10C Postponement of Atkins Housing Package (WRAC motion)

WRAC is an alliance of Community and Neighborhood Councils which span the entire west side of the City of Los Angeles. Our regional concerns are brought up for discussion by our board members and our board is comprised of Community and Neighborhood Council leaders appointed to our board. Our positions are adopted only after a super-majority of member councils has affirmed the position in question.

WRAC holds to the following foundational principles in the areas that we have determined to be our alliance priorities: land use and zoning, housing and homelessness, mobility and transportation, public safety, education and environment. We hold that the LA Department of City Planning and its Planning & Zoning Department adhere strictly to existing planning and zoning codes and ordinances. We urge that regulations be upheld and that communities impacted by land use and development projects be allowed ample time to review and comment on any matter seeking discretionary action that is up for review. We always urge all governing agencies with jurisdiction over the approval, execution or enforcement of projects to scrupulously apply applicable codes and standards to all projects.

Similarly on housing and homelessness, WRAC urges governing bodies to adhere to strict scrutiny of community plans, local character, zoning and building regulations as well as building and safety codes and zoning restrictions. We expect agencies and entities to conduct meaningful outreach to the communities represented at WRAC, through our member councils, and address housing and homelessness relief in a responsible way that is mindful of existing communities as well as the need for increased housing density.

With respect to mobility and transportation, WRAC is acutely aware of the need for new and creative solutions to gridlock and Westside mobility, as well as mass transportation. We expect research results on transit and mobility to be made available to communities impacted by pending infrastructure or mobility planning. We urge sufficient notification to all affected parties to allow them to comment on any proposed developments or transportation infrastructure proposals in areas that impact our member councils. Strict scrutiny of existing laws, regulations, ordinances and standards for infrastructure development and construction, particularly in hillside and coastal areas which disproportionately impact the Westside, be applied to transportation and the development of citywide or neighborhood mobility plans and infrastructure.

We exist to empower stakeholders, and encourage and support more transparency in City governance.

Motion of Support of Land Use Statement:

Whereas, the statewide COVID-19 emergency, or any other emergency, reduces the action calendar time frame of the California State Legislature, and thus greatly reduces the ability of California's citizens and communities to demand greater accountability, fairness, transparency, and responsiveness from public officials in the area of land use planning;

Whereas the proposed "Atkins Housing Package" of bills has not been sufficiently vetted for integration with previously approved Regional Housing Needs Assessment legislation which modernized the methodology for anticipating growth in the State;

Whereas the proposed "Atkins Housing Package" of bills has not been sufficiently vetted for growth inducing impacts and hidden substantial state mandated costs upon: These bills include SB 902, SB 995, SB 1085, SB 1120, and SB 1385

- i. Local General Plans and Community Plans
- ii. Communities in environmentally sensitive areas such as Very High Fire Hazard zones, Coastal zones, Earthquake Fault Zones and others as listed in the California Environmental Quality Act (CEQA)
- iii. Critical local infrastructures for the public health, welfare and safety, and
- iv. the impact upon under served communities and the affect of displacement upon them.

WHEREAS, the Venice Neighborhood Council recommends a postponement of action on this suite of housing bills until such time as the previously enacted 2018 and 2019 housing legislation has been given a chance to increase housing production as promised.

MOTION: Not to approve the WRAC motion as presented but to send to the board for consideration.

12D Masks For The Homeless (Frank Murphy on behalf of the Homeless Committee)

MOTION: Whereas, for the health of everyone in the City of Los Angeles, wearing a mask is required everywhere except in your own home and outdoors when not in close proximity to others. All but surgical masks provide one-way protection – if you are wearing it, you are preventing your breath with possible virus content from being inhaled by the people around you. Whereas only if everyone wears a mask is the community as safe as possible. Whereas not everyone, especially the homeless, can afford to buy sufficient masks so they always have a clean one to put on before leaving home. Be it resolved that the Venice Neighborhood Council, through its web site and social media, will encourage stakeholders who sew to make masks to be given to Venice's homeless population, and the VNC Homeless Committee will set up the logistics for manufacture and delivery.

It's YOUR Venice - get involved

Venice Neighborhood Council

Submitted By Pietro Martini
Committee Referred To: Verdant Venice

Agenda Motion Request: Resolution Supporting East Grand Blvd. Community Median Garden Whereas, the City of Los Angeles is hard pressed to maintain the many street medians and parkway areas in Venice, and Whereas, the resident group Neighbors of Grand has landscaped the southern median at the intersection of East Grand Blvd. and North Venice Blvd. at considerable time and expense, and Whereas, this community garden significantly enhances the neighborhood and this entrance to Venice, and Whereas, Neighbors of Grand is committed to continuing to water, prune and maintain the garden free from trash, Whereas, it is problematic to stretch a water hose across East Grand Blvd. each time the garden needs to be watered (one hose has already been ruined by the tires of a large truck), now, Therefore, be it resolved, the Venice Neighborhood Council recognizes and applauds the creation of the East Grand Blvd. community median garden, calls upon the Bureau of Street Services to coordinate any and all of its activities regarding the garden with the Neighbors of Grand, and asks the Bureau of Street Services to provide water to the site, from the median of Venice Blvd., in a locked box from which a drip irrigation system may be installed and administered by Neighbors of Grand to allow for the healthy growth of this garden. Upon approval this Resolution shall be forwarded to Bureau of Street Services General Manager Adel Hagekhalil at adel.hagekhalil@lacity.org and Councilmember Mike Bonin
