Total New Beds Open & Occupiable as of September 30, 2021: 6,382
Total New Beds Open and In Process: 8,780
Beds in Existing Agreements Open & Occupiable (2): 754

(1) The type of homeless intervention. Tiny Home Villages (or Pallet shelters) are listed as interim housing interventions.
 (2) Interventions in existing agreements with the County of Los Angeles prior to June 16, 2020. Per the agreement, only 700 beds from existing agreements may be counted toward the Homelessness Roadmap.
 (3) Total beds opened as of September 30, 2021. Per Los Angeles County Department of Public Health COVID-19 restrictions, not all beds may be occupied in interim housing facilities.
 (4) LHAISA provides the data for the number of PEH in the target population served. The target population for this effort includes:
 a. People experiencing homelessness and living in the City within 500 feet of freeway overpasses, underpasses and ramps;
 b. People experiencing homelessness within the City who are 65 years of age or older; and
 c. Other vulnerable people experiencing homelessness within the City of Los Angeles.
 (5) The geographic location of encampments for "PEH within 500 ft" may be adjusted by LHAISA between quarterly reports, resulting in data variations.
 (6) The criteria for "PEH Other Vulnerable" are persons with preexisting medical conditions and vulnerable to COVID-19.
 (7) Rapid Rehousing / Shared Housing Placements are reported by number of households, not individuals.
 (8) The bed count only includes permanent supportive housing units; not affordable units or the manager's units in the building.
 (9) Project HomeKey sites list the total number of units that will be occupiable, but some units may be offline for rehabilitation and ADA compliance.
 (10) The beds at 515 N. Beacon St. are reported in both new and other beds per the funding sources. No beds are duplicated.
 (11) These interventions closed as of September 30, 2021, but the beds were open and occupiable for a portion of this reporting period and will be replaced.
 (12) City-funded motel vouchers for PEH. This is a temporary intervention, and the number of beds will be adjusted as households are placed in other interim or permanent supportive housing units.

** Beds approved for inclusion in the Roadmap. Includes all homeless intervention types in development: interim beds/units, safe sleeping, safe sleeping, and permanent supportive housing units.
 •• PEH: People Experiencing Homelessness

Dear Mr. McClardy,

Thank you for your strong partnership with Los Angeles World Airports in our efforts to deliver world-class airports and to maintain strong relationships with our neighboring communities.

As you are aware, Los Angeles, like so many regions across the country, is facing tremendous challenges with respect to people experiencing homelessness. The City and County of Los Angeles have taken an all-hands-on-deck approach to addressing homelessness, including making unprecedented investments in both temporary and permanent housing as well as wraparound services.

On May 6, 2021, the Los Angeles City Council approved a motion – introduced by Councilmember Mike Bonin, whose district includes Los Angeles International Airport (LAX) – instructing the City’s Chief Administrative Officer (CAO) to explore the viability of various potential sites for homeless housing across the City. In relevant part, that motion instructs the CAO to work with LAWA “to identify and fund a LAWA-owned site the City can use, pending FAA approval, for safe camping, safe parking, or tiny homes.” On August 10, 2021, the CAO issued a report in response to that motion. The CAO reported that several sites had been assessed and found to be infeasible for these purposes, but that several other sites were still under assessment, including the following:

“Los Angeles World Airports (LAWA) Owned Site for Tiny Homes, Safe Parking, or Safe Sleep

LAWA has identified possible sites for homeless interventions and requested that the Federal Aviation Administration (FAA) review for approval. The FAA would have to agree to allow the use of airport land for homeless housing and waive the requirement that land purchased with FAA funds be leased at market rate.”

In addition, litigation has been brought in federal court against the City and County on the issue of providing adequate housing for people experiencing homelessness. In connection with that litigation, U.S. District Judge David O. Carter of the Central District of California has, among other things, ordered the City of Los Angeles to provide a list of all City-owned properties (including those owned by LAWA), whether or not such properties are currently leased.

In connection with these activities, LAWA has received inquiries from City Councilmembers, County officials, the CAO and others regarding what properties

may be available for these purposes. These inquiries fall into several categories, laid out below. If utilization of these properties for one of these purposes were determined to be permissible by the Federal Aviation Administration (FAA), we would then work with local elected officials to assess the feasibility of such uses and would look to such officials to solicit and weigh community input regarding utilization of the specific site(s) for these purposes before proceeding.

Safe Parking Requests

First, we have received strong interest in utilizing a portion of one or both of the following two sites for safe parking:

- 1. Portion of Lot E, or construction support site north of lot E (both sites not currently in use):**
5455 W. 111th Street, Los Angeles, CA 90045
(north of 111th, east of Aviation, west of La Cienega)
- 2. Van Nuys FlyAway – Overflow Parking:**
7691 Gloria Ave., Los Angeles, CA 91406

The City of Los Angeles' Safe Parking program is for those individuals who are experiencing homelessness, or actively fleeing domestic violence, who have an operable vehicle in which they are living. According to the 2020 Greater Los Angeles Homeless Count, vehicular homelessness represents approximately 39 percent of the total number of unsheltered individuals in Los Angeles County. A Safe Parking program on LAWA property would be managed by a third-party provider, retained by the City of Los Angeles, through the Los Angeles Homeless Services Authority (LAHSA). The chosen provider would provide all services that are part of the Safe Parking program, including security, restroom access and maintenance, program coordination and case management for program participants. LAWA would enter into a lease with the chosen provider for a specified period of time and with the ability to terminate the lease. Safe Parking programs in Los Angeles generally operate overnight, with participants leaving the site during daytime hours.

We also have received requests to utilize a portion of Lot E for recreational vehicle (RV) parking.

In light of the inquiries we have received regarding the use of these LAWA properties for safe parking, we respectfully request that the Federal Aviation Administration (FAA) provide LAWA with the following information:

- Based on our interpretation of applicable rules and regulations, we believe nothing in those rules and regulations prohibits LAWA from leasing a portion of one or both of these sites to the City of Los Angeles for safe parking for a specified period of time. Do you see any reason that would not be the case?
- If LAWA were to enter into such a lease, what parameters would need to be followed, if any?
- Are there any other considerations of which LAWA should be aware?

Pallet Housing Requests

In addition to these potential parking sites, City officials also have inquired about two LAWA properties on which there may be interest in establishing temporary pallet housing for people experiencing homelessness. Those sites are:

3. Northside Phase II:

North of Westchester Blvd, east of Fire Station 5, west of La Tijera

4. Manchester Square:

North of Century, east of Aviation, west of La Cienega

The Manchester Square site is currently being utilized for laydown for our Landside Access Modernization Program. Were these sites to be available for the requested use, LAWA would like to understand the following from the FAA:

- Both of these sites were purchased with noise abatement grants. Are there any statutes, rules, grant assurances, or other FAA policies that would preclude LAWA from leasing a portion of one or both of these sites to the City of Los Angeles for pallet housing?

Palmdale

As you know, LAWA has significant aviation-related landholdings in Palmdale. Much of that property is not currently in use and, although LAWA is exploring potential future uses, they likely would take some time to develop. In the past, LAWA has received inquiries from the County of Los Angeles regarding the potential utilization of some portion of the Palmdale landholdings for temporary homeless housing.

Requested potential options in Palmdale include using the existing buildings for housing (although these buildings may not have adequate water supply/services); safe Parking; an RV Park; or placement of modular buildings for shelter.

5. 4037 East Ave. P-8, Palmdale

6. 39516 25th Street East, at P Street, Palmdale

- Are there any statutes, rules, grant assurances, or other FAA policies that would preclude LAWA from leasing these locations or another portion of its Palmdale landholdings to the County or City of Los Angeles for temporary housing, parking, or other services for people experiencing homelessness?

Thank you again for your partnership and for your consideration of these matters. In light of the pressing need for homeless shelter and intense community interest, we hope that you will be able to provide at least a preliminary response as soon as possible with respect to which sites and uses may or may not be feasible.

If you have any questions or would like to discuss this matter further, please contact Michelle Schwartz, Chief Corporate Strategy & Affairs Officer, at (424) 646-5002 or mschwartz@lawa.org.

Re: Potential Sites for Homeless

Dear Mr. Erbacci,

Thank you for your letter, dated September, 20, 2021, where you provided six (6) potential sites on Los Angeles World Airports (LAWA) owned property and requested the Federal Aviation Administration's (FAA) preliminary response.

While the information that you provided is helpful in identifying the locations of the proposed sites in proximity to Los Angeles International Airport (LAX), Van Nuys Airport (VNY), and Palmdale Airport (PMD), we require more detailed information from LAWA before we can provide our response.

We ask that LAWA narrow its sites by focusing on the proposal(s) that you believe is/are most feasible to implement in the near future. In doing so, please provide an Action Plan for each of your proposed sites that include the following information:

- Please provide more detail on how you plan to secure the area and operate your proposal?
- Please tell us how long you anticipate accommodating homeless on your proposed site? Is it short term or long term?
- Please tell us how you plan to maintain the site to prevent creating a possible wildlife attractant caused by the accumulation of trash?

Please note that all of the sites that LAWA identified near LAX are in noise sensitive areas. Some of your proposed sites received substantial funding by FAA and/or LAWA to mitigate the noise impacts and are no longer eligible for residential use. FAA would not support a plan to reintroduce residents to areas, identified by LAWA, that have been mitigated or are located in current or projected incompatible areas. If LAWA proposes a site near LAX please tell us how you plan to ensure that the area is not an incompatible land use, nor will it become incompatible in the future to the safe and efficient operations of the airport.

We look forward to receiving your response.

Sincerely,

MARK A MC
CLARDY

OCEAN FRONT WALK ZONING

Ocean Front Walk Zoning Schedule

Week 1 – “The Low Hanging Fruit”

- Housing our Homeless Clients/Individuals of OFW that has expressed interest in Housing. **ALL ZONES!**

Zone 1 – Week 2

- Park Avenue – Windward Avenue

Zone 5 – Week 3

- Closure and Clean-up of Zone 1
- Navy Street – Rose Avenue:

Zone 4 – Week 4

- Closure and Clean-up of Zone 5
- Rose Avenue – Dudley Avenue

Zone 3 – Week 5

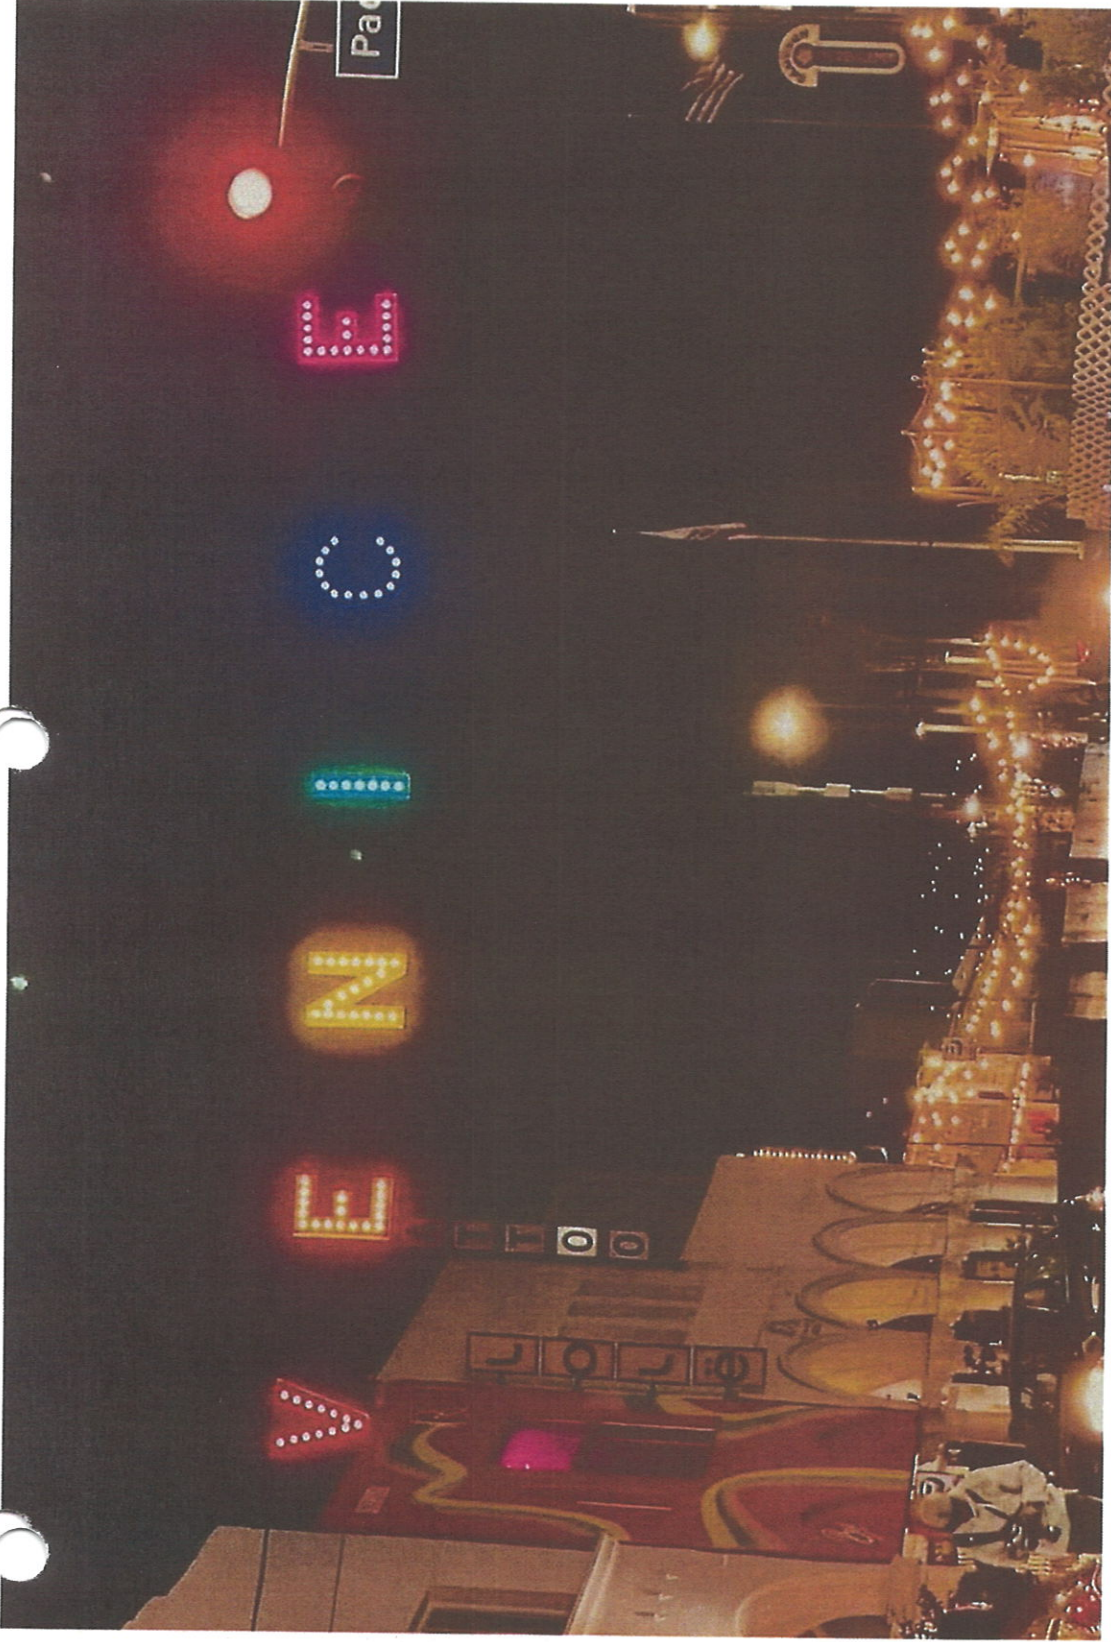

- Closure and Clean-up of Zone 4
- Dudley Avenue – Sunset Avenue

Zone 2 – Week 6

- Closure and Clean-up of Zone 3
- Sunset Avenue – Park Avenue

Week 7 – “The End Zone”

- Closure and Clean-up of Zone 2
- LASAN AND RAP FINAL CLEAN UP

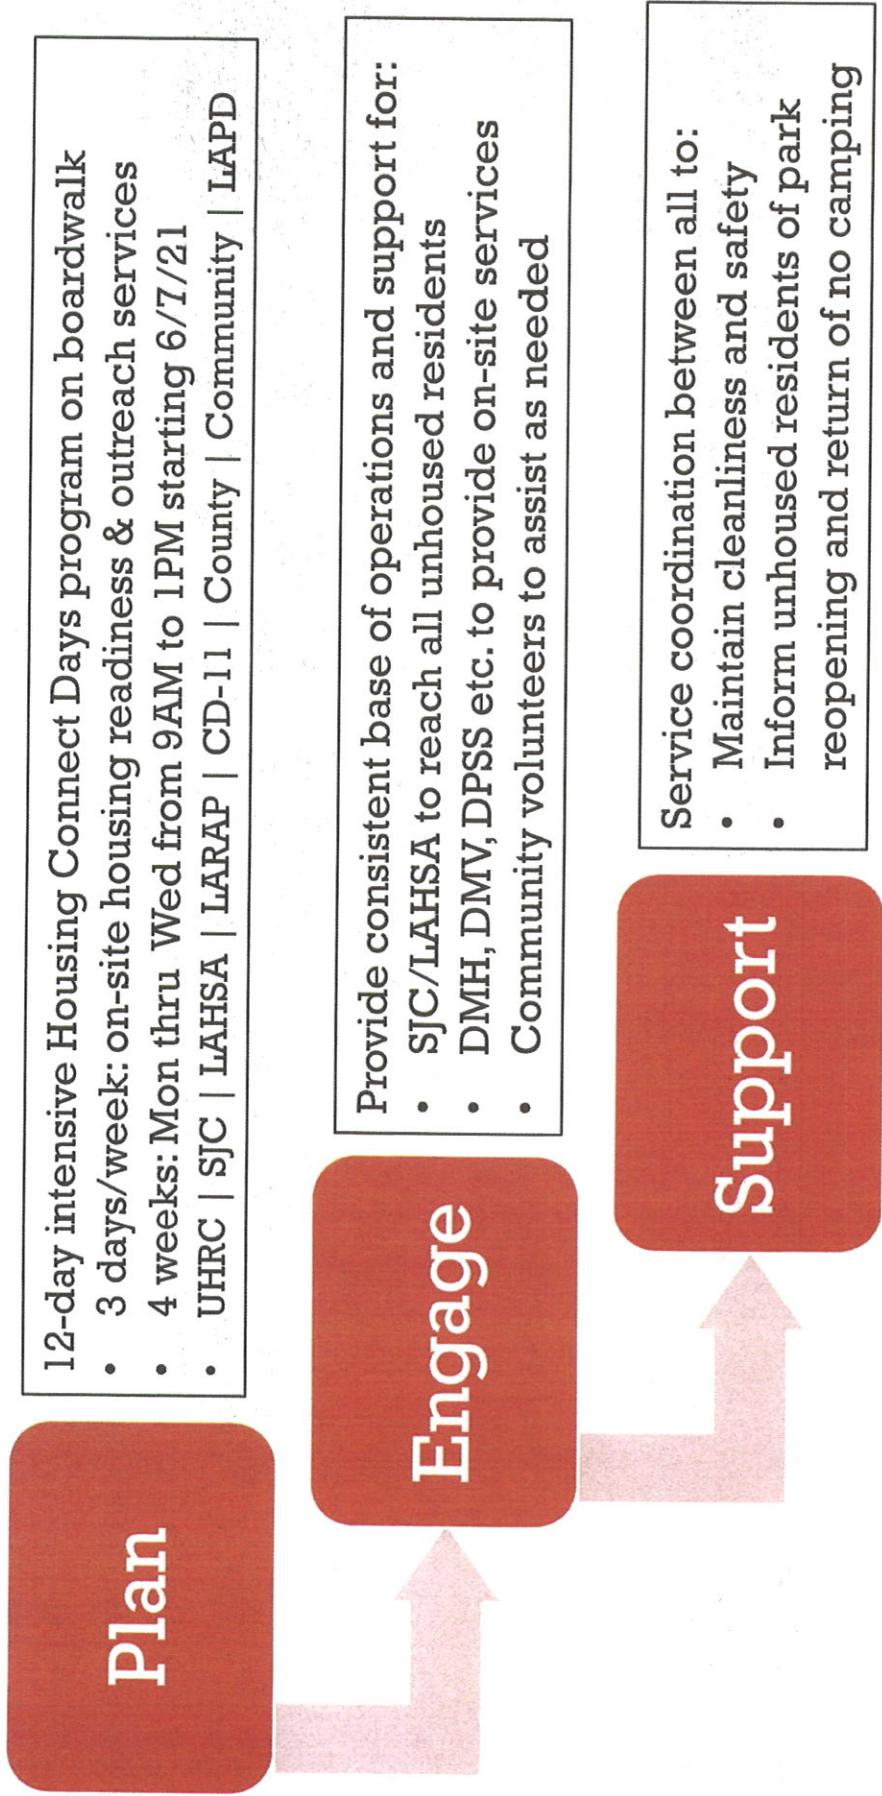

BETTER TOGETHER

HOUSING CONNECT DAYS COLLABORATIVE PLAN - JUNE 2021

OVERVIEW OF WORKING PARTNERSHIP PLAN

WORKING PLAN DETAILS

- **GOAL**
 1. Facilitate and/or finance reunifications where appropriate
 2. Facilitate and/or help finance entry into shared housing where possible
 3. Get people housing ready so they can immediately enter as it becomes available:
 - a) Obtain valid ID
 - b) File for all benefits
 - c) All other details in order (to be defined)
 4. Make sure unhoused residents understand that park is reopening, and they will be required to move for everyone's safety

- **WHO**
 - Trained housing navigation and outreach workers at tables
 - Roving engagement volunteers to circulate in encampments and inform people about services available at table
 - Possible golf carts or rec carts to transport people to tables as needed for disabilities, etc.

- **WHAT**
 - Tables and tents set up with working electricity for computers/printers

- **WHEN**
 - June 7, 8, 9 | June 14, 15, 16 | June 21-22-23 | June 28, 29, 30
 - Daily from 9am to 1pm

- **WHERE**
 - North end of boardwalk: Rose Avenue parking lot or pagodas near Dudley Ave?

COUNTY

- Organize on-site DMH, DPSS, other services
- Provide housing options

UHRC/MAYOR'S OFFICE

- Organize Housing Connect Day operations
- Identify and manage housing availability

CD-11

- Manage overall collaboration
- Identify and manage housing availability

LAHSA

- Table staffing
- Assessments
- Housing matches
- Outreach workers

ST. JOSEPH CENTER

- Table staffing
- Assessments
- Housing matches
- Outreach workers

LARAP

- Supply a secure location with power
- Supply and set up/remove tables, chairs, canopies
- Boardwalk cleanliness

LAPD

- Monitor proceedings
- De-escalate conflicts
- Boardwalk safety

COMMUNITY/FOVB

- Volunteers to help inform unhoused residents about services available and to assist as needed

Plan Participants Roles

ADDITIONAL SUGGESTIONS:

Plan

Participant

Suggested Roles

- A. Identify housing resources
- B. Conduit to service providers; As we get timeline off the ground, once we have the resources, CD11 will let the community (housed and unhoused know)
- C. Managing communications from the department operation to the unhoused community (we want to make sure unhoused community is in the loop)
- D. Housing resources: leverage county resources
- E. Hannah to check if Fire Department can provide medical backup – see how they can be part of this. LAFD EMTs and Venice Family Clinic as co-participants
- F. Before committing to choice date, we are identifying housing and working to create housing; and then we can work backwards
- G. We are looking for a 6-8 weeks timeline (we will enforce while the plan is going forward)

CD 11

- A. Any County specific resources have been contacted about participating (initial email has been sent)
- B. County can coordinate with Ben Allen's office on engagement with DMV
- C. Can work to bring State and Federal resources as needed → County can facilitate
- D. E.g., offering free cellphone for someone who qualifies with DPSS (Follow up: how to engage with them?)
- E. Make sure services can be on site after the second week when the initial outreach has started
- F. VPAM → resources for veterans can be brought in
- G. County provides most of the funding for the outreach services: If there is specific asks that might be helpful, we may be able to look at
- H. County to provide to generators if needed (Zac's personal generators)!
- I. *Flexibility around what people need is important; we should remember that.*

County

ADDITIONAL SUGGESTIONS (CONTINUED):

Plan Participant	Suggested Roles
LAHSA	<ul style="list-style-type: none">A. In terms of staffing: Catherine to check with LAHSA leadershipB. There are outreach providers out there → do we need additional resources, and do we need additional staffing?C. Asking the Outreach team on the ground what they think about the proposed approach.D. LAHSA to discuss the timeline and the execution of the idea
St. Joseph	<ul style="list-style-type: none">A. St Joe to look at a system that rotates between stationary and on the ground outreach → St Joe agrees that it needs to be a combinationB. Timeline: We can provide the staff and equipmentC. St Joe would like to have DMV, DMH, DPSS etc. be there (but if the agencies are not there, St Joe can proceed with their assessments)
LAPD	<ul style="list-style-type: none">A. Primary role to be public safety.B. Our officers can supplement referrals because they know the unhoused. And get them to tables they need to!
LARAP	<ul style="list-style-type: none">A. RAP to investigate where they can get power: walk thru 8AM on Fri 6/4/21B. For tables, RAP to supply: 4 tables, 4 canopies and 12 chairsC. Meeting to identify the spot: Friday June 4, 2021 (8 am @ Rose and Boardwalk)

ADDITIONAL SUGGESTIONS (CONTINUED):

Plan Participant	Suggested Roles
UHRC/Mayor's Office	<ul style="list-style-type: none">A. Helping coordination: we are here to support and coordinate with different departmentsB. Catherine mentioned PRK: Our office can help with PRKC. As beds become available at ABH, we offer themD. Matthew and Shannon: to reach out to LASAN and coordinate with them
LASAN	<ul style="list-style-type: none">A. Sanitation Support through CD-11 and Mayor's office
Community (FOVB)	<ul style="list-style-type: none">A. Community: clean and safe → we want to help you succeedB. Goal: When do we tell them that there no camping on the Beach anymore?<ul style="list-style-type: none">A. If there is no goal, then the outreach maybe ineffective!B. As a provider, it will help St JosephC. Is there a possibility to post signs similar to the vendor space + handball courts?D. Will provide volunteers from community

ARTICLE RE CITY BUDGET FOR FY 2021-2022

HOMELESSNESS

Garcetti signs \$11 billion budget, with nearly \$1 billion for homeless crisis

BY CITY NEWS SERVICE | LOS ANGELES
 UPDATED 2:00 PM PT JUN. 02, 2021

LOS ANGELES (CNS) — Mayor Eric Garcetti Wednesday signed the city's \$11.2 billion budget for the 2021-22 fiscal year, which allocates historic spending of nearly \$1 billion to combat Los Angeles' homelessness crisis.

Garcetti proposed the largest spending plan in city history — which includes a \$6.6 billion general fund revenue projection — and the City Council unanimously approved it on May 20.

What You Need To Know

- Mayor Eric Garcetti signed the city's \$11.2 billion budget for the 2021-22 fiscal year, which allocates historic spending to combat Los Angeles' homelessness crisis

Government spending at all levels inevitably rises because of inflation, expansion of programs and increased population. The budget also includes half of the approximate \$1.3 billion the city was allocated through the American Rescue Plan. The city received half of that funding in May, with the second half expected 12 months from now.

Of the American Rescue Plan dollars, the city will spend \$151 million on program related to equity and justice, \$281 million for homeless services, \$244 million to restore city services and \$64 million for COVID-19 response and recovery.

"This budget is about more than recovering from a once in a generation crisis — it's about bending the arc of our city's history in the direction of greater equity and justice," said Mayor Garcetti. "This moment demands nothing less than our most courageous efforts to lift up those in need, and this budget charts a course to meeting our highest ambitions, restoring what we've lost, and building on what makes Los Angeles the best city in the world."

Large spending areas within the budget include a total of \$955 million to address the city's homelessness crisis, which includes \$791 million in the city's budget in addition to carryover state and federal funding from the previous year.

The budget also allocates more than \$1.7 billion for the Los Angeles Police Department, a 3% increase from when the City Council cut \$150 million from the department's budget last July.

Additional allocations include:

- \$62 million to help tourism and hospitality businesses and restaurants, including through the Al Fresco outdoor dining program;
- \$33 million toward the Gang Reduction and Youth Development (GRYD) Program;
- \$30 million to expand the city's solar energy and electric vehicle charging infrastructure; and
- \$29 million for a guaranteed basic income pilot program.

Council President Nury Martinez said that the budget "lays the groundwork for ongoing efforts to address" systemic inequities, and added that "we aren't going to

leading up to its passage — said following the council's vote last month that the past pandemic year and the preparation of the budget has been "a time like no other for the city, this committee and this council."

"The effort that goes into a budget even in good years, even in more normal times, is immense," he said. "This has been like nothing I have seen in my time on the council."

Council President Nury Martinez acknowledged the vocal calls for social justice programs that permeated the budget discussions, and even the continued opposition to a budget that critics insist funnels too much money to the LAPD.

"In Los Angeles, we face a reality that as much as we are a world-class city, we also have to acknowledge that we have so much more work to do in each and every one of our neighborhoods and for each and every one of our residents," she said. "For us to be a better city, to have a stronger future and for a real opportunity for our families and our kids and our neighborhoods across the city ... we have got to do better by them. And today, we are laying down a foundation brick by brick to be able to get there."

"Systemic change does not happen with one legislative motion or one city budget," Martinez said. "It takes time. And today, I am proud to say that we are going to start on that path forward."
