Questions:

Please limit your answers to the 5 questions below to 200 words or less each.

have lived in the Milwood area of Venice since 1997, and love the neighborhood.
 Please describe your previous and/or current neighborhood or community involvement: I am currently on the VNC Neighborhood Committee. For several years, I have been a volunteer tutor at Westminster School through the Koreh LA program. I am one of the founders of the Venice Community Council - an ad hoc group committed to making Venice a more pedestrian-friendly and livable neighborhood. With the VCC, I was involved in organizing the Envision Venice workshop that led to the implementation of a Community Design Overlay for Lincoln Boulevard. Also, I run a neighborhood watch email group for my street. We organized a tree planting campaign on Palms Boulevard several years ago - and planted 45 trees on Arbor Day. Previously I was a volunteer for 826LA in Venice, the Big Brothers of Greater Los Angeles, Friends of the Elderly & the Braille Institute.

In your opinion what are the three most pressing issues facing the Venice Community? Maintaining the diversity of Venice, dealing with our homeless population and improving oschools.				
The Neighborhood Committee is tasked with promoting awareness of available City resources and services by acting as a conduit between the Board and Venice neighborhoods, assisting in community outreach and bringing neighborhood issues to the attention of the Board.				
What are your suggestions for effectively fulfilling this obligation? Reaching out to my neighbors and letting them know that we are here to help them deal with neighborhood issues of importance to them.				
Do you have a vision for Venice? I see a diverse, creative & welcoming environment for people of all ages, races and income
