## Agenda

7:10 Discussion

## Diversity & Housing

*Discussion this month will be facilitated by Nick Antonicello*

*Research indicates a strong argument can be made that nothing the VNC Board has done since its formation has addressed the long-term impacts of the erosion of residential diversity in the Venice Community. Without change, the Venice Community is likely to become the equivalent of a gated community – diversity be damned! This is the same issue being faced by the City of Los Angeles except that the erosion of residential diversity in the Venice Community has been significantly more serious and has even accelerated under the additional pressures of Short Term Rentals.*

*What is your opinion? What can the VNC do to deal with this issue?  
Is the VNC missing an opportunity to lead in a constructive direction?*
