**Secure and Accessible Document Storage for Homeless.**

Submitted by Frank Murphy

**Corrected to “Submitted by Liz Wright and Jody Mortimer”**

**Where as:**

- Original documents, such as driver’s license, certificate of training completion, and etc., are often required by prospective employers, land lords, housing providers, service providers and etc. and
- Homeless People are susceptible to loss and highly vulnerable to theft and robbery,

**Therefore:**

The Venice Neighborhood Council requests that the City of Los Angeles work with non-profit service providers with facilities easily accessible to the unhoused, to provide secure storage for original documents for unhoused people. The solution to this problem can be as simple as an envelope for each with the person’s name kept in a secure area, or as complex as lockers comparable to safe deposit boxes with combination locks provided and monitored by the service provider.
