11 Community Improvement Project - SELF-GUIDED MOBILE WALKING TOUR OF VENICE

Description:

Committee: Preserving Public Places **On:** 2022-05-10 **Vote:** 5/0/0

PROJECT DESCRIPTION: Using <https://pocketsights.com/> software we will create a mobile app that enables users to take free self-guided tours or to randomly discover and roam sites throughout Venice using GPS on either Android or IOS platforms. PocketSights has been in use, worldwide, by cities,

universities, arboretums and more, since 2014. It has a 5 star rating. There are several tours in the L.A. area, including of architecture, lost tunnels, cultural and historic sites in Downtown L.A. We've tested it by taking a tour created by UCLA of their campus. See: <https://pocketsights.com/tours?search=los+angeles> With the App, we can identify points of interest anywhere — along streets or off the beaten path, at the beach, down alleyways, in parks, through the canals, and beyond. Simple drag & drop site building, lets us include text, images, sound, and video for each site. We enrolled in a 30 day free trial to try our skills at building a site. It's easy and flawless. See Exhibits, below. Within our App, we can create unlimited Tours, such as for Historic Landmarks, Public Art, Movie Locations, Famous People, Black History, or Trees & Gardens. Our committee, inviting input from all Venice "historians," will begin with Historic Landmarks. Other committees, such as The Neighborhoods Committee, might add way finding sites to public facilities and services in Venice. The software enables us to grow with our needs and to have unlimited users. Our sites will pop up automatically on our App. We'll start now, enhancing Venice for all residents and visitors. When the Olympics come to town, tourists will enjoy navigating and discovering the wonders of Venice. **OPTION 1: CONTENT CREATOR(S)** While we will invite content from everyone, and a tremendous amount is available for free in the public domain, if funds are available, in the future we may propose that retaining a "content creator," would be helpful in rapidly uploading information to our App. Our recommendation, if he agrees to accept, is Venice's own most knowledgeable and tech savvy historian, Jeffrey Stanton. **OPTION 2: SITE MARKERS** Though not essential to this project, we plan to create complementary Site Markers which include imagery and a QR code to further engage the public and invite users to our App. See: Site Markers, Community Improvement Projects Funding Request **PUBLIC BENEFIT:** Venetians and visitors alike will have easy, on the spot, access to discover, explore, learn and enjoy stories of Venice's colorful history, fascinating culture and cool contemporary life. This will enrich the knowledge of locals, increase cultural understanding, strengthen community pride and enhance tourism. By facilitating tourism, the App will also bolster our economy. The navigation component provides users with directions and the confidence to explore and discover the places they might otherwise never find. The "roaming" option let's users move about however they like, discovering sites in their immediate location, or they can jump on a designated "tour" route. The App will also help visitors find essential public facilities and services, whether they're walking, biking, skating, on public transportation or from everywhere a GPS signal is found. **BUDGET:** We have a couple options for subscribing to the App. We can start with the "Enterprise" level which lets us create our tours on the PocketSights App. Ultimately, we'll want to be a "White Label" subscriber. That enables us to have our own App identity, with our own name, which can be discovered and advertised independent of PocketSights, but is also found on their platform. Both are reasonably priced, function in the same way and have 5 star reviews from users. Enterprise and White Label features are listed below and at <https://pocketsights.com/tour-builder>. If the funds are available now, White Label is the way to go. If not, we can start with Enterprise and upgrade later. Our data will transfer over. **CHOOSE FROM TWO OPTIONS White Labeled Branded APP** ■ Free Trial 30 days ■ US \$5,000 for both iOS & Android - a one-time setup fee ■ Option to renew \$1,000 annually in first 2 years; \$499 annual renewal thereafter One time setup cost Unlimited tours per app Dedicated account support Unlimited downloads Enhanced user permissions Create password-protect tours Test tours privately Single organization Custom App development App Store and Google Play hosting Examples of White Labeled Tours in other cities and places: <https://pocketsights.com/tour-guide-app/whitelabel> -OR- Enterprise APP ■ Free Trial 30 days ■ US\$499 annually with option to renew \$499 annually ■ No setup cost ■ Unlimited tours per App ■ Online support ■ Unlimited downloads ■ Basic user permissions ■ Single organization Either platform allows us to create unlimited tours and have unlimited users. We can add YouTube links and SoundCloud Audio as part of our tours along with photos and text, and our tours will be featured on the PocketSights Tour Guide Apps on the App Store and the Google Play Market. **PROJECT TIMELINE:** Start date: ___06___/___01___/___2022___ Date Funds Required: ___06___/___01___/___2022___ Expected Completion Date: Phase one - creating a tour of Historic Landmarks in Venice ___12___/___31___/___2022___ **TOTAL FUNDS REQUESTED:** Our committee asks the VNC Board to select one of the following options: White Label Option: \$5,000 subscription (optional annual renewals \$1,000 first two years then \$499

thereafter) OR Enterprise Option: \$499 annual with optional annual renewal \$499 (can be upgraded in the future to White Label for \$7,000 one time plus the same annual \$499).

MOTION:

MOTION: Whereas Venice has a rich history of people and places as well as contemporary destinations that residents and visitors love to discover, explore, and visit, AND Whereas technology now provides a mobile app to enable way-finding with rich content to be in the palm of everyone's hands via gps on IOS and Android devices, for free, Now, Therefore, the Venice Neighborhood Council moves to allocate Community Improvement Project funds for the creation of a mobile VeniceNC Tour App using <https://pocketsights.com> either: \$5,000 for a VeniceNC "White Label" one time subscription fee with Option to renew \$1,000 annually in first 2 years; \$499 annual renewal thereafter OR \$499 for a Pocketsights VeniceNC "Enterprise" fee with \$499 annual renewal. 12 Community Improvement Project - Site Markers Application

Description:

Committee: Preserving Public Places **On:** 2022-05-10 **Vote:** 5/0/0

Our Site Markers with etched photographic imagery of the associated historic site, will tell the colorful stories of Venice history. They can stand alone, or, with the use of a QR code, the site markers will compliment and invite users to our free mobile Venice tour App. Venice has an abundance of multi-cultural historic sites that could receive markers. They include significant architectural sites including, the 100 year old Short Line Trolley Bridge, The Venice West beat poet landmark, the Ocean Front Walk Pagodas, the iconic Italian Colonnade.

20 Abolition of the Rules & Selections, Neighborhood Committees

Description:

Stakeholder: Nick Antonicello **Dated:** 2022-04-19

WHEREAS, the above-mentioned committees have had little activity, production or functionality in lieu of COVID, and WHEREAS, the role of both committees are

redundant and their roles can be easily absorbed by the full board moving forward, and WHEREAS, the Neighborhood Committee has played no role thus far and it has taken months just to find a membership that can withstand a quorum count, and WHEREAS, the Rules & Selections Committee is riddled with conflicts of interests, inconsistencies and violations of the current BY LAWS and Standing Rules, and WHEREAS, the Venice Neighborhood Council is perfectly capable as serving as a "Committee of the Whole," where BY LAW revisions and amendments can be entertained in a unbiased, non-combative and sober environment that is transparent and accountable to the stakeholders of Venice, and WHEREAS, the proliferation of non-productive committees such as the Neighborhood and Rules & Selections Committees are "antiquated and anachronistic," and play no meaningful role in the promotion or administration of this Neighborhood Council, and WHEREAS, neither committee can point to a single advisory accomplishment, while Rules & Selections is in direct conflict and violation of it's own mission statement with having the sitting Parliamentarian as a member as well as a member of two (2) other standing committees, another violation of RRO, the BY LAWS (Article 12) and Standing Rules, THEREFORE BE IT RESOLVED, that the Venice Neighborhood Council in an attempt to unload this bureaucratic baggage that plays no serious role in the operation of this elected body, that the President recommend both committees be disbanded and abolished and the functions and responsibilities of the same be absorbed and consolidated within the responsibilities of the Venice Neighborhood Council moving forward so that stakeholders be better represented and that needless time and energy not be wasted by the whims of those seeking to consolidate power that does not belong to appointed committee members, but rather duly elected officers by the stakeholders of the neighborhood of Venice.

MOTION:

This motion should be approved by Ad Com for immediate consideration by the full board at the next regularly scheduled meeting of the Venice Neighborhood Council.
