9) **213 Windward Ave/Hama Sushi** (at Main St)

ADM-2026-1849-RBPA

Case on hold

Planner: Ricardo.Martinez@lacity.org

Project Description: Administrative clearance pursuant to LAMC 12.22 [A.34/ A.35], restaurant beverage program (RBP), to allow the sale and dispensing of beer and wine only, for on-site consumption in conjunction with a restaurant with 1,853 sf of indoor floor area, with 110 indoor seats 20 outdoor seats in a 400 sf outdoor patio in the public right of way, operating from 5 pm to 9:30 pm daily, in the C1.5 zone.

LUPC Staff: Sarah Wauters & Jalal Awan

Motion

The Venice Neighborhood Council recommends that the City defer approval of the RBPA request for 213 Windward Ave/Hama Sushi so that it can be considered concurrently with the recently filed Coastal Development Permit for transition from temporary to permanent Al Fresco Dining, enclosure and deck with ramp (DIR-2026-3333-CDP).

Moved by Jalal Awan, seconded by Sarah Wauters, unanimous approval. 8-0-0. (JK absent)

10) **609 Rose Ave/Wallflower RBPA** (between 6th Ave & Ruth Ave)

ADM-2026-3242-RBPA

Case NOT on hold

Planner: Edwin.Cano@lacity.org

Project Description: Sale & dispensing of a full line of alcoholic beverages for on-site consumption in conjunction with a restaurant with 427 sf of indoor floor area, with 27 indoor seats & 18 outdoor seats in an outdoor patio on site, operating from 7 am to 11 pm daily, in the C4-1 zone.

LUPC Staff: Jalal Awan

Motion

The Venice Neighborhood Council (VNC) does not support a process for issuance of alcohol permits in areas adjacent or in close proximity to residential zones or any other sensitive use without public outreach and thus recommends that the RBP eligible area for the location at 609 Rose Ave/Wallflower be changed by the Council Office/City Council from a "General" to an "Alcohol Sensitive Use" zone, due to its immediate adjacency to a R2/Multi-Family Residential neighborhood with approximately 22 multi-family buildings within a 300 foot radius. As per the RBP ordinance this change would require that the applicant conduct outreach through the VNC/Land Use & Planning Committee process, including providing a flyer or other summary of the restaurant information, including the name, contact information, projected opening date, and menu and alcohol to be sold (beer, wine and/or distilled spirits), and seating layout, including outdoor areas if any, with evidence of the outreach submitted with the RBP application materials.

Moved by Jalal Awan, seconded by Mark Mack, unanimous approval. 8-0-0. (JK absent)

 LUPC Staff: Robin Rudisill
Motion
Whereas the project at 2467-2471 Lincoln Blvd, Case No. CPC-2019-6069-CU-DB-CDP-CDO-SPP-MEL-WDI, was approved as a mixed-use development consisting of permanent supportive housing and related supportive services, and commercial office use;

Whereas the project was approved pursuant to California Density Bonus Law, which expressly recognizes "a specific, adverse impact ... upon public health and safety or the physical environment" in Government Code §65915;

Whereas community members have reported significant and continuing adverse impacts associated with activities at and around the property, raising questions regarding the adequacy of the existing

Conditions of Approval and whether additional operational conditions, compliance monitoring, or other measures are warranted; and

Whereas questions have arisen as to whether the property's current uses—including SPY's street outreach and other supportive services for individuals who do not reside in the onsite supportive housing—fall within the uses authorized by the entitlement.

Resolved, the Venice Neighborhood Council recommends that the Department of City Planning and Zoning Administrator:

- 1) review the current uses and operations at 2467-2471 Lincoln Blvd and the evidence of adverse impacts on the surrounding neighborhood;
- 2) determine whether all current uses are authorized by the approved entitlement;
- 3) evaluate compliance with and adequacy of the existing Conditions of Approval; and
- 4) determine whether additional or modified operational conditions, enhanced compliance monitoring, an Evaluation of Non-Compliance under LAMC §13B.6.1, and/or initiation of Nuisance Abatement/Revocation proceedings under LAMC §13B.6.2 are warranted to address documented ongoing impacts—consistent with the project's Conditional Use findings requiring that the project's operations be compatible with and not adversely affect or further degrade adjacent properties, the surrounding neighborhood, or public health, welfare and safety—and taking into account the public health and safety considerations expressly recognized in California Density Bonus Law, including Government Code §65915's reference to "a specific, adverse impact ... upon public health and safety or the physical environment."

Moved by Robin Rudisill, seconded by Gabriel Ruspini, unanimous approval. 7-0-0. (JK & JA absent)

Motion

The Venice Neighborhood Council supports the motion in Council File 26-0956 to instruct various City departments to:

- 1) report back on the feasibility of conditioning city funding permanent supportive projects on the provision of background checks and comprehensive behavioral-health and risk assessments, in addition to screening out individuals with violent criminal histories;
- 2) report with recommendations to update the City's Model Property Management Policies and Procedures to account for safety within and outside publicly funded housing projects;
- 3) prepare recommendations for strengthened "Good Neighbor" operational agreements for City-funded housing, including but not limited to required on-site security staffing levels, 24/7 staffing requirements for higher-acuity sites, security cameras in common areas and entrances, controlled access systems, and regular security audits;
- 4) report on intake and assessment protocols for supportive housing projects, including whether providers are conducting comprehensive behavioral-health and risk assessments, screening for violent criminal histories, evaluating severe mental illness and substance use needs, and matching residents with appropriate levels of care rather than placing high-acuity individuals in lower-support settings;
- 5) report with recommendations for higher-acuity placement pathways," for individuals with repeated violent conduct, serious untreated mental illness, or persistent behavioral crises, including coordination with County behavioral health programs; and

- 6) **report on the feasibility of creating a dispute resolution process to mediate concerns between neighbors and permanent supportive housing operators.**
