RE: Support for Liaison between LADOT and Westside Communities

At its regular meeting on March 20, 2012, The Venice Neighborhood Council voted to support a Motion in appoint a Liaison between the LADOT and the Westside:

MOTION: Whereas, the Los Angeles Department of Transportation (LADOT) has appointed a liaison to Westside communities in the past (last filled by Mo Blorfroshan), and in December, 2011, 11th District Los Angeles City Council Member Bill Rosendahl requested this appointment to be renewed, and
Whereas, having a liaison will allow LADOT to proactively work with communities to resolve traffic problems before they rise to the level of accidents involving personal injury and property damage;

Therefore, be it resolved, the Venice Neighborhood Council supports 11th District Los Angeles City Councilman Bill Rosendahl's request for a liaison between LADOT and the 11th City Council District.

Please communicate with us on this issue at the earliest opportunity.

Sincerely,

Linda Lucks
President
