5. Chair Report:
Federal budget cuts and City Budget has left LA City Emergency Management with a flat budget. Overtime for supporting community preparedness is not available. The status of FEMA is unclear and the level of support for disaster response and recovery likewise is unclear and may require more state and local resources.
DONE is working to finish developing emergency planning guide for Neighborhood Councils to complete. Community emergency planning is part of the VCRC mission. Accordingly, the Chair has volunteered the VCRC to complete the plan to the VNC President

who has accepted the offer.

6. . Old Business:

All VCRC activities including CERT and education are on hold until after the new VNC Board is seated and acts. The 2025-2026 Emergency Preparedness Program will be brought to the new VNC Board in July or August depending upon how quickly the Board is constituted and the Public Safety Committee Chair appointed. Motions to adopt the program and reappoint the VCRC as an ad hoc committee if necessary have been drafted and will be submitted either by the VCRC or Keith Harrison as a stakeholder.
