1. The project will replace all existing or demolished protected units;
2. The housing development project will include at least as many residential dwelling units as the greatest number of residential dwelling units that existed on the project site within the last five years;

4. WHEREAS, SB 330 provided for permit streamlining to expedite approval of Housing Development Projects RESOLVED WHEREAS, that SB 330 provides for the rights and protections above, and that the City of Los Angeles Department of Planning, Department of Building and Safety, and HCIDLA have not yet demonstrated the City of Los Angeles' compliance have not been complying with SB 330 and have not been enforcing those protections listed in the bill. 2. Department of Planning, Department of Building and Safety, and HCIDLA requirements for one-to-one ratio replacement-units include that replacement units are: a. "Comparable" (i.e., same number of bedrooms); and b. Separate, distinct, and in addition to affordable housing units required by any existing incentive programs, such as Density Bonus.
3. The City create a monitoring process for tenants' right to return to units and include a discussion as to income guidelines, inclusive of those who are moderate-income.
4. City Attorney create legal mechanism for tenant actions against a landlord that violates eviction procedures and first right of refusal under SB 330, a. including an award of attorney fees for a prevailing tenant; "including an award of attorney fees for a prevailing tenant to be capped at \$500."

With the following amendments to include floods, tsunami evacuation zones, sea level rise, and groundwater rise throughout the motion. Red line below.

Linking the update of the Safety Element to the update of the Housing Element of the General Plan will allow our City to balance its housing needs in a way that protects communities in Very High Fire Hazard Severity Zones and flood zones and tsunami evacuation zones, while bolstering our resilience to wildfires and other natural disasters. It will also encourage the regular maintenance of the City’s Safety Element to prepare Los Angeles for potentially more intense and frequent wildfires flooding, sea level rise, and groundwater rise as a result of climate change

I THEREFORE MOVE that the Los Angeles Department of City Planning, with assistance from the Los Angeles Emergency Management Department (EMD), Los Angeles Department of Transportation, the Los Angeles Fire Department (LAFD), and relevant departments, to report back on the capacity, safety, and viability of existing and potential evacuation routes in Very High Fire Hazard Severity Zones, and flood zones and identify the policies and development standards, including land use and building restrictions, necessary to support these evacuation routes. I FURTHER MOVE that the City Council direct the Los Angeles Department of City Planning, with assistance from the Los Angeles Emergency Management Department (EMD), the Los Angeles Fire Department (LAFD), and relevant departments, to amend the General Plan by incorporating the Local Hazard Mitigation Plan and Office of Planning and Research’s “Fire Hazard Planning” and flood, groundwater and sea level rise planning provisions into the Safety Element concurrent with the ongoing update of the Housing

Committee Experience Required to Run for Board (Elizabeth Wright)

Phone: 3104880895

Date of meeting: 2020-12-16

MOTION: Whereas officers of the Venice Neighborhood Council Board must conform to rules and regulations not found in non-government organizations, and whereas the VNC is an official part of Los Angeles City Government, it is appropriate that candidates for Board offices have experience within the organization before trying to run it. Therefore I request that the bylaws be changed to make working on a neighborhood council committee for at least 6 months be required in order to run for the Board.
