**10 Motion to correct prior minutes**

**Description:**

**Stakeholder:** Lisa Redmond **Dated:** 2023-03-11

Venice Neighborhood Council Board member Zachary Best, appointed to the Board on August 16, 2022, never took any of the required training before he was removed from the Board due to multiple absences on February 21, 2023, and for that reason was ineligible to vote on ALL agenda items for the few meetings he attended. The Funding training for Board member Robert Thibideau expired on September 28, 2022, and was not renewed until February 16, 2023, and for that reason was ineligible to vote on Funding agenda items between those dates. Yet, despite constant communication to all VNC Board members from DONE, these two Board members were allowed to vote over the last several months even though their proper training as required was not in place. The votes, and for that reason the minutes, require amending.

**MOTION:**

THEREFORE, the Venice Neighborhood Council directs the Secretary in the next 14 days to amend the below listed minutes with corresponding item numbers, and change these Board member votes to "Ineligible:" October 18, 2022 – Regular Board meeting – Thibideau: items #15, #16 November 15, 2023 – Regular Board meeting – Best: items #9, #18, #19, #21, #23 (both original and alternate), #24 (alternate only), #26 (both original and alternate), – Thibideau: item #24 (alternate only) December 20, 2022 – Regular Board meeting – Thibideau: items #5, #6 January 9, 2023 – Special Board meeting – Best: item #7 – Thibideau: item #7 The amended minutes will be placed on the next following regular (expected April 18, 2023) Board of Officers agenda for ratification by the Board.

## 14 VNC Financial Transparency

**Description:**

**Stakeholder:** Lisa Redmond **Dated:** 2023-03-16

Neighborhood Council fiscal transparency informs stakeholders how government and tax revenues are spent, and is a critical element of effective public financial management. As well, transparency provides stakeholders a window into neighborhood council budgets and those stakeholders, in turn, are able to hold their neighborhood council accountable. However, a dearth of fiscal transparency exists within the Venice Neighborhood Council. Stakeholders are lacking opportunity to provide input into finances and/or review financial matters, primarily because the VNC's standing Budget & Finance Committee does not meet on a regular basis in violation of the Board of Neighborhood Commissioners (BONC) and Los Angeles City Charter Plan for a Citywide System of Neighborhood Councils. Regularly scheduled Budget & Finance Committee meetings will allow stakeholders the opportunity to provide input, ask questions, or point out inconsistencies in MERs and the Treasurer's report, ideally ratified by the Budget & Finance Committee, before submission to the Board of Officers. Additionally, a book of accounts is required to be open to all stakeholders for inspection, along with an established process for stakeholders to review. **MOTION:**

THEREFORE, the Venice Neighborhood Council directs its Treasurer, in conjunction with the Budget & Finance Committee, to establish and commence regularly scheduled meetings as required by BONC and the City Charter. As well, the Budget & Finance Committee will define its book of accounts and establish, and publish, its process for review, also in compliance with BONC and City Charter requirements.

**Description:**

**MOTION:**

WHEREAS, oversize vehicle regulations are currently in place on some of the Venice streets defined by Section 1 of Ordinance 181413; and WHEREAS, parking enforcement currently requires stakeholders to call during the enforcement hours of 2am to 6am

THEREFORE, The Board of Officers of the Venice Neighborhood Council requests that the council office either directs parking enforcement to enforce OVO signs within Venice during the hours of 2am to 6am without the need of residents to call in, or to allow stakeholders to call outside of enforcement hours to request enforcement during enforcement hours.

**20 SUPPORT ENDING AUTOMATIC STREET DEDICATIONS**

**Description:**

**Committee:** Parking and Transportation Committee **On:** 2023-03-21 **Vote:** 4/0/1

The draft motion (City Council file 22-1476) moves that City Council instruct the BOE in consultation with City Planning and LADOT to recommend a reform of Right-of-Way Dedication process. This process has often been mis-interpreted as a Roadway Dedication by the Bureau of Engineering and has forced “spot widenings” throughout Los Angeles which have caused unnecessary hardship on developers and diminished the quality of our streetscapes. In fact, the City’s General Plan Mobility Element and the Complete Streets Design Guide are two policies that outline exceptions to the roadway dedication policy. Unfortunately, “spot widenings” have prevailed for too long, and continue to marginalize sidewalks and emphasize vehicle travel irrespective of legal authority.

**MOTION:**

Refers to City Council file 22-1476 The Board of Officers of the Venice Neighborhood Council files a CIS supporting ending automatic street dedications, as present in Council File 22-1476 for the following reasons: - Spot widening leads to poorly designed, incoherent streets - Spot widening often converts greenery to impermeable asphalt. - Widening can add hundreds of thousands of dollars to the cost of a housing development, as it may include utility relocation, moving street lights and signal boxes, and tree replanting.

Neighbors near Brooks (around Main and Pacific) are having problems with RVs and Vans parking on the street. They are asking for more information on the OVO and signage. Whereas as neighbors have documented an increase in oversized commercial and recreational vehicles.

**MOTION:**

**23 IKE INTERACTIVE KIOSK PROGRAM**

**Description:**

**Committee:** Parking and Transportation Committee **On:** 2023-02-06 **Vote:** 4/0/0

IKE is the City's plan to install hundreds of digital ad structures on City sidewalks. The IKE 8-foot tall, two-sided digital advertising structures are being billed as a means of assisting tourists in navigating the City.

**MOTION:**

Refers to City Council file 22-1154 VNC PTC recommends Venice NC opposes the IKE program as present in Council File 22-1154 for the following reasons: There is no local competitive bidding process. This project needs a financial analysis, as it is using public space to generate revenue. This project has negative environmental impacts and there is no environmental review (CEQA). This project creates visual pollution and takes away space on the sidewalk that could be used for trees. This project is a source of driver distraction, which is contrary to the City's Vision Zero policy.

use of vehicle dwelling as their solution for housing, and, in some instances, this population represents a less visible sub-group of unhoused in Venice, and may have less contact with aid and service agencies, - in addressing the precarious nature of this type of shelter solution, a major jeopardy is vehicles being towed by the city due to parking tickets or registration issues. - the (CAPP) is a solution currently available where, in limited circumstances, a program of community service in lieu of fines is available to neighbors who qualify. - there is currently limited Westside service providers with whom community service hours can be completed, even though many service providers have operations in the West Side.

**MOTION:**

The Board of Officers sends a letter to CD11 requesting that service providers such as St. Joseph's, S.P.Y., PATH, OPCC, The Circle Team, and etc. to explore the viability of becoming a community service to neighbors who seek to use Community Assistance Parking Program.

**36 Proper recording of attendance in minutes**

**Description:**

**Stakeholder:** Lisa Redmond **Dated:** 2023-03-16

In a democratic society, voters have the privilege of holding the powers that be to task, and to scrutinize their elected officials. One way stakeholders can demand accountability of Neighborhood Council Board officers is through attendance and time at required meetings. For that reason, the Board of Neighborhood Commissioners (BONC) established a policy of what minutes shall contain, and in regards to attendance records, it states the roll call of Neighborhood Board members shall be taken as well as noting the time of any members who arrive after the meeting is called to order, or who leave after the adjournment of the meeting. Yet the Venice Neighborhood Council does not keep attendance records in the minutes of when Board members arrive or leave as required, and has ignored repeated requests by stakeholders to do so. **Attachments:** policy: <https://empowerla.org/wp-content/uploads/2016/04/Minutes-Policy-Resolution1.pdf>

**MOTION:**

THEREFORE, the Venice Neighborhood Council directs its Secretary, or designated minute taker in the secretary's absence or inability, to record attendance as required according to BONC policy.
