#### **A VNC Neighborhood Committee Comments on City's Proposed Short Term Rental Ordinance (30 minutes)** (Marc Saltzberg on behalf of Neighborhood Committee [VicePresident@venicenc.org](mailto:VicePresident@venicenc.org))

**MOTION:** Resolved, the VNC Neighborhood Committee asks the VNC President to send a letter to Matthew Glesne per instructions of City that states:

1. Thanks the City of LA for being responsive to the needs of its residents by proposing an ordinance legalizing and regulating Short Term Rentals and encouraging the City to pass such a regulation as soon as possible.
2. Includes our recommendations for such an ordinance as communicated to the City on 10/8/2015 (see: [www.venicenc.org/wp-content/uploads/2013/02/CIS-14-1635-S2.doc](http://www.venicenc.org/wp-content/uploads/2013/02/CIS-14-1635-S2.doc))
3. Identifies the following suggestions for the proposed ordinance:

*a. No city enforcement mechanism defined – most enforcement would seem to be via requiring Hosting Platforms monitor and report violations. The City needs its own enforcement mechanism. While the VNC understands such an enforcement mechanism may be defined later as an Administrative procedure, we believe the City must commit to it as part of the ordinance*

*b. No of city accountability for enforcement identified and assigned. The City appears to be making both City Finance and City Planning accountable for enforcing the ordinance. We suggest that a single Department with an identified subunit, using information gathered from other city departments and other sources, be accountable for enforcing the ordinance*

*c. No funding for enforcement by city other than proposed registration fees has been proposed. The VNC has previously suggested that the TOT be increased for STR's and that the increased collections be used (as well as fees) enforcement financing*

# Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / [www.VeniceNC.org](http://www.VeniceNC.org)

Email: [info@VeniceNC.org](mailto:info@VeniceNC.org) Phone: 310-421-8627

d. *The 6 month residency requirement to establish a primary residence will be difficult to enforce.*

e. *The City's requirement in 31.f.3, allowing a 30 day grace period for "... cases where advertisements appear on Hosting Platforms that are not in compliance with this Subdivision" appears to conflict with 31.f.1 which requires that hosting Platforms "Actively prevent, remove and cancel any illegal listings and bookings of short term rentals... without a... registration number"*

f. *The VNC has suggested that all STR's must be owner occupied. Such a regulation precluded using an entire house for STR purposes (where, by definition, the HOST must be off-site). But our requirement that the STR must be owner occupied meant that renting of a portion of the Host's primary residence need not be subjected to a time limit. The City's proposed ordinance should be adapted to require that Hosts must reside on-site when renting part of the house (including detached guest rooms) as an STR but that such rental activities not be limited to 90 days per year.*

Recommended by the Neighborhood Committee on 4/28/2016 by a vote of 9-0-1

**B** **New Construction on Mildred Must Provide for Sidewalks (20 minutes)** (Marc Saltzberg on behalf of Neighborhood Committee [VicePresident@venicenc.org](mailto:VicePresident@venicenc.org))

**MOTION:** *Whereas*, new homes, currently being constructed (and nearing completion) at 639, 641, 647 and 651 Mildred Ave as well as the new construction of one home at 621 Mildred Ave., include walls and other features that would completely obstruct the continuous sidewalk on the northeast side of Mildred; *and*

*Whereas*, sidewalks are essential to the safety, walkability and public enjoyment of any urban neighborhood and are standard features of streets in the Silver Triangle neighborhood of Venice; **and**

*Whereas*, the interruption of the sidewalk on Mildred is contrary to the intent of the City of Los Angeles Planning Department's "Mobility Plan 2035" and "Complete Streets Design Guide" and DOT's strategic plan, [Great Streets](#) and are violations of the Federal "Americans with Disability Act."

*Therefore, be it resolved*, the Neighborhood Committee of the Venice Neighborhood Council recommends to the VNC Board that the new construction of four homes at 639, 641, 647 and 651 Mildred Ave., as well as the new construction of one home at 621 Mildred Ave., be required to include a continuous sidewalk in line with other sidewalks on Mildred; this requires that no walls or other obstructions be constructed that would:

1. Block the free flow of pedestrian traffic along the sidewalk
2. Block vehicle's passenger-side doors from being opened or otherwise block sidewalk access from the street parking in front of these units
