1.)

The permit issued to allow the attraction for a trial period of not more than 4 months in 2012 and that at the end of the trial period, the attraction be dismantled, and the initial permit be granted on a non renewal basis until such time as the attraction is evaluated to consider the impact on the community.

2.)

At the end of the initial period, any permanent or renewable installation shall be subject to environmental review by the City of Los Angeles and the California Coastal Commission and to input from the VNC and the community, including but not limited to Electrical and Water Usage, regarding the impact on the community, including without limitation, the noise impact, parking, visual blight, whether appropriate security and safety considerations have been met, the hiring practices of the Operator and whether they are compatible with the community goals set forth in condition 9 and how the company has handled crowd control, and revenue earned

3.) Night-time lighting, except for special performances, shall be confined to the minimum required for proper security;

4.) Night-time security shall be provided by a minimum of two people at all times;

5.) At least 2/3rds of gross revenue paid to the City by the operator of the Attraction (the Operator”) shall be spent by the Department of Recreation and Parks for maintenance of and enhanced services at Venice Beach in addition to previously budgeted items, such that no funds currently budgeted by the Department of Recreation and Parks for such maintenance and services shall be replaced by this revenue and that a separate account be established to track both the revenue generated by the City from the Attraction and the expenses paid from that revenue to better assure enhanced spending to improve maintenance and other services in the Venice Beach community.

The Operator, The City of Los Angeles and Rec and Parks will disclosure all financial details of the permit.

6.) The VNC (and through the VNC, the community of Venice) shall have “meaningful consultation” rights with the Department of Recreation and Parks regarding the maintenance and services specified in condition 5 above;

Proposed Amendment: (Shelly)

Amendment:

The Venice Neighborhood Council supports the formation of the ice rink for the 2014/2015 season.

b.) PAGODA BEAUTIFICATION: (Shelly)

The OFW recommends that the Venice Neighborhood Council support the formation of an “ Adopt- A-Pagoda” project and adjacent benches project.

The Venice artist community is thriving and public murals have evolved into a way to tie the Venice aesthetic with improving public spaces while creatively engaging residents and visitors. However as Venice deals with the impacts of new art vending regulations and the polarization among many of its residents regarding the evolution of the boardwalk and its role in serving the larger needs of the entire Venice neighbors and boardwalk businesses by giving artists more public space to create on the boardwalk. And the most ideal spaces for more public art are the pagodas along the boardwalk.

The pagodas currently serve as a gathering place for a wide range of locals and tourists and function as a true community amenity that could be improved by hosting local artists as muralists who adopt the space on a rotating basis.

Artists would cover the entire pagoda space and surrounding mini wall surrounding mini walls with their work and coordinate with Venice arts organizations and the VNC arts and OFW Committees to feature their installations as a focus for events like the Venice Art Crawl. Murals in the Pagoda spaces would also beautify the boardwalk, add to Venice’s uniqueness, and create options cross-collaborative partnering among neighborhood artists, businesses and residents.

Concepts must be presented and approved by Arts Committee & OFW Committee and Venice Neighborhood Council prior to installment.
