MOTION: The VNC Board denies approval of this project for the following reasons:

- Applicant has provided insufficient project information to LUPC for this hearing,
- Applicant has a proven record of ignoring community recommendations on this project and has continued to do so with this revised application,
- Project application does not make the first 2 discretionary Findings for Bonus Density Incentive Menu thus invalidating the 35% height increase,

- No guest parking is provided in a development with 15 dwelling units
- Applicant has presented no evidence of having done a traffic study to assess traffic impacts from project on neighborhood,
- Project consolidating 3 lots into one in a residential zone is in conflict with VZCSP Section 9.A.1.c limiting consolidation to 2 lots in the Southeast Venice sub-area

C 1635 Abbott Kinney, Wabi Sabi Case numbers: DIR-2012-80-SPP, ENV-2012-247-CE & ZA-2012-246-CUB [EXHIBIT]

MOTION: The VNC supports the application as presented, noting:

1. The only change to the conditions of CUB is a change of hours to remain open to 2am, similar to neighboring businesses.
2. The property is entitled to 14 parking spaces per 1999 CPC. This project as presented to the VNC is for 698 sqft of service floor area, which requires 14 parking spaces.
3. While we realize that Planning has refused to condition recent projects with pollution and noise mitigation measures, the community feels very strong that all new restaurants near residential homes (as this one is) make significant efforts to reduce odor, smoke, and noise, including using “scrubbers”.
