Lead-time from the time such a concession is deemed feasible to getting a concession operating is estimated at 12 to 24 months due to need to advertise for and receive bids from concessionaires.</p> <p>VNC will hold a public meeting in November to review this summer's zipline pilot project and whether a concession is desirable for Venice,</p>
2	At the end of the trial period, any permanent installation shall be subject to environmental review by the City of Los Angeles and the California Coastal Commission and to input from the VNC and the community regarding the impact on the community, including without limitation, the noise impact, parking, visual blight, whether appropriate security and safety considerations have been met, how the company has handled crowd control, and revenue earned;	OK	Per CCC and city, permit must be reapplied for after ending date, requiring separate CCC and city approvals. *Permit Item 9:* "Permittee may be required to provide additional disposable trash receptacles... shall also be responsible for removing all litter from the grounds..."

Rec & Parks agreed verbally that 2/3rd of revenue received will be spent at Venice Beach per condition (over & above regularly budgeted expenses).

Notes:

1. Rec and Parks received 28K for the month of July consisting of good will payment based on estimated daily revenue of 350 riders and concession per day for 22 days and 9 days of rider and concession revenue.
2. Rec and Parks 16,936 for August permit fees
3. Baseline of prior-year spending was estimated at \$600,000. This is a rough estimate only as RAP does not have a clean budget / breakdown for Venice Beach Park spending. Does NOT include water and power
4. RAP reports that 10 temp workers will start 9/9 to assist with bathroom cleanup and trash removal (this avoids city "Managed Hiring" restrictions). Each worker will be on a 20 hr/wk schedule. Total cost around \$2600 per month. VNC asked if it makes sense to concentrate the additional work on weekends after September.
5. RAP reported it has steam-cleaned OFW and will repeat regularly. A mini-sweeper may become available (presently out-of-svc due to needed repairs).
6. RAP reported that it is unable to extend a contract to Chrysalis for additional maintenance due to Union opposition (Union wants work done by Union workers).
7. RAP received a quote on bringing in portable toilets. 3 stalls (one ADA, 2 std size) can be installed at a cost of \$500 for 90 days. Cost includes 2 cleanings - muck-outs / wk – additional cleanings at 7.70 weekdays, 17.70 weekends. Potential problems: tipping / vandalism, dumping of hazardous waste.
8. 4 Out-of-Svc toilets (out of 55) on 9/3 (after repairs). Prop K grant awarded to rehab restrooms at Rose. Part of money will be used to develop vandal resistant doors & locks
