15-01	Public Trash Cans	150609	CO-CD11	Investigate	VNC-NC requested trash cans on Venice, ABK, streets leading away from OFW in 2012, Mayor revived program.
		151021	DDH-CD11	Status	We have installed 5 on Abbot Kinney. We will be getting 20 more in December for the entire district, it is unclear now where those will be installed. If any are in Venice, we'll let you know
15-02	Stop Light at Couer d'Lean	150609	CO-CD11	Investigate	Traffic signal planned for installation
		150924	DDH-CD11	Follow up in Jan 2016	All new traffic signals will be installed by December 2015. This includes 25th/Pacific (flashing lights at crosswalk), AK/Marr/Boccaccio (flashing lights), and AK/Couer D'Alene (full-on stop light).
15-03	Crosswalks	150609	JH-CD11	Investigate	Suggestions submitted to Jessie Holzer
		151016	JH-CD11	Report	Click to see Report from Jessie Holzer, CD11 Office
15-04	OFW Task Force	150609	CO-CD11	Unknown	Still meeting?
		151024	CO-CD11	Status	Next meeting set for November 4 @ James Beach. An agenda will be forwarded to everyone in advance
15-05	New Bathrooms at OFW and Rose	150609	CO-CD11	Investigate	Status needed
		150924	DDH-CD11	In Process	The original design as submitted by the City to CCC was denied due to the roof design, so we redesigned it and resubmitted it. It was approved by CCC at their September meeting and now we have to find the remainder of the funding. Prop K staffers are working on that as we speak. They are working on some cost savings that get a bit complicated as they are related to other projects, but we hope to have an idea of what we need and can access within a month or so
		151021	DDH-CD11	Status	No Update from City Engineering
15-06	Light House Bridge	150609	CO-CD11	Unknown	Status needed - want repair / replacement design and priority
		150924	CO-CD11	Engineering Status	#12 priority for City Engineering. Will be reevaluated in fall 2016. The current Engineering Plan is to REPAIR
15-07	Canal Bridges	150609	CO-CD11	Engineering	Funding Status needed - priority / schedule needed
		151021	DDH-CD11	In Process	Construction should start between 10/26!!
15-08	New Park on Silver Strand	150609	CO-CD11	Funded?	Schedule needed - Engineering drawings / design needed
		150924	DDH-CD11	Investigate	Via Dolce park (our working name for it) is still in design, but getting closer to being ready to submit for its coastal permits. I have reached out to the project manager for an update.

15-09	Permits for Venice Canal Markers	150609	CO-CD11	Unknown	Project to ID Former sites of Venice Canals - need info on permits needed and how to apply
15-10	Tree Trimming near Post Ofc	150721	CO-CD11	Unknown	Can City Forrestry address?
		151022	CO-CD11	Status	has been put on the priority list for urban forestry. possible tree trimming by January of 2016
15-11	Restricted Parking on Lake St	150609	CO-CD11	Unknown	What is resolution or is this still open? What parking is Lincoln Place reqd to provide to tenants?
15-12	Bicycle Vendor Motion	150629	CO-CD11	Unknown	Motion from Neighborhood Committee
15-14	Palm Trees near Chalk Preschool	150810	CO-CD11	Unknown	Complaints trees are unsafe - Can City Forestry address?
		151021	DDH-CD11	Investigate	we will have limited funding for this type of discretionary trimming (like around the post office) the community will have to help us prioritize locations so we spread the funds evenly and where mostly needed.
15-15	Truck staging on Lincoln	150924	CO-CD11	Unknown	Ongoing problem of construction trucks bound for Santa Monica projects staging on Lincoln Blvd in Venice - typically early morning - creating and environmental and safety problems. Marc supplied email thread with Norman Kulla from last December.
		150929	DDH-CD11	Unknown	Daniel Osztreicher in CD11 office is taking lead on this subject. Chuy will coordinate as needed
15-16	RFI for Vera Davis Center	150924	CO-CD11	Unknown	RFI coming in October? Need notification as soon as released
			CO-CD11	Status	Aiming for December release date.
15-17	DOT evaluations of road / traffic char	150924	CO-CD11	Unknown	How does DOT evaluate changes it makes to roads and traffic and is that information available to public? Example: elimination of a lane at the intersction of Mildred and Ocean Blvd, creating huge morning traffic tie-ups in exchange for safety of bikes / pedestrians exiting Mildred onto Ocean. Has there been a net benefit of chang? Has follow-up taken place to determine if further mtigation is needed?
			CO	Investigate	an inquiry has been made to DOT and we are awaiting a response
15-18	El Nino Preparedness	150924	CO-CD11	Investigate	What is City doing to prepare for El Nino?
		151022	CO-CD12	Status	Shelters open 1 month earlier (Nov 1) and will be extended 1 month later for a total of two extra months in anticipation of El Nino. Bureau of Sanitation reports it is working with City Emergency Mngmnt Dept & County Punlic Works
