

## **Motion #1:**

The VNC Board of Officers is requested to urge the City of Los Angeles to assess and schedule the necessary restoration, repairs, and maintenance for "The Venice Beach Poets' Monument," including the "Children's Visual Poetry Art Tiles" at the OFW bathrooms at Brooks, Horizon, and 17th Street. We ask for communication with CD11, RAP, and DCA to facilitate these actions.

what direction?  
north south east  
how is the wind the sun the smell of earth?  
how does it feel under your shoes?  
have you eaten?
