Idea Submitted by Joe Murphy (310-305-1444 <a href="mailto:joedmur@gmail.com">joedmur@gmail.com</a> )	Suggested Implementation Strategy	Enhances VNC Vision Goals
<b>Walkability Impact Disclosure Ordinance (WIDO)</b> Require government departments to prepare & publish a report indicating the impact of their proposed actions on the walkability of the communities in which the actions are to be implemented. Create committee with the necessary expertise to: <ul style="list-style-type: none"> <li>Draft &amp; lobby <b>Walkability Impact Disclosure Ordinance (WIDO)</b> into all applicable ordinances</li> <li>Arrange for easy community monitoring of compliance of all departments with the <b>WIDO</b></li> </ul>	<ul style="list-style-type: none"> <li>Focus on Children</li> <li>Participation</li> <li>Walkability</li> <li>Diversity</li> <li>Creativity</li> <li>Collaboration</li> <li>Brainstorming</li> </ul>

  - Staggered 4-year terms

  - Incorporate **VNC Vision Goals** into VNC Mission Statement

**9:00 Adjourn**

### DFC Dialogue Procedure

Identify & clarify **misunderstandings** as necessary to enhance the productivity of the dialogue.

JDM provided sample responses to the below questions as a guide to using this DFC Dialogue Procedure.

**What do you consider to be the most important long-term issue facing the Venice Community?**

JDM Erosion of the character (social & physical) of the Venice Community.

**If this issue is not addressed, what do you believe will be the long-term impact on the Venice Community?**

JDM Sterile enclave of richer residents (erosion of diversity) living in boxes (erosion of creativity).

**What are the long-term obstacles to resolving this issue?**

JDM Land-use & other laws which prevent or discourage the creation of more creative less-expensive housing.

**How can the DFC use its limited resources to help the Board address these long-term issues?**

JDM Prioritize a long-term DFC focus on identifying how the land-use and other laws are preventing, or are being used or interpreted to prevent or discourage, the accommodation of more creative less-expensive housing in Venice. Consider & recommend alternative strategies to the Board to enhance rather than erode Venice's current diversity & creativity.

## VNC Vision Goals

VNC Standing Rule 20 adopted unanimously by the Board on April 21, 2009 & amended unanimously by the Board on May 20, 2014 to insert the Focus on Children Vision Goal

To stimulate the vitality of the VNC, the Board and VNC Committees are encouraged to consider the below VNC Vision Goals in their deliberations.

Although the VNC is a political body, and inevitably it may become embroiled in issues that divide the community, these goals are designed to promote a more proactive, collaborative vision for VNC Committees to include in their deliberations as they formulate recommendations for Board consideration. The intent is to create a working framework of integrated strategies capable of achieving, over time, broader consensus and increased:

### Focus on Children

Consider strategies that promote & expand opportunities for children to experience direct meaningful involvement in all aspects of the social and economic and cultural activities of the Venice Community. Include this Focus on Children as an integral part of the consideration of strategies in all of the below Vision Goals.

### Participation

Consider strategies that encourage & facilitate broader involvement of stakeholders, major organizations, community groups, and government institutions, etc.

### Walkability

Consider strategies that reduce the use of cars and that promote alternatives such as walking, skateboarding, biking & bike racks, circulation systems (trolleys), park & ride rather than additional parking, street-narrowing/sidewalk widening, walk/bike/skateboard lanes separated from traffic, easier neighborhood pedestrian access to commercial stores, etc.

### Diversity

Consider strategies that encourage & facilitate realistic recommendations designed to increase economic diversity, including affordable housing, etc.

### Creativity

Consider strategies that promote the arts, encourage & facilitate creativity. This can apply to architecture, public art, social events (neighborhood gatherings/street movies/theatre/dance/pottery/...), etc.

### Collaboration

Consider strategies that encourage & facilitate 'level playing fields' for collaborative negotiation; opt for procedures & policies that 'promote flexibility & dialogue' over 'reacting defensively to rigid criteria', facilitation/mediation training, etc.

### Brainstorming

Consider strategies that encourage & facilitate exploring of non-traditional options for achieving shared objectives, etc.
