Supporting Document: LUPC Staff Report

Motion 35-26-VNC

The Venice Neighborhood Council recommends approval of the project at 305 Rose Ave with following conditions, which are based on recent similar applications for similar uses in the Coastal Zone:

- 1) The stated authorized use shall be conducted at all times with due regard for the character of the surrounding district. The required conditions are necessary for the protection of persons in the neighborhood or occupants of adjacent property. All outside areas are removed from use, including roof deck and patio. Hours of operation are limited to Sunday – Wednesday 7 am -- 10 pm, and Thursday from 7 am to 11 pm, and Friday - Saturday 7 am to 12:30 am.

- 2) The applicant agrees to sound containment and abatement measures on the interior and exterior of the project. As the project is envisioned as a club the likelihood of noise leaking out to the immediate neighbors to the east and north of the project site at some level is guaranteed. Thus, precise sound abatement measures and covenants shall be in place as part of the permitted use. The applicant will implement the following sound abatement procedures:
 - a) Adding a double sound wall to all interior walls that face the abutting neighbors and alley
 - b) Closing, boarding up openings with a sound abating wall on the interior windows that abut to immediate neighbors on the historic and annex part of the building
 - c) Upgrading all other windows to a triple pane window system
- 3) Lighting shall be installed in all areas within and surrounding the business in conformance with the Los Angeles Municipal Code. The exterior lighting shall be such that it renders all objects and persons clearly yet is not a nuisance to immediate neighbors.
- 4) Trash bins shall be located to the rear of the building and shall be enclosed and screened from view. Trash collection shall be scheduled to prevent trash from overflowing.
- 5) No smoking shall be permitted anywhere on the premises. No smoking signs shall be posted on the premises, including the roof-top deck.

- 8) Green Space additions and Urban beautification: This project lacks green and permeable space, therefore the continuation of urban trees on the parkway on Rose Ave and Hampton Dr and the landscaping in the paved open area should be part of this project. A landscape plan with these changes shall be part of the permitted project.
- 8) Complaint Log: A phone number and an email address shall be provided for complaints or concerns from the community regarding the operation. The phone number and email address shall be posted at the following locations: Entry, visible to pedestrians, and at the Customer service desk, front desk or near registration desks. 1. WRAC Motion: Restore Full Funding for Neighborhood Council Elections in FY 2026-

Refers to City Council File 26-0600.

Motion 49-26-VNC

The Venice Neighborhood Council, as a member of the Westside Regional Alliance of Councils (WRAC), strongly urges the City to restore and maintain full funding for Neighborhood Council elections in the FY 2026-2027 budget. The City Clerk's proposed elimination of \$915,000 in funding, which would likely result in the postponement of the 2027 NC elections until 2029, represents a short-term budget solution with long-term democratic consequences. Many NC Bylaws do not allow Board member terms to extend beyond June 2027; if NC elections do not occur in FY 2026-2027, those members would term off with no democratic process for choosing their successors. Funding for NC elections in FY 2026-2027 is absolutely critical and cannot be eliminated.

2. Noise and Air Pollution Impacts on East Venice from Santa Monica Airport Operations (PTIC vote: 5-1-0)

PURPOSE: To support East Venice and Councilmember Traci Park in asking for a re-assessment of recent additions to Santa Monica Airport flight operations that disproportionately and negatively impact the East Venice neighborhood.

SUPPORTING DOCUMENTS: *Councilmember Park letter to Santa Monica City Council, dated 1/29/2026.*

Motion 50-26-VNC

The Venice Neighborhood Council supports a re-assessment of the Santa Monica Airport's operational impact on the East Venice community and considers that the present training flight pattern, in particular, disproportionately and unfairly affects East Venice while shielding the Santa Monica community to the north from the inherent noise, air pollution, and potential safety impacts of those operations.

This motion shall be transmitted by letter to Councilmember Traci Park and CD-11.

3. Zoom Meeting in June

The June Venice Neighborhood Council meeting shall be held virtually.

F. Support Charter Reform Increasing Department of Recreation & Parks Funding (Arbor Committee vote: 5-0-0) (30 Minutes) (Public Comment 15 min Board Comment 15 min)

PURPOSE: Parks in Venice are in dire need of increased funding for maintenance and refurbishment. The funding of the Department of Recreation and Parks needs a more permanent solution than the yearly budget process. A recent motion passed by the City Council Rules, Elections and Intergovernmental Relations Committee (Council File 26-0489-S2) advocates for Charter reform regarding the mandated budget levels for the Department of Recreation and Parks. This CIS supports a Charter reform measure that would double the mandatory Department of Recreation and Parks budget appropriation.

Motion 69-26-VNC

Whereas, parks in Venice are in dire need of increased funding, both for maintenance and refurbishment, and the funding of the Department of Recreation and Parks needs a more permanent solution than the yearly budget process. Therefore, Venice Neighborhood Council urges the City Council to incorporate the Charter reform as recommended in the motion passed by the City Council Rules, Elections and Intergovernmental Relations Committee (Council File 26-0489-S2) regarding the mandated budget levels for the Department of Recreation and Parks, which will double the amount of money required to be budgeted for the department

and which would amend Charter Section 593 to ensure that the financial support of the Department of Recreation and Parks be increased from an appropriation of an annual sum of not less than 0.0325% of assessed value of all property as assessed for City taxes up to 0.0650% of said taxes, following a four-year phased increase.

This CIS shall be transmitted to Council File 26-0489 and the office of Councilmember Traci Park.
