PUBLIC COMMENT

Recommended by LUPC on 2-1-15 by a vote of 6-1-0 (RA/RR):

MOTION:

The VNC recommends that the project's case coding be reinstated to the correct, original case coding as one case, because a change in the original planning case to 3 separate cases is not in compliance with State laws or the City's policies and because this separation resulted in a Mello case that is not appealable and does not comply with the Mello Act Interim Administrative Procedures; and the VNC recommends approval of the original case (ONLY original case, ZA-2015-607-CDP-ZAA-SPP-MEL, and not the revised, "piece-mealed" 3 cases), including the ZAA request to allow a 2' side yard vs. the 4' required, on two conditions:

- i. the adjacent property owner on the side with the 2' side yard provides a written signoff specifically stating that they do not object to the side yard adjacent to their property being 2' wide; and
- ii. the driveway on the other side of the property is a minimum of 10' wide (2 1/2' on the neighbors' side; and 7 1/2' on the Applicant's side).

Applicant: Carl Lambert, Venice Suites, LLC
LUPC Staff: Kathleen Rawson & Mark Kleiman
NOTE: Public Comment was closed at December 7, 2015 Meeting
Recommended by LUPC on 1-25-15 by a vote of 6-1-2 (MK/KR):

MOTION:

The VNC recommends that the proposed conversion / change of use from a 32-unit apartment building to a 32-unit transient residential occupancy structure with a zone variance to allow the use in the R3 zone and to waive requirements for a loading dock on the same lot be denied on the following grounds:

1. The proposed hotel is not permitted in an R-3A zone.
2. This hotel use is not a non-conforming hotel use since the most current certificate of occupancy states that the building is being used as an apartment building.
3. The Mello Act requires specific Findings before any residential units in the Coastal Zone may be demolished or converted, and the required Findings of infeasibility and coastal-dependent use cannot be made.
4. The project proposes to convert 32 residential units to hotel-type use. This violates the Mello Act and deprives the community of needed rent-stabilized housing stock. The cumulative impact of the loss of additional residential housing is deleterious to the community, harms residents and neighbors, and places upward pressure on the rental market.
5. The proposal is contrary to the Venice Land Use Plan’s preference for a mix of residential and commercial uses on the Boardwalk. Only five or six blocks of the Ocean Front Walk area

have been protected as zoned residential, and they ought to be preserved.

6. The application has failed to provide for amelioration of parking and traffic problems, and, specifically, the absence of the required loading dock on the same lot will increase traffic burdens in the neighborhood given the traffic problems on Speedway.

PUBLIC COMMENT

Recommended by LUPC on 2-1-15 by a vote of 5-0-2 (RA/RD):

MOTION:

Whereas, there is substantial evidence that the Applicant has not complied with the conditions of approval in the WLAAPC Determination Letter dated May 25, 2012, specifically condition numbers 11, 14, 15, 16, 17c, 18b, 18e, 19, and 23, and thus the Plan Approval should be denied, and the extension of the CUB should be denied; and

Whereas, instead of denying the application, the Applicant and the Department of City Planning can agree to postpone this Plan Approval proceeding for one year

Therefore, the VNC recommends that the Plan Approval be postponed for one year, until February 1, 2017, for the purpose of allowing time for the Applicant to fully comply with the existing conditions of approval, and for sufficient time to pass in order to demonstrate ongoing and permanent compliance to the concerned neighbors.
