

THE CONCERN

HOW DO WE CREATE A NEIGHBORHOOD COUNCIL THAT REPRESENTS AND SERVES STAKEHOLDERS IN VENICE?

STAKEHOLDER SURVEY RESULTS

AT-LARGE OFFICERS

72% of survey respondents indicated a desire to increase the number of votes for At-Large
Officers

AREA REPRESENTATION

80% of survey respondents indicated a desire for the VNC to elect Officers by representative areas/neighborhoods

EXECUTIVE OFFICERS

90% of survey respondents indicated a desire to continue to vote for Executive Officers and Chairs individually

OUR CONSTRAINTS

EVEN DISTRIBUTION

In determining new neighborhoods for representation, it was vital to maintain even population distributions so no areas were under or over represented

MAINTAIN NEIGHBHORHOOD CHARACTER

As Venice has several areas with distinct characteristics and interests, we strove to keep like minded neighborhoods together when considering new neighborhood areas

USE OF MAIN STREETS

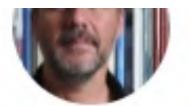

Per DONE and LA City, the definition of neighborhoods was to be done on major through streets, impacting how we were able to define each area
