Public Comment & Possible Action: Motion

9. Shared Parking and Shuttle Program

Draft Motion:

Whereas Venice has many public parking lots, BIZ (Beach Impact Zone) parking, and other private parking lots which are not optimized for various different uses, seasonal and daily cycles, etc., and

Whereas Venice has many underutilized and derelict commercial properties due to excessive parking requirements and it is infeasible to build sufficient quantities of parking on substandard lots

Therefore the VNC Board requests that the City conduct a comprehensive parking utilization study as part of the LCP and Community Plan update in order to implement a shared parking and shuttle system, which when implemented will replace the commercial parking requirement with an annual in-lieu fee to support the shared parking and shuttle system. The in-lieu fee shall be tied to the conditional use permit of the property and must be maintained annually for any conditional use permits to remain valid.

The Parking Study shall evaluate existing capacity for a shared parking and shuttle plan including:

1. BIZ spaces
2. Public parking lots not on the beach
3. Any other excess parking available

10. Adjournment
