Subject: Venice High School Pool

Dear Bill:

The Venice Neighborhood Council would like to thank you and your staff for all they have done to help keep the Venice High School pool operational.

In particular, Arturo Pina has united the offices of the school district, recreations and parks and the pool community into a functioning working committee. He has followed through and seen that the pool was fixed correctly and without delays. I know this was no small undertaking.

When we say thank you for your help, please understand we are speaking for the 150 Venice High Students and their parents that use the pool daily for their after school activities. In addition to the students, I'm sure the several hundred other swimmers that use this pool for adult and special needs programs also feel the same.

This project shows the great leadership you and your staff bring to our community. We all thank you from the bottom of our hearts!

Very truly yours,

A handwritten signature in black ink that reads "Mike R. Newhouse".

Mike Newhouse, President
Venice Neighborhood Council
