PUBLIC INPUT AT NEIGHBORHOOD COUNCIL MEETINGS

The public is requested to dial *9 on their phone if calling in or press the Raise Hand button if attending by ZOOM when prompted by the presiding officer, to address the Board on any

agenda item before the Board takes an action on an item. Comments from the public on agenda items will be heard only when the respective item is being considered. Comments from the public on other matters not appearing on the agenda that are within the Board's jurisdiction will be heard during the General Public Comment period. Please note that under the Brown Act, the Board is prevented from acting on a matter that you bring to its attention during the General Public Comment period; however, the issue raised by a member of the public may become the subject of a future Board meeting. Public comment is limited to 30 seconds per speaker, unless adjusted by the presiding officer of the Board.

Virtual Board Meeting Rules

- Raise your hand (or when accessing by telephone, press *9) if you have a public comment only WHEN we get to that specific item.
- After you speak, please lower your hand.
- All panelists (board members) and attendees (public) will be muted until the administrator unmutes you for comment.
- Board members will get one chance to speak for a max of 2 minutes per item

- Public comment will be limited to one comment for 30 seconds per for agendized items.
- Public comment not on the agenda will be for 1 minute.
- Please do not raise your hand more then once per item
- Raise your hand at the start of the items you want to speak on. We will then close public comment and announce the last person to speak a few minutes after the start of the item.
- No ceding your time to others will be allowed
- The meeting is being video and audio recorded
- The public will be able to listen and speak but their video will be disabled.

All presenters that have items to project are to send them to Secretary@VeniceNC.org and President@VeniceNC.org to have them shared with the meeting. Keep a copy of them on your desktop as a backup.

1 Call to Order and Roll Call (6:00 PM)

James Murez, President

- TOY DRIVE
- Senator Ben Allen will join us at our December meeting. Please submit your questions for possible answers from the Senator via form we will post to the website

2 Approval of Board Minutes (1 minute)

MOTION: The VNC Board approves the minutes of the September, 2021 Board meeting.

MOTION: The VNC Board approves the minutes of the October, 2021 Board meeting.

MOTION: The VNC Board approves the minutes of the October 2021, Special Board meeting.

9B Title: Stakeholder Motion from Steve Williams and EVNA Co-Living Businesses in Residential Neighborhoods

MOTION: Whereas there is a City Council Motion (CF 21-0665), approved on September 15, 2021, instructing the Planning Department, in consultation with the Department of Building and Safety, and the City Attorney, to prepare and present an ordinance that defines "co-living" residential facilities as an enumerated use with corresponding zones of the City where they can locate:

<https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=21-0665>.

Whereas the fact that "co-living" businesses are currently under review by the City with respect to where they can locate does not allow for those operators to violate other effective codes, ordinances or permit requirements. Therefore, the Venice Neighborhood Council requests that, while the proposed ordinance is pending, the City order "co-living" business operators to comply with existing applicable laws and codes.

9D Parking Requirements for Accessory Dwelling Units (ADU) in the Venice Coastal Zone.

MOTION: A. Parking Requirements for Accessory Dwelling Units (ADU) in the Venice Coastal Zone.

Motion Submitted by Tim Bonefeld The Venice Neighborhood Council requested that The City of Los Angeles and the California Coastal Commission follow Assembly Bill 68 and the City of Los Angeles 2020 ADU Memo relating to required parking. Whereas the Venice Coastal Zone should contribute to the needed increase in density. Whereas the Venice Coastal Zone already has stricter commercial and residential parking requirements than the rest of the City of Los Angeles. Whereas the Venice Coastal Zone Specific Plan requires that all new vehicular access to Venice Coastal Development Projects shall be provided from alleys, when available. Whereas the Venice Coastal Zone lots are mostly Substandard Lots, therefore, creates a hardship to provide the additional one (1) onsite parking stall currently requested by The City of Los Angeles and the California Coastal Commission. Therefore the Venice Neighborhood supports the use of public transportation as described in AB 68: (d) Notwithstanding any other law, a local agency, whether or not it has adopted an ordinance governing accessory dwelling units in accordance with subdivision (a), shall not impose parking standards for an accessory dwelling unit in any of the following instances: (1) The accessory dwelling unit is located within one-half mile of public transit. (2) The accessory dwelling unit is located within an architecturally and historically significant historic district. (3) The accessory dwelling unit is part of the proposed or existing primary residence or an accessory structure. (4) When on-street parking permits are required but not offered to the occupant of the accessory dwelling unit. (5) When there is a car share vehicle located within one block of the accessory dwelling unit. <https://www.venicenc.org/ncfiles/viewCommitteeFile/25408> Public Comment & possible action/motion Michael Jensen motion to discuss/Andrew Mika Seconds

9E Expedited process for accessory dwelling units in the venice coastal zone

MOTION: Expedited Process for Accessory Dwelling Units in the Venice Coastal Zone Motion Submitted by Tim Bonefeld The Venice Neighborhood Council requested that The City of Los Angeles Planning Department and the California Coastal Commission follow Assembly Bill 68 relating to the project process time. Whereas the Venice Coastal Zone should contribute to the needed increase in density. Whereas the current CDP application time is more than 12 months. Whereas the current CDP application fee is more than \$15,000. Whereas the CEX application time would be less than 2 months. Whereas the CEX application fee is \$1,700. Whereas a CEX would still be appealable to the California Coastal Commission. Therefore the Venice Neighborhood urges The City of Los Angeles and the California Coastal Commission to process applications for Accessory Dwelling Units as a CEX (Coastal Exemption) instead of and CDP (Coastal Development Permit)

12A Title: Resumption of Parking Enforcement

MOTION: Whereas Venice community has seen substantial loss of use of sidewalks and roadways and increase in crime due to cessation of parking enforcement, whereas the Covid 19 emergency is now matured and procedures are in place to control it within the greater Los Angeles area, and whereas parking enforcement should be restored, Resolved that VNC requests that existing parking, street camping and sidewalk clearing laws be enforced in Venice.

Recommended by the Parking and Transportation Committee 3-0-0 on 11/08/21
To be sent to the offices of the Mayor, the city Council, DOT, LAPD and the LA County Sheriff

12B Request for Liaison re: FEMA Map Change

MOTION: WHEREAS, the Federal Emergency Management Agency (FEMA) has recently redrawn its flood zone map to include much of Venice, thereby likely requiring that Venice property owners will be required to obtain costly flood insurance, and WHEREAS, various attempts by Venice residents to address the issue through the CD11 Council office or through the office of our U.S. Representative Ted Liu have been unproductive. NOW THEREFORE, the Venice Neighborhood Council requests that CD11 appoint a liaison for residents to communicate with FEMA and Rep. Liu’s office to investigate the basis for FEMA’s map change and to assist Venice residents in mitigating any financial impact on them by sending a letter to request a flood zone determination change.

Recommended by the Neighbourhood Committee 5-0-1 on 11/09/2021

12C Request for Guidelines for RVs on Venice Streets

MOTION: WHEREAS, certain Venice neighborhoods have been greatly impacted by clusters of RV encampments encroaching on sidewalks, discharging refuse, and otherwise creating a nuisance for neighbors, and WHEREAS, as a public safety matter, the City and LAPD has been either unwilling or unable to address the problem. NOW THEREFOR, the VNC moves that CD11 work with the impacted neighbors, the Public Safety Committee, and other organizations already doing outreach to develop guidelines for RVs occupying certain neighborhood streets to minimize the impact of those RVs on the adjacent residents.

Recommended by the Neighborhood Committee 5-0-1 on 11/09/2021

12D Neighborhood Committee Applications/Nominations

12E Submit Community Impact Statement, Council File: 20-1536 "STAP PROGRAM"

MOTION: The Venice Neighborhood Council, while recognizing and strongly supporting the need for an expanded transit shelter program, believes that given the scope of the proposed project and the many potential impacts of digital signage on public safety, that it is inappropriate to seek clearance of the program through a Mitigated Negative Declaration (MND). Rather, we urge Streets LA and the City to do a full Environmental Impact Report (EIR) for the program. This is necessary to identify possible negative impacts on public safety and the environment and to determine if mitigations can address these impacts or whether a project alternative is the best course of action. It is also hoped that through the EIR process, a program alternative that can deliver more than the planned 3,000 shelters will be identified to provide greater shelter for LA's transit riders who must often wait in extreme heat for their transit connections. We note that 3,000 shelters do not cover half of the City's transit stops.

BACKGROUND: The 20-year contract for the current citywide street furniture program is due to expire at the end of 2021. The StreetsLA/Public Works staff have been working to identify a replacement program that would increase transit shelter coverage and raise revenues for the City. It envisioned a partnership with a private company and did outreach to potential vendors. It issued a program RFP last November and as a result of the screening of those vendors who replied, there are now two finalists vying to "win" the contract. (Unlike in the current program, the Council passed a motion that allows for the possibility that more than one vendor could be selected to participate in the program.) There are a number of important program details that have not been released to the public to assist in our being able to evaluate the program. The City has not indicated whether it plans to own the shelters outright (and how they would pay for them), whether they seek to own a percentage of the shelters or whether the vendor(s) will retain ownership. While a display of sample shelters was moved to various locations around the City, those viewing the sample shelters were unaware that the City instructed the vendors to display their most sophisticated and expensive model of the 6 models that they submitted to the City. What is the intention of the City in terms of the types of shelters to be selected? Can the City get better coverage of more transit stops with less sophisticated and costly shelters? There remain significant concerns about the targeting of communities for digital shelters where revenues to be earned will be greatest. It is understood that those locations where revenues would be low will receive recycled/refurbished shelters from the current program with NO digital screens and NO advertisements at all. The projected 3,000 new bus shelters will each feature what many consider to be dangerous and distracting digital ad screens. Instead of conducting an environmental impact study on the digital screen installation effort as promised, City officials have moved forward with a "mitigated negative declaration" (MND), and in doing so conclude that the environmental impacts of this program with its digital signage were negligible and did not warrant further study. There are many problems with this conclusion: • It underestimates the impact of driver distraction. The MND relies on outdated

research, ignoring better and more recent studies showing conclusively that digital billboards contribute to traffic accidents. Pedestrian accident data shows that fatalities are higher near bus shelters that have static advertising. • The MND underestimates the visual impacts of digital ad screens and public attitudes towards them. Public opinion on digital ad screens is far more negative than the report states. • It relies on false assumptions to underestimate power usage. The report is built on the false assumption that the signs will only operate 12 hours per day, even though plans call for them to operate 24 hours per day. Even at the lower rate, the energy usage for this project is equivalent to that of 1,370 LA homes. The Notice of Availability and Notice of Intent to Adopt a Mitigated Negative Declaration for the Sidewalk and Transit Amenities Program (STAP) can be found at: <https://eng2.lacity.org/techdocs/emg/stap/Notice%20of%20Availability-Notice%20of%20Intent.pdf> The IS/Draft MND can be viewed on the Bureau of Engineering website at: <https://eng.lacity.org/about-us/divisions/environmental-management/projects/stap> <https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=20-1536>
