Councilmember Bill Rosendahl  
City Hall  
200 North Spring Street, Room 415  
Los Angeles, California 90012

Subject: Street Furniture, Bus Stop Kiosks, Informational Kiosks

Reference: CBS/Deceaux

Dear Bill:

At a regular Venice Neighborhood Council Board of Officers meeting May 20, 2008, a motion was made and passed 10-0-7 to send this recommendation for the siting of street furniture in Venice to you.

Whereas the below pieces of street furniture have been installed in Venice, and further requests for approval of sites are pending, the office of Council District 11 shall determine that street furniture sites are equitably distributed throughout the district prior to approving any additional sites in Venice. Furthermore, the office of Council District 11 shall not approve any street furniture sitings in the following locations.

- 1) Any area west of Pacific Ave.
- 2) On any street other than Lincoln Blvd., Venice Blvd., and Washington Blvd.
- 3) In any location where a motorist's view of cross or oncoming traffic is impeded.
- 4) In any location where a pedestrian's direct line of travel on a sidewalk is impeded.

Furthermore, any so-called "public amenity" kiosk shall have one side accessible at all times for community notices, bulletins, artwork, or any other community used deemed appropriate by a community oversight body to be determined.

## Transit Shelters

NB Lincoln Blvd NS Lake  
SB Lincoln Blvd NS Venice  
NB Main St NS Rose  
SB Main St FS Sunset Ave  
NB Main St FS Sunset Ave
