ViCA protects, preserves, and promotes the values of individual and independent artistic expression that have formed the practice of creativity in Venice since it's founding in 1905.

Through it's exhibitions, events, research facilities, and education curriculum, ViCA will celebrate the art, culture and community that Venice has provided to Southern California and the art world at large. This marks the beginning of a concerted centralized effort to capture the world art community through the experience and lens of Venice through ViCA as its hub.

Since it's inception, ViCA has and will continue to create important events and exhibitions that take place in galleries and specialized spaces until it raises funds for an endowment and finds a home.
