645 – public comment:

MARK RAGO – UP-DATE ON CHAINS ON BORDWALK. San Francisco limited chains – MR is working with Taylor @ CD11 office on this issue. Ordinance is still being worked on. Sketchers is supposedly opening early March. Ordinance still hasn't gone to City Council as yet, still working on the wording. Also included in the Ordinance is Windward Circle as well as OFW.

650 – scooter issue –

public comment:

David Born – owns business on Washington and Lincoln. Lost of income due to scooters. Trying to put together a coalition and E net – so the scooters can be in a area to be not near scooter businesses on east side of OFW. An E-Net in front of local businesses was suggested to LIME reps.

Tony Garabis – operations mgr for LIME in city every day – regarding bike path & OFW. Still looking at an Ambassador Program – Negah Nafisi – general mgr. of LIME. Duke Stump is a new chief of marketing. Working on “Respect the Ride” Conditional use permit – 3 month program.
