A. DISCUSSION AND POSSIBLE MOTION RE: AB-1287 – DENSITY BONUS LAW IN THE COASTAL ZONE

Background (copied from bill) :

Existing law, the California Coastal Act of 1976 (act), regulates development, as defined, in the coastal zone, as defined, and requires a new development to comply with specified requirements. The Density Bonus Law provides that its provisions do not supersede or in any way alter or lessen the effect or application of the act, and requires that any density bonus, concessions, incentives, waivers or reductions of development standards, and parking ratios to which an applicant is entitled under the Density Bonus Law *be permitted in a manner consistent with the act.*

This bill would provide that any density bonus, concessions, incentives, waivers or reductions of development standards, and parking ratios to which an applicant is entitled under the Density Bonus Law *be permitted notwithstanding the act.*

Motion

WHEREAS, Existing law, the California Coastal Act of 1976 (act), regulates development, as defined, in the coastal zone, as defined, and requires a new development to comply with specified requirements.
