5) Do you have a vision for Venice? If so, please describe:

I believe that we live in the best area in Los Angeles and that all the stakeholders have a responsibility for making Venice as livable as possible. That means neighbors being responsible and business owners taking into account that their staff should be provided off street parking. Car owners need to be aware of bicyclists and bicyclists should and must obey the rules of the road.

6) Please list all committees, groups, organizations schools churches, agencies, with which you have regular communication.
