

Link to City Planning StoryMap:

In order to access the StoryMap, open hyperlink below. Then wait for webpage and map to load. Left frame gives definitions of land use categories; close frame by clicking on its arrow. Zoom to Venice by clicking anywhere within Venice area, then move to any parcel in Venice and click on the parcel. The information proposed by City Planning for that parcel opens in a small window.

https://experience.arcgis.com/experience/68c4059a76d541b7a49da2ab0c43f765/#datas=id%3AdataSource_1-18da44_eva.chang-person@lacity.org35ecc-layer-21-18da4429150-layer-18%3A8712

Clicking on the parcel's zoning opens a set of tables detailing all the specific zoning requirements for all land use classifications in the City and is a handy reference to download.
