

October 12, 2023

To the LAPD Police Review Panel (a subsidiary of the LAPD Board of Police Commissioners):

The Penmar Community Affidavit (the "PCA" or "Affidavit") was launched on the afternoon of October 5th 2023 to give our customers, neighbors and indeed the entire westside community a forum to communicate their support for The Penmar, and in particular our ability to host live music, including *Sunset Sessions*. The following is a list 3,900+ people that have digitally signed the Affidavit. It includes their name, email address (hidden in this print as this may become a public document), neighborhood, and in most cases a comment. This list has not been edited or redacted in any manner, and as far as we can review, the responses are 100% positive!

In order to provide the LAPD Police Permit Review Panel sufficient time to review and fully appreciate the thousands and thousands of supportive responses, we have cut off and printed the attached PCA as of the morning of October 12, 2023. Please note that each individual signature is time stamped to show that messages of support come in steadily. Please also note that responses continue to flow into the PCA database after this print.

In summary, we are humbled and honored by the immediate, overwhelming, and ongoing support from this wonderful Community which is so desperately in need of outdoor space to come together, connect, heal, share and love. We also fully recognize our role as an active participant in our Community to provide a safe, respectful event to come together in a public park and listen to music, respectfully ending by 9pm on Fridays. Please read the comments and **feel the love**. It's astonishing. The Penmar's *Sunset Sessions* is a cherished community event operating within the law and its permits and licenses and should not be squashed by a vocal minority of disgruntled residents of Santa Monica.

Thank you for your consideration.

The Penmar

2	10/12/2023 9:38	Sandy Stewart	East Venice	There are so few opportunities to enjoy free entertainment and support a local business, and to be together with friends outdoors in a safe environment. 9pm is very reasonable for such activity.
3	10/12/2023 9:28	Layla Parvis	Venice	We love this community event! And it ends at 9pm on Friday night which is by no means past curfew or late.

46	10/11/2023 16:30	Denise Samayoa	Santa Monica	
47	10/11/2023 16:28	Robert Narchi	Mar Vista	I am failing to understand how a few residents in in the nearby area are having an issue with music on a Friday night that benefits and supports the entire community, something we have never had. Never have I seen an altercation or an incident at the event. It appears that one of these residents is spearheading this effort, spending all of his time on this personal quest, to destroy an event in the community that so many attend and appreciate.
48	10/11/2023 16:26	Wyatt Lillie	Penmar (Appleby Street)	
49	10/11/2023 16:20	Sanjeeta Sharma Christiansson	Venice (just a few blocks away on Lake Street)	We live just a few blocks away and have supported what Penmar has been trying to do for our community for the past few years. We've attended numerous events here: on Wednesdays and Fridays. We have never experienced a noise disturbance or any issues with the sound, or otherwise, even on those days we could not attend. So naturally it's alarming to hear there are neighbors who want to shut this down! Since COVID lockdowns, we as a community have been trying to reconnect and rebuilt, and we love what Penmar is trying to do! Shutting this down will be heartbreaking! Penmar opens its doors to all of us and it's such a blessing to meet neighbors and listen to music on the lawn, under the sky. Please don't break our hearts again members of the Council. We need this.
50	10/11/2023 16:06	Elliott Enriquez	Marina Del Rey	Best live music event in the Westside!
51	10/11/2023 15:40	Nicole Hutchison	Los Angeles	
52	10/11/2023 15:39	Damon Parry	Venice	These Sunset Sessions Live Music Events have been a great help to mental well being. After a long week of work, I look forward to winding down on at the park with a glass of wine, some great soft music and with friends. Ending this event would do much more harm than good. 9pm on a Friday night a very respectable time to have any live events/music shut down for the betterment of the community. I see no reason this should be shut down and give my support 100% to the continuation of this great event!

54	10/11/2023 15:01	Miranda Perez	Mar Vista	This is an awesome event that the community loves, and it's a very relaxed Friday night activity that ends at a reasonable time. A few upset neighbors shouldn't take the joy away from the many people who come and enjoy the live music.
55	10/11/2023 14:54	Kay McAnally	Santa Monica	Please keep Sunset Sessions going! I love the community, food, and of course, MUSIC! It is a beautiful part of the neighborhood culture and I would hate to see it go belly up.
56	10/11/2023 14:26	Andres T	Santa Monica	Penmar Sessions are a unique experience for neighbors, families, and friends to gather for good times. We shouldn't be taking away something that helps bring together a community.
57	10/11/2023 14:23	Lauren Gilfenbain	Santa Monica	I love Sunset Sessions. It is a fun and lowkey way to spend Friday nights with friends and to meet new ones. It is well regulated, security is wonderful and I have never noticed any loitering around the property after the event is over.

70	10/11/2023 11:38	Kelsey A Leiter	Santa Monica	I love this event. It's wholesome and people bring their kids and dogs and it's a great neighborhood activity. Penmar has always been really respectful of the surrounding residents and end time.
71	10/11/2023 11:31	Dax Kimbrough	Sunset Park - 21st & Dewey - on the fence near 8th Hole	<p>I hope this message finds you well. I wanted to take a moment to express my strong support for the weekly music events at Penmar Golf Course, particularly the Sunset Sessions.</p> <p>As a neighbor, I've had the pleasure of attending these events and have found them to be a wonderful addition to our community. They offer a great opportunity for people to come together, enjoy some quality music, and create lasting memories in our neighborhood.</p> <p>I understand that concerns have been raised by some neighbors, but I believe it's crucial to find a balance that allows us all to coexist harmoniously. These events have brought joy to many of us, and I believe they contribute positively to the vibrant atmosphere of our community.</p> <p>I genuinely hope that we can explore ways to address the concerns of those who might be inconvenienced while continuing to support and enjoy the Penmar Golf Course Sunset Sessions. 80	10/11/2023 9:41	Sybille Zimmermann	Mar Vista - walking distance to The Penmar	We as a family living in Mar Vista enjoy to gather with friends and other neighbours at the Penmar to enjoy live music on Friday nights. In times like this, having a local place to gather, be outdoors and enjoy live music is something rare and needs to be conserved. We also feel it is very important to support local places/business and artists, or we will just have another starbucks or some other big corporation move in and take away from small business owners and artist. I can't imagine that a 2 hour peaceful live music show has such negative impact on anyone's life.

This is something I rarely do and I always carry hearing protection for everybody in my family.</p> <p>The ability to share an affordable concert experience with good food, friendly staff, and in a relaxed environment for people of all ages is what drew me and my family to attend Sunset Sessions.</p> <p>If young children can attend this concert and enjoy the music at close proximity, I disagree with the petition to revoke this event's permits.</p> <p>I fully support The Penmar and hope that they will continue to provide an event that benefits the whole community.</p> <p>Sincerely, Diego Perez</p>

107	10/10/2023 19:50	Tom Steel	Sunset Park, Santa Monica	Sunset Sessions has become a community cornerstone. We attend regularly as a family of 4. It's truly a perfect Friday evening. As a veteran producer of sports, music and culture live events, live streams and live broadcasts, I attest, the Sunset Sessions is managed and executed in premium fashion. The event is top tier and professional. The decibels from the performance have never violated sound ordinances. The neighbors submitting these complaints are unfounded on all counts.

130	10/10/2023 16:22	Kristin Arndt	East Venice	I was born and raised in Sunset Park & My parents still live there. I grew up in the 70's/80's & early 90's still living there & am now in East Venice. It was a time, When the Penmar golf course had faded into obscurity & was not the thriving community entity it is as a whole since Carlos' team rejuvenated & reassured the tiny eatery along side the course into what is now, a new icon for the area. It's one of the only family friendly , community loved events which is a unity building opportunity for harmony & stress relief among its neighbors. I still have countless friends who live just north of the golf course & not one has ever heard a peep from the Penmar Live Music Sessions. They have however had countless next door neighbors who do far more to irritate & abuse sound laws..... 9pm is well with in any noise perimeters & surely few would argue if one is inside their own home, coupled with normal household noise intake & unless TRYING to find fault , the music can hardly be heard if at all..... Please don't squelch this unifying & harmless family venue.

135	10/10/2023 15:52	Alexander Cameron	Mar Vista	NIMBYS have opposed every form of development in Los Angeles and look where that's gotten us. Now they want to come after the small bit of community we have in our neighborhood. In addition, events like Sunset Sessions keep the neighborhood clear of crime and homelessness and provide valuable jobs within the community. Getting rid of this would be a massive mistake and I will punish my representatives at the ballot box if it actually happens. Sincerely, Mar Vista Resident

152	10/10/2023 14:24	Brad Cantwell	Sunset Park, Santa Monica	I live in the Sunset Park neighborhood of Santa Monica, just north of Penmar. In fact, I could literally throw a stone from my house to the golf course. We are extremely fortunate to have Penmar in our neighborhood. It helps foster a great sense of community and healthy activity. The weekend evening events are a very nice part of the neighborhood life.

154	10/10/2023 14:18	Josie Bullen	West Hollywood	Thankful for this event for bringing LA together in a wholesome way! Live music has truly never gone past 9pm in my experience and everyone clears out quickly.
155	10/10/2023 14:15	Chuck Mason	MV Woods	The music is deep background for us, so I can't comment on the content. Maybe those hillsiders are upset about the tunes. Go w/ Grateful Dead from the American Beauty / Workingman's Dead albums and they might end up swirling in the parking lot w/ their hands over their heads. Or try other music of the acoustic style. Thanks.
156	10/10/2023 14:03	Erin-Aine Miller	2 blocks south of the Penmar	Sometimes we go to the concerts, and sometimes we just are at home enjoying our own privacy. The music is never very loud and only happens for a few hours a week. The neighbors attempting to cancel this are really over-the-top and need to be ignored. Thank you.

176	10/10/2023 12:55	Jack Madden	Santa Monica	This has become an important community serving amenity. It fills the roll of a safe and casual setting for friends new and old to gather. There are homes even closer to Stern Grove in SF, an event multiple times larger than sunset sessions, which is seen by their community as a major positive amenity - for 86 YEARS! The desires of a few grumpy neighbors should not outweigh the immense benefits that this provides to such a diverse group in both age and background. To lose this would be a utter shame, and sadden many.

When people follow the rules, as they have, I find it appalling that 5 people can effect the enjoyment of thousands. This should be a non-starter. Let small business thrive.

192	10/10/2023 11:48	Eleah Portillo	Venice	Santa Monica residents can argue amongst themselves re Santa Monica properties. This is a Los Angeles institution let the Angelenos have something nice for a change. I'm a mother of three and we love bringing the family for these very family friendly Fridays. My youngest is 4 and the noise is certainly not too loud. These are lovely community events and part of why we love living here. Focus on dealing with the homeless and improving the quality of our schools and supporting local businesses and what makes our community special and not appealing 5 entitled homeowners in Santa Monica who are going to complain anyway once the airport is under construction. They should be grateful we are gentrifying our side of Penmar.
193	10/10/2023 11:43	Harrison Frick	Walgrove & Rose Ave	Sunset sessions are always an amazing, family-oriented event that brings locals together in a festive, communal, and fun atmosphere. 194	10/10/2023 11:42	Evan Coury	Venice	I am not a fan of loud bars / clubs / etc. so I avoid them. But out door Live music on a golf course sounds like the most natural and logical venue / event pairing.... Ive been to Penmar's music nights several times and it's absolutely amazing. I live 3 blocks from the Penmar and have never had noise issues. The events are always so packed! So many people in the neighborhood LOVEEEE these nights!! I think it is embarrassing that a group of people are trying to shut this down.... The world is messed up enough as it is. Let people enjoy their evenings outside IN NATURE with live music, friends, and a cold beer. WE LOVE PENMAR!!

We have two boys, 4 and 2, who love to attend, dance, get some energy out and see their friends. This is a family-friendly event and music ends by 9 PM. Venice is supposed to be a lively neighborhood and I'm guessing that quality likely attracted the now complaining neighbors to Venice. 259	10/10/2023 8:20	Katherine Ruppe	Venice- on Appleton Way, off penmar, 3 blocks from The Penmar	My family (2 adults, one child) lives a short walking distance from The Penmar. We greatly appreciate the way the live music has brought the community together and made it fun for all ages to enjoy. There are so few opportunities to mingle with neighbors and diverse people of different ages and backgrounds. We also have many friends who are musicians and who are benefiting from playing there. Its difficult being an artist and this provides opportunity. We can hear the music from our street but it is never very loud and always ends on time. It has given our community a much-needed quality of life and economic boost. Its ironic that neighbors in santa monica are complaining. We have dealt with the much more disruptive and horrifically loud noise of the planes and jets flying directly over our homes from the santa monica airport while never benefiting tax-wise like our santa monica neighbors do... the same neighbors who are now complaining about a relatively low sound of MUSIC - which no matter what your taste is, is pleasant to listen to. Please let The Penmar continue to allow live music so we and the larger LA community can enjoy it and benefit from it. Thank you!

267	10/10/2023 7:39	Jason Alpin	Marina Del Rey	The Penmar and the current management have been creative in providing a unique experience for all to enjoy. From the quality food and service, to the improved vibe and live events. There is a substantial investment made for the benefit of the customers and complying and thriving should be the mantra of the neighbors, that needs to come with the common interest that the community does not try to change the operating framework when in compliance creating UN-neccassary fear and expense to defend authorized activities. Neighbors can argue for NIMBY but similar to where I live, in Marina Del Rey on the beach, public access and use should not be limited even when you personally dont agree with all of the use all of the time. (Music, trash, loud crowds come with the territory and are in compliance),

293	10/10/2023 0:25	Lauren Cameron	Santa Monica	Los Angeles is a big county, with people from all around. It is EXTREMELY difficult to "find your place" anywhere in this city, and when you do, you then have to cross the next hurdle of finding people with similar values, "low key" and humble values, sober-friendly values. I have been invited here by one or two people and left with countless friends. The "know" and "love thy neighbor" vibes are so important and valuable in a way that contradicts and fights against what Los Angeles has globally come to be known for: superficial, vapid, surface-level, etc.. Events like this are hard to come by. Community events and the ability to build upon that is HARD. TO. COME. BY. This isn't a "Hooligan invasion." For most, it's a way of feeling accepted, a way to make friends, a way to not feel alone, and by extension a HUGE benefit to mental health. As someone who has experienced the effects of negative mental health, and who has only found comfort in my travels across 6 continents and 57 countries, I can say that this sort of gathering is quite common elsewhere, and largely contributed to my flourishing into mature post-grad adulthood. Moving back to LA, I was nervous about this, as my first experience living in LA was less than welcoming when this sort of socialization didn't exist. It prompts me to count the few blessings we got from Covid; learning how to gather outdoors with friends being one of them, and Sunset Sessions at Penmar is a welcomed byproduct of that. Closing down this sort of gathering would be a detriment to the social life and "city of welcoming" that Angelenos is so desperately trying to be.

301	10/9/2023 23:10	Tammy Cottey	Sunset park	We love the penmar and we love the music !! This small minority of neighbors that are complaining about these small live music events should be far more concerned with the homeless in our neighborhoods that the penmar helped to eradicate from rose ave!!! Buy some damn earplugs and shut up!! They are a terrible representation of sunset park people !!!
302	10/9/2023 23:08	Ed Marshall	Mar vista	The sessions are amazing , fun , friendly and a great experience and opportunity for those who live in the neighborhood to enjoy friends and community gatherings . It's too bad that a handful of people, who chose to buy a home above a city golf course below an airport flight path are complaining about music and people having a great time. Kinda reminds me of the grinch who stole Christmas.

350	10/9/2023 20:37	Patricia Partida	Arcadia, ca	I discovered Penmar Sunset Sessions at the end of summer. I've been there once to meet up with other volunteers of a non profit I volunteer with (never found them!). I found the event very easy to get into, the other attendees friendly and the one drink I had was OK. Didn't try the pricey food. The whole place had a great vibe (I'm 71 years old). I would definitely attend again. The problems I saw were the lack of sufficient parking (glad I got there at 6:00 pm), the high cost of drinks and food and to be honest REALLY bad music. One staffer told me they were a substitute group. GOOD LUCK, PARTY ON and POWER TO

368	10/9/2023 19:54	Mikey Schwartz-Wright	Mar Vista	This is absurd to close this event down. In a gigantic city that can feel isolating and lonely, this is one of the few events on the west side that routinely brings people together with music food and community. This event is comprised mostly by FAMILIES. Anyone who attends this thing notices there are kids running around the whole time. It's pathetic that a handful of residents who live privileged, fortunate lives in beautiful homes in a fantastic neighborhood want to take away something so special and rewarding so many. What sad people. If you want to corroborate this note please give me a call! My number is 310-415-1483. Happy to chat further.

We would meet friends who also have little ones and it was always such a nice way to end a stressful week. It has such a beautiful community, neighborly, family-friendly feel to it. It would truly be a shame if this event - that literally brings hundreds of families together every week to relax, enjoy some music, and spend quality family time with their friends and neighbors - was discontinued because of a very small handful of NIMBYs. We need more of these things in our lives, not less. We plead with you - don't rob the community of something special to appease the vocal minority.

				When I regularly visit LA, I always make a point of playing golf on Friday and attending the Sunset Sessions afterwards. The use of Penmar allows residents, tourists and many others a fun, safe place to enjoy Santa Monica. Clean up the surrounding areas and leave the Penmar out of local politics.

494	10/9/2023 17:11	Shannon Matheson	Mar Vista about a mile away from the Penmar Golf Course	This type of gathering is needed by so many. We all need a place to be outside, near trees and on a big lawn, live music and a place to come together and celebrate life. The music is not overly loud and ALWAYS ends promptly. I have been to many of these shows. It helped get me through some rough times during pandemic restrictions and has continued to be a source of pleasure and a way to relax and unwind.
495	10/9/2023 17:11	Andrea Primer	Santa Monica	This is a fun, family friendly, safe and special event for people of all ages. The beauty of Los Angeles, and specifically the west side, is so we can enjoy the outdoors and come together as a community. 501	10/9/2023 17:05	Ryan Black	Santa Monica	The Summer Sessions at Penmar are one of my favorite summer activities and a big part of why I love living here. My friends bring their kids and I bring my pup and it is one of the rare times we can get everyone together in a family-friendly environment. They are great for the community and give us something to look forward to every Friday. The music is definitely not blaring, in fact when we get there late and have to sit far away from the stage it is sometimes hard to hear the music at all. Penmar does a fantastic job of making sure the place is safe for all ages and most of the crowd filters out well before the show is over. In my experience the shows always end on time. It would be a shame if our community lost these great events.
502	10/9/2023 17:03	Bruce Robertson	Mar Vista	If people can live in peace near te Hollywood Bowl, then Penmar neighbors should enjoy the celebration of music for a few hours a week in the early evening.

Keeping LA soul with a vibe that draws people who have been in LA for generations and welcoming those who've had the good fortune to recently arrive. The result is jobs, happiness, and tax benefits for Los Angeles. Maybe the people republic's time would be better spent on addressing the unhomeless issues. Those who park their RV's and set up camp in neighboring areas and then come rob you. We are not robbers. We are opportunity seekers who support those who support us. Thank you for your consideration. #90066 #dewey street for 25 years. LA for 7 generations. #neighbors. Focus your efforts in the spirit of a more united world. Not much room for extremism. I have been to the live music at the Penmar myself and it is very well organized and safe. They switched from Wed to Friday and always end on time. Music night has been a welcome attraction in the neighborhood, drawing a diverse crowd of people and a huge cohort of families. It's an absolute asset to the area. The Penmar has obviously made concessions to music night's very few detractors; namely, moving to Friday from Wednesday and ending amplified music at 9 PM. Let's keep this wonderful event alive, and hopefully make it a tradition for years to come!

587	10/9/2023 15:46	Brad Cantwell	I live in the Sunset Park neighborhood of Santa Monica, just north of Penmar. In fact, I could literally throw a stone from my house to the golf course.	We are extremely fortunate to have Penmar in our neighborhood. It helps foster a great sense of community and healthy activity. The weekend evening events are a very nice part of the neighborhood life.
588	10/9/2023 15:46	John Guentner	Mar Vista	There's no way that any surrounding houses could truly be impeded by the volume of music one night a week, part of the year which ends at 9pm. And 5 neighbors should not have a say to stop something literally thousands enjoy simply because they feel entitled to do so. In fact, I'll venture to guess that some of them bought their houses many years ago and are not paying market property tax, therefore should have even less say. I can assure you the combined property taxes all the guests of penmar are paying far outweighs what the 5 NIMBY owners are paying. Please don't let them ruin a great community events and opportunity for much needed human socialization and interaction after a 3 yr pandemic.

594	10/9/2023 15:42	J Kurland	Marina del Rey	If you really want to hear loud and obnoxious in a residential neighborhood, Marriott's Brizio plays Thursdays, Fridays, Saturdays until 10:00 PM: four nights and an hour later precedent set.

600	10/9/2023 15:38	Alida Carlson	Sherman Oaks	I have been coming since their first event: from the very beginning, the rules were clear and there was always ample security. What made me want to come back again and again is the intention behind this event — COMMUNITY! Bring a blanket to spread out in the grass. Share food with friends and soak in the live music. This city needs more events that foster such pure simplicity. You look around and you see families, couples on date night, cute dogs, and friends laughing. The Penmar has clearly gone through great lengths to ensure this party stays tam and enjoyable for all. I hope the very small group of neighbors that are upset find an element of compassion to see the bigger picture here.

607	10/9/2023 15:34	Liv Hume	Ocean Park	These events are a great way to bring the community together and share our joint love for music. Not only that, but these events allow community members to slow down, enjoy each other's company, and show support for all of the amazing artists that perform.

A former long time Venice resident	We love Oscar and his team together they have strengthen our community with the restaurants that they have built through the years and also have created such an amazing space at penmar and brought it back to life. We are grateful for businesses like these, that bring community together with some place to go and enjoy even for a few hours! The music vibe is mellow and supports our local artists! We need more of this energy in times like these!
650	10/9/2023 15:12	Andrew Sararati	Venice, right near Penmar	i live literally at Lake/Penmar and I love having Penmar Sunset Sessions as part of the neighborhood. The patrons are well-behaved and the atmosphere is really chill. Great way to get outside and hang with the family.
651	10/9/2023 15:10	William Barrett Craver	Ocean Park	Sunset Sessions is a great community activity. The volume is low and the music is over at an early time on Friday nights, which should not affect any reasonable person in a negative way.

653	10/9/2023 15:09	Michael E Garland	Venice View Heights, just off Palms	I am sorry they don't do this on Saturday night as well. I had a grant to study the 60 state parks that were to close back when Governor Schwarzenegger was in office. Before the two unknown bank accounts belonging to the state were found I along with the non profit I worked for found the State Parks were completely underused and not getting full value. Penmar is a public golf course and has been underused for years. The addition of the music as well as opening up a bar and expanding on the restaurant has made it more valuable to the community whose taxes fund the place. If this were to become a park it would be much louder than it is now. This is nothing more than the 10% who always complain with no solutions.
654	10/9/2023 15:09	Jennifer Farrell	Mar Vista	Live music in an outdoor family-friendly setting is a gift to our area. As cities grow and expand, community events like these have disappeared. We're thankful the Penmar has found a way to keep these sessions alive. Please continue to allow these valuable evenings where community members, families, and friends can come together, enjoy each others' company, and appreciate the art of live music.

657	10/9/2023 15:07	Ryan Perry	Venice	These events are even quieter than they began as evidenced by them NOT using their extensive speaker setup around the grounds. The staff looks to get people moving before 9pm. As someone who works in film and has extensive experience with permits, these neighbors are looking to limit this behavior in a manner that is baseless and absurd. The 2.20 Noise ordinance explanation uses 7pm-10pm as a time that is sensitive. They also list that 10pm-7am is the time when noise should be most restricted. Management at the Penmar switched their evening of performance and ends a full hour before the police would ever shut down a regular house party.

695	10/9/2023 14:52	Nicholas Harsh	Sunset Park	My wife and two young children live within walking distance of The Penmar. We enjoy all that Penmar has to offer to our community: we golf there, we eat there and we attend the Sunset Sessions when we can. We also host events there like my college's annual alumni crab feast. I love having the Penmar "in my backyard" and hope that they continue to feel the support of the community and city organizations. The Sunset Sessions do not cause us any problems and we would be disappointed to see them go away.

746	10/9/2023 14:30	Kristie Malinoski	Oakwood	This weekly event is a wonderful addition to the community, providing local jobs and local vendor opportunities for those that might not otherwise have such a chance. The event operates within the time allotted (3 hours) and is promptly shut down at a reasonable hour for the neighbors. The event is well-regulated from external line management (you honestly wouldn't even know there was an event happening if you weren't directly at the entrance to the course) to alcohol sales to noise management (I'm honestly shocked that anyone can hear the music at all from the northern side of the gold course as the event is concentrated at the south side and is a small event). The event is family-friendly as well.
747	10/9/2023 14:29	Heather Stuckey	Sunset Park	Penmar's Sunset sessions are wonderful community building events that are respectful and incredibly well-executed.

750	10/9/2023 14:28	Sarah Patellos	West Hollywood	Penmar is one of the only family friendly events in LA that really makes Los Angeles feel like a community! Everyone is respectful and it would be a delight to live close to this. I understand the home owners wanting peace and quiet, but wouldn't they instead want to support a wonderful weekly gathering of our local community? The knock on positive affects of IRL interpersonal interactions with your neighbors can't be understated.

Save Sunset Sessions!

767	10/9/2023 14:22	John Beasley	Venice 90021 - 1 mile from Penmar	<p>I am a GRAMMY winning musician and performing is my livelihood. I personally know Oscar and Norma and their teams since they opened their first establishment on Rose Avenue, Venice Beach Wines (VBW). We live 1/2 block away from VBW. Oscar and Norma had live music events at this small spot and the music was never loud. I have been to the Penmar many, many times and bring my bands there to have Happy Hour or have business breakfast meetings there and the atmosphere is serene and if there's music it's always at the right volume so it doesn't overpower conversations like other eating establishments.</p> <p>I've been to Sunset concerts and again I feel the team is mindful of the sound.</p> <p>Let's "be the solution" that works for neighbors, the community, patrons, musicians and the Penmar.</p> <p>Thanks. 771	10/9/2023 14:20	Erin Quinn	Venice	<p>We need community gathering points like this to keep our communities safe. When spaces are used to celebrate community and support local businesses, they have less opportunity to appear vacant and be appropriated for other purposes that limit their use. put another way, holding these events probably has a security benefit to the community.</p>

778	10/9/2023 14:18	Robert DeSanti	Marina Del Rey	<p>I live in Marina Del Rey (2 miles away) but lived off Penmar before that. I have many friends that live in that area still and I frequent Penmar Sessions often, grab coffee some mornings and golf there. This place is a valuable staple of the community for food vendors, employees, neighborhood families and friends. I know many families that go there to picnic during Sunset sessions with their little kids. I know friends who meet up once a week there. It is so respectful, peaceful, and giving to the community. It's my favorite part of Venice and I would be devastated to see it go. Those five people must have ulterior motives behind this because you can barely hear anything outside of the very near vicinity. It holds the same value as the park that has baseball practice and gatherings for moms and children.</p>
779	10/9/2023 14:18	Stephen Bell	Venice / Penmar	<p>I live two blocks from the Penmar. I regularly attend the live music performances alongside my neighbors. It has provided a wonderful opportunity to connect with our community and spend time with family and friends, and shutting it down would mean a major loss both for Venice and for our little neighborhood. Those few who want it shut down do not speak for the larger community.</p>
780	10/9/2023 14:17	Anne Marie Butcher	Marina Del Rey	<p>We love penmar sunset sessions! They are such a fun activity to do with friends and our dogs, as well as a great way to meet people in our community!</p>

879	10/9/2023 13:46	Eva Halasz	Brentwood (west Los Angeles)	It id my understanding that local noise ordinances designate "quiet hours" from 10 p.m. to 7 a.m. on weekdays and until 8 or 9 a.m. on weekends. Shame on the 5 neighbors who live on the hill!!
880	10/9/2023 13:46	Annabel	Santa Monica downtown	Penmar always promptly finishes at 9pm, much to our chagrin. But the patrons respect that the sound needs to end at 9pm. I wonder if the complaints of Friday family fun that ends in a timely manner is opposed by those with a religious agenda. Penmar is a family friendly event where I have never seen anyone get out of control. Indeed, many children and dogs attend the events. Three hours of low level music (no really, it is difficult to hear the band if you are at the back of the seating area) on a Friday for few Fridays out of the year is not and should not be an imposition.

I moved to LA two years ago and the Sunset Sessions have been a great way for me to meet others in the LA community.
883	10/9/2023 13:45	Ali Wigart	Penmar	Finally, after 15 years of living in the neighborhood there is a safe space for kids and adults to come together and enjoy music among the community. A 9 hole public golf course should be the BEST place to enjoy this given the vast acreage and space from residences. I would argue that the planes flying over those 5 neighbors' heads causes far more noise and environmental pollution than a few hours/week of music and merriment. I suggest they take their anger elsewhere.
884	10/9/2023 13:45	Kassandra Dunne	Los Feliz	I've driven across LA just to come to the sunset sessions at the Pen Mar because the event is so relaxed and wholesome. The music played is often an eclectic mix of indie/folk/country/classic rock that is never obnoxious or tasteless. This venue offers a unique experience for those in the community to gather with friends and make the most of this wonderful year round weather we're blessed with. Here's to more jams to come!

894	10/9/2023 13:41	Christopher P Hartman	Venice	Sunset Sessions are a rare opportunity in our community for folks to come together in an outdoor environment. The golf course is a valuable green space, and allowing the community to enjoy it in the evenings is highly desirable. The idea that low volume live music one night a week would bother Santa Monica residents, when the SM airport has been flying planes over Venice for decades is completely insane. Please stop this NIMBY insanity. Let people live the world is descending into chaos and people just want to enjoy life!

918	10/9/2023 13:35	John McDermott	Del Rey	Music at the Penmar has become a staple of the Westside community. There are few places in our neighborhood to congregate outside and listen to great live music. Penmar is one of them.
919	10/9/2023 13:35	John Jayme	Santa Monica	I had the very good fortune of being paired to play Penmar with Dan Spitz for this summer's very first Summer Session. We've played almost every Friday too. I am an outside witness to Dan's and his partners' drive to build their community giving all in it a place to collect and celebrate their early Friday summer evenings. It is their management capacities which make it a safe and fun neighborhood event. To be honest...when we are playing on the northern side of the property the music is pretty faint and not louder than the aircraft taking off from the local airport. Hope your negative nannies wake up or watch "The Grinch Who Stole Christmas".

924	10/9/2023 13:33	Johnny Ashby	Venice (Elkgrove Avenue and Penmar)	This is an amazing event for LA. They are respectful of noise limitations. I have lived here since before Penmar started doing live music, I live the same distance as my neighbours on the far side of the golf course who have complained and are trying to close this event down. Infact, I live even closer! This is a wonderful live music night for the community. Nights like this post-pandemic are more important than ever. Bringing the community together in this way, whilst also being safe is vital to the relationships between myself and my fellow neighbors. Penmar Live Music must continue!

This was a huge draw for me to move into the Venice community. With the way the world is today, there are less and less opportunities for people to gather and socialize in such a wholesome manner. Getting rid of the penmar sunset sessions would be a devastating hit to the Venice community.

1012	10/9/2023 13:16	Jackson Weaver	Brentwood	It's baffling that these complaints are even being given a hearing. The sunset sessions are quiet, respectful, and a symbol of the vibrant community that makes Venice special. Taking this away would be the most disastrous decision a group of lawmakers could possibly do and would be akin to completely destroying positive community interactions. It should not even be a discussion.

A few can ruin it for the majority of residents who enjoy the sunset sessions. The Penmar has been a wonderful addition to our neighborhood for breakfast, lunch etc. but especially the music nights. I am 64 years of age and still love to see people having a wonderful time and coming together in a wonderful location! Stop this Nonsense!!

1024	10/9/2023 13:14	Leigh Rodwick	Sunset Park	I fully support sunset Sessions at The Penmar. They have made every effort to make this event work for the neighborhood. This music ends at 9am. That doesn't seem very unreasonable.

1030	10/9/2023 13:13	Thomas Price	West LA	My wife and I regularly come to The Penmar for dinner, drinks, and entertainment. The idea that 5 individual homeowners (or anyone, really), especially those that live all the way across an entire golf course, and in a major metropolitan area, would assume they have the right to control what a business can or should be able to do, is absolutely ridiculous, let alone when The Penmar is incredibly responsible about adhering to volume and time limits for their performances. Next we will be hearing that celebrations of holes-in-one are too loud, or that the clinking of glasses at the bar is too distracting... Please do the right thing - ignore these individuals who want to live in a fully cocooned world, and allow The Penmar to continue Sunset Sessions and the delightful experiences it provides for the community.

A place to meet people. A green space for people to come together in the community and be outside in nature. Music that is as easily accessible such as at Penmar is a gift, and it would be unnecessary and wrong to take it away. 1077	10/9/2023 13:06	Joe Grescovich	I live on Penmar Ave., very close to The Penmar	I believe that The Penmar provides a vibrant place for the community to come together. It brings great value to the neighborhood and would hate to see the Sunset Sessions canceled as it would really hurt the appeal of the neighborhood dramatically.

1118	10/9/2023 13:00	Brian Tucker	Venice	Sunset Sessions at Penmar is a staple in Venice community and nightlife. The music is barely audible beyond the golf course, never goes past 9pm, and I've not once in the several years of attending seen any safety or security issue. The Friday shows are a great extension of the golf course's purpose and provides an invaluable social outlet as an alternative to bars. Venice has zero other outdoor music venues - don't let a grumpy, vocal minority of individuals ruin something a large portion of the community enjoys.

It'd be a shame for it to end. Let's keep the positivity high and not ruin the fun for thousands just because of a couple of sour apples. 1149	10/9/2023 12:57	Ruth Altenbach	Penmar neighborhood, Venice	The Sunset Sessions at The Penmar are really the greatest place to meet with friends and family listening to live music in a very family oriented, peaceful setting; a place where all our families, adults and kids can meet in a relaxed atmosphere, winding down from a week's hard work with great life music., super friendly staff, good food.. Playing music and to be exposed to life music is one of the key ingredients to a healthy, happy life. With it's family friendly vibe, supporting many local musicians, the Sunset Sessions at The Penmar are a very important asset to the community!!! We live almost next to it and we don't even hear the music from our house!! The Penmar is following all the regulations and rules, the music is very quiet and only one a week and only until 9pm. It would be a shame, totally ridiculous and very, very sad to prohibit this family friendly music event, where also kids have an opportunity to be exposed to music in a friendly, low key way!!! Please keep the Sunset Sessions at The Penmar alive!!!!!!

1152	10/9/2023 12:56	Ardythe Crary Goergens Moriana	Sunset Park	We LOVE the Penmar music nights! Not only are they not too loud, it is actually a joy to hear something other than horns blaring and angry drivers yelling at each other. I would plead with the 5 neighbors, to think back on a time when the sounds of people enjoying clean musical fun, wafting through the summer night, brought a smile and a sense of happiness, and to please do reconsider, and find it in your hearts to allow this to continue.

We live on the hill just north of the park and do not feel it is a bother to the neighborhood at all. We have young kids and have never experienced any problems or noise issues. 1254	10/9/2023 12:45	Aram Kadish	Santa Monica	These are fantastic community events. Not only have these events been reduced to only one day a week with significant limitations to the decibel levels, the Penmore has bent over backwards to accommodate these five fascists. I strongly support continuation of these events which adds to our community on so many levels. I don't see how five individuals should be able to make rules for an entire community that enjoys and supports these events especially in light of the fact that they are highly regulated, highly limited in both their time and volume and create minimal disturbance for these five homeowners.

1256	10/9/2023 12:45	D. Lee	Venice	We love the Penmar! Music isn't too loud, patrons are respectful of the neighborhood and aren't excessively noisy.
1257	10/9/2023 12:45	Ken Hendrickson	Mar Vista	Sunset sessions is enjoyed by a wide variety of citizens on a consistent basis. It is popular and at reasonable hours. It seems ridiculous to let a literal handful of people overrule the many hundreds that use and enjoy it.

				There are too few community events that foster an environment where all ages are able to come together peacefully for a few hours and feel safe. Sunset Sessions is only once a week and is seasonal. As someone who lives behind the Victorian which goes until 2AM with many drunk people screaming, music loudly thumping often until 3AM, and then people hanging in the parking lot at all hours, I'd take Sunset Sessions ON ANY DAY over dealing with what I deal with every Thurs through Sun morning. The interests of the five people who are trying to eliminate this weekly event, should not take precedence over something the community really wants and needs. You will never please all of the people all of the time. So why are we allowing a small minority to eliminate a relatively small weekly institutional event that the majority of people in the area truly love.

				The Penmar is the only true locals-only community place where my family can enjoy outdoor recreation, music/entertainment, and good food. I live in the adjacent neighborhood, have been to many events, and otherwise often driven through during busy event times. Never have I witnessed any effects of Penmar activities to the detriment of the neighborhood; if anything, it keeps unsavory characters away as the presence of upstanding patrons driving revenue into the venue act as a deterrent to unhoused encampments and other criminal behavior. It would be a terrible loss for the community to lose this beloved and sacred place over the barking of a (very) few ornery residents. I urge you to please consider the wishes of the community majority and not just the loudest and angriest few.

				Live music is good for the neighborhood. It brings positivity and happiness and a cool place to gather. Not everybody can promote live music successfully so the fact that this has become so successful and so consistently good, is a testament to how well it is run and how much people want it.

1279	10/9/2023 12:43	Alex Dubelko	Brentwood (my girlfriend lives in Lincoln Place, Venice)	The Penmar live music events add an incredibly, exciting community feel to the area. We've been here since before these events began, we love that it's created a sense of community. When I'm there I see all age groups, including young children running around and older people. This is not a single demographic. I think it says a lot when the majority of the homes closest to the live music are not on the hill side and the fact that only 5 out of many homes on the hill side have complained. They've also complained that 'they couldn't hear planes take off, the music is so loud'. This is an unequivocal lie and shows they are arguing on bad faith. These 5 neighbors are directly under the flight path of Santa Monica airport, obviously noise wasn't an issue for them when they moved into the community.
1280	10/9/2023 12:43	Alexis Martinez	Del Rey	
1281	10/9/2023 12:43	Cassie Pauley	Venice/Abbot Kinney	This is RIDICULOUS and I would be heartbroken to learn that 5 people are killing a community-based, wholesome event that brings so much joy to Venice.
1282	10/9/2023 12:43	Chloe Callaham	Ocean Park	
1283	10/9/2023 12:43	Colin Maduzia	Sunset Park between Ocean Park & Marine, 17th & 18th.	We love the Sunset Sessions and have attended them at times. It's such a lovely and unique event in Los Angeles. There's really nothing else like it. It's wonderful and so friendly. I love that families bring kids and they run around and have fun. The music is never too loud to have a conversation. It seems so unintrusive. I can't imagine why someone would have a problem with those few short, tame hours (6-9) on a Friday night. It's nothing like living near the Greek or Hollywood Bowl which go way later and are way, way louder.
1284	10/9/2023 12:43	Daniel Cuellar	Venice	
1285	10/9/2023 12:43	Hailey Sheridan	Santa Monica	Penmar Sunset Sessions is an AMAZING community event! It brings the neighborhood together, stimulates the economy, encourages people to get outside and meet new friendly faces, and is the type of event that we should actually be ENCOURAGING in our neighborhoods. Events like Sunset Sessions allows people to invest in their community and create a bond with their neighbors - it is disheartening that something like this could be taken away!
1286	10/9/2023 12:43	Lindsey Rosenberg	Mar Vista	We live on beethoven and can easily hear the music at night, but it's a lovely addition to our neighborhood vibe. Keep it going! :)

1295	10/9/2023 12:42	Regan Cline	Santa Monica	Every time I have gone to one of the events they have kept music to a normal volume (it honestly is so quiet sometimes you can barely hear it from the grass) - I have never thought it was rowdy in any way. It is a great event to bring people together in the community that's not a bar or club or highly exclusive event - I really hope these keep happening!!

1300	10/9/2023 12:41	Hayley de la Pena	Venice	Penmar music nights have been a highlight of my summer and continue to be a place for people to come together. The music ending at 9pm should never be a problem.
1301	10/9/2023 12:41	Kitty Gambel	Marina del Rey (formerly Appleton Way just a couple of blocks south of Penmar)	Penmar Music sessions provide an invaluable service and treat for the community. It's great for kids, friends, and neighbors to get together for a few hours in a lush, green hideaway where the focus isn't on alcohol. Don't take the sunset sessions away!

1304	10/9/2023 12:41	Leslie Stratton	Venice, CA	Penmar Fridays and Sunset Sessions are becoming a staple activity for my friends and I. Nowhere else can you get this sort of live music/outdoor entertainment on a weekly basis. Shutting this event down would be a grave mistake. There is a sense of community and joy that these sessions bring.

1306	10/9/2023 12:41	Ryan Nubling	Santa Monica	Penmar sunset sessions is such a chill, fun, and welcoming event and group of people that I love to get to experience on Fridays. It is not loud or obnoxious in anyway and shouldn't be looked at as a nuisance to the neighborhood but an enhancement.
1307	10/9/2023 12:41	Theodora Marinos	Santa Monica	It is a wonderful event that is full of family, friends of all ages and community. In regards to the music sound level, I have attended Sunset Sessions and even wondered why the music was soooo quiet, wishing it was louder! I then realized it was to respect the neighbors which I think they have done and outstanding job at doing.

1450	10/9/2023 12:28	Catherine Franano	Santa Monica	It is so sad that a small group of entitled and angry people want to ruin a beautiful community event that brings joy to so many people. I love Penman Fridays and it is such a wholesome and happy event. The small group of people that is trying to end it need to go outside and touch grass and take a deep look inwards and reflect on why they want to ruin other people's joy and happiness.

Every time I go there I am amazed at how many wonderful people I meet, and how well run the event is. I have never witnessed any disorderly content, but rather people enjoying nature and local music. 1521	10/9/2023 12:24	James Coholan	Venice	<p>As a dedicated season pass holder, I feel compelled to express my wholehearted support for the continuation of Sunset Sessions at The Penmar. On multiple occasions, I have been fortunate enough to witness first-hand the vibrancy, unity, and joy that these live music sessions bring to our community.</p> <p>I have never encountered any issues of excessive noise, nor have I witnessed the events extending beyond the allotted time. Each session is a harmonious blend of melodious tunes and community spirit, always wrapping up by 9pm, ensuring a peaceful night for all residents.</p> <p>Furthermore, the family-friendly nature of Sunset Sessions is one of its most commendable attributes. It is an event where people of all ages come together, united by their love for music and community. Safety and security have always been paramount, and I have always felt a strong sense of wellbeing at every event.</p> <p>The economic impact of Sunset Sessions should not be underestimated either. It provides gainful employment opportunities for a host of individuals including the talented musicians, diligent restaurant staff, and skilled sound engineers, to name just a few.</p> <p>In conclusion, Sunset Sessions is more than just a live music event; it is a cornerstone of our community's cultural and social fabric. It has enriched our lives, fostered unity, and provided us with countless unforgettable memories under the starlit skies. It is with great fervor that I advocate for the continuation of this beloved tradition, that future generations may also experience the magic of music at The Penmar.</p> <p>James Coholan</p> <p>Venice Resident</p>

1533	10/9/2023 12:23	Alexis F	Playa Vista	Very family friendly/pup friendly. Love being able to throw down a beach blanket- have some great food, drinks, socialize with friends on a Friday evening after work. I actually have commented on how low the music is that I can't even hear it half the time. Which is actually very good for the neighbors because if I am sitting there and can't even hear it as it is just background music to catching up with friends than that is good. If one is looking for a problem or is hypersensitive they will always find one. Sunset sessions is a great community event that brings young adults, families, and friends together. They definitely adhere to the music cut off/volume control and people are out of there.

1537	10/9/2023 12:23	Evan Lubin	Venice Blvd x Penmar Ave	Penmar is overwhelmingly loved by the community. They provide an opportunity for neighbors to come together and meet. My suggestion to these 5 neighbors is that they should move or go out and have a date night on Friday - sounds like they are miserable with their home lives.
1538	10/9/2023 12:23	Emma Kiefer	Mar Vista	Sunset Sessions at Penmar is one of the only affordable, family/pet friendly, live-music event spaces in LA. 1558	10/9/2023 12:22	Carolyn Bielfeldt	Los Feliz	I have been a regular at the Sunset Sessions, and it's been amazing to see the community Penmar has cultivated. Everyone treats each other with respect, and it's truly become a welcoming and well-run event that has attracted people from across the city. Coming from NYC, I miss having the ability to be outdoors and enjoy live music with family and friends. Penmar has created that opportunity for LA and I would hate to see something that brought so many people joy (and so many people economic support) get shut down due to five neighbors.

1561	10/9/2023 12:22	Dr. Natalie Petouhoff	Venice	This is an amazing event and much loved by so many in the community. It's very sad that a few people want to put an end to something that means so much to the community. It's where friends meet, share a meal or a snack, and listen to music. The venue has addressed the noise issue and gone to great lengths to ensure it's not an issue. What's interesting is that thousands of people in the surrounding neighborhoods don't have a problem with the events... It's just a few trying to spoil the community spirit. Please don't let them do this!
1562	10/9/2023 12:22	Eliana Kandel	Venice	There are so few green spaces in the area where we can enjoy live music. Sunday afternoon Jazz in Ocean Park was canceled too. Please don't take this away from our community!

1577	10/9/2023 12:22	Tyler McKibben	Brentwood	I work in Venice and spend a lot of time in this community. Penmar has added a huge benefit to the area as a fun, lowkey social activity centered around music and community. Considering it is hosted on a Friday night and never goes late into the evening (ends at 9pm) I see no reason that anyone in the area would find it such a problem. I see far more benefits than issues that this program brings to the community.
1578	10/9/2023 12:21	Greg Dixon	View Park	As an outsider who has no neighborhood affiliation, only a patron who enjoys the Sunset Sessions, the entertainment and community it brings together has been a pleasure. We have plenty of friends who live directly next to the golf course and they enjoy The Penmar and Friday night music just as much. Please disregard the negative comments of a few and see the positive affect the Penmar has on the majority. Thanks

1606	10/9/2023 12:20	Ian Point	Santa Monica	It is great to have events like this - presented with a chill and mellow vibe and available to the community on the westside. The community appreciates and supports the access and it is important to provide for a space for local artists/musicians to have venues to engage with their community. Save the Sessions!

1633	10/9/2023 12:19	Noelle fletcher	Sunset park (21st and marine on the hill)	We live very close to the neighbors who oppose the music. We hear it in our backyard and have always appreciated it. Our kids love it. We love it. It ends early. Our kids are able to fall asleep when it is playing because it isn't too loud. It brings people together and after Covid, community events that bring people together is even more important. We need community, art and music in our lives to enrich.

				The music events at Penmar are the highlight of the summer for my friends and I. I am a golfer and will usually play the course while the music is played and it does not bother me at all. We wish they would be allowed to do them more often or on Wednesdays, as it used to be. It would not be fair to cancel the events for a sake a small group of NIMBYs, who likely do nothing to contribute the community.
1645	10/9/2023 12:18	Alexander Hinds	Brentwood	
				I was already upset that the live music had moved from Wednesday to accommodate people in the community but now fully ending it? If people want the sound levels on the weekends of a suburb that's where they should live. Los Angeles is supposed to be a city that promotes artists, people move here from all over to make it as musicians. Keep sunset sessions alive!!

				I think if people are upset about this type of event, they shouldnt be living in LA or the Venice neighborhood. It would be one thing if it went on until 2am or something crazy, but it appears they have literally no ground to stand on. They perhaps should get a friday night hobby, or even join in on the fun. Silly ole grumpy people -- they should find something more productive to do with their time.

1717	10/9/2023 12:16	Sarah Plantz	Venice	Penmar Sunset Sessions provides a safe, family-friendly place for ALL NEIGHBORS OF ALL ECONOMIC BACKGROUND AND AGE to gather together to enjoy the very rare occurrence of live outdoor music on the westside! It is a prized neighborhood possession - eliminating it would be detrimental to the community that has been built up and come together BECAUSE of Penmar! KEEP AND SAVE THE SUNSET SESSIONS!!!!

1766	10/9/2023 12:14	Garrett Brodie	Mar Vista, walking distance to Penmar	This is a wonderful family-friendly event that is beloved by many in our community. The Penmar team has worked hard to address the complaints of a very small but vocal minority, and yet they still complain and try to ruin a once per week event that ends by 9p.

1790	10/9/2023 12:14	Thomas We we	Brentwood	The Penmar is one of the gems of West Los Angeles. Having lived in Santa Monica for over five years and now Brentwood for the last three I try and hit Penmar for golf or live music at least once per week. It is sad that we have nimbys who want to take away from what our neighborhoods can offer. Penmar consistently has the most diverse group of golfers and the live music is an amazing addition that make this location an amazing use of city resources and a crown jewel of the westside.

1801	10/9/2023 12:13	Devin Saragosa-Harris	Santa Monica/Ocean Park	<p>We love Sunset Sessions and the Penmar. There is limited outdoor, open space for family-friendly events and we love to see that this local establishment is fully integrated with the community as well as gives opportunities for local artists to play music. Having some music on a Friday evening, and ending by 9 PM, is not an unreasonable ask. The Venice, Santa Monica, and Mar Vista communities love coming together for these events and I have never experienced them as too loud or disruptive. Please continue to offer this to the locals who have been in this community for a long time and who want to have a community activity that is open and enjoyable to all of us who have been living here for years.</p> <p>Best, Devin Saragosa-Harris, MPH</p>

				It's the thing that kept me and now keeps me from isolating myself. I'm 71 and the convenience of walking across the street to be with a community of vibrant people, young families playing with their children and all the adorable dogs, sitting on blankets sharing laughs and food while enjoying amazing performances anyone would pay hundreds of dollars at the Bowl or the Greek is immeasurable!! It's such a gift and we're so blessed to have such an event. It's only one night a week and it's over by 9:30. So that's a total of two maybe 3 hours of "torture" for those 5 people who are clearly miserable and unhappy and want to destroy the joy we are are having at all this truly delightful evening.....We Will Beat This!

1994	10/7/2023 12:18	Theodore Galloway	Santa Monica	It's great experience every time and it's just 3 hours once a week. Really don't understand the issue of the neighbors. I'm there every Friday and I also live in Santa Monica near the Victorian that live music happens 3 days a week till 2 am. I still don't feel that is a nuisance even though it's many more hours and triple the days with much louder music. It's pretty crazy that 5 neighbors are trying to pull this over 3 hours once a week

There is no other place in the neighborhood that accommodates family gatherings and facilitates a feeling of community like the Penmar does. The open space and the atmosphere are a benefit for the entire community. We should not allow the complaints of a few people to overpower the voice and wellness of the community.

I can see in the faces of the attendees the joy the experience in listening to live music, eating food from the various vendors. I believe it adds to the community. It would be such a loss to so many if it were to go away. And a absolute shame to have this happen because of a few residents that complain.

2076	10/6/2023 20:58	Grace Kreifels	Ocean Park	We don't have enough live, outdoor music in Santa Monica! Was so sad when the Pier concerts went away. It would be a real tragedy to loose these too.

2085	10/6/2023 20:46	Glen Bell	Mar Vista	I have lived in this neighborhood since 2001. I live around the corner from Penmar Golf Course. I frequent the restaurant about 5 times per month. I go to Sunset Sessions about 2x per month when they are going on. I value the improvements that have been brought by Penmar partners. At no time have I experienced a noise nuisance from their events.
2086	10/6/2023 20:45	Stephen Jabaut	Ocean Park	This is a great thing that brings people together. The world and the west side need more music, and family friendly events. Nimbys can go get fingered by a sloth.

2088	10/6/2023 20:42	Soledad De Gregorio	Culver City	I love coming with my family. We have three kids (6 and 4 years old, and 8 months old) and they all had a blast tonight. The music wasn't too loud for them even standing by the stage.

2484	10/6/2023 17:36	Grady Hall	Sunset Park	I think this is a wonderful event in a part of the city that has a real shortage of community-building events and places to gather. There's really nothing else quite like it. And the 9pm cutoff time seems absolutely reasonable to us, especially for a Friday. We're close to the Pen Mar course and have never been bothered by the live music in the slightest (and we go to bed early!). On the contrary - it's a welcome addition!

2523	10/6/2023 17:04	Taylor Fowler	Burbank, CA	The penmar has been a family friendly location that I have been proud to work at and come on my off days to experience the best customer service in the Los Angeles area. I feel safe, seen, and valued by my peers, employers and customers of The Penmar. I have been told on several occasions how Sunset sessions has been a wonderful experience from people young and old. It would be a shame to let something like this be taken away
2524	10/6/2023 17:03	trevor	venice	There is no reason at all to shut down Penmar Sunset Sessions. It is not a nightclub or super loud venue at all. It is so good for the community and such great entertainment. To shut it down would be a HUGE mistake, and I am sure if that happened, there would be major outcry.

2545	10/6/2023 16:50	David Gravelle	Santa Monica	Sunset sessions are an incredible event for families and friends to gather in a picnic like setting with beautiful surrounding and listen to live music. In my 5.5 years living in LA this has been one of the great event experiences. The event always ends by 9pm, so I am not clear how anyone could complain about noise given how early the event ends. This is truly a that benefits thousands upon thousands of people who engage in a very relaxed and enjoyable outdoor experience. The complaints of a few neighbors should not be outweighed by the joy this brings to many in the west side community.
2546	10/6/2023 16:50	Amanda Hauet	Santa Monica	This is a wonderful. Friendly community event that I look forward to.

2547	10/6/2023 16:49	Celestina Lucero	Culver City	This is such a wonderful event to be outside. For LA being as weather centric as we are, we lack outdoor community activities. An outdoor activity, once a week, on a Friday, feels like the best way to end the week. It's not during the week where you need to wake up early for work the next day. It's family friendly and dog friendly. I wish I could attend more often.

After all that people have been through since the pandemic, It would be a shame to end such a positive gathering for so many because a few neighbors complained.

2815	10/6/2023 6:03	Michael Provost	Rose Avenue	Penmar is an important business in a community that's been overrun and nearly destroyed by homeless losers doing drugs everywhere. Penmar is one of the few outdoor respites where disgusting mentally ill bums don't terrorize people. We need Penmar to continue to be a neighborhood beacon. I believe the complainers should have meth zombie losers tent in front of their homes and then decide what the true evil in our neighborhood is.

				I love the course. I've been playing since 2005. It's only gotten better with the addition of The Penmar, and even more so with the events they hold that ring joy to many and bring many in the community together. The Penmar is the epitome of community. It is a staple in the community. It makes the community better. Every community needs a place like The Penmar and events like the ones they hold. Any objection is unreasonable and based in ignorance.

2847	10/5/2023 23:48	Cid Kaneshiro	Venice	
				I have frequented the sunset sessions and they truly are a friendly community event the grounds were made for bringing together community and Penmar is one of the only places that still holds true to that. There are few places in this modern day where people can go and actually have friendly conversations with other people from their community. It would be a big loss to lose the sunset sessions.
2848	10/5/2023 23:47	Lisa Jonsson	Mar vista	
				Always the best vibes. Everyone is always respectful. Uniting Families and old friends, as well as new friends. Great meeting our neighbors. And it's just good Love being spread through music. It saddens me that anyone would want this to stop.
2849	10/5/2023 23:47	Samuel David	Main St./Rose	Please keep the best parts of America going. God bless the good people at Penmar. And God bless America
				This a great community event with the chilliest vibes. There is nothing rowdy or disturbing about the attendees, the music, or the flow of traffic. The angry few should not be more powerful than the goodness that grows when people come together to enjoy music and friendship.

2918	10/5/2023 21:33	Brent Bayless	Beverlywood	Coming from Texas and Colorado, the Penmar Sunset Sessions is the greatest thing to happen to LA. Finally there is a relaxed and peaceful outdoor concert series where the community and friends can come together and enjoy the open sky and good vibes. I look forward to it every Friday and always have a wonderful time and meet so many amazing new people. Keep it alive, please!! LA needs this desperately.

2923	10/5/2023 21:26	Margaux Bossanne	Venice	If we let these 5 neighbors destroy such a lovely event - then it is the open door to shutting down any event, life and community gatherings in the public space. Some people would like life outside of their doorstep to stop so they do not have to deal with any noise, sounds, or sights. Cities are meant to be alive. Culture, events and music are essential to the city and community life. Please keep fighting ❤️

2946	10/5/2023 20:53	Justin Hellier	Venice	Penmar sessions is the best family friendly community building event Venice has to offer. If anything we need to encourage more events like Penmar sessions to build the Venice community and keep Venice moving in the right direction.
2947	10/5/2023 20:49	Sara Panhasi	Venice	It is unfair to stop the penmar sunset sessions because of a minority of individuals who are unreasonable. Also the sunset sessions brings in money for the city. Think about how much it'll affect the city's economy if we stopped all these types of events because of a minority of individuals. If they have an issue with living in an area that has live entertainment they should've picked a more quiet neighborhood. This is like someone who lives near Times Square complaining about the crowds. Illogical!

2966	10/5/2023 20:38	Melissa Bochatey	Venice (Oakwood)	I have attended several sunset sessions and love how it brings the local community together. I have found it to be family friendly and respectful in terms of reasonable noise compliance and respect for neighbors. We live in a city, with millions of other people. If home owners want solitude and quiet they chose the wrong neighborhood, straight up. I am a 20 year resident of Venice and having a safe community event that plays music until 10pm is something to celebrate. If only we could schedule helicopters, police sirens and screaming tantrums of the unhoused to end at a respectful time.

2981	10/5/2023 20:23	Rachel Ashby	Venice (the Lincoln Place community)	There is not enough live music on the west side (especially outdoor live music). 				<p>This event is one of the only things that consistently brings our community together in unity. The staff is great and makes things run smoothly and peacefully. The music is always lovely never thrashed rock or an assault on the ears and the event always ends on time. Please allow this event to continue. A few people who don't like a few hours of music early in the evening ruin it for the whole community. Thank you for your time and consideration.</p>

3178	10/5/2023 17:26	Ali vaughan	Venice	Penmar Sunset Sessions are a community gem that gives growing families like mine somewhere to go and be in a beautiful space, connect with friends and enjoy music from local bands! Our children love it and we love it!
3179	10/5/2023 17:25	Tom Morhous	Sunset Park	There are few music venues on the Westside, and family-friendly ones at that. Don't let a few NIMBY naysayers ruin it for everyone else, especially when The Penmar is following the rules to a T!
3180	10/5/2023 17:24	lynn hudes jones	venice - a few blocks from the penmar	i've been to the sunset sessions and it's not even loud when you're sitting in front of the musicians. It's an amazing time and so family friendly - what a great way to be social with your neighbors. the penmar does an excellent job adhering to all rules & regulations and it's really a special place.

3183	10/5/2023 17:21	Carly Wilhelm	Marina Del rey	I have only been once as I am new to California but I was surprised to see so many kids and babies there. I was also surprised how quickly everything shut down when the sun went down, I remember things wrapping up earlier than 9, I think it was getting empty by even 7:30-8 when we left. It was an awesome family friendly event and I keep wanting to go back for more relaxed evenings.

3191	10/5/2023 17:17	Clara Son	Ocean Park, Santa Monica	Public green space is a precious resource in LA. Penmar uses theirs to the greatest extent by offering an affordable, accessible place for people to gather and enjoy being outside together. No memberships, no exclusivity, just good clean fun. If neighbors take issue with noise, even when it ends at a reasonable time, they need to reevaluate whether living in an urban area is the right fit for them.

3244	10/5/2023 16:51	Daniel Kepler	Marina Del Rey	As an LA Native and regular at The Penmar Golf Course, restaurant, and sunset sessions, I adore this weekly community event, and love that Venice finally has something positive and meaningful to do in the community. It's no secret that Venice has long had a "trash town" reputation. It's events like the sunset sessions, that not only bring the community together, but also bring legitimate economic value to the community, making safe activities and supporting local artists and vendors of West LA. Please keep the good vibes going Council. Happy to speak more about it at the meetings if you all need.

3309	10/5/2023 16:14	Isabelle Bicaci	Venice	So much of the music, art and creativity that makes LA a wonderful place to live has been put at risk over the past several years - by the pandemic, rising costs, open spaces becoming less accessible, and numerous other factors. The Penmar has been an integral figure in bringing our neighborhood together and allowing us to appreciate the arts. I have met many of my neighbors (who have since become close friends) thanks to their Sunset Sessions. It would be a tragedy to lose this important event in our community. For the past few years that I lived across the street from the golf course, I felt that they kept sound to a minimum and that attendees were very respectful towards me and the other local neighbors. I hope this community tradition can be preserved in the years to come.
3310	10/5/2023 16:13	Eric Johnson	Mar Vista	I love the Penmar Sunset music nights. It has been a staple of my summer for the last couple years and is a wonderful evening to hang with friends and enjoy the night. It would be an absolute travesty for it to go away. I strongly support this.

3312	10/5/2023 16:13	Morgan Stewart	Venice	Penmar is an important part of the Venice community and it seems very unfair that 5 disgruntled people can ruin for the thousands of neighbors who attend the Sunset Sessions.
3313	10/5/2023 16:13	Ryan McDaniel	Santa Monica	They stop the music on time literally every single time. Neighbors need to be reasonable. 9pm on a Friday night is beyond appropriate (already a big compromise I would imagine)

3314	10/5/2023 16:12	Danielle Reed	Venice	Sunset sessions have been such a community gathering for our family. We have a 9 month old Son we bring every week to meet up with friends and enjoy the music and being outside. With so little public park space (that aren't ridden with homeless encampments and trash) and so few family safe events in the neighborhood, taking this away would be a detriment to the community. LA lacks so much in family safe community gathering and the penmar has filled that gap.
3315	10/5/2023 16:11	Kyle Miner	Venice	Sunset sessions can do no wrong. It brings everyone together and is not a "rowdy party". Only positive comes from this and should not be shut down from a few cranky neighbors. It ends early and does no hard

3329	10/5/2023 16:04	John metcalf	Santa Monica	This would be an absolute loss to the neighborhood and westside of Los Angeles. Having lived 10 years in Santa Monica/Venice neighborhood, it's a rarity we have something as special (and music driven) on the west part of town that we can look forward to every week. And in regards to neighborhood traffic and noise issues (particularly for a music event), this seems to be one of the more tame and respectful to the surrounding neighborhood. And the fact that there is a reasonable curfew/ time to end, I'm not entirely sure as to why we would want to eliminate something that brings together people in the community, based around music, food and friends.

3344	10/5/2023 15:48	Anna Rosen	Culver City	I love Sunset Sessions! It's a wholesome event that does nothing but support our community. Please let us continue to enjoy this event that the Penmar generously puts on!

3348	10/5/2023 15:47	Mark chesler	Mar Vista	We created Penmar for community by community. Sunset Sessions is the best of us. Intentionally respectful of its neighbors and 100% compliant w rules, laws, permitting, regulations, etc.
3349	10/5/2023 15:46	Robert Alviani	El Segundo	This is the best event in Los Angeles. Any neighbors who are not okay with this event are incredible self-absorbed and are not acting in good faith. The music shuts down at 9PM, why are they complaining? They should move if the sound of noise is bothersome! I'm sure there are plenty of reasonable people who would love their house :)

3356	10/5/2023 15:39	Will Burroughs	Venice	We live across the park from the Golf Course and love the community spirit of the Sunset Sessions. The music is never loud or intrusive.
3357	10/5/2023 15:38	Suzie	Penmar	Penmar is a wonderful addition to the community. From the Sunset Sessions to football games, my family and I enjoy Penmar and their hosted events. It brings together a community, especially as a Midwestern transplant in Los Angeles. It's tough to find a community and you feel it here.
3358	10/5/2023 15:37	Michael Katz	Venice	Me and all my friends love Sunset Sessions and it is the highlight of our week!

3375	10/5/2023 15:28	Zach Fayette	Venice	It's exactly what our neighborhood needs -- a place to meet with friends, family and neighbors in a safe, controlled and fun environment. We bring our kids, take people from out of town and have people visit from other parts of LA to relax on a blanket and listen to live music. From our POV the Penmar staff clean up after the event, ensure there is safety (so much security, much different than in 2021 -- for the better) and everyone has a good time. No one gets too rowdy, it's really a community event. Hope we can continue to enjoy this with our family for many years to come. Thank you for letting this happen!
3376	10/5/2023 15:27	Alexa Brandt	Venice	The Penmar Sessions have become a special community gathering on summer evenings, bringing neighbors together for a calm evening outside with music. They are low cost and provide a positive event to gather and connect with others at. I do hope they can stay in place!
3377	10/5/2023 15:27	Victoria Struempfler	Santa Monica	Sunset sessions are my absolute favorite! I love bringing my family or going with friends. It's such a great event for the community to be together outdoors surrounded by beautiful trees and just listen to music. It would be absolutely devastating for the community if this event was shut down.

3394	10/5/2023 15:17	Madeline Keider	Beverly Hills	This is the kind of community event LA needs. With the city being so big and sprawling, it's hard to find a sense of community. This gives LA a piece of small town, neighborhood feel that it needs. It's hard to find events where you can be outdoors, listening to live music and picnic with friends. Sunset sessions is a fantastic idea and it brings people together. Let it stay.

3396	10/5/2023 15:17	Janice Senit	Venice/Mar Vista	Love it all and we enjoy having something that brings happiness to the community. We don't go every weekend but when we do it's nothing short of a great gathering of friends, families & co-workers. Too much negativity and Covid has hurt us and it's time to enjoy life. Some of us aren't getting any younger and love the music and to see people enjoying some sense of normalcy. Don't ruin it for the rest of us whomever you are. Get a life. my 2 cents

3440	10/5/2023 14:51	Jessica Kane	Venice	As neighbors to Penmar Golf Course for the past nearly four years, we have experienced the slight inconveniences of a large weekly neighborhood gathering – but they are just that, slight inconveniences. Sunset Sessions has become an integral part of living in Venice. We bring friends and plan to eventually bring our children. The music is anything but a disturbance and we hope the committee sees all the good SS brings to our community.

3529	10/5/2023 14:16	Kyle Friedrichs	Brentwood	I have never found the sunset sessions to be too loud or too disruptive to the community. My visits have always been extremely pleasant. These sessions are such an enjoyable part of living on the west side and would be a true shame to see them banned. People live live music, they love to be outside, and they love to be together. Sunset sessions are the only place in this area of town where you can engage in all of the above.
3530	10/5/2023 14:16	William Husky	Westdale (National and Barrington)	The Penmar holds fun events for the community in a very responsible way. It would be very disappointing if they were forced to discontinue their Sunset Sessions.

Everybody I know loves The Penmar and the fun vibe it's brought to our community. It's family friendly, reasonably priced, an awesome outdoor venue, and we finally have a place as a community to get together and listen to live music in a safe, family friendly outdoor space!

3596	10/5/2023 13:52	Galen Privett	Sunset Park Santa Monica	NIMBY's goinna NIMBY. Such a shame that five people can try and stop a safe, fun, and welcoming event that isn't even distracting. Shame on them.
3597	10/5/2023 13:52	Kelly Kirch	Brentwood	Penmar sunset sessions are always the highlight of my week! They have become a weekly staple for me and my friends. It's even expanded to a favorite event for my sister and her 4 children. Truly a great event for people of all ages. I have never noticed it getting too loud, too late, or too crowded. They make it clear when it's time for everyone to leave and they do a great job and reminding everyone to be respectful of their neighbors. The penmar has really cracked the code for the perfect event. I will be so sad if sunset sessions go away.
3598	10/5/2023 13:52	Michael Yeack	Santa Monica	I absolutely love how sunset sessions at Penmar brings the community together and creates a shared space for so many people. Los Angeles needs MORE community spaces, places where people feel safe, places where people can spend time with loved ones. Penmar sunset sessions supports so many musicians, giving people a platform and the ability to share their art. It would be an absolute travesty if the narrow interests of five rich homeowners were allowed to override the benefits the community, to those artists, and to Los Angeles as a whole. I am sick and tired of finding out that a tiny minority of spoiled rich people have more political power than the community at large!

3602	10/5/2023 13:50	Chris Kettering	Marina del Rey	My wife and I come here about once per month with our friends and their kids. Typically, we sit near the back of the putting green and can barely even hear the music. Additionally, I have played the course when music is playing, and I cannot hear the live music on the north side of the course.. so, I am unsure what the complaint could be. We love visiting Penmar and we think it's a great community gathering space for all families. We moved to LA a few years ago and it has become a staple for us when meeting new friends. I have never seen any disrespectful attitudes from the guests, the bands, or the employees of Penmar. I hope this continues well into the future and I know we would love to bring our children to an event like this.

3603	10/5/2023 13:50	David Moeller	Marina del Rey	Sunset Sessions provides a safe and easy way for neighbors to congregate together, make some memories, and support local artists. Our kids love it. Penmar has become a significant cultural melting point for people representing different cultures and socio-economic groups. The music can barely be heard from the bathrooms, so I struggle to see a scenario where it can be heard at any home. I also think that anyone who desires complete quiet before 9 pm on a Friday might find it more suitable to live in the suburbs and not one of the world's largest cities.

Families with young kids, friends, local musicians, it's really amazing and I love how it brings everyone together. And the music isn't even that loud!!! You need to be close to the speakers to hear it but even when it's soft Sunset Sessions are still so so fun. DO NOT LET SUNSET SESSIONS END

3636	10/5/2023 13:39	Aurelia	West LA	I can't think of any other community events like this that routinely bring people together. Los Angeles is a place to bring people of all different groups together, and we lose feelings of social responsibility when we take away interaction. Shutting down this community event because of a few people's inability to understand the benefit would be detrimental. If those people don't want to engage with their community that's on them, but don't punish everyone else who does. As a resident in her 20s, I can't think of any other event where I regularly get to meet older people and families and feel like I'm part of a real local community

3666	10/5/2023 13:26	Madeline Lehrner	Santa Monica	This has been an incredible community driven event. It ends at 9pm and the music isn't loud. Frustrating to see people in the community create problems that don't exist.
3667	10/5/2023 13:25	Aj dorfman	Marina Del Rey	Don't let this event go!
3668	10/5/2023 13:25	Georgina Tavolara	Venice	
3669	10/5/2023 13:25	Mackenzie Richards	Brentwood	I used to live in the mar vista / Venice area and that's how I learned about the event. Went every week I could and now, even though it's a farther drive, I love visiting my old neighbors and catching up at penmar for some live music and snacks. It's a perfect opportunity to enjoy the outdoors, great music and a fun environment.
3670	10/5/2023 13:24	Kelsey patch	Santa Monica	
3671	10/5/2023 13:24	Lily Hart	Westwood	This is a family favorite night for my family as well as all of our neighbors. The one opportunity we have as neighbors to connect and for our kids to play outside. It saves our kids from boredom and loneliness and it is honestly disturbing that these neighbors are trying to shut it down. The kids love it. The babies love it. The teens love it. The adults love it and even the grandparents love it. Why would anyone in their right mind try to end this joy. Shame on those neighbors. Please save this beautiful event and let the kids have time outside with their friends.
3672	10/5/2023 13:24	Sam Sawyer	Venice / Mar Vista	This space and this event is more valuable to the broader community than a detractor for a sliver of a huge, historically diverse neighborhood. This is a classic case of NIMBY'ism and that's unfair to the the vast vast vast majority of us west-siders.

3673	10/5/2023 13:23	Erik Fuog	Mar Vista	Been to this event many times. It's a true westside gem. An amazing time to connect with community of all kinds-families, groups of friends, and even cute pets. Music as always been cool beach rock, western country, or something with an indie flavor. I've always appreciated the lower volume so that I can enjoy the music while simultaneously holding conversations with the people around me. I dont think 5 neighbors should have the sway over hundreds of other community members who come out to enjoy themselves in a very reasonable way. Hope to keep this thing going!!

3677	10/5/2023 13:23	Sarah Grosz	Venice	Love love love Sunset Sessions! They're the highlight of my week. Would truly be devastated if it ended.
3678	10/5/2023 13:23	William Gallagher	Mar Vista	The economic and social impact Sunset Sessions have had on my neighborhood are INCREDIBLE. The only ones hoping to keep the music down are absolute fascists wanting to drown out any semblance of CULTURE on the West Side. So sad that it's come to this. Please keep Sunset Sessions and the community alive!
3679	10/5/2023 13:23	Jordan Wood	Marina del Rey	These events are enjoyed by so so many! It's a fantastic way for our community to get together and in doing so we support a local institution and the musicians at sunset sessions. It would be so devastating to let a select few ruin such a wonderful community event.

3682	10/5/2023 13:22	Joe Care	Mar Vista	We love sunset sessions and it's a huge part of the community for all ages. There will always be a pushback to anything good. Don't let the squeaky neighbors ruin it for the community. Music is always acceptable noise level and it ends at an appropriate time for neighbors not to be disturbed during quiet hours. We should be supporting events like this, not shutting them down.

3684	10/5/2023 13:21	Jared Kramer	Mar Vista	Sunset sessions is an invaluable part of the community! Please don't end sunset sessions
3685	10/5/2023 13:21	Leila patterson	Studio city	I drive all the way from the valley for these weekly! Such a meaningful time for my friends and I to meet up + a family friendly/pet friendly wholesome event to rely on.
3686	10/5/2023 13:21	Lane Wright	Brentwood	I've been a sunset Penmar girl since Covid and have loved it from the beginning. I selfishly miss the Wednesdays only because I haven't been able to make it to as many due to traveling. I live in Brentwood and have many friends whom reside in Venice and we love to go to Penmar for a wholesome weekend activity. I enjoy the time with friends, the food is top notch, and it's always fun to see a variety of live music. It is always something I look forward to go to in the summer! I'm baffled by some of the accusations because it couldn't be more far from the true.

3691	10/5/2023 13:19	Ana Johnsen	Mar Vista	We LOVE the Penmar and the community it has built over the last few years. it's a family friendly establishment w great food, music and golf! with so many businesses failing lately, shouldn't we celebrate the businesses that are thriving!! I think 11pm would be too late for live outdoor music but 9pm seems VERY reasonable. please keep our community happy and not just the very tiny minority that are unhappy. this is a democratic society so take a vote of all in favor of the Sunset sessions! i think the AYES far outweigh the nays

Its great for families, kids, dogs, old + young alike. Its one of the only regular outdoor events of scale that happens on a regular basis on the westside. Not only does the community love it, but its great for the small and local business that offer food/beverages etc. I always look forward to sunset sessions at Penmar - it really is a positive unique experience that benefits the community. Whenever I have had friends visit, from New York to Hawaii all have loved attending.

It's shameful that the family fun atmosphere Sunset Sessions has become is having to fight this hard just to remain a part of the community. There are already too few outdoor third places in LA that are this welcoming and this entertaining. We should be celebrating these types of environments. Not trying to close them.
3756	10/5/2023 13:09	Marcus Stoll	Sunset Park / Santa Monica	One of the few spaces to enjoy the outdoors on the west side. 3772	10/5/2023 13:06	Audra Milosch	Venice	There are limited opportunities on the West Side where the whole community, from kids to older people, can and does come together like at the Sunset Sessions. It's a unique opportunity both for the community, artists and the economy, which always shuts down on time and quite frankly, it keeps the music so quiet I can't hear it from the back of the field.

I never have an issue with sound, or crowds, or parking. I do not attend these regularly but love having the option. A small group of naysayers should not dictate the happiness of hundreds of people's Friday's. There are also not very many options to make an outdoor event like this happen! Open green space is hard to come by in a dense area like Venice. There are going to be residential areas near this golf course or the adjacent park. It is impossible to please everyone. I hope the city can recognize this. Let us celebrate a handful of summer nights! It is not an unreasonable compromise.

				I actually am appalled to hear about these neighbors that want to take away this incredible thing that Penmar has respectfully started and built. It has become literally my favorite thing to be apart of as a nearby resident here in Venice. Admittedly, I wish Friday Sunset Sessions would go on past 9pm, and the fact that Penmar has always abided by that music ending at such a reasonable time on a weekend day without ever anything getting out of control. Please do not take this away from the greater Venice & LA community because of these few individuals that really seem to be targeting Penmar for the sake of a battle.

				As a single professional in my 30's, this community I live in lacks community events. I strongly feel Sunset Sessions is the first series of events where I can connect with my community on a regular basis. It's safe, fun, and entertaining! As a Santa Monica resident since 2016, it's the ONLY place I've seen on the west side where families, couples, and people in their mid ages come to enjoy the sunset and music in a peaceful place. Sunset sessions is strict about their event rules and I have never seen a reason they should not be able to continue to operate. Please let us keep having this beautiful event! I've been going since it started and have seen them make so many improvements at their establishment to make this an enjoyable evening for all! They deserve to be a staple in this community for what they have worked so hard to create, and not be punished for those few opposing who lack a sense of what community should be.
3807	10/5/2023 13:00	Tiffany Williams	Santa Monica	
3808	10/5/2023 12:59	Andrew Fox	West LA	Sunset Sessions should remain. If anything, they should expand.
3809	10/5/2023 12:59	Aj Peyrot	Santa Monica	
3810	10/5/2023 12:59	Caitlin West	West Hollywood	We love Sunset Sessions!! Keep live music and IRL events going!
3811	10/5/2023 12:58	Brett Neustrom	Venice	I love Sunset Sessions!!!! It is always well ran and never too loud. I will be really disappointed if it is shut down. This is the most wholesome, family friendly activity I participate in.
3812	10/5/2023 12:58	Cayla Brady	Santa Monica	To silence live music is to silence joy and happiness. Penmar does nothing but provide a community for the people of West LA and it would be a terrible, terrible mistake to end it.
3813	10/5/2023 12:58	Hanna Yamamoto	Sunset park.	Grew up around here and we need community like this. Forever !!! Long live sunset sessions.
3814	10/5/2023 12:58	John Cowan	Marina del Rey

3821	10/5/2023 12:57	Connor Dault	Venice	Venice deserves and needs a vibrant outdoor community driven by businesses not just looking to profiteer off the masses. We have literal camper vans with people selling drugs outside of schools and parks, focus efforts on cleaning that up. Let the music play!

3832	10/5/2023 12:56	Melanie Jaffe	South Bay	I moved from Venice to the South Bay and the sunset sessions are the best way for me and my friends who still live in Venice to keep a sense of community and stay in touch. We look forward to every single one we attend!

3834	10/5/2023 12:56	Regina Ferguson	Venice beach	We love Penmar sunset sessions, it such a special part of the community.
3835	10/5/2023 12:56	Sam Showalter	Oakwood	Sunset sessions at penmar has created an amazing community that has kept me here in LA. The weekly live music has quite literally been the best experience of arts and public gathering that I've seen since moving to California years ago. We need sessions to stay around!
3836	10/5/2023 12:56	Steven Ingraham	Playa Del Rey	Good luck!
3837	10/5/2023 12:56	Will Farnsworth	Brentwood	These neighbors are ridiculous! This event is over by 9pm at the latest and it's not like it's some crazy rave- just chill mid-tempo live music. And it's on a Friday night- they can't say they have work or school the next day, these people complaining need to go out and socialize!

3840	10/5/2023 12:55	Lauren Cornell	Marina del Rey, CA	I was very surprised to see that Penmar had to defend themselves for hosting the Sunset Sessions the first time around but am especially shocked to see this as an issue again with the same neighbors after the reform that Penmar instated to appease the neighbors, which did not seem necessary in the first place as a seasoned regular at the Sunset Sessions. These events have always been under control, peaceful, and family-oriented from day 1. I would hate to see what has become a favorite event amongst locals to gather outdoors and experience great local artists in a wholesome environment get shut down because of a handful of querulous neighbors. I sat at the far north/back end of the property when I attended Sunset Sessions 2 weeks ago and wondered what those neighbors could have possibly complained about, as the noise was hardly disturbing even on property. Perhaps these neighbors should redirect their complaints and efforts towards getting the city to act more on the homeless encampment issue on Rose Ave and nearby which is surely far more disturbing and threatening. At what point are officials going to see these neighbor complaints as a waste of everyone's time and clearly a pursuit of political or personal gain?
3841	10/5/2023 12:55	Connor	Downtown Santa Monica	
3842	10/5/2023 12:55	Guy Merin	Venice	We love you!!
3843	10/5/2023 12:55	Katrina Pulido	Sunset Park	I love The Penmar and the love sunset sessions. They have made our community a better place to hangout in. Please keep Sunset Sessions! We need as much live music as we can get on the west side.!

3854	10/5/2023 12:54	Jordan Stricklin	Marina Del Rey	These have become such a great community staple on the west side. It's rare to find an affordable, outdoor live music experience where you can gather with friends and fam and relax! The sessions ALWAYS end on time (wish they went later tbh). People suck I hope you win the fight x
3855	10/5/2023 12:54	Matthew Bilfield	Santa Monica	I used to live a half block away and went to about 25% of the concerts. On the night I didn't attend I didn't hear anything at all or experience any sort of inconvenience. This is a valuable community event that should 100% remain ongoing.
3856	10/5/2023 12:54	Sage Gregory	Venice/mar visita	We live across from the penmar on Glenavon and I can confirm it is not too loud and brings a wonderful community together.
3857	10/5/2023 12:54	Tony Garcia	Playa del Rey	The music nights at Penmar are the best thing to happen to the Rose Ave neighborhood since the golf course was built. Do not let a handful of angry people take away the special nights.
3858	10/5/2023 12:53	Ashley Boyd	Venice. Right on Penmar!	I golf here every Friday sometimes even more than that. This is my weekly treat to myself so when I finish my round after teeing off at 4:10 I'm right on time to catch the concert. Not only is this my weekly treat to myself it allows my community to get together and meet new people or see familiar faces, get our friends together and dance. This should NEVER stop. And those neighbors need to stop complaining because it's not a year round thing. You guys do end it during the colder months and pick it up once summers nearing. Ridiculous!
3859	10/5/2023 12:53	Kacie Griffin	Cheviot Hills	It would be so sad for this wonderful event to be discontinued!
3860	10/5/2023 12:53	Nareg Burr	Mar vista	They always play by the rules and are great for the community

3870	10/5/2023 12:51	Rebecca Fernandez	Mar Vista	Penmar is a wonderful local park with incredible events INCLUDING their concerts. As a neighbor to the course I've never found any of their events to be anything less than respectful, safe, and most importantly, fun for people of all ages in our community. Anyone saying otherwise is a blight on the fabric of society, and if that sounds dramatic please know I mean it.
3871	10/5/2023 12:51	Trevor Throop	Mar Vista	Have been coming to Penmar golf course for decades, since the opening of The Penmar Cafe it has been nothing short of wonderful for the community. I fully support them and all business they provide .

3885	10/5/2023 12:48	Caitlin Higgason	Ocean park	
3886	10/5/2023 12:48	Christian Fable	Mar Vista	We cannot let a small group of wealthy homeowners dictate the activities of their neighborhood at large. These events violate no noise ordinances and comply with all local laws. It is outrageous that these new, wealthy neighbors think they can shut down these events simply because they don't like them. They intentionally moved right by the airport knowing full well how loud that would be. Sunset Sessions is not loud and ends early! These people should move if they don't like it, there are hundreds of local residents who do.
3887	10/5/2023 12:48	Isaac Chan	Venice	
3888	10/5/2023 12:48	Kimberly Kramer	Brentwood	So many of our outdoor spaces in LA like parks are not usable due to the high amount of unhoused individuals. Penmar provides a safe and clean solution while also supporting local artists and it would be a shame to see sunset sessions end.

3892	10/5/2023 12:47	Chris Athens	Santa Monica, North of Wilshire south of Montana	Sunset sessions provides a wonderful community experience that can be enjoyed by people of all ages. It supports local arts and culture and brings people together. I realize the impact it may have on folks who live in the area, but hope we can find a common ground that allows this valuable event to take place while minimizing the impact on neighbors. 9-10p as an end time seems reasonable on a Friday evening.
3893	10/5/2023 12:47	Liam Gallagher	Lincoln Place	Absolutely needs to stay
3894	10/5/2023 12:47	Hannah Woods	Palms	Sunset sessions is my favorite neighborhood event. It brings the community together to share music, support artists, meet new people and all around host a family friendly event made for and to be enjoyed by everyone. These events need to be saved, keep music alive!

3914	10/5/2023 12:40	Andrew Vick	Venice	The penmar is a lighthouse for our community. My family and I frequent the establishment and must say it provides an opportunity for the neighborhood to congregate in an incredibly positive way. This is more important than ever in the current culture climate. We must protect the few businesses that are creating an atmosphere of unity.
3915	10/5/2023 12:40	Charles Rogers	Venice	I live on Penmar Golf Course on Glenavon Ave, and have never had an issue with the sound of the music. We love attending sunset sessions and don't want them to go!!
