

LA RECOVERY: STIMULUS AT A GLANCE

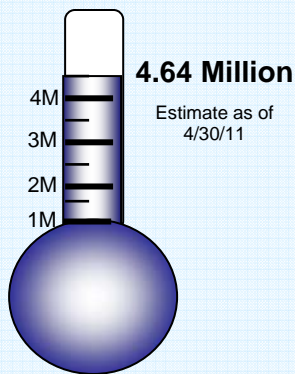

AMERICAN RECOVERY & REINVESTMENT ACT OF 2009

UPDATE JUNE 2011

Figures as of 4/30/11 as reported by City Departments

Job Hours Paid by ARRA

Public & Private Sector
Hours of Work

Equivalent to 2,212 full time jobs!

Recent Results

Transportation – 84 state-of-the-art, natural gas powered commuter buses have been ordered to replace the City’s older diesel coaches currently in use. One “clean” coach bus can take 49 passenger cars off the road and provide a lower carbon foot print per passenger mile than any other mode of transportation.

Housing – Outdoor space upgrades are underway at three affordable housing communities: Ramona Gardens, Rancho San Pedro and Mar Vista Gardens. Playgrounds will be updated with safer equipment and a soft floor. Common areas will be enhanced with park benches and picnic tables, and walkways will be lined with new trees and shrubs, creating a more pedestrian-friendly environment.

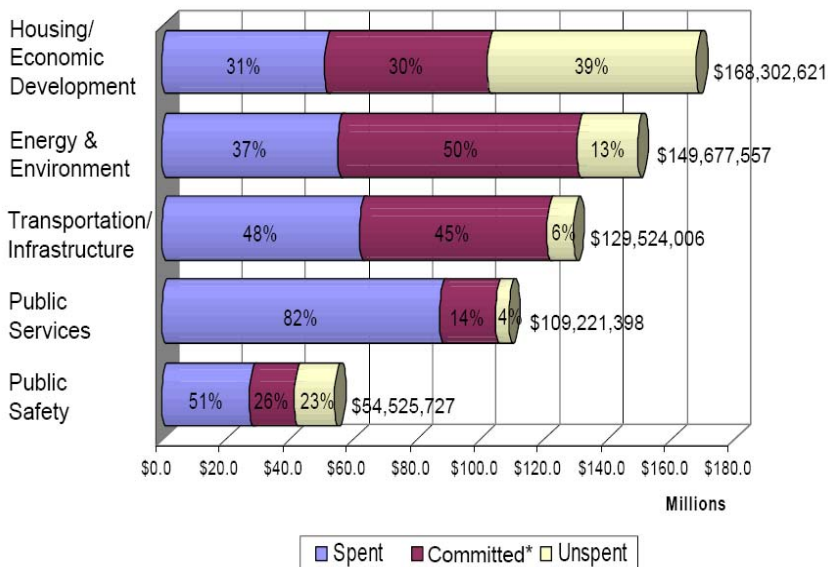

Fast ARRA Facts:

\$611,251,309	Total Award
110	Number of Projects
24	Projects Complete
\$286,143,900 (47%)	Amount Spent
\$501,250,122 (82%)	Amount Spent and Committed*
\$110,001,187 (18%)	Amount Still to be Contracted
September 30, 2012**	Deadline to Spend Funds

* Committed funds are those that are obligated to be disbursed over the remainder of the grant period for contracts, staff costs, materials, and other related expenses

** Generally, most ARRA grants terminate in 2012; however, there are a number with extended deadlines, such as the DWP Smart Grid Grant, for example, which ends in 2015
