. The commission shall determine the provisional appropriations limit of the city in the following manner:

(1) Estimate the amount of revenue anticipated to be received by the city from the proceeds of taxes for the first full fiscal year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full fiscal year of operation and such other changes as may be required or permitted by Article XIII B of the California Constitution.

(b) The governing body of the city shall determine the proposed permanent appropriations limit of the city to be submitted to the voters in the following manner

(1) Determine the amount of revenue actually received by the city from the proceeds of taxes for the first full fiscal year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full fiscal year of operation and such other changes as may be required or permitted by Article XIII B of the California Constitution.

**Permanent appropriations
limit**

(c) The permanent appropriations limit of the city shall be set at the first municipal election which is held following the first full fiscal year of operation and shall not be considered to be a change in the appropriations limit of the city pursuant to Section 4 of Article XIII B of the California Constitution.

Property tax exchange for disincorporation

56813. (a) If the proposal includes the disincorporation of a city, as defined in Section 56034, the commission shall determine the amount of property tax revenue to be exchanged by the affected city and successor or affected local agency pursuant to this section.

Notice to auditor

(b) The commission shall notify the county auditor of the proposal, the affected local agencies to be extinguished, and the services proposed to be transferred to new jurisdictions, and identify for the auditor the changes to occur.

(c) If the proposal would not transfer all of the service responsibilities of the disincorporating city to the affected county or to a single affected agency, the commission and the county auditor shall do all of the following:

Auditor's determination

(1) The county auditor shall determine the proportion that the amount of property tax revenue derived by the city being disincorporated pursuant to subdivision (b) of Section 93 of the Revenue and Taxation Code bears to the total amount of revenue from all sources, available for general purposes, received by the city being disincorporated in the prior fiscal year and provide his or her response within 15 days of receiving notification from the commission pursuant to subdivision (b). For purposes of making this determination and the determination required by paragraph (3), "total amount of revenue from all sources available for general purposes" mean the total amount of revenue which the city being disincorporated may use on a discretionary basis for any purposes and does not include any of the following:

(A) Revenue that, by statute or ordinance, is required to be used for a specific purpose.

(B) Revenue from fees, charges, or assessments that are levied to specifically offset the cost of particular services and that do not exceed the cost reasonably borne in providing these services.

(C) Revenue received from the federal government that is required to be used for a specific purpose.

Commission determination of total net cost; definition

(2) The commission shall determine, based on information submitted by the city being disincorporated, an amount equal to the total net cost to that city during the prior fiscal year of providing those services that an affected agency will assume within the area subject to the proposal. For purposes of this paragraph, "total net cost" means the total direct and indirect costs that were funded by general purpose revenues of the city being disincorporated and excludes any portion of the total cost that was funded by any revenues of that agency that are specified in subparagraphs (A), (B), and (C) of paragraph (1).

Calculation

(3) For the services to be transferred to each affected local agency, the commission shall multiply the amount determined pursuant to paragraph (2) by the proportion determined pursuant to paragraph (1) to derive the amount of property tax revenue used to provide services by the city being disincorporated during the prior

fiscal year within the area subject to the proposal. The county auditor shall adjust the amount so determined by the annual tax increment pursuant to the procedures set forth in Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code, to the fiscal year in which the affected agency receives its next allocation of property taxes.

(d) If the proposal for disincorporation would transfer all of the service responsibilities of the city proposed for disincorporation, other than those that are proposed to be discontinued, to a single successor, the commission shall request that auditor to determine the property tax revenue allocated to the city being disincorporated by tax rate area, or portion thereof, and transmit that information to the commission.

(e) The executive officer shall notify the auditor of the amount determined pursuant to subdivision (c) or (d), as the case may be, and, where applicable, the period of time within which and the procedure by which the transfer of property tax revenues will be effected pursuant to this section, at the time the executive officer records a certificate of completion pursuant to Section 57203 for any proposal described in subdivision (a), and the auditor shall transfer that amount to the affected agency or agencies that will assume the services as determined by the commission. Any property tax not transferred to an affected agency pursuant to subdivision (c) shall be transferred to the affected county.

"Prior fiscal year"

(f) For the purposes of this section, "prior fiscal year" means the most recent fiscal year preceding the issuance of the certificate of filing for which data is available on actual direct and indirect costs and revenues needed to perform the calculations required by this section.

Action to contest

(g) Any action brought by a city, county, or district to contest any of the determinations of the county auditor or the commission with regard to the amount of property tax revenue to be exchanged by the affected local agencies pursuant to this section shall be commenced within three years of the effective date of the disincorporation.

Commission determination of appropriations limit

56814. If the proposal includes the disincorporation of a city, as defined in Section 56034, with the assignment of property tax revenues to a successor the commission shall make the following determinations, as appropriate:

(a) The increase of the appropriations limit for the successor if the successor is an existing entity.

(b) The appropriations limit for a new special district through a formation process as defined by Section 56810.

Article 3. Revenue Neutrality

Incorporation, legislative intent

56815. (a) It is the intent of the Legislature that any proposal that includes an incorporation should result in a similar exchange of both revenue and responsibility for service delivery among the county, the proposed city, and other subject agencies. It is the further intent of the Legislature that an incorporation should not occur primarily for financial reasons.

Findings for an incorporation

(b) The commission shall not approve a proposal that includes an incorporation unless it finds that the following two quantities are substantially equal:

(1) Revenues currently received by the local agency transferring the affected territory that, but for the operation of this section, would accrue to the local agency receiving the affected territory.

(2) Expenditures, including direct and indirect expenditures, currently made by the local agency transferring the affected territory for those services that will be assumed by the local agency receiving the affected territory.

Alternative findings

(c) Notwithstanding subdivision (b), the commission may approve a proposal that includes an incorporation if it finds either of the following:

(1) The county and all of the subject agencies agree to the proposed transfer.

(2) The negative fiscal effect has been adequately mitigated by tax sharing agreements, lump-sum payments, payments over a fixed period of time, or any other terms and conditions pursuant to Section 56886.

(d) Nothing in this section is intended to change the distribution of growth on the revenues within the affected territory unless otherwise provided in the agreement or agreements specified in paragraph (2) of subdivision (c).

Resolution; fiscal terms and conditions

(e) Any terms and conditions that mitigate the negative fiscal effect of a proposal that contains an incorporation shall be included in the commission resolution making determinations adopted pursuant to Section 56880 and the terms and conditions specified in the questions pursuant to Section 57134.

Task Force; state guidelines

56815.2. By July 1, 2001, the Governor's Office of Planning and Research, in consultation with the Controller, shall convene a task force composed of representatives of cities, counties, special districts, and local agency formation commissions, as nominated by their statewide organizations and associations, with expertise in local government fiscal issues for the purpose of creating statewide guidelines for the incorporation process. The guidelines shall be completed by January 1, 2002, by the Office of Planning and Research and shall serve as minimum statewide guidelines for the incorporation process. The guidelines shall include, but not be

limited to, information to assist incorporation proponents to understand the incorporation process, its timelines, and likely costs. They shall also provide direction to affected agencies regarding the type of information that should be included in the comprehensive fiscal analysis of an incorporation, as well as suggestions for alternative ways to achieve fiscally neutral incorporations. The guidelines shall be advisory to the commissions in the review of incorporation proposals.

Disincorporation; legislative intent

56816. (a) It is the intent of the Legislature that any proposal that includes the disincorporation of a city result in a determination that the debt or contractual obligations and responsibilities of the city being disincorporated shall be the responsibility of that same territory for repayment. To ascertain this information, the city shall provide a written statement that determines and certifies all of the following to the commission prior to the issuance of a certificate of filing for a disincorporation proposal, pursuant to Section 56651 and 56658:

Written statement requirement

Information to be included

- (1) The indebtedness of the city.
 - (2) The amount of money in the city's treasury.
 - (3) The amount of any tax levy, assessment, or other obligation due to the city that is unpaid or has not been collected.
 - (4) The amount of current and future liabilities, both internal debt owed to other special or restricted funds or enterprise funds within the agency and external debt owed to other public agencies or outside lenders or that results from contractual obligations, which may include contracts for goods or services, retirement obligations, actuarially determined unfunded pension liability of all classes in a public retirement system, including any documentation related to the termination of public retirement contract provisions, and the liability for other postemployment benefits. The information required by this paragraph shall include any associated revenue stream for financing that may be or has been committed to that liability, including employee contributions.
- (b) The city shall provide a written statement identifying the successor agency to the city's former redevelopment agency, if any, pursuant to Section 34173 of the Health and Safety Code.

(a) It may propose representation of special districts upon the commission.

(b) It may propose the repeal of regulations affecting the functions and services of special districts.

Consideration of commission's resolution by independent special district selection committee; procedures following approval or disapproval

56821.1. If the commission adopts a resolution pursuant to subdivision (a) of Section 56821, the executive officer shall immediately call a meeting of the independent special district selection committee referred to in Section 56332. The meeting shall be held not less than 15, or more than 35, days from the adoption of the resolution by the commission. The independent special district selection committee shall meet at the time and place designated by the executive officer and shall consider the resolution adopted by the commission. By majority vote of those district representatives voting on the issue, the selection committee shall either approve or disapprove the resolution adopted by the commission. If the selection committee approves the resolution adopted by the commission, it shall immediately inform the executive officer of that action, and the commission at its next meeting shall adopt a resolution of intention pursuant to Section 56822. If the selection committee disapproves the resolution adopted by the commission, it shall immediately inform the executive officer of this action and all further proceedings under this chapter shall cease.

Resolution adopted by independent special districts

56821.3. If an independent special district adopts a resolution pursuant to subdivision (a) of Section 56821, it shall immediately forward a copy of the resolution to the executive officer. Upon receipt of those resolutions from a majority of independent special districts within a county, adopted by the districts within one year from the date that the first resolution was adopted, the commission, at its next regular meeting, shall adopt a resolution of intention pursuant to Section 56822.

Certified copy of resolution

56821.5. A certified copy of any resolution which has been adopted by an independent special district pursuant to subdivision (b) of Section 56821 shall be filed with the executive officer. If a resolution, or substantially identical resolution, has been filed by a majority of independent special districts within the county, then, not later than 35 days after the filing, the commission shall adopt a resolution of intention in accordance with the filed resolution or resolutions.

Resolution of intention; contents

56822. Whenever the commission, or the independent special districts, as the case may be, have complied with the applicable provisions of Sections 56821, 56821.1, 56821.3, and 56821.5, the commission shall adopt a resolution of intention pursuant to this

section. The resolution of intention shall do all of the following:

(a) State whether the proceedings are initiated by the commission or by an independent special district or districts, in which case, the names of those districts shall be set forth.

(b) If the resolution of intention proposes only the repeal of regulations affecting the functions and services of special districts, it shall state that the commission proposes either of the following:

(1) To consider the proposal without reference to a special district advisory committee, in which case the resolution shall contain the text of the regulations proposed to be repealed.

(2) To refer the proposal to a special district advisory committee for study, report, and recommendation, in which case the resolution shall include the regulations proposed to be repealed.

In addition, the resolution of intention adopted pursuant to this subdivision shall also fix a time, not less than 15 or more than 35 days after the adoption of the resolution of intention, and the place of hearing by the commission on the question of whether the proposal made by the resolution should be disapproved, approved, and ordered without reference to a special district advisory committee, or referred to a special district advisory committee for study, report, and recommendation to the commission.

(c) If the resolution of intention proposes representation of special districts on the commission, it shall state that the commission proposes to refer the proposal to a special district advisory committee and the commission shall immediately order the proposal referred to that committee pursuant to Section 56823.

Hearing on resolution of intention; notice

56822.3. If a hearing is called pursuant to subdivision (b) of Section 56822, the executive officer shall give notice of the hearing by publication, as provided in Sections 56153 and 56154, by posting, as provided in Sections 56158 and 56159, and by mailing to the clerk of the county and each local agency within the county, as provided in Sections 56155, 56156, and 56157.

Hearing on resolution of intention; time and place; approval or disapproval

56822.5. The hearing referred to in Section 56822.3 shall be held by the commission at the time and place specified or to which the hearing may be continued. After the conclusion of the hearing, the commission shall adopt a resolution disapproving the proposal made by the resolution of intention, approving and ordering the proposal without reference to a special district advisory committee, or ordering the proposal referred to a special district advisory committee for study, report, and recommendation.

Advisory committee; appointment; proceedings; definition

56823. If the commission orders a proposal referred to a special district advisory committee for study, report, and recommendation, the appointment of, and proceedings by, the advisory committee shall be made and taken substantially in accordance with the

provisions of Chapter 6 (commencing with Section 56826), pertaining to reorganization committees, except that the advisory committee shall not be terminated until after the commission acts upon the report and recommendation of the advisory committee.

When applied to proceedings taken pursuant to this chapter:

(a) "Plan of reorganization" means a plan containing the text of regulations affecting the functions and services of special districts.

(b) "Proposal of reorganization," "reorganization," or "change of organization" means a proposal made pursuant to this chapter.

(c) "Reorganization committee" means the special district advisory committee.

(d) "Subject district" means an independent special district affected by a proposal made pursuant to this chapter.

If the commission is of the opinion that special districts, other than independent special districts, may be affected by the proposal, then, in addition to the appointment of voting members to the advisory committee to represent independent special districts, the commission may authorize the legislative bodies of special districts, other than independent special districts, to appoint nonvoting members to the advisory committee. Any nonvoting member shall have all of the rights of a voting member except the right to vote.

Advisory committee; executive committee; membership; duties and powers

56824. Where a special district advisory committee consists of voting members representing more than five independent special districts, the advisory committee may appoint an executive committee to undertake all or part of the study and may authorize the executive committee to prepare a tentative report and recommendation for submission to and approval by the full advisory committee. The executive committee shall consist of the number of voting members as the advisory committee may determine. If the commission authorizes the appointment of nonvoting members to the advisory committee, those nonvoting members may appoint members to the executive committee in numbers not exceeding those appointed by the voting members and any nonvoting member appointed to the executive committee shall have all of the rights of a voting member on the committee, except the right to vote.

Upon completion of the studies of the executive committee, the executive committee shall report to the full advisory committee and submit any tentative report and recommendation prepared by the executive committee. Thereafter, the advisory committee may reject any tentative report and recommendation submitted, may adopt any tentative report and recommendation submitted, either as submitted by the executive committee or as changed by the full advisory committee, or the advisory committee may prepare its own report and recommendation.

Action of commission on report and recommendation of advisory committee

56824.1. Not later than 35 days after the filing with the executive officer of the report and recommendation of a special district advisory committee, the commission shall take one of the following actions:

(1) Disapprove the report without further notice and hearing.

(2) Adopt a resolution of intention to hold a hearing on the report pursuant to subdivision (c).

(b) If the report concerns a request for special district representation on the commission, the commission shall adopt a resolution declaring its intention to approve the report and recommendation.

(c) A resolution of intention shall do all of the following:

(1) Refer to the report and recommendation of the special district advisory committee, generally describe the nature and contents of the report and recommendation, and refer to the report and recommendation on file with the executive officer for a detailed description report and recommendation.

(2) Declare the intention of the commission to approve the recommendation and report, as filed.

(3) Fix a time, not less than 15 days, or more than 35 days, after the adoption of the resolution of intention, and the place of hearing by the commission, on the question of whether the report and recommendation filed by the special district advisory committee should be approved, either as filed or as ordered changed by the commission after notice and hearing.

Hearing on approval of report and recommendation of advisory committee; notice

56824.3. The executive officer shall give notice of the hearing by publication, as provided in Sections 56153 and 56154, by posting, as provided in Sections 56158 and 56159, and by mailing to the clerk of the county and each local agency within the county, as provided in Sections 56155, 56156, and 56157.

Hearing on approval of report and recommendation of advisory committee; time and place; proposal for changes

56824.5. The hearing shall be held by the commission at the time and place specified or to which the hearing may be continued. During the course of the hearing, the commission may propose changes in the report and recommendations. Any proposed changes shall be referred, for review, to the special district advisory committee, or if the advisory committee has appointed an executive committee, to that executive committee. The advisory committee, or the executive committee, shall have 60 days to report back to the commission. If no report is received by the

commission within 60 days, the advisory committee shall be deemed to have approved the proposed changes in the report and recommendation.

Within 30 days after the conclusion of the hearing, the commission shall adopt a resolution approving the report and recommendation, either as filed or as those regulations may be changed by the commission.

Resolution approving report and recommendation of advisory committee; orders

56824.7. Any resolution approving the report and recommendation of a special district advisory committee, either as filed or as changed by the commission, shall order both of the following:

(a) The repeal of regulations, in accordance with the recommendations of the approved report.

(b) The chairperson of the commission to call and give notice of a meeting of the independent special district selection committee to be held within 15 days after the adoption of the resolution if special district representatives on the commission are to be selected pursuant to Section 56332.

(1) The commission may approve a proposal for the establishment of new or different functions or class of services within the jurisdictional boundaries of a special district where the commission has determined that the special district will not have

In approving a proposal, the commission shall provide that if the revenue sources pursuant to Section 56886 are not approved, the authority of the special district to provide new or different functions or class of services shall not be established.

(2) Unless otherwise required by the principal act of the subject special district, or unless otherwise required by Section 57075 or 57076, the approval by the commission for establishment of new or different functions or class of services, or the divestiture of the power to provide particular functions or class of services, shall not be subject to an election.

services. Findings related to existing provision of electrical service by an irrigation district pursuant to a service area agreement approved under Section 9608 of the Public Utilities Code shall be based on the records of the district and the Public Utilities Commission evidencing approval of such a service area agreement by the Public Utilities Commission.

(5) Nothing in this section shall be construed to create a right or entitlement to water service or any specific level of water service.

(6) Nothing in this section is intended to change existing law concerning a district's obligation to provide water service to its existing customers or to any potential future customers.

The person or agency shall file the written request within 30 days of the adoption of the initial or superseding resolution by the commission making determinations. The executive officer shall give notice of the consideration of the request by the commission in the same manner as for the original proposal. The executive officer may give notice in any other manner as he or she deems necessary or desirable.

Withdrawal

(f) At that meeting, the commission shall consider the request and receive any oral or written testimony. The consideration may be continued from time to time but not to exceed 35 days from the date specified in the notice. The person or agency that filed the request may withdraw it at any time prior to the conclusion of the consideration by the commission.

(g) At the conclusion of its consideration, the commission may approve with or without amendment, wholly, partially, or conditionally, or disapprove the request. If the commission disapproves the request, it shall not adopt a new resolution making determinations. If the commission approves the request, with or without amendment, wholly, partially, or conditionally, the commission shall adopt a resolution making determinations that shall supersede the resolution previously issued.

Any provision of this division requiring compliance with the resolution adopted by the commission making determinations shall be deemed to include any addition, deletion, amendment, or revision made to that resolution.

Where separate elections are called within both the district and the territory of the city outside the boundaries of the district, separate forms of city and district ballots, printed on different colors of paper, shall be provided. The city and district ballots shall be separately canvassed.

**Voter entitlements;
reorganization election**

57142. Where a special election is called upon the question of confirming an order of reorganization, each person entitled to vote as a result of residing or owning land within the territory within which the election is called shall be entitled to ballots and votes as follows:

(a) Each person who qualifies only as a registered voter of any city or registered voter district, regardless of the number of registered voters, is entitled to one ballot and one vote.

(b) Each person who qualifies only as a landowner-voter of any subject district, regardless of the number of landowner voters, is entitled to the number of ballots and votes authorized by the principal act for one such district; if there is more than one such district, that person upon declaration made to the precinct or election officers shall be furnished with a ballot or ballots for the particular district designated by that person.

**Computation of votes
determined from election by
landowner-voters and
registered voters; merger,
subsidiary district, or
reorganization**

57143. In any special election or elections called upon the question of confirmation of an order for merger or the establishment of a subsidiary district or for a reorganization, where the results of the election or elections are to be determined from votes of both landowner-voters and registered voters, the votes of the landowner-voters shall be computed and equated with the votes of the registered voters in the following manner:

(a) First, the per capita assessed value of land for each registered voter within the county within which the elections are held shall

be determined to the nearest even dollar by dividing the total assessed value of land within the county, as shown on the last equalized assessment roll of the county, by the total number of voters who were registered in the county at the close of registration, as provided in the Elections Code, next preceding the date of the election. If any landowner-voter district is located in more than one county, the per capita assessed value for each county shall be multiplied by a percentage, to the nearest one-tenth of 1 percent, those percentages being determined by dividing the total area of the district into the area of those portions of the district located within that county; the resulting products of those multiplications shall then be added and the total, to the nearest even dollar, shall be deemed to be the per capita assessed value for all the counties.

(b) Second, if any such landowner-voter district does not use the county assessment roll for the purposes of levying and collecting district assessments or taxes, the per capita assessed value of land for each registered voter within the county shall be corrected by multiplying the per capita assessed value by a correction factor determined as follows: The total assessed valuation of all lands within the district, as shown upon the last equalized assessment roll or book of the district, shall be divided by the corresponding total assessed valuation of all lands within the district, as shown upon the last equalized assessment roll of the county, and the quotient, expressed to the nearest of two decimal places, shall represent the correction factor. If any landowner-voter district is located in more than one county, a correction factor shall be determined, in the manner above provided, for each such county covering all those portions of the district which are located within the county; the correction factor for each county shall then be multiplied by a percentage, to the nearest one-tenth of 1 percent, that percentage being determined by dividing the total area of the district into the area of those portions of the district located within that county; the resulting products of those multiplications shall then be added and the total, to the nearest of two decimal places, shall be deemed to be the correction factor for all the counties.

(c) Third, the corrected per capita assessed value, determined to the nearest even dollar, shall then be adjusted by dividing it by the number of dollars required for a single vote by a landowner-voter, as specified in the principal act determining the landowner-voter's right to vote.

(d) Fourth, the total number of votes cast by landowner-voters for and against the question shall be divided by the corrected and adjusted per capita assessed value and the quotients, to the nearest whole figures, shall be deemed to be the number of votes of landowner-voters which shall be equated with the votes of the registered-voters of any city or registered voter district, cast for and against the question.

57351. Unless otherwise provided in the terms and conditions of the detachment, the city from which territory is detached may from time to time levy and collect from the detached territory its just proportion of liability for payment of the interest and principal of debts of the city contracted prior to detachment.

**Rights to tender amount of city
liability**

57352. At any time, the detached territory may tender to the city council of the city or the legislative body of the district the amount for which the detached territory is liable. If tender is made, the authority of the city or district to levy taxes on the detached territory shall cease.

**Restriction on rights and
entitlements to city or district
property or refund of moneys**

57353. No inhabitant, property owner, taxpayer, consumer, or user within territory detached from a district or city shall be entitled to either of the following:

(a) All or any part or to any payment on account of the moneys or funds, including cash on hand and moneys due but uncollected, or any property, real or personal, of the city or district.

(b) Any refund by reason of any taxes, assessments, service charges, rentals, or rates collected prior to the effective date of the detachment.

Continued liability for payment of bonds, contracts, and obligations of agency

57354. Any territory detached from a city or district shall continue to be liable for the payment of principal, interest, and any other amounts which become due on account of any bonds, including revenue bonds, or other contracts or obligations of the district and any improvement district within which the detached territory has been situated, as are outstanding on the effective date of detachment. It shall be subject to the levying or fixing and collection of any of the following which may be necessary to provide for that payment:

- (a) Taxes or assessments.
- (b) Service charges, rentals, or rates.
- (c) Both taxes or assessments and service charges, rentals, or rates.

CHAPTER 4. EFFECT OF INCORPORATION

Inhabitants of new city; jurisdiction, rights, and duties

57375. Except as otherwise provided in this chapter, on and after the effective date of an incorporation, the territory incorporated, all inhabitants within the territory, and all persons entitled to vote within the newly incorporated city by reason of residing in the city are subject to the jurisdiction of the city and shall have the rights and duties conferred on them as inhabitants and voters of the incorporated city.

Continuation of county ordinances for 120 days

57376. (a) If the newly incorporated city comprises territory formerly unincorporated, the city council shall, immediately following its organization and prior to performing any other official act, adopt an ordinance providing that all county ordinances previously applicable shall remain in full force and effect as city ordinances for a period of 120 days after incorporation, or until the city council has enacted ordinances superseding the county ordinances, whichever occurs first.

Continuation of ordinances; Orange County

However, if the Board of Supervisors of the County of Orange has adopted an ordinance or resolution, or both, pursuant to Section 50029 or 66484.3 prior to the effective date of an incorporation of a city within that county, that ordinance or resolution shall not be repealed or superseded by the city until the county ordinance or resolution has been repealed or superseded by the board of supervisors of that county. If the county ordinance or resolution is repealed or superseded, then within 30 days of the effective date of the ordinance or resolution repealing or superseding the county ordinance or resolution, the city council shall enact a new ordinance or resolution conforming in all respects to the action taken by the county. The ordinance enacted by the city council immediately following its organization also shall provide that no city ordinance enacted within that 120-day period of time be deemed to supersede any county ordinance unless the city

ordinance specifically refers to the county ordinance, and states an intention to supersede it. Enforcement of the continuing county ordinances in the incorporated area shall be by the city, except insofar as enforcement services are furnished in accordance with Section 57384.

Orange County joint powers agreements

(b) In the event that the County of Orange and any city within that county have entered into a joint powers agreement for the purpose of constructing the bridges and major thoroughfares referred to in Sections 50029 and 66484.3, and if a newly incorporated city within that county comprises territory formerly unincorporated but within an area of benefit established pursuant to Section 66484.3, then the city shall comply in all respects with the agreement, including any subsequent modifications thereof, as if the city were a party thereto.

Terms of office of city officers and council specified

57377. Officers, except members of the city council, shall hold office until the first succeeding general municipal election held in the city and until their successors are elected and qualified. Of the five elected members of the city council, the two receiving the lowest number of votes shall hold office until the first succeeding general municipal election held in the city and until their successors are elected and qualified, and the three receiving the highest number of votes shall hold office until the second succeeding general municipal election held in the city and until their successors are elected and qualified. If two or more members of the city council are elected by the same number of votes, the terms of each shall be determined by lot. The members of the city council elected to succeed the members elected at the incorporation election shall hold office for four years from the Tuesday succeeding their election, and until their successors are elected and qualified.

City council districts; applicable code section

57378. If the voters in the incorporation election determine that future city council members shall be elected "by districts," or "from districts," the provisions of Article 2 (commencing with Section 34870) of Chapter 4 of Part 1 of Division 2 shall apply to those elections.

City council terms where general election less than one year after incorporation

57379. If the first general municipal election following an incorporation election will occur less than one year after the effective date of incorporation, or occurred on or after November 1, 1987, and less than one year after the incorporation election, of the five elected members of the city council, the two receiving the lowest number of votes shall hold office until the second general municipal election following the incorporation election and until their successors are elected and qualified, and the three receiving the highest number of votes shall hold office until the third general

municipal election following the incorporation election and until their successors are elected and qualified.

The first general municipal election following the incorporation election shall not be held unless either a proposition is to be voted upon or offices other than city council member offices are to be filled.

In the event that, pursuant to Section 56724, the first election for city council members was held after the election on the incorporation proposal, the term "incorporation election" in this section means the first election for city council members.

Judicial notice of city incorporation

57380. Courts shall take judicial notice of the organization and existence of cities incorporated pursuant to this division.

Surrender of city offices upon qualification of new officers

57381. Immediately upon qualification of the elected officers, all persons in possession of the offices of the city shall surrender the possession of the offices, though the terms of the offices for which they were elected or appointed have not expired.

Conveyance of property to new city officers

57382. All officers, boards, and persons holding any property in trust for any city use shall convey that property to the city or officer entitled to the property.

Conveyance of parking lots; Los Angeles County

57383. The board of supervisors of Los Angeles County may, by a two-thirds vote, convey any parking lot owned by the county and situated within the boundaries of an incorporated city to the city for public parking purposes, without consideration other than the agreement by the city to continue to use and maintain the property as a public parking lot.

This section applies only to parking lots acquired principally from revenues raised through onstreet or offstreet parking fees for the specific purpose of parking lot development, and does not apply to lots purchased through expenditures from the general fund or other means to serve as sites for other types of facilities.

The conveyance provided for by this section shall not occur until all liens or financial obligations attached to those lots have been satisfied.

Continuation of county services after incorporation

57384. (a) Except as provided in subdivision (b), whenever a city has been incorporated from territory formerly unincorporated, the board of supervisors shall continue to furnish, without additional charge, to the area incorporated all services furnished to the area prior to the incorporation. Those services shall be furnished for the remainder of the fiscal year during which the incorporation became effective or until the city council requests discontinuance of the services, whichever occurs first.

Board of supervisors may request reimbursement

Time frame for reimbursement

"Net cost of services" defined

Additional time

Roads and highways; county road system

(b) This subdivision applies only to incorporations for which the petition or resolution of application for incorporation is filed with the commission on or after January 1, 1987. Prior to the commission adopting a resolution making determinations, the board of supervisors may request that the city reimburse the county for the net cost of services provided pursuant to subdivision (a). The commission shall impose this requirement as a term and condition of its resolution. The city shall be obligated to reimburse the county within five years of the effective date of the incorporation or for a period in excess of five years, if the board of supervisors agrees to a longer period. As used in this subdivision, "net cost of services" means the total direct and indirect expense to the county of providing services, as determined pursuant to paragraph (2) of subdivision (c) of Section 56810, adjusted by any subsequent change in the California Consumer Price Index, less any revenues which the county retains that were generated from the formerly unincorporated territory during the period of time the services are furnished pursuant to subdivision (a). This subdivision applies only to those services which are to be assumed by the city.

(c) At the request of the city council, the board of supervisors, by resolution, may determine to furnish, without charge, to the area incorporated all or a portion of services furnished to the area prior to the incorporation for an additional period of time after the end of the fiscal year during which the incorporation became effective. The additional period of time after the end of the fiscal year during which the incorporation became effective for which the board of supervisors determines to provide services, without charge, and the specific services to be provided shall be specifically stated in the resolution adopted by the board of supervisors.

57385. (a) If unincorporated territory was, or hereafter becomes, incorporated, all roads and highways or portions of a road or highway in the territory which had been accepted into the county road system pursuant to Section 941 of the Streets and Highways Code are, or shall become, as the case may be, city streets on the effective date of the incorporation.

(b) Subdivision (a) does not apply to a road or highway which had been accepted into the county road system pursuant to Section 941 of the Streets and Highways Code after the date of the first signature on a petition for annexation or incorporation, the adoption of a resolution of application by an affected local agency, or a date mutually agreed upon by the city and the county.

(c) Nothing in subdivision (a) requires a city to improve the affected road or highway to city standards.

CHAPTER 5. EFFECT OF DISINCORPORATION

- Termination of jurisdiction** **57400.** Except as otherwise provided in this chapter, on and after the effective date of a disincorporation, the territory of the disincorporated city, all inhabitants within the territory, and all persons formerly entitled to vote by reason of residing within the territory shall cease to be subject to the jurisdiction of the disincorporated city and shall have none of the rights or duties of inhabitants or voters of a city.
- Transfer of public property** **57401.** Prior to the effective date of the disincorporation, all public property of the disincorporating city under the control of, or in the possession of, any public officer or employee of the city shall be transferred to the possession and control of the successor or successors designated by the commission.
- 57402.** (Repealed by Stats. 2015, Ch. 304)
- Transfer of all monies to county treasurer by city council** **57403.** Within 30 days after the disincorporation election but prior to the effective date of the disincorporation, the city council of the disincorporated city shall turn over to the county treasurer all city money in its possession.
- 57404.** (Repealed by Stats. 2015, Ch. 304)
- Due but uncollected tax or assessment** **57405.** If a tax or assessment has been levied by the disincorporated city and remains uncollected, the county tax collector shall collect it when due and pay it into the county treasury on behalf of the designated successor agency or county to wind up the affairs of the disincorporated city.
- Redemption of property for delinquent city taxes** **57406.** All property upon which any tax levied by the disincorporated city has become delinquent, and all property sold for any tax levied by the disincorporated city, may be redeemed by any interested party, on payment to the county treasurer of the sum which the auditor estimates would have been necessary to redeem the property if there had been no disincorporation.
- Special funds for disincorporated city** **57407.** All money paid into the county treasury pursuant to this chapter shall be placed to the credit of a special fund established for the purpose of settling the affairs of the disincorporated city.
- Warrants for city indebtedness** **57408.** Warrants for city indebtedness shall be drawn by the board of supervisors on the special fund.
- 57409.** (Repealed by Stats. 2015, Ch. 304)

57410. (Repealed by Stats. 2015, Ch. 304)

**Surplus in special fund;
disposition by board of
supervisors**

57411. Any surplus remaining in the special fund after the payment of any debts shall be, at the discretion of the board of supervisors, transferred to the school districts, community college districts, or districts included in the former city or used for the improvement of streets within the territory of the former city.

**Winding up of city affairs;
county officer duties**

57412. The governing body of the successor shall provide for collection of debts due the city and wind up its affairs. Upon an order by the commission, the appropriate officer of the successor shall perform any act necessary for winding up the city affairs, with the same effect as if it had been performed by the proper city officer.

**County successor to city in
rights of debts**

57413. The county succeeds to all of the rights of the city in the debts and may collect or sue for them in the name of the county.

**Expenses for winding up
affairs**

57414. All costs and expenses incurred in winding up city affairs are part of the special fund.

**Public utilities of city;
assumption of control by
board of supervisors**

57415. By ordinance, the board of supervisors may assume control of, and continue to administer, all electric, power, lighting, or gas plants and all systems of waterworks, street lighting, or any other public utility owned by the city at the time of its disincorporation.

57416. (Repealed by Stats. 2015, Ch. 304)

**Separate fund for public utility
collection**

57417. All sums collected shall be placed in a separate fund in the county treasury for the administration, conduct, and improvement of the public utility for which the tax is levied.

**Assumption of public property
of disincorporated or newly
incorporation city**

57418. If any city has within its boundaries, at the time of incorporation, at least two-thirds of the assessed value of an assessable property formerly contained within a disincorporated city, it becomes the owner of all public property formerly belonging to the disincorporated city and that proportion of the debts, liabilities, and credits owned by or due to the disincorporated city as the value of the assessable property of the disincorporated city lying within the boundaries of the new city bears to the value of all assessable property formerly contained within the disincorporated city. The value is that shown by the equalized assessment roll in effect in the fiscal year in which the city was disincorporated.

Exclusion from tax on outside territory

57419. No tax shall be levied upon any territory not included within the former limits of the disincorporated city for any debt or liability of the disincorporated city.

Value of property within new city and disincorporated city; preparation of statement

57420. Upon written request by the legislative body of a newly incorporated city, the board of supervisors shall cause the county auditor to prepare, without cost, a statement of the value of the assessable property in the disincorporated city and the value of that property now contained in the incorporated city. If the statement shows that at least two-thirds of the assessed value of all assessable property formerly contained within the disincorporated city is contained within the boundaries of the newly incorporated city, the board of supervisors shall fix the relative proportion by an order entered in the minutes, and the newly incorporated city is liable for that proportion of the debts and liabilities of the disincorporated city.

Transfer of public property to new city from disincorporated city

57421. The board of supervisors shall forward a certified copy of the order to the Secretary of State and the city clerk, and turn over to the city council all public property taken by the board of supervisors and the proportion of the special fund to which the city is entitled. Thereafter, ownership of, and title to, all public property formerly belonging to the disincorporated city is vested in the city as fully as if the property had been originally acquired by it.

Special tax for bonded indebtedness of disincorporated city by new city

57422. Annually, at the time other city taxes are levied and collected, the city council shall levy and collect a special tax on the territory of the disincorporated city within the limits of the city sufficient to pay its proportion of the bonded indebtedness as it becomes due.

57423. (Repealed by Stats. 2015, Ch. 304)

57424. (Repealed by Stats. 2015, Ch. 304)

Redemption of property sold for taxes by disincorporated city

57425. If any property within the former limits of the disincorporated city was sold for taxes levied by that city, it may be redeemed or a tax bond issued as if the city had not disincorporated. Those proceedings shall be had and deeds issued in the name of the city in which the land is situated.

Disincorporated city; general plan and zoning ordinances

57426. As of the effective date of the disincorporation, all of the following apply:

- (a) The general plan of the disincorporated city that was in effect

immediately prior to the effective date of the disincorporation shall constitute the community plan of the county for the territory of the disincorporated city until the county updates the community plan, adopts a specific plan, or amends its county general plan for the unincorporated territory.

(b) The zoning ordinances of the disincorporated city that were in effect immediately prior to the effective date of the disincorporation shall constitute the zoning ordinances of the county for that territory, and shall be so identified in any community plan, specific plan, or general plan amendment adopted by the county, until the county updates the zoning ordinances applicable to that territory.

(c) Any conditional use permit or legal nonconforming use that was in place immediately prior to the effective date of the disincorporation shall remain in force pursuant to the community plan and zoning ordinances.

(d) Any use of land that was authorized under the general plan and zoning ordinances immediately prior to the effective date of the disincorporation shall continue to be authorized, for as long as a period as may be required by the California Constitution or the United States Constitution.

CHAPTER 6. EFFECT OF DISSOLUTION

Corporate powers to cease on effective date

57450. On and after the effective date of the dissolution of a district, the district shall be dissolved, disincorporated, and extinguished, its existence shall be terminated, and all of its corporate powers shall cease, except as the commission may otherwise provide pursuant to Section 56886 or for the purpose of winding up the affairs of the district and as otherwise provided in this chapter. The general provisions of this chapter shall not be construed as limiting in any manner the authority of the commission to impose one or more of the terms and conditions set forth in Section 56886.

Determination of successor district

57451. For the purpose of winding up the affairs of a dissolved district, the successor of the dissolved district shall be determined as follows:

(a) If the territory of a dissolved district is located entirely within the incorporated territory of a single city, the city is the successor.

(b) If the territory of a dissolved district is located entirely within the unincorporated territory of a single county, the county is the successor.

(c) If the territory of a dissolved district is located within the incorporated territory of more than one city or the unincorporated territory of more than one county, or any combination of the incorporated or unincorporated territory of two or more such cities

and counties, the successor is that city whose incorporated territory or that county whose unincorporated territory shall, upon the effective date of dissolution, contain the greater assessed value of all taxable property within the territory of the dissolved district, as shown on the last equalized assessment roll or rolls of the county or counties.

(d) If the terms and conditions provide that all of the remaining assets of a dissolved district shall be distributed to a single existing district, the single existing district is the successor.

(e) If the terms and conditions provide that all of the remaining assets of a dissolved district shall be distributed to two or more existing districts, the successor is that existing district which, upon the effective date of dissolution, contains the greater assessed value of all taxable property within the territory of the dissolved district, as shown on the last equalized assessment roll or rolls of the county or counties.

Property or funds vested in successor

57452. Upon the effective date of dissolution control over all of the moneys or funds, including cash on hand and moneys due but uncollected, and all property, real or personal, of the dissolved district is vested in the successor for the purpose of winding up the affairs of the district.

Powers and duties of successor district

57453. For the sole and exclusive purpose of winding up the affairs of the dissolved district, the successor and the officers and legislative body of the successor have the same powers and duties as the dissolved district and the officers and legislative body of the dissolved district and all of the following additional powers and duties:

(a) To exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved district.

(b) To compromise and settle claims of every kind and nature.

(c) To sue or be sued in the same manner and to the same extent as the dissolved district and the officers and legislative body of the dissolved district.

These powers and duties shall commence upon the effective date of dissolution and shall continue thereafter until the time when the affairs of the dissolved district have been completely wound up.

Inhabitants, owners, etc., not entitled

57454. No inhabitant, property owner, taxpayer, consumer, or user within the territory of a dissolved district shall be entitled to either of the following:

(a) All or any part, or to any payment on account of the moneys or funds, including cash on hand and moneys due but uncollected, or any property, real or personal, of the dissolved district.

(b) Any refund by reason of any taxes, assessments, service charges, rentals, or rates collected prior to the effective date of dissolution.

Moneys and funds used for obligations of dissolved district

57455. Any moneys and funds of the dissolved district and any moneys or funds received by the successor from the sale or other disposition of any property, real or personal, of the dissolved district shall be used to the extent necessary, for the payment of principal, interest and any other amounts then or thereafter due on account of any outstanding bonds, including revenue bonds, and other contracts or obligations of the dissolved district.

Distribution of remaining assets

57456. (a) When the successor determines that payment, or provision for payment, has been made of all short-term obligations of the dissolved district, the successor shall distribute any of the remaining assets of the dissolved district in the manner provided in Section 57457.

"Short-term obligations" defined

(b) "Short-term obligations," as used in subdivision (a), includes all amounts which shall be due and payable, prior to the end of the fiscal year commencing next after the effective date of dissolution, upon any outstanding bonds, including revenue bonds, and other contracts or obligations of the dissolved district. All other obligations shall be long-term obligations.

Assets; to whom distributed

57457. Remaining assets of the dissolved district shall be distributed by the successor as follows:

(a) If the territory of the dissolved district is located entirely within the incorporated territory of a single city, all of the assets shall be distributed to that city.

(b) If the territory of the dissolved district is located entirely within the unincorporated territory of a single county, all the assets of the dissolved district shall be distributed to that county.

(c) If the territory of a dissolved district is located within the incorporated territory of more than one city, or the unincorporated territory of more than one county, or any combination of the incorporated or unincorporated territory of two or more such cities and counties, the assets of the dissolved district shall be apportioned between all such cities and counties and distributed as follows:

(1) All real property located within the incorporated territory of any city or within the unincorporated territory of any county, as the case may be, shall be distributed to that city or county.

(2) All moneys or funds including cash on hand and money due but uncollected and all personal property shall be divided among and distributed to each city or county in the proportion that the assessed value of the taxable property of the dissolved district within the incorporated territory of each city or within the

unincorporated territory of each county shall bear to the total assessed value of all taxable property within the dissolved district, the assessed values being those shown upon the last equalized assessment roll or rolls of the county or counties upon the effective date of the dissolution.

**Special tax levy to pay
outstanding indebtedness**

57458. Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding long-term obligations, which are payable in whole or in part from taxes or assessments upon any property within all or any part of the territory of a dissolved district, the legislative body of the successor shall in each year provide for the levy and collection of taxes or assessments upon the property sufficient to pay any principal, interest, and any other amounts owing on account of such obligations, as they become due. Those taxes or assessments shall be levied and collected in the manner provided by the principal act of the dissolved district.

**Restriction on assets until
outstanding debts paid**

57459. Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise of the dissolved district, the successor shall not do either of the following:

(a) Sell, encumber, or otherwise dispose of all or any part of the revenue-producing enterprise or the revenues derived from that enterprise, except as expressly authorized by the ordinance, resolution, or indenture authorizing or providing for the issuance of any of the bonds, contracts, or other obligations.

(b) Distribute less than the whole of the revenue-producing enterprise to any city or county.

**Retention of revenue
enterprise until indebtedness
paid**

57460. If at the time of distribution more than one city or county or any combination of cities or counties are entitled to distribution of portions of a revenue-producing enterprise but the successor is unable to distribute the same because of Section 57459, the successor shall retain the revenue-producing enterprise and all revenues derived from that enterprise until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of the enterprise, at which time the successor shall distribute the enterprise and any revenues derived there from in accordance with Section 57457.

Rights and liabilities of successor for obligations payable from revenue enterprise

57461. Where any bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise are outstanding upon the effective date of dissolution, the successor, prior to distribution, or any city or county, after distribution, shall succeed to all rights and liabilities of the dissolved district under any ordinance, resolution, or indenture authorizing the bonds, contracts, or other obligations or providing for the issuance of the bonds, contracts, or other obligations and may sue or be sued upon those rights and liability in the same manner and to the same extent as the dissolved district.

Assets of district impressed with any public trust

57462. Any funds, money, or property of a dissolved district which have been impressed with any public trust, use, or purpose shall continue to be so impressed until that public trust, use, or purpose is vacated, abandoned, or terminated, in the manner provided by law.

Assets to be used for winding up affairs and for the benefit of area

57463. Subject to the provisions of Section 57462, any funds, money, or property of a dissolved district may be used by the successor for the purpose of winding up the affairs of the district and, after distribution to any city, county, or district may be used for any lawful purpose of the city, county, or district to which the funds, money, or property have been distributed. So far as may be practicable, the funds, money, or property shall be used for the benefit of the lands, inhabitants, and taxpayers within the territory of the dissolved district.

CHAPTER 7. EFFECT OF CONSOLIDATION OF CITIES

Manner of governance of consolidated city; name of city; officers of new city

57475. If the successor city has a freeholder's charter, the successor city shall be governed as a new city under the freeholder's charter of the successor city. If the successor city was organized under former Part 2 (commencing with Section 35000) of Division 2 of Title 4, or its predecessors, the successor city shall be governed in the same manner as a new city. Except as otherwise provided in this chapter, the successor city shall be governed in the name of the successor city. If the electors have expressed a preference for the name of the successor city, the successor city is deemed to have the name favored by the electors. The predecessor cities are dissolved and disincorporated and if any of them has a freeholder's charter, it is deemed surrendered and annulled and they are merged into the successor city. Immediately upon qualifying, the officers of the successor city who have been elected shall enter upon the duties of their offices and hold office until the next general municipal election and until their successors are elected and qualified. All persons in possession of, or

occupying, the offices in each of the predecessor cities shall surrender them immediately to the proper officers of the successor city.

Title to property of predecessor city

57476. Upon consolidation, the title to any property owned or held by, or in trust for, each predecessor city or by its officers or boards in trust for public use shall be vested in the successor city or its officers or boards.

Effect of consolidation on liabilities

57477. Except as otherwise provided in this division, consolidation does not affect any debts, demands, liabilities, or obligations of any kind existing in favor of or against the cities consolidated at the time of consolidation. Consolidation does not affect any pending action or proceeding involving any such debt, demand, liability, or obligation or any action or proceedings brought by or against any city prior to consolidation. The proceedings shall be continued and concluded by final judgment or otherwise as if consolidation had not been effected. Those rights or liabilities are the rights and liabilities of the successor city.

Repeal of ordinances of predecessor city

57478. Immediately upon consolidation, all ordinances of the predecessor cities are deemed repealed. That repeal shall not discharge any person from any existing civil or criminal liability nor affect any pending prosecution for violation of any of those ordinances.

Restriction on repeal of ordinances

57479. The repeal of ordinances provided by Section 57478 shall not apply to any of the following:

- (a) Ordinances under which vested rights have accrued.
- (b) Ordinances relating to proceedings for street or other public improvements.
- (c) Ordinances relating to zoning or land use regulation.
- (d) Proceedings for opening, extending, widening, straightening, or changing the grade of streets or other public places.

These proceedings shall be continued and conducted by the successor city with the same effect as if continued and conducted by the city which commenced them.

Effective date of ordinances of successor city

57480. On and after the effective date of the consolidation, all ordinances, if any, of the successor city shall have full effect throughout the successor city.

Restriction on liability of other city's indebtedness

57481. Unless otherwise provided in the terms and conditions of the consolidation, the property in cities consolidated pursuant to this chapter shall not be taxed to pay any indebtedness or liability

of any other city contracted or incurred prior to, or existing at, the time of consolidation.

Separate levy for each city's indebtedness

57482. The city council of the successor city shall separately levy and collect the taxes necessary to pay the indebtedness or liability of each predecessor city within the territory of each predecessor city.

Charter city status

57483. Where the successor city is, or becomes, a chartered city, under a freeholder's charter providing that boroughs may be established in territories or cities annexed to or consolidated with it, this division does not prevent a predecessor city, or any part of it, from becoming a borough.

CHAPTER 8. EFFECT OF CONSOLIDATION OF DISTRICTS

Powers and duties of consolidated district; rights of inhabitants and voters

57500. On and after the effective date of a consolidation, the consolidated district succeeds to all of the powers, rights, duties, obligations, functions, and properties of all predecessor districts which have been united or joined into the consolidated district. The territory of a consolidated district, all inhabitants within that territory, and all persons entitled to vote by reason of residing or owning land within the territory are subject to the jurisdiction of the consolidated district and, except as otherwise provided in this chapter, have the same rights and duties as if the consolidated district had been originally formed under the principal act.

No payment for use of property of predecessor district

57501. No payment for the use, or right of use, of any property, real or personal, acquired or constructed by any predecessor district shall be required by reason of the consolidation of the district with other predecessor districts.

Liability for payment of bonds and obligations of predecessor districts

57502. The territory of a consolidated district shall be liable for payment of principal, interest, and any other amounts which become due on account of any outstanding or then authorized but thereafter issued bonds, including revenue bonds, or other contracts or obligations of all predecessor districts, and are subject to the levying or fixing and collection of any of the following which may be necessary to provide for payment:

- (a) Taxes or assessments.
- (b) Service charges, rentals, or rates.
- (c) Both taxes or assessments and service charges, rentals, or rates.

However, only the territory within an improvement district shall be liable for any payment required on account of any bonds, including revenue bonds, or other contracts previously authorized or issued by, or on behalf of, the improvement district.

CHAPTER 9. MERGERS AND THE ESTABLISHMENT OF SUBSIDIARY DISTRICTS

Termination of district by merger

57525. On and after the effective date of a merger of a district with a city, the district is extinguished, terminated, and its existence ceases, except as otherwise provided in this chapter.

Special tax to pay indebtedness of merged districts

57529. Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding obligations, which are payable in whole or in part from taxes or assessments upon any property within all or any part of the territory of a merged district, the city council shall in each year provide for the levy and collection of taxes and assessments upon the property sufficient to pay any principal, interest, and any other amounts owing on account of such obligations, as they become due. Those taxes and assessments shall be levied and collected in the manner provided by the principal act of the merged district.

Restriction on sale of revenue enterprise until indebtedness paid

57530. Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise of the merged district, the city shall not sell, encumber, or otherwise dispose of all or any part of the revenue-producing enterprise or the revenues derived from the enterprise, except as expressly authorized by the ordinance, resolution, or indenture authorizing the bonds, contracts, or other obligations or providing for the issuance of any bonds, contracts, or other obligations.

Use of funds of merged district

57533. Subject to Section 57532, any funds, money, or property of a merged district may be used for any lawful purpose of the city. Effect of change of organization after a reorganization

57550. On and after the effective date of a reorganization, each change of organization ordered for any city or district shall be given the force and effect pertaining to a change of organization of that type, as provided in this part.

RELATED SECTIONS IN THE REVENUE AND TAXATION CODE

Property tax rates; levy by local agencies and school entities

93. (a) Notwithstanding any other provision of law, except as provided in subdivisions (b) and (c), no local agency, school district, county superintendent of schools, or community college district shall levy an ad valorem property tax, other than that amount which is equal to the amount needed to make annual payments for the interest and principal on general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978 or the amount levied pursuant to Part 10 (commencing with Section 15000) of Division 1 and Sections 39308, 39311, 81338, and 81341 of the Education Code. In determining the tax rate required for the purposes specified in this subdivision, the amount of the levy shall be increased to compensate for any allocation and payment of tax revenues required pursuant to subdivision (b) of Section 33670 and subdivision (d) of Section 33675 of the Health and Safety Code.

(b) A county shall levy an ad valorem property tax on taxable assessed value at a rate equal to four dollars (\$4) per one hundred dollars (\$100) of assessed value, and at an equivalent rate when the ratio prescribed in Section 401 is changed from 25 percent to 100 percent. The revenue from that tax shall be distributed, subject to the allocation and payment as provided in subdivision (d) of Section 33675 of the Health and Safety Code, to local agencies, school districts, county superintendents of schools, and community college districts in accordance with the provisions of the Government Code through the 1978-79 fiscal year and in accordance with applicable provisions of the Revenue and Taxation Code in each fiscal year thereafter. Revenues from property tax delinquency penalties, and accrued legal interest paid on judgments for the recovery of unpaid property taxes rendered by courts of this state, shall be distributed pursuant to Sections 4653.6, 4655.4, and 4658.4 of the Revenue and Taxation Code, or their successors.

(c) Any jurisdiction may levy an ad valorem property tax rate in the excess of the rate permitted in subdivision (b) in order to produce revenues in an amount which is equal to the amount needed to make annual payments for the interest and principal on any bonded indebtedness for the acquisition or improvement of real property which is approved by a two-thirds vote of its voters after June 4, 1986

97.70. Notwithstanding any other law, for the 2004-05 fiscal year and for each fiscal year thereafter, all of the following apply:

(a) (1) (A) The auditor shall reduce the total amount of ad valorem property tax revenue that is otherwise required to be allocated to a county's Educational Revenue Augmentation Fund by the countywide vehicle license fee adjustment amount.

(B) If, for the fiscal year, after complying with Section 97.68 there is not enough ad valorem property tax revenue that is otherwise required to be allocated to a county Educational Revenue Augmentation Fund for the auditor to complete the allocation reduction required by subparagraph (A), the auditor shall additionally reduce the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in the county for that fiscal year by an amount equal to the difference between the countywide vehicle license fee adjustment amount and the amount of ad valorem property tax revenue that is otherwise required to be allocated to the county Educational Revenue Augmentation Fund for that fiscal year. This reduction for each school district and community college district in the county shall be the percentage share of the total reduction that is equal to the proportion that the total amount of ad valorem property tax revenue that is otherwise required to be allocated to the school district or community college district bears to the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in a county. For purposes of this subparagraph, "school districts" and "community college districts" do not include any districts that are excess tax school entities, as defined in Section 95.

(2) The countywide vehicle license fee adjustment amount shall be allocated to the Vehicle License Fee Property Tax Compensation Fund that shall be established in the treasury of each county.

(b) (1) The auditor shall allocate moneys in the Vehicle License Fee Property Tax Compensation Fund according to the following:

(A) Each city in the county shall receive its vehicle license fee adjustment amount.

(B) Each county and city and county shall receive its vehicle license fee adjustment amount.

(2) The auditor shall allocate one-half of the amount specified in paragraph (1) on or before January 31 of each fiscal year, and the other one-half on or before May 31 of each fiscal year.

(c) For purposes of this section, all of the following apply:

(1) "Vehicle license fee adjustment amount" for a particular city, county, or a city and county means, subject to an adjustment under paragraph (2) and Section 97.71, all of the following:

(A) For the 2004-05 fiscal year, an amount equal to the difference between the following two amounts:

(i) The estimated total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (j) of Section 98.02, as that section read on January 1, 2004, for the distribution under the law as it read on January 1, 2004, to the county, city and county, or city for the 2004-05

fiscal year if the fee otherwise due under the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2) was 2 percent of the market value of a vehicle, as specified in Sections 10752 and 10752.1 as those sections read on January 1, 2004.

(ii) The estimated total amount of revenue that is required to be distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004-05 fiscal year under Section 11005, as that section read on the operative date of the act that amended this clause.

(B) (i) Subject to an adjustment under clause (ii), for the 2005-06 fiscal year, the sum of the following two amounts:

(I) The difference between the following two amounts:

(ia) The actual total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (j) of Section 98.02, as that section read on January 1, 2004, for distribution under the law as it read on January 1, 2004, to the county, city and county, or city for the 2004-05 fiscal year if the fee otherwise due under the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2) was 2 percent of the market value of a vehicle, as specified in Sections 10752 and 10752.1 as those sections read on January 1, 2004.

(ib) The actual total amount of revenue that was distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004-05 fiscal year under Section 11005, as that section read on the operative date of the act that amended this subsubclause.

(II) The product of the following two amounts:

(ia) The amount described in subclause (I).

(ib) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city's jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city's previous jurisdictional boundaries, without regard to the change in that city's jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city's current jurisdictional boundaries.

(ii) The amount described in clause (i) shall be adjusted as follows:

(I) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is greater than the amount

described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be increased by an amount equal to this difference.

(II) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is less than the amount described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be decreased by an amount equal to this difference.

(C) For the 2006-07 fiscal year and for each fiscal year thereafter, the sum of the following two amounts:

(i) The vehicle license fee adjustment amount for the prior fiscal year, if Section 97.71 and clause (ii) of subparagraph (B) did not apply for that fiscal year, for that city, county, and city and county.

(ii) The product of the following two amounts:

(I) The amount described in clause (i).

(II) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city's jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city's previous jurisdictional boundaries, without regard to the change in that city's jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city's current jurisdictional boundaries.

(2) Notwithstanding paragraph (1), "vehicle license fee adjustment amount," for a city incorporating after January 1, 2004, and on or before January 1, 2012, means the following:

(A) For the 2017-18 fiscal year, the quotient derived from the following fraction:

(i) The numerator is the product of the following two amounts:

(I) The sum of the most recent vehicle license fee adjustment amounts determined for all cities in the county.

(II) The population of the incorporating city.

(ii) The denominator is the sum of the populations of all cities in the county.

(B) For the 2018-19 fiscal year, and for each fiscal year thereafter, the sum of the following two amounts:

(i) The vehicle license fee adjustment amount for the prior fiscal year.

(ii) The product of the following two amounts:

(I) The amount described in clause (i).

(II) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years.

(3) For the 2013-14 fiscal year, the vehicle license fee adjustment amount that is determined under subparagraph (C) of paragraph (1) for the County of Orange shall be increased by fifty-three million dollar (\$53,000,000). For the 2014-15 fiscal year and each fiscal year thereafter, the calculation of the vehicle license fee adjustment amount for the County of Orange under subparagraph (C) of paragraph (1) shall be based on a prior fiscal year amount that reflects the full amount of this one-time increase of fifty-three million dollars (\$53,000,000).

(4) "Countywide vehicle license fee adjustment amount" means, for any fiscal year, the total sum of the amounts described in paragraphs (1), (2), and (3) for a county or city and county, and each city in the county.

(5) On or before June 30 of each fiscal year, the auditor shall report to the Controller the vehicle license fee adjustment amount for the county and each city in the county for that fiscal year.

(d) For the 2005-06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, shall not reflect, for a preceding fiscal year, any portion of any allocation required by this section.

(e) For purposes of Section 15 of Article XI of the California Constitution, the allocations from a Vehicle License Fee Property Tax Compensation Fund constitute successor taxes that are otherwise required to be allocated to counties and cities, and as successor taxes, the obligation to make those transfers as required by this section shall not be extinguished nor disregarded in any manner that adversely affects the security of, or the ability of, a county or city to pay the principal and interest on any debts or obligations that were funded or secured by that city's or county's allocated share of motor vehicle license fee revenues.

(f) This section shall not be construed to do any of the following:

(1) Reduce any allocations of excess, additional, or remaining funds that would otherwise have been allocated to county superintendents of schools, cities, counties, and cities and counties pursuant to clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Sections 97.2 and 97.3 or Article 4 (commencing with Section 98) had this section not been enacted. The allocations required by this section shall be adjusted to comply with this paragraph.

(2) Require an increased ad valorem property tax revenue allocation or increased tax increment allocation to a community redevelopment agency.

(3) Alter the manner in which ad valorem property tax revenue growth from fiscal year to fiscal year is otherwise determined or

allocated in a county.

(4) Reduce ad valorem property tax revenue allocations required under Article 4 (commencing with Section 98).

(g) Tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between local agencies and nonlocal agencies are deemed to be modified to account for the reduced vehicle license fee revenues resulting from the act that added this section. These agreements are modified in that these reduced revenues are, in kind and in lieu thereof, replaced with ad valorem property tax revenue from a Vehicle License Fee Property Tax Compensation Fund or an Educational Revenue Augmentation Fund.

**Jurisdictional changes; city
Incorporation or
disincorporation; district
formation**

99. (a) For the purposes of the computations required by this chapter:

(1) In the case of a jurisdictional change, other than a city incorporation, city disincorporation, or a formation of a district as defined in Section 2215, the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1, or the annual tax increment determined pursuant to Section 96.5, for local agencies whose service area or service responsibility would be altered by the jurisdictional change, as determined pursuant to subdivision (b) or (c).

(2) In the case of a city incorporation or disincorporation, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56810 of the Government Code and the adjustments in tax revenues that may occur pursuant to Section 56815 of the Government Code to the newly formed city or district and shall make the adjustment as determined by Section 56810 or 56813 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the incorporation.

(3) In the case of a formation of a district as defined in Section 2215, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56810 of the Government Code to the district and shall make the adjustment as determined by Section 56810, or for the disincorporated city or dissolved district as determined by Section 56813, in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the change of organization.

(b) Upon the filing of an application or a resolution pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code), but prior to the issuance of a certificate of filing, the executive officer shall give notice of the filing to the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local

agency whose service area or responsibility will be altered by the jurisdictional change.

(1) (A) The county assessor shall provide to the county auditor, within 30 days of the notice of filing, a report which identifies the assessed valuations for the territory subject to the jurisdictional change and the tax rate area or areas in which the territory exists.

(B) The auditor shall estimate the amount of property tax revenue generated within the territory that is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to each local agency pursuant to Sections 96.1 and 96.5.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local agency whose service area or service responsibility will be altered by the jurisdictional change of the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) that is subject to a negotiated exchange.

(4) Upon receipt of the estimates pursuant to paragraph (3), the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between and among the local agencies. Except as otherwise provided, this negotiation period shall not exceed 60 days. If a local agency involved in these negotiations notifies the other local agencies, the county auditor, and the local agency formation commission in writing of its desire to extend the negotiating period, the negotiating period shall be 90 days.

The exchange may be limited to an exchange of property tax revenues from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years.

(5) In the event that a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which the districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues. Prior to entering into negotiation on behalf of a district for the exchange of property tax revenue, the board shall consult with the affected district. The consultation shall include, at minimum, notification to each member and executive officer of the district board of the pending consultation and provision of adequate opportunity to comment on the negotiation.

(6) Notwithstanding any other provision of law, the executive officer shall not issue a certificate of filing pursuant to Section 56658 of the Government Code until the local agencies included in the property tax revenue exchange negotiation, within the negotiation period, present

resolutions adopted by each such county and city whereby each county and city agrees to accept the exchange of property tax revenues.

(7) In the event that the commission modifies the proposal or its resolution of determination, any local agency whose service area or service responsibility would be altered by the proposed jurisdictional change may request, and the executive officer shall grant, 30 days for the affected agencies, pursuant to paragraph (4), to renegotiate an exchange of property tax revenues. Notwithstanding the time period specified in paragraph (4), if the resolutions required pursuant to paragraph (6) are not presented to the executive officer within the 30-day period, all proceedings of the jurisdictional change shall automatically be terminated.

(8) In the case of a jurisdictional change that consists of a city's qualified annexation of unincorporated territory, an exchange of property tax revenues between the city and the county shall be determined in accordance with subdivision (e) if that exchange of revenues is not otherwise determined pursuant to either of the following:

(A) Negotiations completed within the applicable period or periods as prescribed by this subdivision.

(B) A master property tax exchange agreement among those local agencies, as described in subdivision (d).

For purposes of this paragraph, a qualified annexation of unincorporated territory means an annexation, as so described, for which an application or a resolution was filed on or after January 1, 1998, and on or before January 1, 2021.

(9) No later than the date on which the certificate of completion of the jurisdictional change is recorded with the county recorder, the executive officer shall notify the auditor or auditors of the exchange of property tax revenues and the auditor or auditors shall make the appropriate adjustments as provided in subdivision (a).

(c) Whenever a jurisdictional change is not required to be reviewed and approved by a local agency formation commission, the local agencies whose service area or service responsibilities would be altered by the proposed change, shall give notice to the State Board of Equalization and the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change and request the auditor and assessor to make the determinations required pursuant to paragraphs (1) and (2) of subdivision (b). Upon notification by the auditor of the amount of, and allocation factors with respect to, property tax subject to exchange, the local agencies, pursuant to the provisions of paragraphs (4) and (6) of subdivision (b), shall determine the amount of property tax revenues to be exchanged between and among the local agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in these negotiations agrees, by resolution, to accept the

negotiated exchange of property tax revenues. The exchange may be limited to an exchange of property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Upon the adoption of the resolutions required pursuant to this section, the adopting agencies shall notify the auditor who shall make the appropriate adjustments as provided in subdivision (a). Adjustments in property tax allocations made as the result of a city or library district withdrawing from a county free library system pursuant to Section 19116 of the Education Code shall be made pursuant to Section 19116 of the Education Code, and this subdivision shall not apply.

(d) With respect to adjustments in the allocation of property taxes pursuant to this section, a county and any local agency or agencies within the county may develop and adopt a master property tax transfer agreement. The agreement may be revised from time to time by the parties subject to the agreement.

(e) (1) An exchange of property tax revenues that is required by paragraph (8) of subdivision (b) to be determined pursuant to this subdivision shall be determined in accordance with all of the following:

(A) The city and the county shall mutually select a third-party consultant to perform a comprehensive, independent fiscal analysis, funded in equal portions by the city and the county, that specifies estimates of all tax revenues that will be derived from the annexed territory and the costs of city and county services with respect to the annexed territory. The analysis shall be completed within a period not to exceed 30 days, and shall be based upon the general plan or adopted plans and policies of the annexing city and the intended uses for the annexed territory. If, upon the completion of the analysis period, no exchange of property tax revenues is agreed upon by the city and the county, subparagraph (B) shall apply.

(B) The city and the county shall mutually select a mediator, funded in equal portions by those agencies, to perform mediation for a period of not to exceed 30 days. If, upon the completion of the mediation period, no exchange of property tax revenues is agreed upon by the city and the county, subparagraph (C) shall apply.

(C) The city and the county shall mutually select an arbitrator, funded in equal portions by those agencies, to conduct an advisory arbitration with the city and the county for a period of not to exceed 30 days. At the conclusion of this arbitration period, the city and the county shall each present to the arbitrator its last and best offer with respect to the exchange of property tax revenues. The arbitrator shall select one of the offers and recommend that offer to the governing bodies of the city and the county. If the governing body of the city or

the county rejects the recommended offer, it shall do so during a public hearing, and shall, at the conclusion of that hearing, make written findings of fact as to why the recommended offer was not accepted.

(2) Proceedings under this subdivision shall be concluded no more than 150 days after the auditor provides the notification pursuant to paragraph (3) of subdivision (b), unless one of the periods specified in this subdivision is extended by the mutual agreement of the city and the county. Notwithstanding any other provision of law, except for those conditions that are necessary to implement an exchange of property tax revenues determined pursuant to this subdivision, the local agency formation commission shall not impose any fiscal conditions upon a city's qualified annexation of unincorporated territory that is subject to this subdivision.

(f) Except as otherwise provided in subdivision (g), for the purpose of determining the amount of property tax to be allocated in the 1979-80 fiscal year and each fiscal year thereafter for those local agencies that were affected by a jurisdictional change which was filed with the State Board of Equalization after January 1, 1978, but on or before January 1, 1979. The local agencies shall determine by resolution the amount of property tax revenues to be exchanged between and among the affected agencies and notify the auditor of the determination.

(g) For the purpose of determining the amount of property tax to be allocated in the 1979-80 fiscal year and each fiscal year thereafter, for a city incorporation that was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by the jurisdiction for the 1978-79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to the incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978 -79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977-78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax revenue projected for that incorporation, the commission shall by October 10, determine pursuant to Section 54790.3 of the Government Code the amount of property tax to be transferred to the city.

The provisions of this subdivision shall also apply to the allocation of property taxes for the 1980-81 fiscal year and each fiscal year thereafter for incorporations approved by the voters in June 1979.

(h) For the purpose of the computations made pursuant to this section, in the case of a district formation that was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1, 1978, but before January 1, 1979, the amount of property tax to be

allocated to the district for the 1979-80 fiscal year and each fiscal year thereafter shall be determined pursuant to Section 54790.3 of the Government Code.

(i) For the purposes of the computations required by this chapter, in the case of a jurisdictional change, other than a change requiring an adjustment by the auditor pursuant to subdivision (a), the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1 or its predecessor section, or the annual tax increment determined pursuant to Section 96.5 or its predecessor section, for each local school district, community college district, or county superintendent of schools whose service area or service responsibility would be altered by the jurisdictional change, as determined as follows:

(1) The governing body of each district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by the change shall determine the amount of property tax revenues to be exchanged between and among the affected jurisdictions. This determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that the affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(j) For purposes of subdivision (i), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall negotiate the amount, if any, of property tax revenues to be exchanged. In these negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to the annexation for the purposes of paying tuition expenses of residents enrolled in the community college district, adjusted each year by the percentage change in population and the percentage change in the cost of living, or per capita personal

income, whichever is lower, less the amount of revenue received by the community college district in the annexed area from the timber yield tax and forest reserve receipts.

(k) At any time after a jurisdictional change is effective, any of the local agencies party to the agreement to exchange property tax revenue may renegotiate the agreement with respect to the current fiscal year or subsequent fiscal years, subject to approval by all local agencies affected by the renegotiation.

**Jurisdictional changes;
services by special district to
area not previously served by
local agency**

99.01. (a) For the purposes of Section 99, in the case of a jurisdictional change that will result in a special district providing one or more services to an area where those services have not been previously provided by any local agency, the following shall apply:

(1) The special district referred to in this subdivision and each local agency that receives an apportionment of property tax revenue from the area shall be considered local agencies whose service area or service responsibility will be altered by the jurisdictional change.

(2) The exchange of property tax among those local agencies shall be limited to property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to those local agencies.

(3) Notwithstanding the provisions of paragraph (5) of subdivision (b) of Section 99, any special district affected by the jurisdictional change may negotiate on its own behalf, if it so chooses.

(4) If a special district involved in the negotiation (other than the district which will provide one or more services to the area where those services have not been previously provided) fails to adopt a resolution providing for the exchange of property tax revenue, the board of supervisors of the county in the area subject to the jurisdictional change is located shall determine the exchange of property tax revenue for that special district.

(b) The provisions of subdivisions (a), (b), (c), (d), and (j) of Section 99 not in conflict with this section shall apply. The jurisdictional changes described in subdivisions (e), (f), (g), (h), and (i) of Section 99 shall not be affected by the provisions of this section.

After payment of refunds therefrom and after making the deductions authorized by Section 11003 and reserving the amount determined necessary by the Pooled Money Investment Board to meet the transfers ordered or proposed to be ordered pursuant to Section 16310 of the Government Code, the balance of all motor vehicle license fees and any other money appropriated by law for expenditure pursuant to this section and deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund and remaining unexpended therein at the close of business on the last day of the calendar month, shall be allocated by the Controller by the 10th day of the following month in accordance with the following:

(1) First, to the County of Orange. For the 2004—05 fiscal year, that county shall be allocated fifty-four million dollars (\$54,000,000) in monthly installments. For the 2005—06 fiscal year and each fiscal year thereafter, that county shall receive, in monthly installments, an amount equal to the amount allocated under this section for the prior fiscal year, adjusted for the percentage change in the amount of revenues credited to the Motor Vehicle License Fee Account in the

Transportation Tax Fund from the revenues credited to that account in the prior fiscal year. Moneys allocated to the County of Orange under this subdivision shall be used first for the service of indebtedness as provided in paragraph (1) of subdivision (a) of Section 11001.5. Any amounts in excess of the amount required for this service of indebtedness may be used by that county for any lawful purpose.

(2) Second, to each city, the population of which is determined under Section 11005.3 on August 5, 2004, in an amount equal to the additional amount of vehicle license fee revenue, including offset transfers, that would be allocated to that city under Sections 11000 and 11005, as those sections read on January 1, 2004, as a result of that city's population being determined under subdivision (a) or (b) of Section 11005.3.

(3) Third, to each city that was incorporated from an unincorporated territory after August 5, 2004, in an amount equal to the product of the following two amounts:

(A) The quotient derived from the following fraction:

(i) The numerator is the product of the following two amounts:

(II) The fraction determined as the total amount of vehicle license fee revenue collected during the most recent fiscal year divided by the total amount of vehicle license fee revenue collected during the 2004—05 fiscal year.

(ii) The denominator is the fraction determined as the actual population, as defined in subdivision (d) of Section 11005.3, of all cities during the most recent fiscal year, divided by the actual population, as defined in subdivision (d) of Section 11005.3, of all cities in the 2004—05 fiscal year.

(B) The actual population, as defined in subdivision (e) of Section 11005.3, residing in areas annexed after August 5, 2004, as of the date of annexation.

For the purpose of this subdivision, the population of each city or city and county shall be determined in accordance with Section 11005.3.

11005.3. (a) In the case of a city that incorporated on or after January 1, 1987, and before August 5, 2004, the Controller shall determine that the population of the city for its first 10 full fiscal years, and any portion of the first year in which the incorporation is effective if less than a full fiscal year, is the greater of either:

(1) The number of registered voters in the city multiplied by three. The number of registered voters shall be calculated as the effective date of the incorporation of the city.

(2) The actual population, as defined in subdivision (d).

(b) In the case of a city that incorporated on or after January 1, 1987, and before August 5, 2004, and for which the application for incorporation was filed with the executive officer of the local agency formation commission pursuant to subdivision (a) of Section 56828 of the Government Code on or after January 1, 1991, the Controller shall determine that the population of the city for its first seven full fiscal years, and any portion of the first year in which the incorporation is effective if less than a full fiscal year, is the greater of either:

(d) For purposes of this section, "actual population" means the population determined by the last federal decennial or special census, or a subsequent census validated by the Demographic Research Unit

of the Department of Finance or subsequent estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code.

(e) In the case of unincorporated territory being annexed to a city, during the 10-year, 7-year, or 5-year period following incorporation, as the case may be, subsequent to the last federal census, or a subsequent census validated by the Demographic Research Unit of the Department of Finance, the unit shall determine the population of the annexed territory by the use of any federal decennial or special census or any estimate prepared pursuant to Section 2107.2 of the Streets and Highways Code. (f) After the 10-year, 7-year, or 5-year period following incorporation, as the case may be, the Controller shall determine the population of the city as the city's actual population, as defined in subdivision (d).
