         The Arts Committee of the Venice Neighborhood Council recommends the support
         and recognition of the Venice Institute of Contemporary Art.

         ViCA Mission Statement:

         The Venice Institute of Contemporary Art (ViCA) is a nonprofit arts organization
         devoted to capturing the historical and contemporary essence of one of the most
         important American
         artistic cities as it's happening. ViCA protects, preserves, and promotes the values of
         individual and independent artistic expression that have formed the practice of
         creativity in Venice since it's founding in 1905.

         Through it's exhibitions, events, research facilities, and education curriculum, ViCA
         will celebrate the art, culture and community that Venice has provided to Southern
         California and the art world at large. This marks the beginning of a concerted
         centralized effort to capture the world art community through the experience and lens
         of Venice through ViCA as its hub.

         Since it's inception, ViCA has and will continue to create important events and
         exhibitions that take place in galleries and specialized spaces until it raises funds for
         an endowment and finds a home.
