---

**Lacking a quorum, this agenda is continued to the September 9, 2019 Joint VNC Board & DFC Focus on Children Meeting.**

- 5:30** **Call to Order - Approval of Outstanding Minutes and Agenda**
- 5:31** **Introductions, Announcements, Public Comment on items not on the agenda**
- 5:35** **Consideration and possible adoption of the following motion(s):**

Whereas, the Discussion Forum Committee of the VNC exists to "Provide a monthly forum for discussion of long-term matters affecting the Venice Community within the context of the VNC Vision Goals", and

Whereas, the Discussion Forum Committee has resolved to turn its efforts to the "Focus on Children" Vision Goal, and

Whereas, the "Focus on Children" Vision Goal establishes that the VNC will "Consider strategies that promote & expand opportunities for children to experience direct meaningful involvement in all aspects of the social and economic and cultural activities of the Venice Community", and

Whereas, VNC Vision Goals such as "Participation" and "Walkability" remain of keen interest to the DFC, particularly as they relate to children's issues, and

Whereas, public libraries are vital assets in a neighborhood, for the promotion of learning, reading, and for general community-building, particularly among children and families, and

Whereas, Venice is favored with a splendid public library, the Venice-Abbot Kinney Memorial Branch Library, but it is undisputed that its location on - in effect - a "traffic island" between North and South Venice Boulevard may serve automobiles well but creates great barriers to pedestrians desiring to find and visit the library on foot, and

Whereas, increased pedestrian access to this Library would be of great benefit to local children, their parents and the community at large, then

**Be it therefore resolved (Motion) that:**

The VNC Board is supportive of the DFC's efforts to work towards proposals for the permitting, funding, and construction of enhanced pedestrian access features for the Venice-Abbot Kinney Memorial Branch Library. Such measures might include crosswalks, stop signs, signals, or pedestrian overpasses.

The DFC's efforts on this front are being led by Mehrnoosh Mojallali, licensed architect, urban designer, and former member of the Venice Neighborhood Council Land Use and Planning Committee.
