5b Consideration and Approval of Ad Hoc Committee(s) Mission Statement(s)

i. Venice Community Resiliency Committee (VCRC)

Mission: The mission of the Venice Community Resiliency Committee (VCRC) is to develop whole community planning and preparedness programs to further ensure the survival and recovery of the Venice community in times of disaster or proclaimed emergency.

ii. Parking and Transportation Committee (PTC)

Mission: The Venice Neighborhood Council, Parking and Transportation Committee (PTC) will evaluate existing and potential future conditions, relating to Parking and Transportation and issues within the public right-of-way, consider stakeholders input, and propose solutions to the Board of **Officers**.

iii. Venice Arbor Committee (VAC)

The Venice Arbor Committee supports and encourages the planting and maintenance of trees throughout the Venice Neighborhood and surrounding communities through advocacy, education and policy work. ~~We work with the City and their planting partners, residents, schools, developers, non-profits and other stakeholders to create, improve, and care for the tree canopy, support and improve local biodiversity, and a healthy ecosystem. We actively enlist and encourage the local citizenry to engage in planting and caring for their own yard and parkway trees and help educate individuals on how to accomplish this.~~

JM, DF (7,0,0) for a period of 12 months.

James Murez (JM), Daffodil Tyminski(DT), Melissa Diner(MD), Nico Ruderman(NR), Andrea Boccaletti(AB), Mike Bravo(MB), Alley Bean(AB), ABSENT: Jason Sugars(JS)

iv. Discussion Forum Committee (DFC)

Provide a monthly forum for discussion of long-term matters affecting the Venice Community within the context of the VNC Vision Goals.

To stimulate the vitality of the VNC, the Board and VNC Committees are encouraged to consider the below VNC Vision Goals in their deliberations.

Although the VNC is a political body, and inevitably it may become embroiled in issues that divide the community, these goals are designed to promote a more proactive, collaborative vision for VNC Committees to include in their deliberations as they formulate recommendations for Board consideration. The intent is to create a working framework of integrated strategies capable of achieving, over time, broader consensus and increased: Focus on Children

Consider strategies that promote & expand opportunities for children to experience direct meaningful involvement in all aspects of the social and economic and cultural activities of the Venice Community. Include this Focus on Children as an integral part of the consideration of strategies in all of the below Vision Goals.

Participation

Consider strategies that encourage & facilitate broader involvement of stakeholders, major organizations, community groups, and government institutions, etc.

Walkability

Consider strategies that reduce the use of cars and that promote alternatives such as walking, skateboarding, biking & bike racks, circulation systems (trolleys), park & ride rather than additional parking, street-narrowing/sidewalk widening, walk/bike/skateboard lanes separated from traffic, easier neighborhood pedestrian access to commercial stores, etc.

Diversity

Consider strategies that encourage & facilitate realistic recommendations designed to increase economic diversity, including affordable housing, etc.

Creativity

Consider strategies that promote the arts, encourage & facilitate creativity. This can apply to architecture, public art, social events (neighborhood gatherings/street movies/theatre/dance/pottery/...), etc.

Collaboration

Consider strategies that encourage & facilitate 'level playing fields' for collaborative negotiation; opt for procedures & policies that 'promote flexibility & dialogue' over 'reacting defensively to rigid criteria', facilitation/mediation training, etc.

Brainstorming

Consider strategies that encourage & facilitate exploring of non-traditional options for achieving shared objectives, etc.

v. **Drug Addiction and Mental Health Awareness and Solutions Committee (DAMHASC)**

This is a request to form the VNC Drug Addiction and Mental Health Awareness and Solutions Committee. The mission of this Committee will be to intensify community awareness of the ever-increasing issues of both drug addiction and untreated mental illness in our neighborhoods; to find solutions in intervention and prevention for younger children and teens in our schools as well as in services and treatment for adults in our community. The Committee will bring in speakers are experts from all over the country, compile and share data on successful programs in other communities, bring intervention,

education, and outreach programs to our schools (starting this Fall), and raise awareness of these issues in our community. The Committee will focus on developing actual solutions for our community that we, as compassionate and dedicated Venetians, can bring to our community and city-wide.

vi. **FACILITIES FOR HOMELESS Committee (FFHC)**

Mission:

1. Obtain the information Item 17C on the 7/20/21 VNC Board Agenda, entitled "Homeless Committee Information Request" requests. It states "The Venice Neighborhood Council requests that Councilman Mike Bonin, the LA City Council, and the LA City Planning Department provide its plans to Venice and all other Neighborhood Councils throughout LA as to how, when and where it proposes to provide the supply and location of permanent housing necessary to meet the demand to deal with the housing shortage which has and will, unless resolved, maintain the systemic cycle of homelessness affecting our LA Communities. If there are no such plans in existence at this time, why isn't there one and when will there be one. Notify the offices of Councilman Mike Bonin, Mayor Eric Garcetti, Los Angeles Planning Department."

2. To the extent not covered by information provided under paragraph 1 above, the addresses and general descriptions (i.e. bedrooms and baths) of units in which the City can presently place homeless persons.

3. Any writings which summarize how the City plans to spend any monies it receives under the Homeless Housing, Assistance and Prevention Program and Project Homekey.

4. Any writings which summarize the amount and purpose of monies in the current City budget for providing housing to the homeless.

5. The name and contact information for a City employee who can provide continuing, current information about the matters described in paragraphs 1-4 above.

6. With respect to the 2 large parcels of vacant land in the attached photos which the City owns at Westchester Parkway and La Tijera Blvd. and La Cienega and Century Blvds. ("the LAX Parcels") :

(a) Request Councilman Bonin to have the City Council amend Council File No. 21-0350 entitled “Homelessness and Poverty Committee Report relative to evaluating sites feasibility and identifying funding for potential projects at various locations in order to continue to try different interventions to address homelessness” (“the Report”) to add the LAX Parcels to the Report which presently only covers parking lots at Will Rogers State Beach, Dockweiler Beach and Fisherman’s Village in Marina del Rey.

(b) Require the City, including but not limited to Councilman Bonin and LAWA, to produce any writings which:

(i) Support any claim they have that the City must obtain FAA approval to use the LAX parcels for homeless housing.

(ii) Evidence any plans the City has for development of the LAX parcels within the next 2 years.

(iii) Evidence the presence of electric, sewer, water and sanitation facilities within or near the LAX Parcels, which would support homeless facilities there.

NOW THEREFORE BE IT FURTHER RESOLVED THAT: the Task Force is further authorized to:

(i) Obtain the above information under the CPRA or otherwise.

(ii) Request others to help obtain that information.

(iii) Regularly report the results of these efforts to the Board.

NOW THEREFORE BE IT FURTHER RESOLVED THAT:

These Requests are authorized by Sec. 910 of the City Charter [“Sec. 910. Monitoring of City Services. Neighborhood councils shall monitor the delivery of City services in their respective areas and have periodic meetings with responsible officials of City departments, subject to their reasonable availability.”] and Article IIA of the VNC By Laws [The mission of the VNC is “To improve the quality of life in Venice by building community and to secure support from the City of Los Angeles for the resources needed to achieve our goals.”]

vii. Homeless Committee (VHC)

The Venice Neighborhood Council's current ad hoc Homeless Committee was approved without a specific period of service by the General Board at their October 2019 meeting. According to VNC Standing Rules, "An ad hoc committee that does not have a sunset date associated with it will automatically

be given a date 12 months from the date of their approval as an ad hoc committee by the Board of Directors." Accordingly, the current Homeless Committee is over. However, the social and humanitarian crisis of homelessness remains a large issue for Venice, and the need for an ad hoc committee to address the issues of Los Angeles homelessness and concerns of stakeholders is a necessity for the community. Explicably, there is also a direct connection between homelessness and tenant issues. Research has demonstrated multiple times over the relationship between housing affordability and homelessness. Los Angeles averages the loss of nearly five Rent Stabilization Ordinance (RSO) units a day. This alarming figure impacts the Venice community, which is made up of nearly 69% tenants, more than 2/3 of its population. Additionally, Venice is a highly lucrative tourist zone that continues to have issues with short term vacation rentals and apartment hotels, which take important housing stock off the market, particularly RSO units and lower-cost units that service workers and working class families can afford. With the Olympics headed to Los Angeles in 2028, proposed amendments to the short term ordinance are constant, require oversight, and greatly affect Venice. As the current housing crisis continues to escalate, increasingly more housing discussion topics and motions have come forward which the current iteration of the VNC's Homeless Committee is not capable of addressing. These topics are also improperly showing up at the Public Health and Safety Committee. Nor are these theory-based "housing" topics always a LUPC issue either, since LUPC traditionally addresses current applications for project permits, variances, coastal development permits and direct legislation that affects all these. An operative committee is necessary to undertake the theoretical topics of housing in areas not directly related to LUPC and its active work. THEREFORE, be it resolved, the Venice Neighborhood Council will form a new "Housing and Homelessness" ad hoc committee with the following Mission Statement: "The Housing and Homelessness Committee will serve as a liaison between relevant city agencies and service providers, and the Venice Neighborhood Council on issues and programs related to homelessness and the unhoused, and to advocate for the effective use of government programs to help address our housing crisis. The Committee will provide education on the issues of Los Angeles homelessness, tenancy, and advocacy for concerns to the Stakeholders. Additionally, the Committee will review and address topics that pertain to tenants, their rights and landlords, as well as the ongoing complexities of short term vacation rentals." FURTHER, be it resolved, the Housing and Homelessness Committee will equitably include member stakeholders who are renters/tenants and unhoused residents in order to broaden the Committee's perspective on important policy issues, and to give voice to a constituency into decision-making that impacts them.

viii. Venice Homeless Committee (VHC)

The mission of the Ad Hoc Homeless Committee shall be to analyze and address the various sides of homelessness and its effects on the Venice community. Using experience, understanding, data and inclusive resolutions, the committee will work closely with service providers, local government, enforcement agencies and most importantly Venice stakeholders, to help propose solutions that will address everyone's needs.

- Require PATH to extend its security obligations into the surrounding neighborhood, specifically Harrison Avenue;
- Pedestrian gates to Harrison Avenue be designated Emergency Only;
- Install and thereafter maintain an 8-foot permanent rear barrier along Harrison to provide better control over access to the Project via Washington;
- Meetings with PATH and the City will be held with neighbors within 1,000 feet every six months;
- Any future conversion to Permanent Supportive Housing be subjected to a new CDP approval process;
- Increased LAPD presence and patrols to the President’s Row and Oxford Triangle neighborhoods to ensure public safety;
- City to install additional street lighting on the south side of Harrison Avenue, directly across from 1110 to 1140 Harrison Avenue;
- No shelter-related parking on Harrison Avenue or the surrounding neighborhoods;
- The City and PATH will not maintain the development in a manner that directly or indirectly:
 - o Jeopardizes or adversely affects the public health, peace, or safety of persons residing or working on the premises or in the surrounding area; or
 - o Constitutes a public nuisance; or
 - o Results in repeated nuisance activities, including, but not limited to, disturbances of the peace, illegal drug activity, public drunkenness, drinking in public, harassment of passersby, gambling, prostitution, sale of stolen goods, public urination, theft, assaults, batteries, acts of vandalism, loitering, excessive littering, illegal parking, excessive loud noises (especially in the late night or early morning hours), traffic violations, curfew violations, lewd conduct, police calls for service, or police detentions and arrests; or
 - o Adversely impacts nearby uses; or
 - o Violates any other city, state, or federal regulation, ordinance, or statute.

B. Two Step Abatement & Arbitration Procedure

1. Voluntary Abatement Any resident or business within 1000 feet of the exterior boundaries of the project may submit a written complaint to PATH and the City concerning violations of agreed-upon public safety accommodations. The complaint will

specify the nature of the violation or problem. The parties will meet within 30 days of the written complaint to meet and confer in good faith about a voluntary abatement plan to bring operation of the facility within the requirements set forth above. PATH and the City shall then have 30 days to implement the voluntary abatement plan to remedy the violation or problem. If PATH and the City fail to adequately implement the voluntary abatement plan within the established timeline, complainant has the right to request that the matter be referred to binding arbitration. 2. Binding Arbitration The parties agree that any complaint filed by any resident or business within 500 feet of the exterior boundaries of the project that cannot be mutually resolved after meeting and conferring in good faith and giving PATH and the City the opportunity to voluntarily abate the violation or problem within 30 days shall be submitted to binding arbitration. The arbitration shall be administered by JAMS (Judicial Arbitration & Mediation Services) pursuant to its Comprehensive Arbitration Rules and Procedures and in accordance with the Expedited Procedures in those Rules. The selection of an arbitrator through JAMS shall be pursuant to JAMS Rule 15. The venue of the arbitration shall be in Los Angeles, California. The arbitrator will have the ability to require the modification, discontinuance, or revocation of the CDP, and the ability to impose conditions of operation as he or she deems appropriate, including those necessary to protect the best interests of the surrounding properties or neighborhood; to eliminate, lessen, or prevent any detrimental effect on the surrounding property or neighborhood; or to assure compliance with other applicable provisions of law. The arbitrator's decision shall be supported by written findings and shall state that failure to comply with any or all conditions imposed may result in the issuance of an order to discontinue or revoke the CDP. All arbitration costs and fees are to be paid by the City and/or PATH.

H. WRAC Processes and Procedures Amendment (Council File 12-0460-S4)

Case: Council File 12-0460-S4 (Processes and Procedures Amendment) City Hearing: The City Council considered the ordinance on 6/22/21. In addition to instructing the City Attorney to put the ordinance in final form, the PLUM Committee Report was amended to “instruct the Department of City Planning to produce a line-by-line chart of the proposed changes to our processes and procedures to be transmitted for consideration and made available to the public before the final ordinance is considered.” The ordinance will go back to the Council for a final vote. Passage Deadline: September 2021 Motion Proposed: Stacy Shure/WRAC LUPC on June 21, 2021 Motion Passed by: Brentwood Community Council (Modified) Mar Vista Community Council (Modified) Westside Neighborhood Council Refers to: <https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=12-0460-S4> Motion: The Venice Neighborhood Council requests that the Los Angeles City Council postpone consideration of Council File 12-0460-S4 (The Process and Procedures Amendment to the City Charter) for a minimum of 6 months in order to enable further community presentations and feedback. The document in this file, including technical amendments and attachments, are over 900 pages. To date there have been approximately 3 meetings of 1.5 hours each for the Department of Planning to summarize this extensive document and receive limited feedback. Further technical amendments were made prior to the PLUM committee's June 1 consideration which incorporated more than just technical changes that need review and feedback. The language supporting the Neighborhood Councils' charter given authority to hold public hearings and provide public comment and feedback concerning matters of land use must be restored to the Process and Procedures Amendment section to ensure that it complies with the

Los Angeles City Charter and the specific authority it grants to Neighborhood Councils. The community engagement has been insufficient to conduct a full review of the substantial changes involving land use authority and procedures. Further, we encourage that the Los Angeles City Council obtain Cumis Counsel (independent counsel) to review the document in its entirety to ensure that no transfer of City Council authority occurs as a result of this document and that final decisions regarding land use matters remain with the City Council pursuant to the City Charter. There are numerous instances where authority appears to be vested in the Director of Planning, an unelected official, which may be in violation of the City Charter. I. WRAC Oppose Misuse of Specific Plan Process

Meeting Date: 08/09/2021

Case: Oppose Misuse of Specific Plan Process Motion Proposed: Barbara Broide/WRAC LUPC on June 21, 2021 Passage Deadline: September 2021 Motion: The Venice Neighborhood Council opposes the City's use of Specific Plans that would result in up zoning open space and / or low-density residential neighborhoods. The use of specific plans in this manner creates significant negative impacts for all residential communities, the environment, and natural resources. We urge our City Councilmembers to reject land use applications for individual development projects that represent a misuse of the Specific Plan process. We ask that the City Council inform Planning not to process these types of requests. Motion: Approve as presented, Alix /Shep seconds 3-2-0

J. WRAC Clarification Regarding Ghost Kitchens

Case: Request for Clarification Regarding Cloud/Ghost Kitchens Motion proposed: Barbara Broide WRAC/LUPC on May 17, 2021 Passage deadline: August 2021 Passed by: Bel Air Beverly Crest Neighborhood Council Brentwood Community Council Pacific Palisades Community Council Westside Neighborhood Council Westwood Neighborhood Council Motion: WHEREAS businesses referred to as "Cloud Kitchens" or "Ghost Kitchens" represent a fairly new form of commerce and land use concept, and, WHEREAS this new business model has the potential to create significant impact on neighboring businesses and residential communities, and WHEREAS the absence of clear classifications for cloud/ghost kitchens can result in some being treated as commercial and/or retail uses, while others may be grouped as light manufacturing, and WHEREAS none of these classifications accurately capture the true nature of these operations and, WHEREAS cloud/ghost kitchens are being established in many areas across the City of Los Angeles Therefore, be it moved that the Venice Neighborhood Council requests that the city, represented by our council district, PLUM, and the City Council, in coordination with the Departments of Planning and Building and Safety: --define what constitutes a cloud/ghost kitchen, including possible different categories of such operations based upon numbers of kitchens and/or square footage involved, --identify criteria for the evaluation of their applications for buildout and permitting, including a process to evaluate potential impacts on their surroundings (noise, odor, traffic, and requirements pertaining to factors) --assess needed infrastructure (adequacy of electric service to area, parkin and/or loading zones WRAC believes that providing

this needed clarification will remove uncertainties and contribute to the establishment of successful enterprises by creating the structure needed to guide the city's review and decision-making process. 11B Selection of Land Use and Planning Committee (LUPC) Members

MOTION: The Board shall select eight (8) members to the serve on the Land Use and Planning Committee.

11C Selection of Neighborhood Community Members

MOTION: The Board shall select nine (9) members to the serve on the Neighborhood Committee.

11D Consideration and Approval of Ad Hoc Committee(s)

Motion: The VNC Board creates the following Ad Hoc committees with the mission statements as approved the Administrative Committee. Following the creation, the committee chairs shall be appointed by the President.

i. Venice Community Resiliency Committee (VCRC)

Mission: The mission of the Venice Community Resiliency Committee (VCRC) is to develop whole community planning and preparedness programs to further ensure the survival and recovery of the Venice community in times of disaster or proclaimed emergency.

ii. Parking and Transportation Committee (PTC)

Mission: The Venice Neighborhood Council, Parking and Transportation Committee (PTC) will evaluate existing and potential future conditions, relating to Parking and Transportation and issues within the public right-of-way, consider stakeholders input, and propose solutions to the Board of Directors.

iii. Venice Arbor Committee (VAC)

The Venice Arbor Committee supports and encourages the planting and maintenance of trees throughout the Venice Neighborhood and surrounding communities through advocacy, education and policy work. We work with the City and their planting partners, residents, schools, developers, non-profits and other stakeholders to create, improve, and care for the tree canopy, support and improve local biodiversity, and a healthy ecosystem. We actively enlist and encourage the local citizenry to engage in planting and caring for their own yard and parkway trees and help educate individuals on how to accomplish this.

iv. Discussion Forum Committee (DFC)

Provide a monthly forum for discussion of long-term matters affecting the Venice Community within the context of the VNC Vision Goals.

To stimulate the vitality of the VNC, the Board and VNC Committees are encouraged to consider the below VNC Vision Goals in their deliberations.

Although the VNC is a political body, and inevitably it may become embroiled in issues that divide the community, these goals are designed to promote a more proactive, collaborative vision for VNC Committees to include in their deliberations as they formulate recommendations for Board consideration. The intent is to create a working framework of integrated strategies capable of achieving, over time, broader consensus and increased: Focus on Children

Consider strategies that promote & expand opportunities for children to experience direct meaningful involvement in all aspects of the social and economic and cultural activities of the Venice Community. Include this Focus on Children as an integral part of the consideration of strategies in all of the below Vision Goals.

Participation

Consider strategies that encourage & facilitate broader involvement of stakeholders, major organizations, community groups, and government institutions, etc.

Walkability

Consider strategies that reduce the use of cars and that promote alternatives such as walking, skateboarding, biking & bike racks, circulation systems (trolleys), park & ride rather than additional parking, street-narrowing/sidewalk widening, walk/bike/skateboard lanes separated from traffic, easier neighborhood pedestrian access to commercial stores, etc.

Diversity

Consider strategies that encourage & facilitate realistic recommendations designed to increase economic diversity, including affordable housing, etc.

Creativity

Consider strategies that promote the arts, encourage & facilitate creativity. This can apply to architecture, public art, social events (neighborhood gatherings/street movies/theatre/dance/pottery/...), etc.

Collaboration

Consider strategies that encourage & facilitate 'level playing fields' for collaborative negotiation; opt for procedures & policies that 'promote flexibility & dialogue' over 'reacting defensively to rigid criteria', facilitation/mediation training, etc.

Brainstorming

Consider strategies that encourage & facilitate exploring of non-traditional options for achieving shared objectives, etc.

v. **Drug Addiction and Mental Health Awareness and Solutions Committee (DAMHASC)**

This is a request to form the VNC Drug Addiction and Mental Health Awareness and Solutions Committee. The mission of this Committee will be to intensify community awareness of the ever-increasing issues of both drug addiction and untreated mental illness in our neighborhoods; to find solutions in intervention and prevention for younger children and teens in our schools as well as in services and treatment for adults in our community. The Committee will bring in speakers and experts from all over the country, compile and share data on successful programs in other communities, bring intervention, education, and outreach programs to our schools (starting this Fall), and raise awareness of these issues in our community. The Committee will focus on developing actual solutions for our community that we, as compassionate and dedicated Venetians, can bring to our community and city-wide.

vi. **Facilities for homeless Committee (FFHC)**

Mission:

1. Obtain the information Item 17C on the 7/20/21 VNC Board Agenda, entitled "Homeless Committee Information Request" requests. It states "The Venice Neighborhood Council requests that Councilman Mike Bonin, the LA City Council, and the LA City Planning Department provide its plans to Venice and all

other Neighborhood Councils throughout LA as to how, when and where it proposes to provide the supply and location of permanent housing necessary to meet the demand to deal with the housing shortage which has and will, unless resolved, maintain the systemic cycle of homelessness affecting our LA Communities. If there are no such plans in existence at this time, why isn't there one and when will there be one. Notify the offices of Councilman Mike Bonin, Mayor Eric Garcetti, Los Angeles Planning Department."

2. To the extent not covered by information provided under paragraph 1 above, the addresses and general descriptions (i.e. bedrooms and baths) of units in which the City can presently place homeless persons.

3. Any writings which summarize how the City plans to spend any monies it receives under the Homeless Housing, Assistance and Prevention Program and Project Homekey.

4. Any writings which summarize the amount and purpose of monies in the current City budget for providing housing to the homeless.

5. The name and contact information for a City employee who can provide continuing, current information about the matters described in paragraphs 1-4 above.

6. With respect to the 2 large parcels of vacant land in the attached photos which the City owns at Westchester Parkway and La Tijera Blvd. and La Cienega and Century Blvds. ("the LAX Parcels") :

(a) Request Councilman Bonin to have the City Council amend Council File No. 21-0350 entitled "Homelessness and Poverty Committee Report relative to evaluating sites feasibility and identifying funding for potential projects at various locations in order to continue to try different interventions to address homelessness" ("the Report") to add the LAX Parcels to the Report which presently only covers parking lots at Will Rogers State Beach, Dockweiler Beach and Fisherman's Village in Marina del Rey.

(b) Require the City, including but not limited to Councilman Bonin and LAWA, to produce any writings which:

(i) Support any claim they have that the City must obtain FAA approval to use the LAX parcels for homeless housing.

(ii) Evidence any plans the City has for development of the LAX parcels within the next 2 years.

(iii) Evidence the presence of electric, sewer, water and sanitation facilities within or near the LAX Parcels, which would support homeless facilities there.

NOW THEREFORE BE IT FURTHER RESOLVED THAT: the Task Force is further

authorized to:

- (i) Obtain the above information under the CPRA or otherwise.
- (ii) Request others to help obtain that information.
- (iii) Regularly report the results of these efforts to the Board.

NOW THEREFORE BE IT FURTHER RESOLVED THAT:

These Requests are authorized by Sec. 910 of the City Charter ["Sec. 910. Monitoring of City Services. Neighborhood councils shall monitor the delivery of City services in their respective areas and have periodic meetings with responsible officials of City departments, subject to their reasonable availability."] and Article IIA of the VNC By Laws [The mission of the VNC is "To improve the quality of life in Venice by building community and to secure support from the City of Los Angeles for the resources needed to achieve our goals."]

vii. Homeless Committee (VHC)

The Venice Neighborhood Council's current ad hoc Homeless Committee was approved without a specific period of service by the General Board at their October 2019 meeting. According to VNC Standing Rules, "An ad hoc committee that does not have a sunset date associated with it will automatically be given a date 12 months from the date of their approval as an ad hoc committee by the Board of Directors." Accordingly, the current Homeless Committee is over. However, the social and humanitarian crisis of homelessness remains a large issue for Venice, and the need for an ad hoc committee to address the issues of Los Angeles homelessness and concerns of stakeholders is a necessity for the community. Explicably, there is also a direct connection between homelessness and tenant issues. Research has demonstrated multiple times over the relationship between housing affordability and homelessness. Los Angeles averages the loss of nearly five Rent Stabilization Ordinance (RSO) units a day. This alarming figure impacts the Venice community, which is made up of nearly 69% tenants, more than 2/3 of its population. Additionally, Venice is a highly lucrative tourist zone that continues to have issues with short term vacation rentals and apartment hotels, which take important housing stock off the market, particularly RSO units and lower-cost units that service workers and working class families can afford. With the Olympics headed to Los Angeles in 2028, proposed amendments to the short term ordinance are constant, require oversight, and greatly affect Venice. As the current housing crisis continues to escalate, increasingly more housing discussion topics and motions have come forward which the current iteration of the VNC's Homeless Committee is not capable of addressing. These topics are also improperly showing up at the Public Health and Safety Committee. Nor are these theory-based "housing" topics always a LUPC issue either, since LUPC traditionally addresses current applications for project permits, variances, coastal development permits and direct legislation that affects all these. An operative committee is necessary to undertake the theoretical topics of housing in areas not directly related to LUPC and its active work. THEREFORE, be it resolved, the Venice Neighborhood Council will form a new "Housing and Homelessness" ad hoc committee with the following Mission Statement: "The Housing and Homelessness Committee will serve as a liaison between relevant city agencies and service providers, and the Venice Neighborhood Council on issues and programs related to homelessness and the unhoused, and to advocate for the effective use of government programs to help

address our housing crisis. The Committee will provide education on the issues of Los Angeles homelessness, tenancy, and advocacy for concerns to the Stakeholders. Additionally, the Committee will review and address topics that pertain to tenants, their rights and landlords, as well as the ongoing complexities of short term vacation rentals." FURTHER, be it resolved, the Housing and Homelessness Committee will equitably include member stakeholders who are renters/tenants and unhoused residents in order to broaden the Committee's perspective on important policy issues, and to give voice to a constituency into decision-making that impacts them.

viii. Venice Homeless Committee (VHC)

The mission of the Ad Hoc Homeless Committee shall be to analyze and address the various sides of homelessness and its effects on the Venice community. Using experience, understanding, data and inclusive resolutions, the committee will work closely with service providers, local government, enforcement agencies and most importantly Venice stakeholders, to help propose solutions that will address everyone's needs.
