importance,

The Venice Neighborhood Council recommends timely installation of the
aforementioned signage, including the \$197.00 fine amount, along OFW with
notifications sent to both CD11 and LADOT.

9 (b). MOTION: Cleanup and Restoration of OFW (Nick Antonicello nantoni@mindspring.com)

WHEREAS, the current conditions at Oceanfront Walk are beyond any norm of acceptable,
practical or healthy visitation by locals as well as tourists as it pertains to the continued
proliferation of homeless encampments, and

WHEREAS, those who continue live outside in a COVID-19 environment do not possess or wear any

WHEREAS, the current conditions in these encampments are unhealthy and dangerous as indicated by Governor Gavin Newsom in his daily briefings urging all homeless individuals be brought inside to far more humane and safe conditions to themselves as well as others, and

WHEREAS, at least three (3) individuals have been found dead in these encampments that has caused a "chilling effect" on Venice residents inside and outside of these filthy living conditions, and WHEREAS, these encampments are a breeding ground for lice, rodent infestation and other uninhabitable conditions including hypodermic drug injection leaving unsanitary needles about the encampments as well as along the boardwalk, beach and other points of access that are left exposed to residents, tourists and children, and

WHEREAS, as the state of California begins phase two re-openings of parks such as OFW, the ability to clean the boardwalk via power washing methods as well as children's playgrounds, the handball courts, basketball courts and other amenities would benefit from this kind of proper cleaning of the entire Oceanfront Walk area from these encampments in an effort reduce the risk of infection by a professional cleaning and maintenance of the boardwalk including the -month shutdown, and

WHEREAS, Venice Beach is a tourist destination that is visited by as many as 30,000 people per day on average in pre-COVID-19 times and that residents and tourists have a legal right to expect that visitation is safe and free as possible from infection and that these encampments be removed immediately so that the proper and professional cleaning required can take place while Governor Newsom's call to have these homeless individuals brought inside where the proper medical, psychological and dietary services be made available to the Venice homeless,

THEREFORE BE IT RESOLVED. That the Oceanfront Walk Committee of the Venice Neighborhood Council endorse a policy that Oceanfront Walk be relieved of any encampments, tents and other housing structures so that the cleaning that is necessary be done in a timely fashion as per CDC guidelines and that Venice be relieved of these encampments at a tourist destination that has been shuttered by nearly a four-month absence that has leveled our local economy and the many retailers and businesses that rely on a stable flow of tourism in wake of this crisis. That a copy of this motion be sent to Mayor Eric Garcetti as well as Council District-11 urging that a reasonable and reliable evacuation take place because residing outside is not a solution for the homeless currently encamped at the beach and this will force city officials to offer long-term goals and objectives that eliminate any need for outside living by any homeless individual at Oceanfront Walk.
