5. NEW BUSINESS -

Board discussed information shared by LA County Homelessness Liaison for Supervisor Lindsey Horvath Jonah Glickman at last Committee Meeting

Discussion of Board Goals for 2025/26.

Opened discussion up to Venice stakeholders present for dialogue since there were so few present.

We had the luxury of being able to have a robust and straightforward dialogue about many issues from the need for affordable housing to our service providers in Venice and the now revealed lack of accountability and transparency with Homeless funds.

The Board asked to invite St. Joseph's Center (our SPA5 Service provider) to our next meeting, possibly even with a much larger town hall setting.
