**MOTION:** The VNC Board shall create the following as Standing Rule 29 : All 24 Hour Notice "Special Meetings" shall require written pre-approval by the VNC President or Vice President or a designee appointed by the President. (HH/IK unanimous)

## **D** Denial of a Change to Standing Rule 18 (Ira Koslow for REC [ira.koslow@venicenc.org](mailto:ira.koslow@venicenc.org))

**MOTION:** The Venice Neighborhood Council denies changing SR 18 to the following: The Venice Neighborhood Council MAY publicize the events, activities, announcements and information from the Departments, Agencies and Officeholders of the City of Los Angeles, the County of Los Angeles, the State of California and the Federal Government of the United States of America. Publicity of events and activities of other organizations is permitted if the event is free, open to the public, and with approval of the President of the VNC. (HH/IK denied 0-2)

## **E** Pagoda Beautification (Melissa Diner [melissa.diner@venicenc.org](mailto:melissa.diner@venicenc.org))

**MOTION:** Whereas, the Venice artist community is thriving and public murals have evolved into a way to tie the Venice aesthetic with improving public spaces while creatively engaging residents and visitors; and

Whereas, Venice deals with the impacts of new art vending regulations and the polarization among many of its residents regarding the evolution of the boardwalk and its role in serving the larger needs of the entire Venice neighbors and boardwalk businesses by giving artists more public space to create on the boardwalk; and

Whereas, the most ideal spaces for more public art are the pagodas along the boardwalk which currently serve as a gathering place for a wide range of locals and tourists and function as a true community amenity that could be improved by hosting local artists as muralists who adopt the space on a rotating basis;

Therefore, be it resolved that the Venice Neighborhood Council supports the formation of an "Adopt-A-Pagoda" and adjacent benches project. Artists would cover the entire pagoda space and surrounding mini wall surrounding mini walls with their work and coordinate with Venice arts organizations and the VNC Arts and OFW Committees to feature their installations as a focus for events like the Venice Art Crawl. Murals in the Pagoda spaces would also beautify the boardwalk, add to Venice's uniqueness, and create options cross-collaborative partnering among neighborhood artists, businesses and residents. Concepts must be presented and approved by Arts Committee & OFW Committee and Venice Neighborhood Council prior to installment.

APPROVED BY OFW COMMITTEE (Shelly Motion, Gail second) 5-0-0

## **E** Request for LA City Planning to Prepare a Cumulative Impact Study for Venice

**MOTION:** Whereas, development in Venice has been increasing at a significant and unforeseen pace since the environmental analysis for the Venice Coastal Zone Specific Plan was last performed, in 2004; and

Whereas, many of those developments are incompatible with and are having negative impacts on the

existing neighborhoods; and

Whereas, the increasing rate of development now found in the Coastal Zone, is creating a serious concern within Venice neighborhoods that the cumulative impact of successive projects of the same type in the same place appear to be having a very significant adverse effect on the character, social diversity, and quality of life of the neighborhoods; and

Whereas having such a study is critically important to the analysis currently being done by the Venice Neighborhood Council with respect to approaches to be used in analyzing development projects for purposes of compatibility of character, mass and scale;

Therefore, be it resolved that the VNC Board requests the City of Los Angeles Department of Planning to prepare a cumulative environmental impact study on development in Venice and report their findings by April 30, 2015.

NOTED FOR FUTURE:

*Both Public and Committee members were very concerned about the errors discovered in the City's Hearing Notice and it was requested that in future Applicants inform the VNC/LUPC of such errors so that they can inform interested parties. In this case the errors were in indicating project specifications that were in excess of standards, so it was decided that a revised hearing notice and hearing would not be necessitated, but had the errors been such that the hearing notice indicated compliance and in fact the project was out of compliance, a revised hearing notice and hearing must be provided by the City.*

**MOTION:** The VNC Board recommends approval of the project at 710 California Ave, assuming a maximum height of 25', a compliant Roof Access Structure of no more than 100 sq ft in size and 10' in height, side yard setbacks of a minimum of 4', and compliant in all other applicable ways with the Venice Coastal Zone Specific Plan.
