11E. Council File 21-0350 to build tiny houses, provide safe camping, and provide safe parking at various locations in CD11, Culver City, and Los Angeles County parking lots.

<https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=21-0350>

In reference to council file 21-0350, the Venice Neighborhood council opposed a feasibility study to explore the possibility of using beaches, beach parking lots, and public parks for safe parking, camping, and/or tiny homes. Open space and parking for the beach are extremely limited and the city should not be looking to take away these much needed amenities in the communities throughout CD 11. Furthermore, as the humanitarian crisis on our streets escalates at an exponential rate, it is fiscally irresponsible to engage in feasibility studies. The council should immediately review the list of underutilized properties from the controller's office.

MOTION: The VNC supports the Westside Regional Association of Council's WRAC motion to strongly advise members of the Los Angeles City Council and the Mayor that WRAC opposed using the beaches, beach parking lots, and public parks for housing of the unhoused. Neighborhood or Community Councils where these sites are listed in the Council motion shall work in good faith to identify alternative sites within their boundaries. The parks are subject to approval of the stakeholders and Neighborhood Council in the area of the parks, including the Venice Beach Recreation area, a city park.

Hearing: To be heard in PLUM by July 2, 2021

Applicant: Cannabis Vision Partners

LUPC Staff: Daffodil Tyminski

City Staff: none

Case Description: Application for a cannabis retail license based on Public convenience or necessity.

MOTION: Whereas Cannabis Vision Partners CVP previously operated a cannabis business in Venice,

Whereas CVP focuses on serving women and the minority communities who have been historically

Disadvantaged in obtaining retail cannabis licensing in Los Angeles,

Whereas the VNC would like to support a women and minority run cannabis business,

Whereas CVP serves a public convenience or necessity,

Therefore, the Venice Neighborhood Council recommends approval of the CVPs PCN application to the city council finding that granting CVP a retail cannabis license would serve a public convenience or necessity.

12A Responsible Reallocation of Prop. HHH Funds (Soledad Ursua, soledad.ursua@venicenc.org)

MOTION: Request: With Prop. HHH, passed by voters in 2016, city officials were authorized to issue \$1.2 billion in general obligation bonds to subsidize the development of up to 10,000 supportive housing units for individuals and families experiencing homelessness. An audit by LA Controller Ron Galperin showed that the average cost of such projects was \$531,000 per unit, not including the cost of land, and that the units took between 3 and 5 years to build; 30-60 percent of funds went towards "soft" costs such as fees, consultants and financing and; only 489 units are completed and most of those under construction will not be ready until 2024; and less than \$400 million of the \$1.2 billion in HHH-generated bond money has been earmarked or spent. The Venice Neighborhood Council recommends that: HHH funds should be redirected towards fiscally responsible, shovel-ready projects, and a cap on the cost per unit should be imposed; HHH funded projects that exceed the city's own Comprehensive Homelessness Strategy estimate of \$350,000 per unit (including all municipal, state, and federal funding) should be audited and/or stripped of funding; and HHH funding can only be used to fund hard costs. Upon passage this Resolution shall be sent to Councilman Mike Bonin (Mike.Bonin@lacity.org), Mayor Eric Garcetti (Eric.Garcetti@lacity.org), City Controller Ron Galperin (controller.galperin@lacity.org), LA City Attorney Mike Feuer (mike.n.feuer@lacity.org)

12B Motion to Repurpose all HHH Funds That Have Not Executed Their Exclusive Negotiating Agreement (ENA) (Soledad Ursua, soledad.ursua@venicenc.org)

MOTION: Currently, the city of Los Angeles has over 41,200 homeless people living on the street with one homeless person losing their life every five hours, according to recent data from the L.A. County Coroner-Medical Examiner's office with a 23 percent increase in deaths in the first seven months of 2020 when compared to the same period in 2019. This is a serious public health and safety issue, and; The Covid-19 Pandemic-driven financial crisis at Los Angeles City Hall has deepened significantly over the past three months, with budget analysts warning the city's shortfall could reach \$400 million to \$600 million by the end of the fiscal year that represent 6% of the 2020-21 budget, and the grim forecast poses some tough choices for city leaders, with a local economy battered by coronavirus shutdowns that have sent unemployment soaring, caused many small businesses to close and threaten major cuts in municipal services (from the LA Times), and; Many of the developers for Permanent Supportive and Affordable Housing are under Exclusive Negotiating Agreements with the city and county for Prop HHH funds, Measure H and Prop 2 but the cost to build from the ground up by these developers it is a failed model offering very few units of housing at exorbitant cost per unit for a city in a financial crisis and to taxpayers who can little afford higher taxes, and; The average cost to build permanent supportive and affordable housing in the city of Los Angeles under the current ENA is a failed model that costing taxpayers \$550 thousand - \$900 thousand a unit for 450 sq. ft., and is taking an average of four years+ to build the housing development while the homeless are languishing and dying on the street, and; An ENA is only a negotiation and not a signed or approved contract to move forward with a development, and; There are many alternative and lower costs models for housing the homeless and low income persons such as Tiny Homes, Shared Housing, SRO, Adaptive Reuse, Pods, Modular Housing, Stackable Housing Shelters, and; Covid-19 is an "Act of God" with Force Majeure due to policies to protect the public from the Pandemic, and; NOW, THEREFORE, BE IT RESOLVED that the Venice Neighborhood Council asks that the City Council remove itself from and cancel all Prop HHH Exclusive Negotiating Agreements (ENA) with housing developers and asks that the City Council also ask the County to cancel all Prop H and Prop 2 exclusive negotiating agreements (ENA) with housing developers due to the Covid-19 Pandemic Act of God Force Majeure and to appropriate those funds towards alternate and more immediate housing for the homeless in order to alleviate the devastation of deaths of one homeless person losing their life every five hours according to recent data from the L.A. County Coroner-Medical Examiner's office (a 23 percent increase in deaths in the first seven months of 2020) when compared to the same period in 2019. This is a serious public health and safety issue and the city must act to help by repurposing Prop HHH funds for faster forms of housing for the homeless, such as Tiny Homes, Shared Housing, SRO, Adaptive Reuse, Pods, Modular Housing, Stackable Housing Shelters and all alternative low cost models for rapid rehousing of the homeless. Upon passage this Resolution shall be sent to Councilman Mike Bonin (Mike.Bonin@lacity.org), Mayor Eric Garcetti (Eric.Garcetti@lacity.org), City Controller Ron Galperin (controller.galperin@lacity.org), LA City Attorney Mike Feuer (mike.n.feuer@lacity.org)

13D Resumption of Venice Special Enforcement Cleaning Zone (SECZ) (Soledad Ursua, soledad.ursua@venicenc.org)

MOTION: Request: In October of 2018, Los Angeles Mayor Eric Garcetti and CD11 Councilmember Mike Bonin appeared before Venice Stakeholders to discuss A Bridge Home (ABH) Venice, and promised that with its opening, a Special Enforcement Cleaning Zone (SECZ) would be created, in addition to a 24/7 SECZ designated LAPD patrol car. Although ABH opened in February, 2020, enforcement of the SECZ was delayed due to COVID19 protocols, and the SECZ Patrol Car was taken away during defund the police cuts. Comprehensive clean ups resumed at all other ABH locations last July, except for ABH Venice. COVID19 restrictions are being lifted across the City, and Governor Newsom has issued an order regarding COVID19 guidelines effective June 15, 2021, removing all capacity limits and physical distancing requirements imposed because of COVID19, regardless of setting. The Venice Neighborhood Council recommends the resumption of the Special Enforcement Cleaning Zone (SECZ), begin effective immediately, and return the designated LAPD patrol car as originally promised. - 13E Permanent Housing Needs (Frank Murphy, frank.murphy@venicenc.org)**
MOTION: - The 5/10/21 Administrative Committee referred this Discussion Forum Committee motion to the Homeless Committee (see AdCom agenda here): Request that our elected LA representatives inform us regarding how it will provide the permanent housing needed to deal with systemic homelessness. Whereas, per information in www.latimes.com/com/opinion/story/2021-04-14/putting-jomeless-people-in-shelters-still-leaves-them-homeless:
Be it therefore resolved that the Venice Neighborhood Council Board is requested to adopt the following motion to include the above Whereas clause: The Venice Neighborhood Council Board requests that our Los Angeles elected representatives provide clarity to Venice and all of Los Angeles City as to how it proposes to provide the supply of the permanent housing necessary to meet the demand in order to deal with the housing shortage which has and will, unless resolved, maintain the systemic cycle of homelessness affecting our Los Angeles communities.

- 13G WRAC Motion to Facilitate Greater Use of 5150 Holds and Conservatorships (Mark Ryavec, mark.ryavec@venicenc.org)**
MOTION: Severely mentally ill persons in Los Angeles, who are unable to avail themselves of current public services, are dying on our streets. We demand the City of Los Angeles collaborate with the County of Los Angeles to fully utilize the Lanterman-Petrus-Short Act, including section 5150, and to fast-track conservatorships of these individuals, to enable life-saving care. Further, we ask that the city add to its legislative program a demand that the State Legislature provide funds to the county to create as many fully-staffed psychiatric beds as necessary to properly house and treat these individuals. Report: The Lanterman-Petrus-Short (LPS) Act (Cal. Welf & Inst. Code, sec. 5000 et seq.) regulates involuntary civil commitment to a mental health institution in the state of California. The act set the precedent for modern mental health commitment procedures in the United States.

The bipartisan bill was co-authored by California State Assemblyman Frank D. Lanterman (R) and California State Senators Nicholas C. Petris (D) and Alan Short (D), and signed into law in 1967 by Governor Ronald Reagan.[1] The Act went into full effect on July 1, 1972. It cited seven articles of intent: • To end the inappropriate, indefinite, and involuntary commitment of mentally disordered persons, people with developmental disabilities, and persons impaired by chronic alcoholism, and to eliminate legal disabilities; • To provide prompt evaluation and treatment of persons with serious mental disorders or impaired by chronic alcoholism; • To guarantee and protect public safety; • To safeguard individual rights through judicial review; • To provide individualized treatment, supervision, and placement services by a conservatorship program for gravely disabled persons; • To encourage the full use of all existing agencies, professional personnel and public funds to accomplish these objectives and to prevent duplication of services and unnecessary expenditures; • To protect mentally disordered persons and developmentally disabled persons from criminal acts. As administered today in Los Angeles County, it does not adequately address the thousands of mentally ill homeless individuals languishing on public property throughout our communities. The three-day psychiatric holds that are permitted are employed only in the most extreme circumstances and are relatively useless in gaining the long-term psychiatric care that is often needed to improve patients' mental and physical conditions. The longer conservatorships allowed under the Act are even more rare due to the severe lack of psychiatric beds. Los Angeles County only has 22.7 out of the recommended 50-per-100,000 mental health beds.

[documents/backgrounders/bed-supply-need-per-capita.pdf](https://www.treatmentadvocacycenter.org/storage/documents/backgrounders/bed-supply-need-per-capita.pdf)) Dr. Jonathan Sherin, of the County Department of Mental Health, in response to a motion in the LA Alliance case, identified the many deficiencies in the county's mental health system, and recommended the county add an additional 500 beds. Of those 500 beds, the county has only added a little over 100. <http://file.lacounty.gov/SDSInter/bos/supdocs/132696.pdf>. LA Alliance attorney Elizabeth Mitchell recently wrote: "If you talk to folks who run the county psych facilities, they will tell you horror stories about people sitting in emergency wards for months waiting for interim and long-term mental health beds, which means they have nowhere to put new patients in crisis, and literally have to turn away people being brought in on 5150 holds. Courts won't conserve even desperate mental health patients because there's nowhere to put them." Motion authored by Dr. Renee Sabshin and Mark Ryavec
