## BUDGET DESCRIPTION

- **Movable pedestal + plexiglass cubes for gallery display**
  - Freestanding pedestals and protective plexiglass cubes will house ephemera of historic and cultural significance as part of the Museum's exhibits.
- **Movable shadow boxes for gallery display**
  - These shadow boxes will become a "permanent" acquisition of the Venice Heritage Museum infrastructure though they will be transportable should we ever move our location. The shadow boxes will be affixed to the museum's walls to display curiosities related to Venice's iconic heritage and history.
- **Large scale printing fees**
  - Large format wall decals and historic images will be printed to populate the exhibitions in the Venice Heritage Museum galleries.
- **Miscellaneous mounting & installation materials**
  - This cost will help cover the purchase of framing, mounting, and installation materials (such as hardware and wire) to display the Museum's exhibition content.

- **Table vitrine with glass top & acid-free paper interiors for gallery display, 2' W x 6' L x 36' H**
  - Table vitrines will be installed to showcase documents and small items of historic significance under protective covering and in an internal environment that protects the integrity of the collection items.
- **iPads for digital displays throughout the gallery - 12.9' iPad Pro Gray 256 GB**
  - iPads will be utilized to showcase clips from the Venice Heritage Museum Oral History Project with relevance to our exhibitions, as well as films from Venice's nearly 120-year existence that bring our history to life.
- **iPad theft-proof wall mounts**
  - Professional wall mounts will ensure that the valuable iPads will be protected from theft.
