CITY HEARING NOT YET SCHEDULED

Project Description: Preliminary parcel map to create a 2-lot small lot subdivision, Mello determination, CDP, and Zoning Administrator Adjustment request to permit a 10' front yard for 1712 and a 6' front yard at the 2<sup>nd</sup> floor line for the Mildred setback, both in lieu of the required 15' front yard set back; and request to permit a 4' side yard in lieu of the required 5', and MND.

Applicant: Alon Zakoot / LUPC Staff: Mehrnoosh Mojallali & Robin Rudisill

**MOTION:** The VNC Board recommends denial of the project, on the grounds that:

1. There is insufficient evidence that the project is Mello Act compliant
2. There is no evidence that the tenants were informed of their Mello Act-related rights
3. There is no evidence that Replacement Affordable units were correctly determined
4. The project is inconsistent with the Mass, Scale and Character of the Community, in terms of over 100% density on the lot (FAR of >1.0) vs. the rest of the block, which averages approximately 37%, and as of the 30 homes on the block, < 20% (6) are multi-story homes

#### **A Opposition To AB 744** (Marc Saltzberg, on behalf of WRAC) ([vicepresident@venicenc.org](mailto:vicepresident@venicenc.org))

**[EXHIBIT]**

**MOTION:** The Venice Neighborhood Council recommends that the City Of Los Angeles oppose AB 744 which Limits Local Govt. Auth. Over Parking for SB 1818 Density Bonus Projects and requests Councilmembers Mike Bonin and Paul Koretz to introduce a resolution to that effect.

LEGISLATIVE COUNSEL'S DIGEST for AB 744, as amended, Chau. Planning and zoning: density bonuses.

The Planning and Zoning Law requires, when a developer of housing proposes a housing development within the jurisdiction of the local government, that the city, county, or city and county provide the developer with a density bonus and other incentives or concessions for the production of lower income housing units or the donation of land within the development if the developer, among other things, agrees to construct a specified percentage of units for very low, low-, or moderate-income households or qualifying residents. Existing law requires continued affordability for 55 years or longer, as specified, of all very low and low-income units that qualified an applicant for a density bonus. Existing law prohibits a city, county, or city and county from requiring a vehicular parking ratio for a housing development that meets these criteria in excess of specified ratios. This prohibition applies only at the request of the developer and specifies that the developer may request additional parking incentives or concessions.

This bill would, notwithstanding the above-described provisions, additionally prohibit, at the request of the developer, a city, county, or city and county from imposing a vehicular parking ratio in excess of 0.5 spaces per bedroom on a development that includes the maximum percentage of low- and very low income units, as specified, and is located within one-half mile of a major transit stop, as defined, and there is unobstructed access to the transit stop from the development. The bill would also prohibit, at the request of the developer, a city, county, or city and county from imposing a vehicular parking ratio in excess of specified amounts per unit on a development that consists solely of units with an affordable housing cost to lower income households, as specified, if the development is within one-half mile of a major transit stop and there is unobstructed access to the transit stop from the development, is a for-rent housing development for individuals that are 62 years of age or older, or is a special needs housing development, as those terms are defined. The bill would make findings and declarations in this regard, including that this constitutes a matter of statewide concern and is not a municipal affair.

#### **B Oppose AB 1373 Outdoor Advertising: the City of Los Angeles** (Marc Saltzberg, on behalf of WRAC) ([vicepresident@venicenc.org](mailto:vicepresident@venicenc.org))

**MOTION:** The Venice Neighborhood Council recommends that the City of Los Angeles oppose AB 1373 (Outdoor Advertising, the City of Los Angeles, Exempting 40 Square Blocks of Downtown LA From the CA Outdoor Advertising Act) and requests that Councilmembers Mike Bonin and Paul Koretz introduce a resolution to that effect.

advertising displays, as defined, within the view of public highways. The act exempts from certain of its provisions advertising displays that advertise the business conducted or services rendered or goods produced or sold in the property upon which the display is placed as specified. This bill would exempt from those provisions of the act advertising displays located in a specific geographic area in the City of Los Angeles if those displays meet specified conditions and requirements, including the adoption of, and compliance with, an ordinance by the City of Los Angeles. The bill would impose certain conditions if the advertising display authorized by this bill is a message center display... The bill would make the City of Los Angeles primarily responsible for ensuring that display remains in compliance with the city ordinance and the bills requirements, and would require the city to indemnify and hold the department harmless if the city fails to do so. This bill would also make findings and declarations as to the need for a special statutes relating to the City of Los Angeles.

**C** **'No Confidence' in Mobility Plan 2035** (Marc Saltzberg, on behalf of WRAC)  
([vicepresident@venicenc.org](mailto:vicepresident@venicenc.org))

**MOTION:** The Venice Neighborhood Council recommends a vote of 'no confidence' in the City of Los Angeles Mobility Plan 2035 [Case Number: ENV 2013-0911-EIR and CPC-2013-0910-GPA-SP-CA-MS-C; State Clearinghouse No.2013041012] because of its failure to resolve and mitigate critical issues per the Statement of Overriding Considerations, including but not limited to emergency response time, insufficient infrastructure, and broader significant negative impacts on public health, safety and welfare.

From page 137 of the Recommendation Report accompanying the Mobility Plan, see:  
<https://losangeles2b.files.wordpress.com/2012/12/cpc-2013-0910.pdf>.

SECTION 2: ENVIRONMENTAL IMPACTS FOUND TO BE SIGNIFICANT AND UNAVOIDABLE The Final EIR identified the following project-specific and cumulative impacts that cannot be mitigated to less-than-significant levels: circulation, neighborhood intrusion, congestion management plan (CMP) (freeways), emergency access, excessive noise and permanent noise increase (from buses), and special status species and habitat...

2.1 Transportation, Parking & Safety (Chapter 4.1, Impacts 4.1-2, 4.1-3, 4.1-4, 4.1-5) Circulation, Neighborhood Intrusion, CMP (Freeways), Emergency Access Significant and Adverse Impact The Final EIR found that the proposed project would have a significant impact to the circulation system, neighborhood intrusion, CMP (Freeways) and emergency access, as it would exceed the applicable thresholds established by the City.

The MP 2035 would have a significant impact to the circulation system, neighborhood intrusion, Congestion Management Plan (freeways), and emergency vehicle access. (See EIR Chapters, 4.1, Impact discussions in 4.1-2, 4.1-3, 4.1-4 and 4.1-5). These impacts were found significant because the traffic analysis from the EIR found that the Project resulted in traffic conditions that exceeded established thresholds for neighborhood intrusion as a result of cut-through traffic, increases congestion/delay on the circulation system (arterials and freeways), results in inadequate emergency

access (such that emergency vehicles are delayed), or increases the volume to capacity ratio on some freeway segments by greater than 2 percent. The inclusion of Mitigation Measures T1 through T5 in the MMP will help mitigate significant impacts on the circulation system, neighborhood intrusion, CMP (Freeways) and emergency access where feasible; however, these impacts, due to the aforementioned conditions, will remain significant and unavoidable.

**D** **CIS in Support of CF14-0268-S5, Ellis Act Controls** (Marc Saltzberg)([vicepresident@venicenc.org](mailto:vicepresident@venicenc.org))

**MOTION:** The Venice Neighborhood Council hereby files the following Community Impact Statement in support of [CF14-0268-S5](#) which calls for:

... the City Council [to] instruct the Housing and Community Investment Department (HCID), in conjunction with the Department of Building and Safety (LADBS), and the Planning Department develop a process to require a clearance from HCID for building permits for major construction, alteration, and addition to, or demolition of properties subject to the Rent Stabilization Ordinance... [and] that the HCID, in conjunction with the LADBS and Planning Department, be instructed to report on the inventory of RSO units removed through the Ellis process, and additional recommendations to strengthen enforcement, maximize preservation of the rent-stabilized housing stock, and eliminate any other "loopholes" that result in the loss of rent-stabilized units or denial of tenant protections under the Ellis provisions of the RSO.

According to a [2014 UCLA study](#) According to a UCLA The VNC Board is aware of numerous news stories reporting that the City of Los Angeles "Los Angeles is now the least affordable rental market in the country, based on the portion of a renters' income that goes to pay rent.". More recently, stories about the use (and abuse) of the [Ellis Act to evict tenants from RSO units](#) have emerged.

The problem and short term response comes into greater focus with this motion from Cedillo (seconded by Bonin) and [endorsed by Mayor Garcetti](#). The VNC believes it is imperative that Los Angeles not lose additional rental housing stock thru overly-aggressive and sometimes illegal exercise of the Ellis Act and therefore support CF14-0268-S5

**E** **Revise paragraph a. of Standing Rule 9** (Ira Koslow on behalf of REC) ([ira.koslow@venicenc.org](mailto:ira.koslow@venicenc.org))

**MOTION:** The VNC shall amend paragraph a. of SR 9 to read:

"a. Collectively and individually, the members of the Board of Officers, the Parliamentarian, Ad-hoc committee chairs, and all members of Standing and Ad hoc committees of the Venice Neighborhood Council agree to abide by the following Code of Civility to ensure that our Venice Neighborhood Council's business is conducted in a respectful and courteous manner, and in a way that will generate respect and credibility for the Venice Neighborhood Council."

**MOTION:** Whereas the Ocean Front Walk is a pedestrian only street where cars are prohibited and for the safety of humanity as a whole,  
The Venice Neighborhood Council supports the installment of a bollard of the south end of the Rose Ave Parking lot and the entrance of the bike path which in its present condition allows for cars to enter the bike path.

**J** **Legalize Safe and Habitable Bootleg Units** Sylvia Aroth ([chair.outreach@venicenc.org](mailto:chair.outreach@venicenc.org))

**MOTION:** Whereas the City of Los Angeles has estimated that there are between 40,000 and 60,000 bootleg units in Los Angeles, and  
Whereas the City of Los Angeles' Systematic Code Enforcement Program (SCEP) requires inspection of every rental unit once every three years, and inspectors regularly uncover violations and order owners to remove bootleg units of every type, and  
Whereas typically, though not exclusively, these units are occupied by low-income tenants, and  
Whereas many of these units do not comply with specific plans, zoning codes, and/or parking requirements and  
Whereas the Planning Department has taken the position that the requisite findings can not be made for a Specific Plan exception to legalize these units, and  
Whereas in the midst of our current housing crisis, 44,000 people are without any housing and hundreds of thousands more are doubling and tripling up to maintain a roof over their heads  
Therefore be it resolved that the Venice Neighborhood Council recommends that safe and habitable bootleg units should be legalized by granting exceptions to specific plans, zoning codes, and/or

parking requirements, on a case-by-case basis, on condition that the units are rented to low-income tenants at low or very low affordable rent levels and that this condition be recorded on title to the property and monitored by the City or a designated agent. The process should include an amnesty to encourage property owners with a bootleg unit to file an application to legalize their bootleg unit, with a waiver of fines for prior non-compliance if the application is granted.

**K** **Challenging Bigotry** Joe Murphy ([joedmur@gmail.com](mailto:joedmur@gmail.com))

**MOTION:** The VNC Board expresses the following challenge to bigotry:

We recently experienced the brutal killing of blacks in a black church in a southern state by a white racist.

It was clearly a racist action. Yet a number of candidates for President of the United States, in their twisted wisdom, characterized it not as 'racist' but as 'anti-christian'.

We condemn this attempted twisting of history.

We hope and urge that Republican and Democratic voters will openly condemn it as a denial of reality and will seek and support candidates who demonstrate the courage to speak truth to bigotry.

**L** **“No support” for Council file 13-1493: Street Vending.** (George Francisco on behalf of the Business Committee) ([george.francisco@venicenc.org](mailto:george.francisco@venicenc.org))

**MOTION:** The Venice Neighborhood Council requests that Community Impact Statement of “no support” be attached to Council file 13-1493: *Street Vending*.

The Venice Neighborhood Council does not support CF 13-1493: *Street Vending* for the following adverse impacts it will have upon the Venice community:

1. The City of Los Angeles is not adequately policing these activities currently.
2. There is a public safety hazard with Street Vendors blocking sidewalks and parkways.
3. There are documented public safety problems with current Street Vendor food preparation and storage throughout Los Angeles.
4. There are inadequate public toilet facilities in Venice to satisfy customers of Street Vendors selling food .
5. Venice Brick and Mortar Businesses have to pay for services for their customers; Street Vendors pay nothing.
6. Sales Taxes are not necessarily collected from Street Vendors.

The VNC further requests that all neighborhoods be allowed to opt in to any proposed sidewalk vending ordinance as in the precedent set by the murals ordinance.
