9B Town Hall Regarding the Venice Boulevard “Great Street” Program (submitted by James Murez on behalf of the PTC, james.murez@venicenc.org)

MOTION: Whereas, the Venice Blvd. “Great Street” pilot project has recently been implemented, including several changes to the roadway between Beethoven Ave. and Inglewood Blvd, and

Whereas, the changes include removing one traffic lane in each direction to accommodate a buffer zone for on-street passenger loading of parked vehicles (rather than from the sidewalk) and widening of the bicycle lane, and

Whereas, Council District 11 circulated surveys to very small minority of community members (approximately 450 total surveys, many to students who don’t drive) and extrapolated “community-driven” support for many elements of the “Great Street”, yet the surveys did not specifically ask the community about the lane reduction element of the program or obtain any feedback from the vast majority of those who use Venice Blvd on a daily basis, and
Whereas, the increased traffic on Mar Vista roadways has had an adverse impact on emergency response times of Fire and Police Department

Now therefore, be it resolved that the VNC requests Councilman Mike Bonin to hold a Town Hall on this issue and respond to Venice residents about the Mar Vista and Playa Del Rey street projects. We suggest that this meeting be held prior to August 1st so that the Board will have sufficient time to make recommendations at its August 15 meeting.
