CITY HEARING TOOK PLACE ON NOVEMBER 20, 2014

Project Description: Demo (E) SFD & construct /new 3-story SFD with accessory living quarters above garage

Applicant: Matthew Royce

LUPC Staff: Todd Darling & Maury Ruano

NOTED FOR FUTURE:

Both Public and Committee members were very concerned about the errors discovered in the City's Hearing Notice and it was requested the in future Applicants inform the VNC/LUPC of such errors so that they can inform interested parties. In this case the errors were in indicating project specifications

Venice Neighborhood Council

PO Box 550, Venice, CA 90294 / www.VeniceNC.org
Email: info@VeniceNC.org Phone: 310-421-8627

that were in excess of standards, so it was decided that a revised hearing notice and hearing would not be necessitated, but had the errors been such that the hearing notice indicated compliance and in fact the project was out of compliance, a revised hearing notice and hearing must be provided by the City.

MOTION: The VNC Board recommends approval of the project at 710 California Ave, assuming a maximum height of 25', a compliant Roof Access Structure of no more than 100 sq ft in size and 10' in height, side yard setbacks of a minimum of 4', and compliant in all other applicable ways with the Venice Coastal Zone Specific Plan.

Project Description: legalize conversion of storage room into 3rd unit for (E) duplex

Applicant: Alvaro Ramirez & Henry Ramirez

LUPC Staff: Robert Aronson & Ramsey Daham

MOTION: The VNC Board recommends approval of the project, a 441.52 sq ft grandfathered unit with 2 assigned parking spaces in the garage, with the following findings and conditions:

Findings:

- i. The project is located at the end of an alley and this exceptional condition makes the parking availability greater and thus they could park additional cars.
- ii. The project's illegal unit has existed for at least 25 years, so there will not be any actual increase in density in the neighborhood.
- iii. The project will provide additional affordable housing where it is needed.
- iv. The project is a multi-family project in a multi-family neighborhood so there is no material increase in density and hence no detriment to the neighborhood.
- v. The project is consistent with the general goals re affordable housing.

Conditions:

- i. That the level of affordability shall be the low level, for the life of the project.
- ii. That the owner has an obligation to notify HCID within 10 days of receiving notice from the existing tenant that they will be terminating their tenancy.
- iii. That the existing tenant shall be permitted to stay even though the existing tenant may not meet the income level for the low level of affordability.
- iv. That in any proceeding where it is found that the existing tenant has vacated and that the owner has not complied with all procedures to ensure that the new tenant is eligible at the low level of affordability, that the owner shall pay all investigation and related expenses and attorney's fees to the City.

MOTION: The VNC Board recommends approval of the project, for the following reasons: the project size is < 300 sq ft, the change from open mezzanine to enclosed bedrooms occurred over 25 years after the building was issued its current Certificate of Occupancy and it does not appear that there was any bad intent related to the original mezzanine structure, the outside of the building is not impacted, the building is adjacent to Pacific Ave on one side, and almost all of the neighbors have given their written support of the project.

H Request for Cumulative Impact Study

MOTION: The VNC Board requests the City to prepare a study of cumulative environmental impacts of development on the entire community of Venice over the past ten years, which is necessary because since the environmental analysis for the Venice Coastal Zone Specific Plan was last performed, in 2004, development has been increasing at a significant and unforeseen pace, and also many of those developments are incompatible with and are having significant adverse cumulative impacts on the existing neighborhoods, such that there is a serious concern within the neighborhoods that the cumulative impact of successive projects of the same type in this same area appear to be having a very significant adverse cumulative impact on the character, social diversity, and quality of life of the existing neighborhoods.

G **Pagoda Beautification** (Melissa Diner melissa.diner@venicenc.org)

MOTION: Whereas, the Venice artist community is thriving and public murals have evolved into a way to tie the Venice aesthetic with improving public spaces while creatively engaging residents and visitors; and

Whereas, Venice deals with the impacts of new art vending regulations and the polarization among many of its residents regarding the evolution of the boardwalk and its role in serving the larger needs of the entire Venice neighbors and boardwalk businesses by giving artists more public space to create on the boardwalk; and

Whereas, the most ideal spaces for more public art are the pagodas along the boardwalk which currently serve as a gathering place for a wide range of locals and tourists and function as a true community amenity that could be improved by hosting local artists as muralists who adopt the space on a rotating basis;

Therefore, be it resolved that the Venice Neighborhood Council supports the formation of an “Adopt-A-Pagoda” and adjacent benches project. Artists would cover the entire pagoda space and surrounding mini wall surrounding mini walls with their work and coordinate with Venice arts

organizations and the VNC Arts and OFW Committees to feature their installations as a focus for events like the Venice Art Crawl. Murals in the Pagoda spaces would also beautify the boardwalk, add to Venice's uniqueness, and create options cross-collaborative partnering among neighborhood artists, businesses and residents. Concepts must be presented and approved by Arts Committee & OFW Committee and Venice Neighborhood Council prior to installment.
