NEW BUSINESS

11. Oversize (Height or Length) Vehicle Resident Permits

a. Item for discussion and possible action: The Oversize Vehicle parking restriction signs are having a negative effect on Venice residents who want to park in the street. In many cases these vehicles are not creating any negative impacts especially when the parked vehicle is located in front of the owners resident or business. These conditions might if a person who owns an RV is preparing for or returning from a trip or perhaps if a business needs to load or unload a delivery. Although the City cannot create zone parking to restrict public access to parking within the Coastal Zone until they can demonstrate a 1:1 replacement ratio of on-street parking with off-street parking stalls, there is nothing restricting the City from creating parking zones within Venice that does not restrict public access. Assuming Venice had zones (presently undefined boundaries), and assuming LADOT could offer Oversize Vehicle Parking Permits restricted to a Zone, then a property owner within the zone could purchase a term (undetermined length of time) to park his/her over size vehicle.

b. Public Comment:

c. Committee Discussion:

d. Motion: VNC to send a letter to LADOT requesting they investigate creating parking zones for the purpose of issuing oversize vehicle parking permits to residents or businesses within the zone and report back to the VNC a feasibility and cost study to implement such a program.

12. Lincoln Blvd Fast Forward Update

a. Item for discussion and possible action: Several proposed improvements and alterations to Lincoln Blvd between City of Santa Monica and Venice Blvd. The proposed includes new crosswalk controls, a dedicated bus lane in PM Peak Traffic Hours and a reduction of street parking. Visit <https://ladotlivablestreets.org/projects/lincoln> for more details.
